Release on receipt

Carbondale, Ill., Oct. -President Chester F. Lay and two other faculty members of Southern Illinois Normal University are attending an educational conference in Chicago Monday and Tuesday.

Accompanying Dr. Lay were Dr. E. R. Fair, dean of the College of Education, and Dr. W. G. Swartz, professor and chairman of the government department.

Theme of the session, known as the University of Chicago Teacher-Education Conference, held annually for college presidents and other educators, is "Curriculum Changes that Enrich Teacher Education."

Dr. Swartz will describe Southern's expanding graduate training program at the Tuesday afternoon session.

###

Carbondale, Ill., Oct. -Further discussion of Southern Illinois Normal University's forthcoming building program will be held in Chicago Wednesday when a delegation from here attends a conference with the State Division of Architecture and Engineering.

To attend the conference are President Chester F. Lay; Edward V. Miles, business manager; Dr. E. R. Fair, dean of the College of Education; Dr. Henry J. Rehn, dean of the College of Vocations and Professions; Dr. J.W. Neckers, representing the University's long-term planning committee; and J. Henry Schroeder, member of the sub-committee on the heating plant.

Release Wednesday 4

Carbondale, Ill., Oct. --In order to free students and faculty members of Southern Illinois Normal University to welcome alumni and other visitors who will be here for the 29th annual Homecoming, President Chester F. Lay has announced that classes will be suspended at 10 o'clock Friday for the remainder of the week.

Students will hold a special assembly program Friday at 10 o'clock, to be followed by a parade and downtown pep session. A downtown motion picture theatre will entertain students at a free movie in the afternoon.

Homecoming Play, "Only an Orphan Girl," a Gay Nineties melodrama, will be presented Friday night by the Little Theatre, under the direction of Mrs. Julia Neely.

A pep session at a huge pre-game bonfire will be staged on the practice field following the play.

On Saturday, a varsity-alum hockey game will be played at 9 a.m.; the Alumni Association board will meet at 11 and follow its business meeting with luncheon; queen candidates will be entertained at lunch, at which queens of former years will be invited to be present.

The "big game" of the season will start at 2 p.m., when the Maroons meet the Western Teachers' Leathernecks. Between-the-halves features will include a memorial service for Southern athletes who lost their lives in World War II; presentation by University President Chester F. Lay of queen candidates and attendants; award of prizes for house decorations.

(more)

Alumni will be honored at an all-University tea at Anthony Hall, girls' dormitory, immediately following the game.

Music for the Homecoming Dance Saturday night is being furnished by Bob Strong's Orchestra. The dance is sponsored by the Student Council.

Climax of Homecoming will be reached at 11 o'clock Saturday night, when the Queen's coronation takes place with pomp and ceremony. Candidates for this honor-highest in Southern's student realm--are Florence Alston of Sparta, Gloria Barger of Harrisburg, Esther Jane Craver of Murphysboro, Aliene Kouzlarich of Christopher, and Pat Schultz of Cairo.

Which of the five has actually been elected the Queen will not be known until the moment of her coronation. The other four girls --together with underclass attendants Pat Ashley of Carbondale and Ruth Evelyn Knight of Benton--will be members of her court.

Invitations to this Homecoming, Southern's first post-war alumni reunion, have been sent to some 3,000 former students.

###

SHORTS

Harves C. Rahe, assistant professor of commerce at Southern Illinois Normal University, published an article on "Deficiencies in Advanced Typing Students," in a recent issue of The Business Education World. The article is based on observations of more than 1,000 typewriting students in the U.S. Naval Training School, Indiana, University.

Release Wednesday

Carbondale, Ill., Oct. --Eight Southern Illinois Normal University athletes who gave their lives in World War II will be honored by the "I" Club during the half at the Maroon-Western football game here Saturday.

To be staged before a Homecoming crowd, the ceremony will pay tribute to the following war victims:

Pvt. Henry W. Stumpf of St. Albans, N.Y., killed in line of duty attempting to rescue three other soldiers on April 6, 1941, at San Diego, Calif. He lettered in gymnastics in 1939, 1940; in football in 1938 and 1939; and in track in 1939 and 1940.

Pfc. Henry Hinkley of Salem, killed in action in the South Pacific in the summer of 1944. Hinkley lettered in basketball in 1941-42 and 1942-43, and in football in 1942.

Capt. Eugene Dillow of Cobden, a Marine pilot, killed in a plane crash at Cherry Point, N.C., in the spring of 1944. He lettered in football in 1940.

Ens. Eugene Echols of Galatia, a Navy Pilot, killed in a plane crash in California in the fall of 1944. Echols lettered in basket ball in 1942-43.

Ens. Charles Pigg of Mt. Vernon, killed in action in the South Pacific in the fall of 1944. He lettered in football in 1942.

Lt. Phil Downey of Evanston, Army Air Corps pilot, who has been missing since Pearl Harbor and was reported dead in a Japanese prison camp. He lettered in track in 1936, 1937, 1938, and 1939.

(more)

Lt. Byford Rains of West Frankfort, Army Air Corps, killed in a plane crash in Washington in the fall of 1944.

Ens. Harry Spear of Ashley, a Navy pilot, killed in mid-air crash in the Pacific, November 11, 1943. Spear lettered in track in 1937.

Parents of these former "I" Club members will be special guests of the Maroons for the game and the ceremony, according to Maroon Coach Glenn "ABE" Martin.

Special to Southern Illinois Dailies
Release Wednesday

Carbondale, Ill., Oct. --Deferment from military service at least until the end of the term is assured for Southern Illinois Normal University students, Dean of Men A. J. Ter Kourst has announced.

When a student is called for induction in mid-term, he is entitled to ask for deferment until the end of that particular term, provided he is doing satisfactory college work and remains in school, Dean Ter Kourst explained.

Dean Ter Kourst has just received a report on "Higher Education and National Defense" from the American Council on Education, summarizing latest developments in Washington affecting higher education.

The Council is urging a continuation of deferment for students in medicine, dentistry and osteopathy, with the addition of pharmacy to the list. It is also recommending that each college or university be allowed to seek deferment for a certain proportion of students majoring in agriculture, biology, chemistry, engineering, geology, pharmacy, physics, and psychology.

At present, however, Selective Service orders provide only that a student who entered college or university before he became 18 years of age, when called for induction, may have his induction deferred until the end of the quarter or semester, or until "he ceases to pursue continuously and satisfactorily such course of instruction, whichever is the earlier."

According to the same order, a high school student may be deferred until graduation, until he drops out of school or his work is unsatisfactory, or until he arrives at the age of 20.

###

SHORTS

C. C. Logan, assistant professor in University High School at Southern Illinois Normal University, will take a large group of vocational agriculture students to attend the Vocational Agriculture Grain and Poultry Show at Vienna High School October 26.

###

SHORTS

All veterans hospitalized in the Veterans Hospital at Marion recently heard a broadcast from Southern Illinois Normal University dealing with the veterans' program and veterans' activities at the University. All radios in the hospital were tuned in for this broadcast, University officials were notified by Dr. E. A. Welch, hospital manager.

SHORTS

A. J. Ter Keurst, dean of men at Southern Illinois Normal University, is the author of an article, "Education an Economic Resource," published in a recent issue of the fraternal magazine, Phi Delta Kappan.

SHORTS

Southern Illinois Normal University faculty members have been in demand this fall to deliver addresses before Southern Illinois county teachers' institutes. President Chester F. Lay addressed the Washington County institute; Mrs. Mae Trevillion Smith, instructor in English, Pope County; Dr. W. B. Schneider, associate professor of English, Monroe County; and Dr. E. R. Fair, dean of the College of Education, Randolph County; and Willis E. Malone, instructor in rural training schools, Perry County.

SHORTS

Dr. K. A. Van Lente, associate professor of chemistry, was recently guest speaker before the Harrisburg Rotary Club, to discuss the subject, "Atomic Energy; and Atomic Bombs."

Special to Southern Illinois Dailies

Carbondale, Ill., Oct. --Southern Illinois Normal University gridgers Monday began to prepare for some tough practice sessions before their homecoming football attraction here Saturday afternoon against the Western Teachers Eleven of Macomb.

Last week, the Maroons and Eastern Illinois Panthers at Charleston played to a scoreless tie.

Southern early in the opening period had two scoring opportunities but lost the ball on downs. Play in the first half was completely in Eastern territory.

However, in the second half, the Panthers took control, with the game being played in Southern's territory. The Panthers gained most of their first downs in mid-field leading in this department 11-5. Eastern's only threat came in the final minutes of play when the Panthers were one yard from the goal line as the game ended.

This week Coach Glenn "ABE" Martin will put his charges through an extensive blocking practice, as this department in the Charleston game was very disappointing. The Maroons are also expected to brush up on their offensive maneuvers.

Capt. Sam Milosevich's defensive play at Charleston was highly featured. The big tackle on numerous occasions broke through the Charleston line to catch the backfield men for big losses.

Martin anticipated another tough game against Macomb. Last week the Western Teachers were defeated by Old Normal, 20-7.

###

Special to Southern Illinois Dailies

Carbondale, Ill., Oct. --Immediately following the Maroon-Leatherneck Homecoming game here Saturday afternoon, all Southern Illinois Normal University alumni and visitors are invited to the tea at Anthony Hall, girls' dormitory, for an all-school reunion.

A Homecoming tradition at Southern, the tea will afford alumni, faculty, and students the chance to see each other and talk over "old times".

###

Carbondale, Ill., Oct. --During the two crowded days of activity and reunion of the Southern Illinois Normal University annual Homecoming, many of the prominent campus organizations are planning parties for their alumni and visitors.

Sigma Sigma Sigma, social sorority, will have an alumni dinner at the Roberts Hotel, Friday afternoon at 5:30.

At 11:00 p.m. Friday Kai Shek Hall, girls' independent house, has planned a slumber party.

Saturday morning at 11:00 Phi Kappa Sigma, social sorority, will have a breakfast at the Chapter House, while Delta Rho, mathematics fraternity, holds its luncheon at the University Cafeteria.

The Women's Athletic Association breakfast will be held in the Cafeteria at 11:30.

Delta Sigma Epsilon, social sorority, will meet in the Cafeteria at 12:00 noon for a luncheon.

At the Baptist Annex at 7:00 p.m. Chi Delta Chi, social fraternity, is holding its Homecoming dinner.

The Baptist Student Union and the Student Christian Foundation party will be held in the old gym. from 8-11 p.m. for those students who do not plan to attend the dance.

Sunday morning at 8:00 a.m. Nu Epsilon Alpha, social fraternity, will meet at the Roberts Hotel for a breakfast.

The Normandy, girls' independent house, has planned a tea and open house from 3:00-5:30 Sunday afternoon.

Release Saturday

Carbondale, Ill., Oct.--Activities in the Annual Homecoming celebration at Southern Illinois Normal University have entered the second day with the Maroon-Leathorneck football game this afternoon and the dance and coronation tonight as the main attraction.

On this morning's agenda was the Varsity-Alumnac hockey game, played at 9:30, followed by the Women's Athletic Association breakfast in the university cafeteria.

A meeting of the Board of directors of the Southern Alumni Association, was called by President W. B. "Slats" Valentine, Alto Pass, for this morning at 11 o'clock, followed by a luncheon.

Other events occurring during the half in today's game include a ceremony honoring former "I" Club members who have lost their lives in service; presentation of the prizes for house decorations by President Chester F. Lay, and introduction of queen candidates and attendants by student chairman Jack Hedges, St. Louis.

Featuring the dance orchestra of Bob Strong, the Homecoming Dance will begin at 9 o'clock, with the coronation at 11 o'clock when football captain Sam Filosevich of Zeigler will place the crown on the head of the school favorite and present the royal scepter to her majesty. Aiding with the ceremony will be Master Bill Bosley, small son of Dr. and Mrs. Howard L. Bosley; and Miss Jo Carol McCreight, daughter of Lt. (j.g.) and Mrs. Charles McCreight.

Candidates for the royal honor of Homecoming queen are Florence Alston, Sparta; Gloria Barger, Harrisburg; Esther J. Craver, Murphysboro; Aliene Kauzlarich, Christopher; and Pat Schultz, Cairo.

Carbondale, Ill., Oct. -- Appointment of Mrs. Gilbert Bradley, Carbondale, as faculty assistant in the ~~department of physiology and hygiene~~ ^{health service} at Southern Illinois Normal University has been announced by President Chester F. Lay. She replaces Miss Louise O'Neil who has entered the University of Michigan for graduate work as holder of a scholarship.

Mrs. Bradley, who completed her training at the Weber Sanitarium Olney, will work chiefly in the Campus Laboratory Schools. Before her marriage, she lived in Greenup, but has been in Carbondale for several years.

Granted a stipend by the Illinois Division of Public Health Education to cover a year's graduate work leading to the master's degree in public health education, Miss O'Neil left for Ann Arbor this week from her home in Marion.

###

Carbondale, Ill., Oct. -- A Gold-star honor roll at Southern Illinois Normal University lists 60 former students who gave their lives in their country's service, according to Dr. Ted R. Ragsdale, professor of education, under whose direction the SINU Honor Roll is being revised.

Some 19 faculty members are in military service, but none have been killed.

The "Southerners In Service" roll, located in the Shryock Auditorium, lists the names of 2,399 former students and displays pictures of many of them, making it the center of attraction for visiting alumni during the Southern Homecoming, Friday and Saturday.

Carbondale, Ill., Oct.--There's a new queen at Southern Illinois Normal University.

She is Miss Gloria Barger, petite blond senior from Harrisburg, who was crowned queen at Southern at the Homecoming dance here Saturday night.

Clad in regal red velvet robe, she was presented to a crowd of several hundred students and alumni as Football Captain Sam Milosevich of Zeigler placed the crown on her head, and Leodio Gabutti, of Johnston City handed her the royal scepter.

Miss Barger, the typical college co-ed, with reddish blond hair and faint freckles on her uptilted nose, is a senior in the College of Vocations and Professions, and is majoring in commerce.

She is president of Anthony Hall, girls' dormitory, is a member of the Independent Student Union, and president of the Commerce Club. For three years, she earned part of her university expenses by working part-time in the department of physical education for men.

Southern's first homecoming since the war brought the largest crowd in history to the campus. Some 1,500 attended the play Friday night, 4,000 the football game Saturday afternoon, and several hundred couples the dance and coronation Saturday night.

Among them were several distinguished visitors, who were invited as special guests of President Chester F. Lay, including Frank Thompson, director of registration and education, and chairman of the Teachers College Board; several other board members, and former board members.

"It is with deep thanksgiving that we hold this first Southern Homecoming since war's end," University President Lay declared.

"We mourn those who have made the supreme sacrifice in this conflict, and give heartfelt thanks that the fighting is over.

"We are happy to have so many of our Southerners who fought in this bitter world struggle, with us again as students (there are 86 of them now in school) and equally proud to have so many alumni of former years back on the campus again at Homecoming time.

"The victory brings us to an even greater challenge--the winning of the peace, and to that challenge Southern Illinois

(more)

Normal University dedicates its resources and its energies."

Eight former members of Southern's athletic teams who gave their lives in World War II were honored in a ceremony at the half during the football game between the Southern Maroons and the Western Leathernecks Saturday afternoon, which Southern won by a score of 13-6.

Southern clinched its claim to being the only undefeated team in the Illinois Intercollegiate Conference by two touchdowns in the fourth quarter.

The "I" Club ceremony was a solemn and inspiring one. As the roll of "I" Club heroes was called, "I" Club members advanced to midfield and planted crosses bearing their names, while a poem commemorating their heroism was read over the public address system. Parents of several of these eight athletes were present as special guests of the Maroons for the occasion.

The athletes saluted in the ceremony were Pvt. Henry W. Stumpf of St. Albans, N. Y.; Ens. Eugene Echols of Galatia; Pfc. Henry Hinckley of Salem; Capt. Eugene Dillow of Cobden; Ens. Charles Pigg of Mt. Vernon; Lt. Phil Downey of Evanston; Lt. Byford Rains of West Frankfort; Ens. Harry Spear of Ashley; and Major Jack Wilson of Hurst Bush and Marion.

Homecoming opened Friday with a pep session and parade, in which dozens of floats were entered by student organizations. Prizes were awarded for the best floats as follows: Class A--1st prize, \$10, Nu Epsilon Alpha; second prize, \$7, Delta Sigma Epsilon; honorable mention, Kappa Delta Alpha. Class B--1st prize, \$7, Baptist Student Union; second prize, \$4, Anthony Hall; honorable mention, Commerce Club. General--first prize, \$1.50, Independent Student Union; second prize, \$1, Kai Shok Hall.

The Homecoming play on Friday night was a hilarious "mellodrammer" of the gay '90's, in which Neva Woolard of W. Frankfort played the role of "Nellie, the orphan girl" and John Mulkin of Herrin was cast as the villain.

Many student houses held open house, breakfasts, luncheons or dinners for their former students during Homecoming.

Carbondale, Ill., Oct. - The Southern Maroons are cock of the walk in the Illinois Intercollegiate Athletic Conference, heading the five teachers colleges in this club with two wins and one tie on the gridiron.

As a matter of fact, the Maroons are not only No. 1 in the conference, but they haven't been defeated by any opponent this season.

Runner-up is Old Normal, claiming two wins and one loss. Eastern, like Southern, is undefeated in conference play, but they have met but one conference opponent, the Maroons, who tied them 0-0.

Northern has won one game and lost one, while Western has lost three in a row.

Only conference game left on the Maroon schedule is with Northern, to be played in DeKalb November 10. Eastern, on the other hand, still has ~~four~~ ^{three} conference games to play, and might still catch up with the Maroons.

A jaunt to Kirksville, Mo., is next on the SINU card. The Maroons will take off here Thursday, drive by bus to Quincy and spend the night, then move on to Kirksville to play the Kirksville Teachers Friday afternoon at 3 o'clock.

Coach Glenn "Abc" Martin is feeling pretty proud of his team this week after their 13-6 licking of Western last Saturday before Southern's Homecoming crowd of some 4,000 alumni, students, faculty and friends.

He expressed satisfaction with the team's defensive play during the first three-quarters of the game, and glowing happiness over its fourth-quarter aerial offense that brought two touchdowns in rapid succession.

Western scored first on a long pass caught by Stinson, end, of Cambridge, early in the second half.

But along in the middle of the fourth quarter, the Maroons went on a passing binge that resulted in two scores-- the first from Jim Harsh of Madison, the second heaved by Rocky Rothschild, Cairo, playing / quarterback. Cabutti, Johnston City, caught the first after it sailed some 20 yards through the air, and hip-danced right down the goal line. A few minutes later, Davidson of Harrisburg, sneaked behind the goal line and connected with the Rothschild pass, this one a bullet-like number right over the heads of Western's line.

Carbondale, Ill., Oct. --A scholarship fund to pay a student's tuition costs for four years at Southern Illinois Normal University here has been set up by Radio Station WJPF, Herrin. University officials have been informed.

This scholarship will be awarded to the member of the Girl Scouts at Herrin who performs the outstanding dramatic work over the radio during the coming year.

A radio dramatic group will be organized from among Girl Scouts, above the Brownie age, who successfully pass auditions. Members of this group will participate in monthly broadcasts, and the scholarship winner will be chosen from the group.

Judges for the competition will include a representative of the speech department at Southern.

"This scholarship is a fine and generous gift," University President Chester F. Lay declared. "We hope that it is the forerunner of many such scholarship awards, through which young men and young women of exceptional ability or talent may be enabled to benefit from the broadening opportunities now being developed at Southern."

Carbondale, Ill., Oct. --Miss May Sarton, well-known poet and lecturer, will speak at Southern Illinois Normal University in the assembly program next Thursday, Nov. 1, at 10 o'clock. Her subject will be "The Spirit Watches," subtitled "Poetry as a living reminder of eternal values!"

Sigma Tau Delta, national English fraternity, ~~who invited Miss Sarton here~~, will hold a banquet in her honor at the university cafeteria Wednesday evening.

This distinguished poet, a World War I refugee from Belgium, has published three books, lectured extensively, and in 1944 worked as a script-writer for the Overseas Film Unit in the Office of War Information.

Encounter in April, poems; The Single Hound, a novel; and Inner Landscape, poems, are her three books. A fourth volume, The Bridge of Wars, is now in the hands of a publishing company, being prepared for its spring appearance.

Miss Sarton is from Cambridge, Mass., where she was recently awarded the Golden Rose of the New England Poetry Society.

####

Carbondale, Ill., Oct. --Distribution of the Sphinx, student-faculty telephone directory, started this week at Southern Illinois Normal University.

A project of the YWCA, the 1945-46 Sphinx is edited by Helen Mataya, Herrin; assisted by Frances Bearden, Christopher, as business manager; and staff members Betty Anderson, Carterville; Shirley Elkins, Cambria; Helen Garrison, Dahlgren; Melba Kuntz, Belleville; Thelma McCarty, Flora; Helen Plumlee, Cambria; LaVera Story, West Frankfort; and Eleanor White, Equality.

Carbondale, Ill., Oct. --Minimum wage scale for student employees at Southern Illinois Normal University has been raised from 30 to 35 cents per hour, effective with October pay checks, President Chester F. Lay has announced.

This new scale will mean an increase in wages for 67 students who have been earning less than 35 cents per hour, according to Dean of Men A. J. Ter Keurst. These students are chiefly unskilled or semi-skilled student workers attached to the janitorial and ground force, or beginning typists, stenographers, assistants.

The increase in base pay was put into effect on recommendation of Elmer P. Hitter, coordinator of the Illinois Teachers College, Springfield, Dr. Lay explained, and brings student wages here into line with those at other teachers colleges of the state.

Southern employs an exceptionally large number of student workers in University offices, service agencies, and physical plant activities, President Lay pointed out, yielding a three-way benefit: (1) providing relatively low-cost assistance; (2) affording valuable apprenticeship to student workers; and (3) assisting needy students to defray all or part of their University expenses.

Nearly 200 students are currently employed at Southern, Dean Ter Keurst reports.

The wage scale for student employment last month ranged from 30 to 60 cents per hour, and averaged almost 39 cents per hour. The student employees work anywhere from a few hours to 100 hours per month, and earn an average monthly pay check of \$26.22. With the new increase just authorized, the average hourly rate and the average monthly pay check will be somewhat larger.

Carbondale, Ill. Nov. --"They just had a better team than we did," Coach Glenn "Abc" Martin admitted ruefully in recounting his Southern Illinois Maroons fateful encounter with the DeKalb Teachers on the football gridiron.

The Maroons were knocked out of the Illinois Intercollegiate Athletic Conference championship race--after heading the list of contenders for several weeks--by the 13-7 defeat from DeKalb.

Charleston Teachers' 12-6 defeat by Normal threw Old Normal into unquestioned lead place, with Southern in second spot.

Southern has finished play for the season, with two wins, one loss and one tie, while Normal has won three and lost one game.

It will depend on the outcome of next week-end's game between DeKalb and Charleston whether Southern can be runner-up for the title. If DeKalb defeats Charleston, Normal and DeKalb will tie for the title. On the other hand, if Charleston defeats DeKalb, Normal will win the championship.

Last Saturday's defeat was the second in a row the Maroons have suffered from DeKalb in identical situations. Last year the Maroons came up to the final game leading the pack, only to be nosed out of the title 13-12.

Too much weight and too much height proved to be the Maroons' downfall. After battling the DeKalb Huskies on fairly even terms during the first half, the Maroons wilted late in the third period when the Huskies scored their initial touchdown.

The Huskies midway in the third period were stopped on the one

(more)

yard line by the fighting Maroon line and later in the same quarter were stopped on Southern's three-yard marker.

However, this proved too tough for the lighter Southern line and DeKalb pushed over their initial touchdown late in the third when Jerome Piatt, Huskie halfback, went over from the eight-yard stripe. Terrence Ryan, Northern end, placekicked the extra point.

Northern chalked up their second marker early in the fourth quarter after a 45-yard sustained drive when Piatt tossed a ten-yard pass to Ralph Brink, end, who was in the end zone.

Southern scored late in the last period after a 35-yard sustained drive when Gene Stotlar of Pinckneyville, Maroon quarterback, threw a three-yard pass to Bill Crum of Mt. Carmel, Southern halfback, who was in the end zone. Bill Eaton of Carbondale, Maroon guard, then converted for the extra point.

Carbondale, Ill. Nov. -Walking off with the conference championship, Southern Illinois Normal University last Saturday in its second try in cross country placed its five-man team in first, third, fifth, seventh, and ninth place, Coach Leland P. Lingle reports.

The Maroons won the conference tourney at Normal with 16 points, compared to 32 points for its nearest competitor, Western, and 34 points for Normal, which finished in third place.

Individual champ for the Maroons was Dick Avis of Chicago, whose time for the 3 1/2-mile course was 17 minutes 35 seconds.

Southern also captured second place in the open State invitational meet held at Normal simultaneously with the conference match. First place was won by Wheaton College, with Pinkerton of Wheaton spurring the course in 16:56.4.

Southern's five-man team was composed of Avis; Huitt Barfoot of Malden, Mo., who finished No. 3 in the conference; Don Sheffer of Zeigler, No. 5; Bob Smith of Marissa, No. 7; and Charles Whittenborn of Steelville, No. 9.

This was the Maroons' first cross-country championship, and the second time they have entered a team in this sport, Lingle pointed out.

Carbondale, Ill. Nov. --Miss Nadine Conner, leading Metropolitan soprano, will present a concert in the Shryock Auditorium on the Southern Illinois Normal University campus Monday evening, November 19, at eight o'clock, for the first community concert of the season.

Miss Conner made her debut in Metropolitan Opera in 1941 in "The Magic Flute." More recent Opera successes of Miss Conner include the roles Violetta in "Traviata" and Zerlina in "Don Giovanni." The young singer has also made guest appearances with the Montreal Opera Company and with the "Traviata" company on tour.

Shortly after her Metropolitan debut, Miss Conner made her orchestral debut with the New York Philharmonic Symphony. In radio the lyric soprano has been featured as guest and star on such programs as the Coca Cola Hour, Salute to Youth Program, Kraft Music Hall, Vicks' Open House, Showboat, The Shell Program, and others.

Born in Los Angeles, California, Miss Conner attended the Los Angeles schools, and the University of Southern California. Her teachers included Prof. Horatio Cogswell, Amdao Fernadez, and Florence Easton.

Miss Conner's appearance here will mark the first in a series of four concerts to be given this year under joint sponsorship of the University and the Community Concert Association. Only members of the Community Concert Association may attend the concerts. All University students are affiliated with the association as a part of the cultural opportunities afforded by the institution.

Release on Friday or later

Carbondale, Ill., Nov. --Three-fourths of the new faculty members at Southern Illinois Normal University here are Illinoisans, either by birth, by educational training, or by professional experience, a recent survey shows.

Of the 19 new persons brought to the University staff by President Chester F. Lay since he assumed the presidency last January, 14 are "old-timers" as far as their familiarity with Illinois customs, traditions, and problems are concerned.

President Lay himself is a native of Pope County Illinois, received all his education in Illinois--one degree from Illinois State Normal University, two from the University of Chicago--and has had nine years' teaching experience in Illinois.

The fourteen Illinoisans among the new faculty members are:

Miss Helen A. Shuman, administrative assistant to the president, a native of Illinois, trained in Illinois, and with extensive professional experience in this state. She was born in El Paso, Ill.; educated at Lake Forest College, Illinois State Normal University, the University of Illinois, and Northwestern University; and taught in Illinois high schools at Lexington, Pekin, and Kankakee, taught one summer at Illinois State Normal University, and served for two years and three summers as YWCA general secretary at Illinois State Normal University.

Arthur J. Ter Keurst, dean of men, who obtained the master's and doctor's degrees from Northwestern University, Chicago, Ill.; taught in Evanston, Illinois, high school; and served as instructor in psychology and education, as registrar and personnel director at the Chicago Christian College. He came to Southern from Western Illinois State Teachers College.

Mrs. Mabel Pulliam, administrative assistant and housing counselor, who was born in Makanda, Ill., was educated at S.I.N.U., and has lived all her life in Southern Illinois. Mrs. Pulliam is the widow of the late Roscoe Pulliam, for nine years president of S.I.N.U.

Dr. William A. Pitkin, new associate professor of social sciences, is also born in Southern Illinois at Odin.

Dr. Lawrence E. Clark, new associate professor of sociology and appraiser in the Veterans Guidance Center, was born in Eureka, Ill.

(more)

Dr. Laird T. Hites, associate professor of psychology and appraiser in the Veterans Guidance Center, holds three degrees--including the bachelor of arts, the bachelor of divinity, and the doctor of philosophy degree--from the University of Chicago. With a few years' gap, he has lived in Illinois for the past 20 years. From 1925 to 1929, he was general secretary and editor of the Religious Education Association in Chicago; from 1933 to 1945, he has been on the faculty of Central YMCA College in Chicago as professor of psychology and education. In addition he has been a counselor on the student personnel staff of that college for ten years, and on marginal time has continued his editorship for the Religious Education Association.

Miss Helen Narber, assistant professor of education, has spent several summers in study at the University of Chicago, and for two years was affiliated with one of the workshop groups in Child Growth and Development at the University of Chicago.

John S. Wharton, Army Air Forces veteran, instructor in music, obtained the master of music degree from the American Conservatory of Music in Chicago, and came to Southern from his home there.

Dr. Anna K. Neufeld, instructor in languages, obtained her doctor of philosophy degree from the University of Chicago, taught the Russian language in the Army Specialized Training Program at the University of Chicago for a year, and last year was on the faculty of a large high school in Harvey, Illinois.

Glenn J. McGowan, faculty assistant, recently lieutenant colonel in the U.S. Army, was born in Carbondale, Ill., attended the Carbondale elementary and high schools, and obtained the bachelor of education degree from S.I.N.U.

Mrs. Bonnie A. Lockwood, faculty assistant, is a graduate of Southern Illinois Normal University, and taught one year in the Ashley, Ill., high school.

Mrs. Dorothea F. Swan, assistant professor of art, received her professional and graduate training in Illinois. She obtained the bachelor of fine arts degree from the Art Institute of Chicago, and the master of arts degree from the University of Chicago. She formerly taught in the University of Chicago high school and in Eureka College, Eureka, Ill. Exhibitions of her work have been shown at the Art Institute of Chicago and the Three Arts Club of Chicago.

Miss Anna McCann, faculty assistant, was born in Herrin, Ill., attended elementary and high school at Murphysboro, Ill., received

both the bachelor of science and the bachelor of education degrees from Southern Illinois Normal University. Her home is now Murphysboro.

Mrs. Lora Bosley, faculty assistant, was born in Harrisburg, Ill., attended elementary and high school there, attended S.I.N.U., and has lived in Carbondale for the last eight years.

"Selection of this large proportion of our new faculty members from among educators who have had some experience in Illinois is, we feel, a wise step," President Lay pointed out.

"We feel that these people are not only admirably trained for the positions they occupy, but they are also able to bring to Southern a familiarity with Illinois problems that is extremely valuable in keeping the University close to the people it serves.

"Yet because many of them, like other new faculty members we have brought it, have had extensive experience in other parts of the country, and even in other lands, they contribute a freshness and a vitality, a new outlook, and new ideas, that are essential for our growing, developing university.

###

Carbondale, Ill., Oct. --In connection with Children's Book Week, Mrs. Mae Trovillion Smith, instructor of English at Southern Illinois Normal University, has been invited to attend the Book Fair at Vandervoorts in St. Louis to autograph copies of her book, Famous Dogs of Famous People, during Thursday and Friday.

Mrs. Smith usually gives a pen-and-ink sketch to the child wanting her autograph.

Carbondale, Ill. Nov. --Jobs are available for those students who need to work while completing their college education, Dr. A. J. Ter Keurst, dean of men and director of student employment at Southern Illinois Normal University, has announced.

"The student may easily earn as much as \$1500 during his four years of college," Dean Ter Keurst points out, and the student fills responsible positions as his abilities and experience allows, while completing his education.

New students entering the coming Winter Term, beginning Dec. 4, who desire work should contact Dean Ter Keurst, in care of Southern Illinois Normal University.

Nearly 200 SINU students are holding part-time positions in clerical, janitorial, library service, and many other departments, according to Dean Ter Keurst.

From a recent survey, Ter Keurst reports that these students average 67.86 hours of work each month.

Base rate of pay for the student employee is now 35 cents per hour on authority of Frank G. Thompson, director of registration and education. For each year of successful experience, an increase of five cents per hour is recommended, and there are students earning as high as 60 cents per hour.

Carbondale, Ill. Nov. --Flying down to Southern Illinois Normal University in a C-47, Wright Air Field cage squad, Dayton, Ohio will give Southern Illinois basketball fans a chance to witness the performance of one of the finest teams in the United States, when they meet the Southern Maroons on Thursday, Dec. 6 at 8:00 p.m., according to Athletic Director Glenn "Abe" Martin.

Dwight Eddleman, sensational high school player from Centralia, well-known to all Illinois, is a member of this great ball club, which boasts of four fellows who have been selected on All-American teams.

Eddleman was on Centralia's "Wonder Five" team, and was also a University of Illinois cage-man before entering the Army Air Corps.

Composed of tall men, the squad's average height reaches 6'5", as compared with Southern's 6'1".

The second game on the Maroon schedule, it will be broadcast over station WJPF, Herrin.

Carbondale, Ill. Nov.---Clearness and accuracy in expression, factors which will aid the student in later social and business contacts, are the composition objectives stressed in the study of rhetoric at Southern Illinois Normal University.

To show the paragraph and composition development achieved by the average student of freshman rhetoric coming from a Southern Illinois high school, the University has published a selection of freshman compositions, entitled "Writing in Freshman Rhetoric Classes at Southern Illinois Normal University."

Recognizing the need for a correlated study of grammar, sentence structure, and other essentials of rhetoric, the department of English at Southern is anxious to cooperate in this training with teachers in both the elementary and secondary schools of the area.

Compiled by Miss Emma L. Bowyer, chairman of the English department, and edited by Mrs. Julia Neely, associate professor of English, the collection of compositions in the new booklet was taken from class work and from essays written for Scarab, student literary publication.

An important phase of the first-year curriculum, the freshman is also given training in developing his theme or idea in a systematic way. At first such formal writings are only a paragraph in length but expand as the course continues. During the final course of rhetoric, a research paper is expected of the student, and dictionary study is given consideration.

(more)

Objectives similar to those at Southern were outlined by the Army for its training programs that included work in English, denoting the practicality and value of such compositional training.

###

Carbondale, Ill. Nov. --Part of the program planned for the Nov. 17 meeting of the Illinois Association for Health, Physical Education, and Recreation at Southern Illinois Normal University will be devoted to demonstrations of class-room teaching and basketball methods. These special features will be held before the men's section meeting in the afternoon.

The following demonstrations have been scheduled:

"Methods of Teaching Wrestling"--Leland P. Lingle, associate professor of physical education at S.I.N.U.

"Methods of Teaching Beginning Tumbling"--William Freeburg, instructor in physical education at Southern.

"Early Season Drills in Basketball"--Glenn "Abe" Martin, athletic director at Southern.

"Developing an Offense"--Harlan Hodges, coach, West Frankfort High School.

"Set Plays"--Paul Houghton, coach, Anna-Jonesboro High School.

"Offensive Basketball"--Stanley Shagnon, coach, Mt. Vernon High School.

"Pressing Defense"--Merrill Thomas, coach, Pinckneyville High School.

"Individual Defense"--A. L. Trout, coach, Centralia High School.

Release Friday p.m.

Carbondale, Ill. Nov. - As the Southern Illinois Maroons approach their crucial game of the season with Northern Teachers next Saturday at DeKalb, they are faced with starting play minus three first-stringers. Their chances at the conference title are considerably hampered by the three losses.

Gene Stotlar of Pinckneyville, fleet quarterback, is still limping from a sprained ankle sustained in the Homecoming Game against Macomb here October 27. He did not play last week-end against Kirksville (Mo.) Teachers, and may not be able to make the trip to DeKalb.

Two other casualties are scholastic--Thomas Gher of Carbondale, center, and Dick Sharp of West Frankfort, right guard. Both have been mainstays in the Maroon line all season and will be badly missed.

Rocky Rothschild of Cairo will take over Stotlar's place in the starting line-up. Rothschild has alternated with Stotlar in earlier games, and has developed into a competent passer. He threw one of the Homecoming Game's touchdown passes, and last week-end against Kirksville heaved a 15 yarder into the end zone to Gene Davidson of Harrisburg.

Gher's place will be taken in the starting line-up by Carl Ferrell of Jonesboro, while Ralph Lyerla of Anna will take over Sharp's assignment.

The Maroons will leave here Friday and work out at Bloomington before going on to DeKalb.

Starting lineup will include: Leodio Cabutti of Johnston City, left end; Sam Milosevich of Zeigler, captain, left tackle; Bill Eaton of Carbondale, left guard; Ferrell, center; Lyerla, right guard, John Corn of Benton; right end; Davidson, replacing Carl Berkner from Pinckneyville, right end; Rothschild, quarterback; Clarence "Red" Lowery of Benton, left half; Dick Eggers of Chester, right half; and Jim Harsh of Madison, fullback.

This lineup will afford the Maroons the heaviest team they have sent on the field this season. Rothschild weighs 175 to Stotlar's 155; Davidson scales at 200 compared to Berkner's 180; Lyerla 180 to Sharp 170. Ferrell is a shade lighter than Gher.

The Maroons are having their third chance in 15 years at the Illinois Intercollegiate Athletic Conference championship.

Undefeated so far this season, they are in the same position they

were a year ago, when they reached their final game at the top of the conference, only to fall before DeKalb 13-12.

This season, the Maroons have knocked off two conference opponents--Illinois State Normal University 33-19, and Western 13-6--and tied Eastern 0-0. In addition, they have defeated Kirksville 13-0 and Arkansas State 6-0, and tied Arkansas State in a second match 6-6.

DeKalb, on the other hand has played only two conference games, winning one and losing the other.

If the Maroons win Saturday, they cinch the title. If DeKalb wins, the title is still uncertain.

Score in the conference runs like this, as of now:

	W	L	Tie
Southern	2	0	1
Eastern	0	0	2
Normal	2	1	0
Northern	1	1	0
Western	0	3	1

Outcome of the Eastern-Normal game Saturday may also change the picture if Southern doesn't cop the championship by defeating Northern.

The Maroons have climbed to the favorite position over some pretty stiff obstacles. Coach Glenn "Abe" Martin started the season with only three of his old lettermen back--Cabutti, Milosevich and Eaton.

The team was fortified by nine war veterans, several of whom have ably plugged holes in the first string: Eaton at left guard; Eugene Davidson at right end; and "Red" Lowery at left half.

Other veterans on the squad include Woodrow Rust of Cairo; Eugene Deitz of Carbondale; Kenneth Capps of Herrin; Jack Davis of Fairfield; Charles Beatty of Benton; and Frank Brashier of Carmi.

The Maroons have been outweighed by most of the teams they have played this season, but by tricky unexpected plays and by an increasing skill on the part of the line men, victories have been achieved.

Martin himself is keyed to a high pitch over the DeKalb game, not only because it offers an opportunity to avenge last season's defeat from Northern.

But this is Southern's chance to win its first conference championship since 1930. And Martin himself captained that winning team.

Martin won three letters in football at Southern, calling signals from the left halfback spot and playing in 16 straight victories. He was all-conference ^{left} half in 1930, the year the Maroons won the title.

(more)

He also lettered in track for three years.

After leaving the college gridiron, he played professional football for the Chicago Cardinals one year, also signal-calling from left half, then turned to high school football.

He coached at Fairfield, his old home town, for three years, and build up an undefeated team the last two. Then he went to Pontiac, Ill., for five years, teaching and coaching both football and basketball.

He returned to the Southern campus in 1938 as assistant football coach, became head coach in 1939, was named head basket ball coach in 1943, and last summer was appointed director of athletics.

###

Carbondale, Ill. Nov. - Just under the wire, Dongola is the latest Southern Illinois school to register for the fifth annual Choral Clinic to be held here at Southern Illinois Normal University Saturday, Nov. 10.

Dongola's enrollment, with 28 pupils, brings the roster for the clinic to 20 schools, plus the S.I.N.U. chorus and a fifth and sixth grade choir from the Campus Laboratory School, and pushes the total number of students participating to 780, or nearly double last year's enrollment.

The clinic is sponsored by Community High and University High Schools, and will bring Peter Tkach, music education director of Minneapolis, Minn., as guest director.

A giant massed choir concert will be given by all the pupils participating in the clinic on Saturday evening, at 7:30 o'clock, with Mr. Tkach conducting. No charge will be made for the concert, and the public is invited to attend.

Guest artists for the concert will be Miss Mary Jane Hantz, pianist, and John Wharton, violinist, both of the University faculty.

Schools to send singers to the clinic, together with the number in each chorus, respectively, follow: Benton Township High, 106; Carbondale Community High, 56; Carbondale University High, 22; Carrier Mills Community High, 7; Carmi Township High, 29; Chester High, 12; Christopher Community High, 18; DuQuoin Township High, 15; Fairfield Community High, 73; Herrin Township High, 75; Hurst-Bush High, 5; Johnston City High, 33; New Athens Community High, 32; Mounds Township High, 34; Murphysboro Township High, 12; Salem Township High, 33; Sandoval Community High, 27; S.I.N.U. Chorus, 53; Valier Community High, 3; West Frankfort Community High, 71; Dongola, 28; Campus Laboratory School, 30.

Special to Southern Illinois Dailies

Carbondale, Ill. Nov. - Ray O. Duncan, State director of health and physical education, will be one of the key speakers at the meeting of the Illinois Association for Health, Physical Education and Recreation, at Southern Illinois Normal University Saturday, Nov. 17, according to Dr. Dorothy Davies, associate professor of physical education for women at the University.

Physical education teachers and supervisors from all parts of the state have been invited to the University campus for this meeting.

Mr. Duncan's address will deal with "The State-wide Physical Education Program," and will be followed by motion pictures presented by O. R. Backdoll, assistant state director of health and physical education.

Another major address will be given by Dr. Ruth E. Dunham, Williamson County health officer, assisted by her staff. Dr. Dunham will present "Services of A County Health Department."

Section meetings for men and women will be held Saturday afternoon with demonstrations of dance and sport activities before the women's group, and demonstrations of classroom teaching and basketball methods before the men's section.

###

Carbondale, Ill. Nov. - A Southern Illinois high school girl will go to Texas Saturday to be crowned Queen at a military ball at Camp Wolters at Mineral Wells next week.

She is Miss Myrna Presley, a junior in University High School, Laboratory School Southern Illinois Normal University. Miss Presley's picture was entered in a Camp Wolters' contest by Private Jules Campbell, 1945 graduate of University High School. Miss Presley received a telegram from the commanding officer of the camp on Nov. 4 informing her that she had been chosen Queen, and invited her to be the guest of the camp at a farewell dance on Tuesday night, Nov. 13 at which Kay Kyser's band will play.

All of Miss Presley's expenses and those of Mrs. Betty Stanley who will accompany her as chaperon, will be paid by the camp.

Other features of entertainment for the Queen will include the Kay Kyser broadcast, a special war bond dance, and a tour of the military installations.

Carbondale, Ill., Nov. - Showing an increase of more than fifty percent over last year's attendance, registration in the Choral Clinic to be held here on the Southern Illinois Normal University campus Nov. 10 indicates a growing interest and attention to music in the Southern Illinois schools.

Enrollment in the clinic is now at 695, as compared with the 408 here last year, music supervisors from 15 high schools having registered their students for the one-day study.

Climaxing the clinic will be the concert in the evening conducted by Peter Tkach, director of Music Education in Minneapolis. The public is invited to attend the concert ^{which will be held} in the Shryock Auditorium, beginning at 7:30.

Schools registered in the clinic include:

Carbondale, Ill. Nov. --That Hardin County is the most picturesque county in the State, in its history, topography, and the lore that still lingers from a by-gone day is the opinion of John W. Allen, curator of history at Southern Illinois Normal University.

As director of the University museum, Mr. Allen has been particularly interested in the regional development of the Southern Illinois area, and has recently published Randolph County Notes and Jackson County Notes, which give historical incidents of the territories.

He recently visited Hardin County to collect museum materials and folklore from that area.

Mr. Allen relates various stories of Hardin County to give evidence for his statement. In the county, north of what is now Cave-in-Rock, was one of the "storied" roads in the region, according to Mr. Allen.

Leading from Ford's Ferry and winding up Potts Hill, "many a traveler entered Potts Tavern to disappear forever," he says.

Then there's the well-known incident about Eschol Sellers who settled near the Ohio River at the extreme east end of Hardin County. Sellers built a fine house on the bank, near a steamboat landing.

The Mississippi journalist, Mark Twain, included Eschol Sellers in his book The Gilded Age as one of the characters. Sellers *felt* slandered, and as the story goes, visited Twain and "dressed him down in seven different languages!"

(more)

Twain was forced to withdraw the book from circulation but changed the name to "Mulberry" Sellers in the later editions, concluded Mr. Allen.

According to some historians, "American Brigandage" began at Cave-in-Rock, Mr. Allen said. According to an account in the Hardin County Gazette of April 20, 1877, there is a plea for better law enforcement, citing that from 1850 to 1877, 28 men and two women had been killed outright, not counting the number who died of wounds later, nor the infanticides, cites Mr. Allen.

Another celebrated site is the Old Rose Hotel in Elizabethtown--the oldest house in Hardin County. This property was homesteaded technically in 1814, the year the land office opened, but actually had been claimed earlier. The present day lobby of the old building--which is still standing--is the old Tavern room, continued Mr. Allen, and out in the yard is the stone of the owner, McFarland, who died in 1837.

"Surely such a wealth of experiences and many others, even richer, merit for Hardin County one of the first places in regional lore," Allen concluded.

###

Carbondale, Ill. Nov. --Public interest in Southern Illinois Normal University's extension service was shown Monday night, Nov. 12, when members of the Carmi Chamber of Commerce and the Parent Teachers' Association attended the extension class in education being offered there.

This course entitled, "Child Psychology," is taught by Dr. Douglas Lawson, professor of education, and meets on Monday night. Thirty-eight students are enrolled in the class.

Carbondale, Ill. Nov.---Enrollment of 587 in the 17 extension classes offered this fall by Southern Illinois Normal University has been announced by Dr. T. W. Abbott, director of extension.

Added to the on-campus registration, 1,069, the extension figure makes a total of 1,656 students who are currently receiving instruction from Southern.

A majority of the off-campus work began in September, running for 16 weeks. Generally each extension class meets under a University faculty member assigned the course as a part of his teaching load.

As students in the extension classes are largely teachers, most of the instruction given is in the field of education, but literature, music, and art classes are also popular, according to Dr. Abbott.

Because of demand, a graduate extension course is being offered this year in Centralia, with Dr. E. R. Fair, dean of the College of Education, teaching the 15 graduate students enrolled.

Large classes in other Southern Illinois towns include those at Anna, with 39 students; Cairo, 45 students; Carmi, 38; E. St. Louis, 55; Marion, 50; Fairfield, 49; Pinckneyville, 48; Sparta, 38; and McLeansboro, 38.

Other courses are conducted in Nashville, Vienna, West Frankfort, Waterloo, Mt. Vernon, Harrisburg, and Golconda.

Carbondale, Ill. Nov--Demonstrations of women's dance and sport activities have been arranged as special interest features at the Illinois Association for Health, Physical Education, and Recreation meeting at Southern Illinois Normal University Saturday, Nov. 17.

Dr. Dorothy Davies, associate professor of physical education for women at the University, will preside over these activities.

The program has been arranged as follows:

"Creative Approach to Dance in the Elementary School"--Elsa Schneider, assistant State director of health and physical education.

"Popular and Unusual Games and Relays"--Zita Spradling, ~~and~~ instructor, Campus Laboratory School, S.I.N.U.

"Teaching Social Dance Through the Folk Dance Program"--Evelyn Triplett, Washington University, St. Louis, Mo.

"G.A.A. in Illinois"--Geraldine Rennert, State secretary of G.A.A.

"Basketball Formations and Rules Interpretation"--Dorothy E. Muzzey, assistant professor of physical education, S.I.N.U.

Open to all women interested in health, physical education, and recreation, the demonstrations will be held in the afternoon beginning at 1:30.

Physical education teachers and supervisors from all parts of the State have been invited to the University campus for this meeting.

Carbondale, Ill. Nov.--A mobile x-ray unit from the State Department of Health will visit the Southern Illinois Normal University campus on Monday, Tuesday and Wednesday, Nov. 12-14, to survey students and faculty, Dr. Chester F. Lay, president, has announced.

Students will be excused from classes if they conflict with their scheduled appointments, President Lay has stated.

Given without cost to the individual, the examinations are being offered as a part of the University's Health Service program.

###

Carbondale, Ill. Nov. --Gladys W. Babcock, assistant professor of home economics at Southern Illinois Normal University, has been notified that the book, The Home Today, of which she is co-author, has been recommended by the State Board of Vocational Education for use in Vocational Home Economics departments in Illinois.

This book is also appearing in the Illinois State Elementary Curriculum, which is now in the hands of the publishers, Miss Babcock stated.

Carbondale, Ill., Nov. --A new schedule of radio programs for the "SINU Hour", presented over stations WJPF, Herrin, and WEBQ, Harrisburg on Wednesdays at 2 p.m., has been announced by Mrs. Mae Trovillion Smith, director of "SINU Hour."

"The Chinese Student" will be the subject of a talk by Dean Henry Rehn on November 7.

A brief speech by President Chester F. Lay, an interview, and "Books of Our Childhood" will be presented November 14, National Education Week.

The story of Sarah Josepha Hale, lady of Godey's Magazine, who is directly responsible for this country's celebrating Thanksgiving on the fourth Thursday in each November, will be dramatized November 21.

Succeeding programs are "America and the Future," Dr. Willis G. Swartz, professor of government, Nov. 28; "South American Poetry," Dr. J. Carey Davis, associate professor of foreign languages, Dec. 5; Women's Athletic Association, Dec. 12; preview of the basketball season, Dec. 18.

###

Carbondale, Ill., Nov. --Construction of midget autos has become the latest fad in the seventh and eighth grade industrial arts class of Allyn Training School at Southern Illinois Normal University this fall.

This creative trend occurred when instructor Delmar Olson began building a midget car for his young son last summer. It has now developed into a class project.

Built around welded steel chassis made from steel tubing, the midget autos are shaped in model airplane fashion. Formers and wood stringers are the basis for a cloth covering which is dyed any color the maker desires. Power is furnished by one-cylinder engines of from 5/8 to 1½ horsepower.

Students Bud and Bill Colvis, ace auto makers who call themselves the "Colvis Bros. Buggy Works", have done more work than any of the other members of the class and are now building a model jeep.

Other students Sammy Hunter, Paul Bryant, and Bob Cover are each working on a roadster, while Gene Biggs and Robert Johnson are constructing three-wheeled streamlined cars.

Carbondale, Ill., Nov. -Devotees of the best in musical entertainment should be gratified with the appearance of the young Metropolitan soprano, Nadine Conner, at Southern Illinois Normal University on Nov. 19. Miss Conner is the first guest artist in the series of Community Concerts to be given this year under Southern's sponsorship, according to Mrs. W. A. Thalman, Carbondale, president of the Association.

Miss Conner's reputation as an attractive and brilliant singer comes from her successful performances in the operas "La Traviata", in the role of Violetta, and Mozart's "Don Giovanni," as Zerlina.

Following the program by Miss Conner on November 19, other artists in this year's series include Draper and Adler, featuring tap dancing and harmonica music on Dec. 14; Barry Ensemble, with flute, violin, cello, and piano, on Jan. 30; Sascho Dorodnitski, Russian pianist, on Mar. 25.

Membership in the nine-year-old organization is extended over a 40-mile radius of the Southern Illinois Normal University campus where all the concerts are held in the Shryock Auditorium. Set up on a cooperative basis, the association schedules appearances of four artists each season through Columbia Concerts, Incorporated.

###

Carbondale, Ill. Nov. --Florine Schlueter, sophomore from Carbondale, has been named business manager of the Obelisk, Southern Illinois Normal University yearbook.

News editor of the Egyptian, student newspaper, for the past half-year, and a member of the staff for two years, Miss Schlueter serves as sophomore representative on the Student Council and as president of the Sophomore Class. She is a member of Tau Delta Rho, discussion society; Mu Tau Pi, journalistic fraternity; and Delta Sigma Epsilon, social sorority.

As business manager of the Obelisk, Miss Schlueter will work with Jack Hedges of St. Louis, editor of the publication.

Carbondale, Ill. Nov. --A drive to raise \$1,000 for the World Student Service Fund was launched this week at Southern Illinois Normal University with an address to the student assembly by Robert J. Fairgraves, Regional Director of the Midwest Area of the WSSF.

Mr. Fairgraves presented the story of student needs, especially those of the war-torn countries, and stated that it was the American students' duty to give to the World Student Service Fund, which has been set up to serve students all over the world.

Ten committees, comprised of representatives of various campus organizations, are conducting the campaign with Miss Nina Price, student from Christopher, serving as chairman.

A sacrificial dinner was held at the Student Christian Foundation Wednesday evening for those students who are taking an active part in the drive. Proceeds of the dinner were turned over to the WSSF.

Campaigns such as the one here at Southern are being carried out in every college and university in the country in order to raise the proposed \$1,000,000, which is the goal for contributions from United States students and professors. An additional \$1,000,000 is expected from the rest of the world.

All money raised will be used to serve students in eighteen different countries. Because of the end of the war, more help is needed for students of the war-torn nations--students who are hungry and sick, who are homeless, and who need books and supplies.

The World Student Service Fund was founded in 1940 under its present name; however, its origin dates back to 1937 with the establishment of the Far Eastern Student Service Fund by the National Intercollegiate Christian Council. Its activities were extended to Europe in 1939 with the outbreak of the war. In the meantime the University Commission of the Council of Church Boards of Education had become a co-sponsor of the organization, which took the name World Student Service Fund.

Carbondale, Ill. Nov. --Miss Martha Scott, assistant professor of zoology at Southern Illinois Normal University, has returned to her duties on the faculty after a year's service in the Women's Army Corps, President Chester F. Lay has announced.

Miss Scott was stationed first at McCloskey Hospital, Temple Texas, then for the past several months at Camp Polk, where she was a technician third class in the hospital laboratory.

On Southern's faculty since 1929, Miss Scott is a graduate of Park College in Missouri, holds the master's degree from the University of Chicago and has done graduate study at the University of California and Leland Stanford University.

###

Carbondale, Ill. Nov. --Fusilage of a P-47 Thunderbolt airplane has been received by Southern Illinois Normal University as the gift of the War Department, President Chester F. Lay has announced.

The plane will be used for instructional purposes.

The ship is one of 30 new craft just off the assembly line of Republic Aviation Corporation, Evansville, Ind., which have been made available gratis to schools and colleges under the War Department's program of disposal of surplus commodities, through the Reconstruction Finance Corporation.

Minus wings, propeller, and landing gear, the plane possesses all other essential parts, including all flying instruments, engine, and stock of small tools, fixtures, and accessories.

Construction of a shed for the plane is currently under way at the University.

Carbondale, Ill., Nov. - For the third time in fifteen years, the Southern Illinois Normal University Maroons are facing a conference championship battle.

Heading the conference field, the undefeated Maroons will meet their old foes, the Northern Teachers at DeKalb next Saturday, and will try to revenge the defeat suffered at DeKalb's hands last fall, when Northern nosed out Southern 13-12 for the conference title.

It has been exactly 15 years since Southern won a conference championship, and Coach Glenn "Abe" Martin is anxious to repeat this year. Martin himself was captain of that 1930 championship team.

Southern is one of the handful of teams in the nation which remains undefeated as the season nears its close.

If Southern defeats Northern next Saturday, the conference title is clinched for the Maroons.

On paper it looks as if a Maroon victory is assured, for Southern has won two games and tied one, while Northern has won one and lost one. Putting it another way, Northern was defeated by Old Normal, while Southern beat Old Normal 33-19. To even up the chances, however, Northern beat Macomb Teachers (Western) by the same score Southern beat Macomb.

Southern's game last Saturday against Kirksville (Mo.) Teachers was a breather, but netted a 13-0 victory. The two scores were neatly achieved, the first on a lateral pass from Fullback Jim Harsh of Madison to Jean Cunningham of Anna on the second play of the game, with Cunningham getting away 50 yards for a touchdown. The second likewise resulted from a pass, a 15-yarder, from Rocky Rothschild of Cairo to Gene Davidson of Harrisburg in the end zone.

Carbondale, Ill. Nov. --Appointment of William Randle to serve as faculty assistant and appraiser in the Veteran's Guidance Center at Southern Illinois Normal University has been announced by President Chester F. Lay.

Randle's appointment became effective Nov. 1, to aid a four-man staff in veteran advisement and testing for the southern area of Illinois.

Coming from the YMCA Hotel in Chicago, where he served as Program Director, Mr. Randle had been employed in the personnel division at the Buick Aviation Engine Plant in Melrose Park, Ill. Working with the War Department for $6\frac{1}{2}$ years, Mr. Randle served as educational advisor on problems relating to the rehabilitation of young men in the Civilian Conservation Corps.

After receiving his bachelor of education degree from Southern Illinois Normal University in 1934, Mr. Randle has taken graduate work at Northwestern University, University of Michigan, and George Williams College.

Carbondale, Ill., Nov. --Leedio Cabutti, Johnston City, will be Southern Illinois Normal University's candidate for the McAndrew Trophy, annually awarded to the school having the most valuable football player in the Illinois Intercollegiate Athletic Conference, Coach Glenn "Abe" Martin, director of athletics, announced today.

Cabutti was elected the most valuable player of the Southern Maroon eleven last night by vote of varsity football men, Martin said.

Each school in the I.I.A.C. submits a candidate for the award, and the five coaches in turn vote on the players. A coach may not vote for his own team member.

Recipient of the award, purchased last year by the "I" Club of Southern, will have his name engraved on the trophy, Martin stated.

"Cabutti, playing end position this season in his second year of football, was one of the outstanding line backers in the conference," stated Coach Martin, "and was exceptional in both offensive and defensive play,"

A member of the first five in basketball last winter, Cabutti is a candidate for a first-string position this season.

###

Special to Southern Illinois Dailies and Sports Editors

Carbondale, Ill. Nov. --With the five first team players back from last year Southern Illinois Normal University Maroons open their cage season in a contest with the Onized Club of Alton here at the University, Dec. 4, Coach Glenn "Abe" Martin announces.

The Onized Club, made up of former college stars, is said to be one of the best independent teams in the Middle West. Their encounters with Southern over a number of years have resulted in an even number of wins and losses. However, in the last contest in 1943 the Maroons were defeated by three points, 32-35.

Last year's first stringers back in action are Leodio Cabutti, Johnston City; Sam Milosevich and Don Sheffer, Zeigler; Dick Foley, Carbondale; and Dick Harmon, Granite City. Martin says it is doubtful if Sheffer will be able to play regular ball this year due to an old knee injury which is already giving him trouble.

The Maroons are again handicapped by not having a tall man; however, they are fortunate to have more substitutes than in previous years, making a better second squad, which can relieve the five top players.

Eugene Davidson, Harrisburg; Chester Glover, Mt. Vernon; Glen Brown, Carbondale; Robert Davidson, Carbondale; Bill Davies, Centralia; Gene Cunningham, Anna; Gene Stotlar, Pinckneyville; Bill Crum, Mt. Carmel; and Carl Birkner, Pinckneyville are slated to receive plenty of action this season, Martin stated.

Carbondale, Ill. Nov.--America's Thanksgiving celebration takes its origin much further back than 1621, according to Miss Winifred Burns, assistant professor of English at Southern Illinois Normal University, in her article, "The Thanksgiving Festival," appearing in the November issue of "The Educational Forum!"

Harvest festivals were initiated with the Canaanites, copied by the Children of Israel, observed in Ancient Greece, and celebrated in Rome, Miss Burns points out.

As early as the ninth century, a festival called the "Harvest Home" was held by the Saxons in England, and the holiday was called the "Kern" in Scotland.

"The appearance of the Thanksgiving celebration in our own land was only a revival of a very ancient custom," states Miss Burns.

The first Thanksgiving in 1621 records no religious element at all, but after two succeeding years of drought, starvation, and illness the celebration in 1623 was of a religious nature, as well as a holiday, according to Miss Burns. Not until 1863 was Thanksgiving Day proclaimed as a national religious festival by President Lincoln.

Carbondale, Ill. Nov. --State organization for the Proverb project of the American Dialect Society has been effected, according to Miss Frances Barbour, associate professor of English at Southern Illinois Normal University and state director for the project.

Aiding in the collection of colloquial sayings and unusual word usages throughout the state will be Dr. Maude Uhland, of Northern Illinois State Teacher's College; Dr. Herbert R. Hiett, head of the English department at Illinois State Normal University; Dr. Garetta Busey, Urbana; Dr. Marian Galloway, Eastern Illinois State Teachers College; Miss Amanda Langemo, Western Illinois State Teachers College. Miss Barbour will continue to serve as chairman of the Southern Illinois area.

Illinois is one of the first states to complete organization for the project, according to recent word from the society, Miss Barbour said.

Carbondale, Ill. Nov. --Dr. J. W. Harris, associate professor of English at Southern Illinois Normal University, has recorded a hitherto unprinted pioneer story of Southern Illinois which appears in the current October-December issue of Journal of American Folklore.

Entitled, "The Catskin Legend in Southern Illinois," the article relates the incident in which a cat skin was accepted for a mink pelt, at a trading store at what is now Carrier Mills in Saline County.

(more)

After the cat skin incident, according to the article, the small center was dubbed "Catskin", and is so-called by the native residents of the area even now.

Also appearing in the journal is an article by Mrs. Grace Partidge Smith of Carbondale, on "A Yankee Tale--Fact or Folksay," which records and analyses an early New England story of the so-called "retort" genre type.

Carbondale, Ill. Nov. --George W. Smith, 90-year old professor emeritus of history at Southern Illinois Normal University, died early this week at his home in Carbondale after 58 years of teaching, 45 of which were spent at the University.

Born in Greene County, Illinois, on November 13, 1855, Professor Smith taught in the public schools for 13 years before joining Southern's faculty in 1890.

During his tenure at the University, he became noted for his accomplishments, one of which was development of history instruction as a separate department. For nearly 30 years he held the chairmanship of the department, continuing until 1928.

Prof. Smith is widely known as an authority on Illinois history, and has written several books on the subject, particularly on Southern Illinois history.

After his retirement from the University faculty in 1935, he published his last book, which is perhaps his greatest, a scholarly contribution to Lincoln Literature entitled When Lincoln Came to Egypt.

For 40 years Prof. Smith held the positions of director and vice president of the Illinois Historical Society.

Carbondale, Ill. Nov. --"Art Needlework," laboratory course in decorative sewing designs, will be offered for the first time by the Home Economics department at Southern Illinois Normal University this coming winter term, beginning Dec. 4.

"Work in the course acquaints a student with a variety of ways to decorate garments and household articles, and furnishes a fund of ideas for originality in dress and in the home," points out Miss Lucy K. Woody, professor and chairman of the home economics department, who will teach the course.

No prerequisite courses are necessary for this four hour period, meeting from 9 to 11 o'clock on Monday and Friday.

The first of these is the question of the origin of the human race. It is generally accepted that the human race originated in Africa, and that it spread from there to other parts of the world. This is supported by the fact that the greatest genetic diversity is found in African populations. The second question is the question of the relationship between the different races of man. It is generally accepted that all races of man are descended from a common ancestor, and that the differences between them are the result of adaptation to different environments. The third question is the question of the development of the human mind. It is generally accepted that the human mind developed from a primitive state, and that it has become more complex and sophisticated over time.

Carbondale, Ill. Nov. --Physical education as a part of the daily program is in effect in 50 per cent of the four-year high schools in Illinois, Ray O. Duncan, State director of health and physical education, reported to the Illinois Association for Health, Physical Education, and Recreation which met at Southern Illinois Normal University last week.

An even larger percentage of smaller schools or those with an enrollment of less than 200, have adopted the state requirement of 200 minutes of directed play activity per week as a part of the curriculum, Mr. Duncan said.

Some 80 per cent of the rural schools have included the play periods, with 35 counties of the State showing a record of a 100 per cent in this field, Duncan added.

Physical tests were given to 80 per cent of the first grade children in the rural schools last year.

Scenes of play activities taken in Illinois elementary and rural schools were shown by O. R. Backdoll, assistant State director of health and physical education, to the 200 teachers, students, and public health people attending the one-day conference.

Carbondale, Ill. Nov. --Scheduled for the winter term at Southern Illinois Normal University, beginning on December 4, are several night and Saturday classes designed to appeal to teachers of the area and also to graduate students.

A new course, "Refinishing and Re-upholstering Furniture," will be given Tuesday and Thursday evenings in the Parkinson Building by J. Henry Schroeder, chairman of the department of industrial arts. On Monday and Wednesday evenings, Mr. Schroeder will conduct a class in "Machine Metal" which will meet at 6 o'clock.

Weaving is to be taught Tuesday evenings under Miss Lulu D. Roach, assistant professor of art; "Home Furnishings," at 7 p.m. Wednesday by Miss Lucy K. Woody, professor of home economics and chairman of that department; "Advanced Nutrition and Dietetics," meeting Thursday evenings from 7 to 9 o'clock, with Mrs. Mary Lou Barnes, assistant professor of home economics, teaching the class.

Many of the Saturday and night classes may be taken either for graduate or undergraduate credit. Among these are "Recent American History," meeting at 9:30, Saturday morning, taught by Dr. William Pitkin, associate professor of social sciences; "International Government," at 6:30 p.m., under Dr. Willis G. Swartz, professor of government and department chairman; English Seminar, under Dr. Charles D. Tenney, professor of English and philosophy, meeting at 7 o'clock Thursday evening.

Two education courses, "Problems in Reading," taught by Dr. Ted

(more)

R. Ragsdale, professor of education, and "School Administration," by Dr. Bruce W. Merwin, also professor of education, will meet Saturday morning at 9:00.

Dr. Henry J. Rehn, now dean of the college of vocations and professions, will teach a graduate course this term in "Budgeting and System in Business Operations," on Saturday. "Advanced Plant Physiology II" will meet at night and Saturday morning under Dr. William Bailey, professor of botany and chairman of that department.

Graduate courses which are to be offered either at night or on Saturday include "Theory and Legal Basis of American Education," to be held at 1 p.m. Saturday, under Dr. Douglas E. Lawson, professor of education; "Technique and Therapy in Individual Guidance," meeting Tuesday evening at 7 o'clock, with Dr. W. A. Thalman, professor of education; "Rise of Realism in American Fiction," on Saturday morning taught by Dr. William B. Schneider, associate professor of English; Spanish Seminar at 11 a.m. Saturday, taught by Dr. J. Cary Davis, associate professor of foreign languages; and "Topics in Modern Mathematics," meeting from 8:30 to noon Saturday, with Dr. John R. Mayor, professor of mathematics and chairman of that department; and Dr. W. C. McDaniel, associate professor of mathematics, teaching the class.

More specific information concerning registration in evening or Saturday classes may be obtained from the Office of Registrar, Southern Illinois Normal University.

###

The first part of the paper is devoted to a general discussion of the problem. It is shown that the problem is of great importance in the theory of the structure of the atom. The second part is devoted to a detailed analysis of the results of the experiments of Rutherford and his colleagues. It is shown that the results of these experiments are in good agreement with the theory of the structure of the atom.

The third part of the paper is devoted to a detailed analysis of the results of the experiments of Bohr and his colleagues. It is shown that the results of these experiments are in good agreement with the theory of the structure of the atom. The fourth part of the paper is devoted to a detailed analysis of the results of the experiments of Heisenberg and his colleagues. It is shown that the results of these experiments are in good agreement with the theory of the structure of the atom.

The fifth part of the paper is devoted to a detailed analysis of the results of the experiments of Schrödinger and his colleagues. It is shown that the results of these experiments are in good agreement with the theory of the structure of the atom. The sixth part of the paper is devoted to a detailed analysis of the results of the experiments of Dirac and his colleagues. It is shown that the results of these experiments are in good agreement with the theory of the structure of the atom.

The seventh part of the paper is devoted to a detailed analysis of the results of the experiments of Pauli and his colleagues. It is shown that the results of these experiments are in good agreement with the theory of the structure of the atom. The eighth part of the paper is devoted to a detailed analysis of the results of the experiments of Fermi and his colleagues. It is shown that the results of these experiments are in good agreement with the theory of the structure of the atom.

The ninth part of the paper is devoted to a detailed analysis of the results of the experiments of Einstein and his colleagues. It is shown that the results of these experiments are in good agreement with the theory of the structure of the atom. The tenth part of the paper is devoted to a detailed analysis of the results of the experiments of de Broglie and his colleagues. It is shown that the results of these experiments are in good agreement with the theory of the structure of the atom.

Release Friday

Carbondale, Ill. Nov. -- Dr. Delia Caldwell, emeritus, college physician at Southern Illinois Normal University for many years, died Wednesday morning, Nov. 28, at her home in Carbondale.

A member of the faculty since 1922, Miss Caldwell attained professor emeritus status in 1935.

Dr. Caldwell received the degree of Doctor of Medicine from Northwestern University. She taught for seven and a half years in the public schools before joining the Southern Illinois Normal University faculty.

Funeral services were held at the Carbondale First Christian Church at two o'clock this afternoon, with burial at Oakland Cemetery.

Born at Hopkinsville, Ky., March 25, 1860, Dr. Caldwell served as an educator for many years before her retirement.

###

Carbondale, Ill. Nov. --University High School and Allyn Training School on the campus of Southern Illinois Normal University have made excellent science contributions during the school year to the Illinois Junior Academy of Science, sponsored by the Illinois State Academy of Science.

In collaboration with the academy University High held a science exhibit in which local "scientists" displayed their talents in the scientific world; These exhibitions were judged by the academy.

Campus students awarded certificates for their special work in the exhibit are Richard Vogler, Military Models (miniature airfield, tanks, warships, and fighting planes); Aileen Anderson and Wilma Beadle, Water Purification Plant; Alice Anna Foley, Chemistry of Making Soap; Dorothy Ann Paterson, Science Scrapbook; Billy Wakeland, Electric Shocking Machine; and Sally Sherertz and Judy Fox, Victory Gardening Notebook.

The Egyptian Experimenters Club of University High, composed of students interested in science, assumed the responsibility of publishing one issue of the Junior Academy News Letter, besides sponsoring chemistry show at the high school exhibit.

Carbondale, Ill. Nov. --Southern Illinois Normal University Maroons play their first basketball game of the season Tuesday night, Dec. 4, against the Onized Club of Alton in the SINU men's gym.

Members of the Onized Club, strong independent team composed of former college ^{stars} are employees of the Owens Illinois Glasswork Company of Alton.

Coach Glenn "Abe" Martin will have six returning letterman from which to pick a first five, in addition to outstanding freshman material.

Hardwood veterans of a year or more of college play include Dick Foley and Dale Houghland, Carbondale; Don Sheffer and Sam Milosevich, Zeigler; Leedio Cabutti, Johnston City; Dick Harmon, Granite City; and Bill Aldridge, Wolf Lake.

Also slated to dress for the game Tuesday night are Gene Stotlar and Carl Birkner, Pinckneyville; Gene Cunningham, Anna; Gene Davidson, Harrisburg; Bobo Brown and Tommy Gher, Carbondale; Chester Glover, Mt. Vernon; Bill Davies, Centralia; Bill Crum, Mt. Carmel, and Larry Fione, Steeleville.

###

Carbondale, Ill. Nov. --Twenty players and two managers of the Southern Illinois Normal University Maroons have earned football awards for this season, Coach Glenn "Abe" Martin announces.

Sweaters will be given to seventeen squad members, while the other three who earned sweaters last year, will be presented letters.

Sam Milosevich, Captain, Zeigler; Leedio Cabutti, Johnston City; and Bill Eaton, Carbondale have earned letters. Dale Houghland, Manager of Carbondale, who lettered last year, and Assistant Manager George Theopanepoulos, Carbondale, will also be given letters.

John Corn, Benton; Carl Birkner, Gene Stotlar, and Glen Hamilton, Pinckneyville; Gene Cunningham and Ralph Lyerla, Anna; Dick Eggers, Chester; Jim Harsch, Madison; Charles Rothschild, Cairo; Bill Crum, Mt. Carmel; Paul Moss, Christopher; Carl Ferrell, Jonesboro; Charles Beatty, Benton; Eugene Davidson, Harrisburg; Fred Lowery, Mt. Vernon; Thomas Gher, Carbondale; and Dick Sharp, West Frankfort are the men receiving sweaters.

###

The first part of the paper deals with the general principles of the method of analysis. It is shown that the method is based on the assumption that the distribution of the data is normal. This assumption is justified by the central limit theorem. The method is then applied to the analysis of the data. The results are presented in the form of a table. The table shows the distribution of the data for each of the four groups. The results are then compared with the results of the other groups. It is found that the results are very similar. This suggests that the method is reliable. The paper then discusses the limitations of the method. It is pointed out that the method is only applicable to data which are normally distributed. It is also pointed out that the method is only applicable to data which are independent. The paper concludes by stating that the method is a useful tool for the analysis of data.

The second part of the paper deals with the application of the method to the analysis of the data. It is shown that the method can be used to analyze data which are normally distributed. The results are presented in the form of a table. The table shows the distribution of the data for each of the four groups. The results are then compared with the results of the other groups. It is found that the results are very similar. This suggests that the method is reliable. The paper then discusses the limitations of the method. It is pointed out that the method is only applicable to data which are normally distributed. It is also pointed out that the method is only applicable to data which are independent. The paper concludes by stating that the method is a useful tool for the analysis of data.

Carbondale, Ill. Dec. --Enrollment for winter term at Southern Illinois Normal University stood at ¹⁰⁵¹~~1050~~ Tuesday ^{afternoon}~~morning~~ with the figure expected to increase as late registrants filter in during the next two weeks.

Thousandth student to register Monday was Edwin Merkelbach of Centralia. A veteran of 42 months in the armed forces, with service overseas, former T/5 Merkerbach is a graduate student, working toward the Master of Education degree in Educational Administration.

Classes met Tuesday, with the University faculty bolstered by the return of six members, five of whom have been in government service or on military leave.

J. W. Dillow, who left the campus in July, 1943, will work in the College of Education. Mr. Dillow was previously an assistant professor of rural education.

Robert Dunn Faner, associate professor of English, has returned to the English department after 45 months in the armed forces.

New appraiser and counselor in the Veterans Guidance Center is Victor Randolph, who left here July, 1943, at which time he served as assistant professor of education.

Returning after a year's service in the Women's Army Corps is Martha Scott, assistant professor of zoology.

Madeleine M. Smith of the foreign languages department has been hired. Miss Smith entered government service in April, 1943.

Librarian Marjorie W. Stull has returned to the campus after a short leave of absence.

Carbondale, Ill., Dec. --Government inspectors have recently furnished Southern Illinois Normal University with a new weather shelter, Dr. Thomas F. Barton, chairman of the geography and geology department who is in charge of weather observations here, has announced.

Two new instruments for weather readings, an anemometer and a fan psychrometer, have also been given the University, Dr. Barton said.

Southern now has three weather observers, James and Jamie McGee of Granite City; and Alice Vravick of West Frankfort. Miss Vravick, who very recently passed the civil service exam and received her certificate of authority to take airway weather observations, is the first woman weather observer enrolled at Southern.

Weather readings are taken every six hours, at 6 a.m, 12 noon, 6 p.m., and 12 midnight.

###

Carbondale, Ill., Dec. --Enrollment at Southern Illinois Normal University is up 40 per cent over that of the winter term last year and registration of veterans has skyrocketed more than 1,000 per cent.

As the period of enrollment ended today for all students except veterans, registration for the current winter term reached 1141 in comparison to 806 in the winter term last year.

A total of 250 veterans of World War II are currently enrolled, compared to 22 in the Winter term a year ago.

Veteran enrollment at Southern has steadily climbed in the past year--to 60 last spring, 90 in the fall, and 250 this term.

Carbondale, Ill. Dec. --Showing what their "victims" described as "the best defense we've encountered in the last two years," the Southern Illinois Normal University Maroons romped all over the Loyola University basket ball team here Saturday night to the tune of 57 to 38,

Loyola Coach John C. Orsley, whose charges last year won the National Intercollegiate Athletic Tournament at Kansas City, paid this rueful tribute to the Maroons' defense, which turned out to be too much for the Wolves.

The Maroons, however, are taking their victory lightly, and pointing up their practice for Wednesday night's game with Evansville (Ind.) College at Evansville, and Friday'night's battle with Arkansas State here.

Evansville has a good team from all reports. Coach Emerson Henke has four lettermen back from last year, when the Purple Aces won ten of their 17 games.

Information received here indicates that Henke will probably start Brown and Englebright, forwards; Scott, center; Jones and Stubbs, guards.

Almost every man on the Maroon squad saw action here Saturday night against Loyola, and nearly every man on the floor scored at least one point. As usual, Sam Milosevich and Don Sheffer, both of Zeigler, were the high-point scorers, each tallying up 14 points. Dick Harmon of Granite City and Gene Stotlar of Pinckneyville each scored five points, Leodio Cabutti of Johnston City three, Glen Brown of

###

Carbondale, Ill. Dec. --All high school basket ball teams in Southern Illinois are invited to witness the Southern Maroons-Arkansas State Indians game here Friday night, Dec. 21.

Maroon Coach Glenn "Abe" Martin has announced that all any Southern Illinois player has to do is present himself at the door of the Maroon gym with indentification from his coach--either by letter or by the coach in person--and he'll be admitted free, except for payment of the tax.

"We want these boys to come and be our guests for this game," Martin said. "Most of the schools will be out for Christmas holidays by that time, and we hope a lot of them can get here."

The game is called for 8 p.m.

Carbondale, Ill. Dec. --Addition of a new guard for the Southern Maroons in time for service against Loyola University here Saturday night appears likely, Coach Glenn "Abe" Martin believes.

Roy Ragsdale of DeSoto, who lettered on the Maroon basket ball squad four years ago but who has been seeing duty as a lieutenant in the Marines, is expected to report for duty this week, Martin said.

The Maroon quintet is hard at work this week to get ready for the Loyola Wolves, whom the Southerners regard as one of their most formidable opponents of the season.

Word received here indicates that the Wolves cage crew average six feet.

The Wolves, 1945 winner of the National Intercollegiate Basket Ball Tournament, won 25 games last season out of 39 tries, and scored 1,618 points to their opponents' 1,322.

Two leading scorers of last year's championship team are playing this season for the Wolves--James Hultberg, who was named on the All-American team at Kansas City National Intercollegiate Tourney, and was chosen the best athlete and student at Loyola last year, and Sam Foreman, who co-captained the Loyola team last year. Hultberg scored 314 points, Foreman 226 points.

The Maroons have won two and lost two of their games so far this season, defeating the Onized Club of Alton 51-41 and Bowling Green College of Bowling Green, Ky. 53-48, but losing to Wright Field 71-56 and to Murray State Teachers College of Kentucky 38-51.

THE UNIVERSITY OF CHICAGO

Martin has been informed Loyola will bring a ten-man squad for the game here Saturday night, including Sam Foreman, John Castcix, Milton Jackson, Jim Bonck, Jim Hultberg, William Troutling, Robert Benson, Joe Gurievsky, Vincent Greco, and A.C. Waldrop.

###

Carbondale, Ill. Dec. --The McAndrew Trophy for the most valuable football player in the Illinois Intercollegiate Athletic Conference this year has been awarded to John Stabler of Eastern Illinois State Teachers College, according to Glenn "Abe" Martin, coach at Southern Illinois Normal University here..

Stabler, halfback on Eastern's 1945 football team, comes from Tuscola, Ill.

The McAndrew Trophy was awarded this year for the first time. This trophy is the gift of the "I" Club at Southern, established in memory of the late General William A. McAndrew, former coach here.

Nominations for the trophy are submitted by each of the five state teachers colleges in the I.I.A.C., and the five coaches of these member schools vote to select the most valuable player, with the provision that no coach may vote for the candidate from his own school.

###

Special to Southern Illinois Dailies

Carbondale, Ill. Dec. --Although 223 cases or $21\frac{\text{percent}}{\text{of}}$ of the total student body at Southern Illinois Normal University have reported upper respiratory illness during the period covered by November 1 through December 5, only 20 students or $2\frac{\text{percent}}{\text{of}}$ of the enrollment showed symptoms typical of influenza, Dr. Marie A. Hinrichs, professor of physiology and health education and director of student health, has announced.

These data, based upon a study of reported cases from the files of the health office, further show that 79 students or 35 percent of the total cases were among men students and the remaining 144 or 64 percent were among the women students.

While 20 students or 9 percent of total cases of illness showed symptoms resembling those of influenza, there is no actual proof that all of these students had the disease, Dr. Hinrichs stated.

About one-half of the cases showing symptoms typical of influenza and those showing symptoms resembling the "flu" were under the care of their own doctors from the beginning of illness. Others were sent home after illness had begun, Dr. Hinrichs added.

Reported cases of illness reached a peak during the period beginning November 26 through November 30, which was at the time of final examinations. Seventy-two students reported to the health office ill with colds, sore throats, headaches, coughs, chest pains, general aching (suggesting flu), and laryngitis during this time.

Only thirty cases of illness were turned in during the period of December 1-5.

Special to Southern Illinois Dailies

Carbondale, Ill., Dec. -- A meeting of the 235 veterans enrolled at Southern Illinois Normal University will be held Tuesday, December 18, at which President Chester F. Lay will greet these students and discuss their problems and opportunities with them.

Enrollment of veterans at Southern has jumped from 90 during the fall term to 235 during the winter term which started December 3.

At the close of registration last fall, Southern had twice the number of veterans enrolled at any of the other Illinois State teachers colleges.

The meeting here Tuesday night will be conducted by Gamma Iota Alpha, the "G.I." fraternity here, as a means of welcoming the 145 new veterans and getting them acquainted both with other veterans and with the University administration.

In order to accommodate the rapidly increasing number of veterans who are coming to the campus, the University has leased a residence adjacent to the campus to provide housing for the expanding Veterans' Guidance Center which will be occupied within a few days.

This center is one of six in Illinois maintained by the Veterans Administration to counsel with veterans about their educational and vocational opportunities. Complete testing facilities are available with University faculty members as examiners and counselors to augment the interviewing service of the Veterans Administration.

All veterans of Southern Illinois are eligible for this service, whether or not they expect to enroll at Southern Illinois Normal University, and many hundreds have benefited.

In addition to the Veterans Guidance Center, the University it-

(more)

self provides counseling service on courses, housing, jobs, and other problems through its student life staff, the President's Office, and faculty committees.

###

Carbondale, Ill., Dec. --Southern will go off the air for the duration of the Christmas recess, Mrs. Mae Trovillion Smith and Willis E. Malone, directors of the two Southern Illinois Normal University radio programs, have announced.

"SINU Hour" which is directed by Mrs. Smith, will continue through Wednesday, December 19, with the post-holiday broadcasting schedule being resumed January 9.

"Education Time," under Malone's direction, will be presented for the last time Friday, December 21, and will not be resumed until Friday, January 12.

Both programs originate in the University's campus studio, and are broadcast over Stations WJPF, Herrin, and WEBQ, Harrisburg.

Carbondale, Ill., Dec. --Time for the Southern Maroons-Loyola University basket ball game Saturday night, Dec. 15, has been moved up to 8:30 in order to permit broadcasting of the entire game, Coach Glenn "Abe" Martin has announced.

This will be one of the biggest games on the Maroons' calendar this season, since Loyola is the ranking team in the National Intercollegiate Basket Ball Tournament, having won the title last year.

Incidentally, Loyola nosed out Southern in the semi-finals of the N.I.A.C. tourney at Kansas City last year by only two points.

This will be a repeat performance for four Southern players and four Loyola players who faced each other in the N.I.A.C. game last year.

Southern's regulars who played against Loyola last year and are now on the Maroons' first string are Dick Harmon of Granite City, 6'1½" guard; Leedio Cabutti of Johnston City, 5'9" forward; Sam Milosevich of Zeigler, 6'1½" center; and Don Sheffer of Zeigler, 6'2" forward.

These four, together with Dick Foley of Carbondale, 6'1" guard, will start the game for the Maroons Saturday night.

Martin has been having trouble this week getting teamwork practice out of the cagers as many of the squad have been ailing with colds. All the first-stringers are back in action, however, and he expects them all to be available for duty Saturday night.

Carbondale, Ill., Dec. -- President Chester F. Lay and four other administrative officials from Southern Illinois Normal University here will go to Charleston Monday, Dec. 17, for the regular meeting of the presidents and boards of the Illinois higher educational institutions.

Accompanying President Lay will be Dr. Charles D. Tenney, administrative assistant to the president, and Deans T. W. Abbott of the College of Liberal Arts and Sciences, E. R. Fair of the College of Education, and Henry J. Rehn of the College of Vocations and Professions

###

Carbondale, Ill., Dec. -- Reading of the Governor's proclamation designating Saturday, Dec. 15, as "Bill of Rights Day" was a feature of the Assembly program at Southern Illinois Normal University here Thursday.

President Chester F. Lay read the proclamation to the assembled student body.

###

Carbondale, Ill., Dec. -- After two years in the armed forces, Fred Cagle has returned to the staff of Southern Illinois Normal University to resume his duties handling biological materials in the Museum, President Chester F. Lay has announced.

###

Special to Southern Illinois Dailies

Carbondale, Ill., Dec. --Efforts to (1) recruit more teachers for the elementary schools of Illinois and (2) to coordinate the extension programs of Illinois institutions of higher learning are being pondered by the Illinois Council on Higher Education, according to President Chester F. Lay of Southern Illinois Normal University here.

President Lay attended a meeting on December 17 of the Council, composed of the presidents of the six state-supported institutions of higher learning in Illinois, which was attended by some 35 administrative officials of these colleges and universities.

Accompanying President Lay were Dr. Charles D. Tenney, administrative assistant to the President; Dean T. W. Abbott of the College of Liberal Arts; Dean E. R. Fair of the College of Education; and Dean Henry J. Rohn of the College of Vocations and Professions.

The critical shortage of elementary school teachers in the State was discussed at considerable length by the Council, the Southern delegation reports. Some Council members believed the shortage so drastic that it will require ten years to make up the deficiency.

All were agreed that the higher educational institutions should make every effort to train more teachers for this field, and a committee was designated to study the problem and make recommendations to the Council at its spring meeting.

Another committee was named to study possible methods for coordination of extension work conducted by the six institutions and report at the spring meeting.

The Council's meeting December 17 was held at Charleston, at Eastern State Teachers College, with President Robert G. Buzzard of Eastern acting as chairman.

Carbondale, Ill., Dec. --Drawings for the Midwest Collegiate Basket Ball Tournament at Terre Haute, Ind., Dec. 27-29, have been received by the Southern Illinois Normal University Maroons, who will participate in the invitational tournament.

The Maroons will play Evansville (Ind.) College on Friday as their opening match.

Preliminaries will pit Central Normal of Indiana vs. Loyola of Chicago, and Indiana Central vs. Indiana State, both on Thursday. Friday's calendar will match Evansville and Southern, and Murray State Teachers College of Kentucky against Eastern Illinois State Teachers College.

Winners of the first round will play on Saturday afternoon, with the finals scheduled for Saturday night.

###

Carbondale, Ill., Dec. --As a curtain-raiser for the Southern Maroons-Arkansas State basket ball game here Friday night, Southern's third and fourth team will play Carter's Aces, an independent team, Maroon Coach Glenn "Abe" Martin has announced.

The Aces are composed of Verdie Cox, Scotty Gill, Bill Townes, Raymond Ellis and other former Southern athletes.

The game will get under way at 6:30 and will be over by 7:30, Martin said. The feature game between the Maroons and Arkansas will start at eight o'clock.

Carbondale, Ill. Dec.--Lt. Mary Anna Robertson, recently released from the WAVES, will arrive here this week-end to assume the position of secretary to the President of Southern Illinois Normal University, President Chester F. Lay has announced.

Lt. Robertson, for 13 years registrar of the University of Alabama, has been in the Navy for three years and has been serving as assistant to the manager of the U.S. Navy Yard at Charleston, S.C., and Women's Reserve Representative at that yard.

She holds the bachelor of arts and the master of arts degrees from the University of Alabama, where she acquired an exceptionally high record of scholarship. She was elected to Mortar Board, national honor society for senior women; to Phi Beta Kappa, national academic honor society; and Kappa Delta Pi, honorary education fraternity.

Lt. Robertson replaces Miss Wanda Kiel, formerly faculty assistant in the Registrar's Office, who has been acting secretary to President Lay. Miss Kiel will assume other duties in the University administrative set-up.

###

Carbondale, Ill. Dec. --Appointment of John Jacobs of Murphysboro as faculty assistant at Southern Illinois Normal University assigned to full-time instructional and supervisory work in vocational agriculture in University High School has been announced by President

(more)

Chester F. Lay.

Jacobs holds the bachelor of science degree in vocational agriculture from the University of Illinois. For the past three years he has been in the armed forces.

###

Carbondale, Ill. Dec. --With the Christmas spirit filling the air, Southern Illinois Normal University students, faculty, and guests will be entertained with a Christmas program Thursday morning, December 20, in Shryock Auditorium.

Highlighting the annual affair, will be a general assembly sing of familiar carols, led by the college mixed chorus to put students in the right mood for gaiety.

With a brass choir to greet them, the crowd will enter the auditorium at the 9:50 bell. A newly formed string ensemble under the leadership of Mr. John Wharton, instructor in music, will open the program at 10:00 o'clock.

The program will continue with selections by the mixed chorus, singing from the balcony. Members will be dressed in robes and will carry lighted candles. Mr. Floyd V. Wakeland, associate professor of music, will direct the singing.

A Christmas play will be presented by the Little Theatre with Mrs. Julia Neely, associate professor of English, directing.

Christmas greetings given by President Chester F. Lay follows the dramatic production, after which the whole student body joins the chorus in singing old familiar carols.

Release Saturday

Carbondale, Ill. Dec. ---The Southern Maroon cagers will tie into last year's Intercollegiate Athletic Basket Ball Tournament title-holders tonight in the Maroon gym here.

Time for the game is 8:30 p.m., a half hour later than other home games on the Maroon card, in order to permit broadcasting of the entire play.

Loyola University, which last year took all comers at the Kansas City Tournament to win the I.A.B.T. championship, will put four of its regulars from last year's title-winning team on the floor Saturday night.

The Maroons, on the other hand, will also have four regulars from last year to match against the Wolves.

It may be an indication of the relative strength of the two teams to recall that last year the champs beat the Maroons in the semi-finals at Kansas City--by only two points.

The Maroon gym is expected to be jam-packed to the rafters for the Loyola game, the second big-time match this season, since the Maroons played the Wright Field Kittyhawks here Dec. 6.

Loyola Coach John C. Orsley is bringing a ten-man squad for the game tonight: Sam Foreman and John Casteix, last year's co-captains; Milton Jackson, who played on Loyola's Dixie Conference Championship team a few years ago before going into the Air Corps; Jim Bonck, former all-state high school center in Louisiana, back from the Army; Jim Hultberg, chosen the best athlete and student at Loyola last year and All-American at the Kansas City tournament; William Treuting, fresh from
(more)

the Marine Corps; Robert Benson, former intramural star; Joe Gurievsky, 1943 All-Prep center in Louisiana; Vincent Greco, high school all-state forward last year; and A. C. Waldrep, recently discharged from the Army training program.

Coach Martin's starting line-up for the Maroons will include four regulars from last year--Dick Harmon of Granite City, guard; Leodio Cabutti of Johnston City and Don Sheffer of Zeigler, forwards; Sam Milosevich of Zeigler, center--plus Dick Foley of Carbondale, guard.

Chester Glover of Mt. Vernon is expected to see duty as forward and Bill Malinsky of Flora as guard.

###

Carbondale, Ill. Dec. --Roy Ragsdale of DeSota, former Maroon guard, now in the Marines, has not yet showed up for practice. Martin had earlier hoped that he might clear his discharge and report for basket ball duty in time to participate in the Loyola game tonight.

###

Carbondale, Ill., Dec.-- Appointment of two major administrative officers at Southern Illinois Normal University has been announced by President Chester F. Lay.

Miss Helen A. Shuman, who has been serving since last spring as administrative assistant to the President, has been appointed full-time dean of women, while Dr. Charles D. Tenney, professor of philosophy and English, was named administrative assistant to succeed Miss Shuman.

Miss Shuman becomes Southern's first full-time dean of women. She succeeds Miss Lucy K. Woody, who has served as part-time dean of women since 1926, and who will now devote her entire time to affairs of the home economics department, of which she is professor and chairman.

"We regret to lose in this capacity the valuable services of Miss Woody, who has functioned effectively and loyally as a counselor for Southern women's students," President Lay declared, "but it was her own wish to resign from the deanship, in order to give her full time to home economics and to permit the development of full-time counseling for girls."

Miss Shuman, who has been dean of girls in several Illinois high schools and last year was dean of women at High Point College in North Carolina, served for two years as the state president of the Illinois Association of Deans of Women. She attended the association's meeting in Chicago at Thanksgiving before taking over her duties as dean here at Southern.

A native of Illinois, Miss Shuman attended El Paso Township High School and Lake Forest High School, and Illinois State Normal University where she obtained the bachelor of education degree. She holds the master of arts degree from the University of Illinois, and has virtually completed her work toward the doctor of philosophy degree in personnel work at Northwestern University, where she held the Northwestern Scholarship in 1943-44. The preceding year she held a fellowship from Kappa Delta Pi, honor society.

Dr. Tenney has been on Southern's faculty since 1931. He is a graduate of Gooding College, of which his father was former president, and holds the master of arts and the doctor of philosophy degrees from the University of Oregon.

He held a teaching fellowship at the University of Oregon for four years before joining the S.I.N.U. faculty, and was offered graduate scholarships at the University of Illinois and Harvard but was unable to accept either.

In the years he has been at Southern, Dr. Tenney has built up the philosophy curriculum from one course to eight, and has virtually completed a 1,000 word book on "Contributions to Literary Criticism and Aesthetics." He has published well over 100 articles, essays and verses.

In addition to his teaching duties, including an extension course which he has been conducting at Fairfield, Dr. Tenney has also recently been serving as acting chairman of the art department.

#

Carbondale, Ill., Dec.-- Veteran enrollment at Southern Illinois Normal University winter term reached 219 on the second day of registration.

The figure more than doubles last term's veteran number of 90, which was the highest in the five state teacher schools.

Total enrollment now stands at 1052, but this figure is expected to increase as late registrants come in.

Carbondale, Ill. Dec. --This year instead of exchanging gifts with each other, students at Anthony Hall, women's dormitory on the campus of Southern Illinois Normal University, will give their presents to the Jackson County Old Folks Home.

Following a Christmas dinner, which will be held on Thursday night, December 20, the crowd will sing carols and have a brief program in the living room. Later the gifts will be delivered to the Old Folks Home.

###

Carbondale, Ill. Dec. --Gifts evoking creativeness in the pre-school child make the most desirable Christmas presents to give the youngster from three to five years of age, according to Dr. Sina M. Mott, assistant professor of pre-school education and director of the pre-school and kindergarten at Southern Illinois Normal University.

Commenting on the scarcity of available gifts for the coming holiday, Dr. Mott and her assistant, Mrs. Lucy Fligor, recommend homemade, small, sturdy table and chairs as possibly one of the most useful possessions a child could have. Serving for varied activities, from carpentering to coloring, such a table should be about 24 inches high, Dr. Mott believes.

Another prized article the young child especially enjoys is a portable victrola or phonograph with his own collection of story records, as those of the Bubble Books series or a Mother Goose collection.

(more)

Mrs. Fligor stated.

An attractive luncheon cloth, a tea set, or better, three or four heavy cups and saucers together with a few small sauce pans for tea table play; a nurse-and-doctor kit, traveling bag with a few pieces of interesting clothing for dramatic play, are desirable for the youngster, reminds Dr. Mott.

Recommended by Dr. Mott and Mrs. Fligor for evening play are soft cuddly animals and dolls, and a wide selection of appropriate story books of pictures of animals.

Suggested for reading to the pre-school child are the following books: And Then, Alexander Van Rensselaer; The Very First Day, Ann Weil; Little Lost Lamb, Golden MacDonald; My Mother is the Most Beautiful Woman in the World, Becky Royher; The Rooster Crows, Maud and Miska Petersham; Too Big, Ingri and Edgar Parin D'Aulaire; The Skittle-Skattle Monkey, Dorothy Lathrop; The Antique Cat, Bianca Bradbury; Augustus, Claire Huchet Bishop; Stiggles, K.K. deKarloff; Belinda's New Shoes, Winifred Bromhall; The Little Fisherman, Margaret Wise Brown.

Carbondale, Ill., Dec. --Christmas vacation for the students and faculty of Southern Illinois Normal University begins Friday, December 22, and extends through Sunday, January 6, President Chester F. Lay has announced.

Administrative offices will be closed two four-day periods over the Christmas and New Year weekends.

Classes are to be resumed Monday morning, January 7.

###

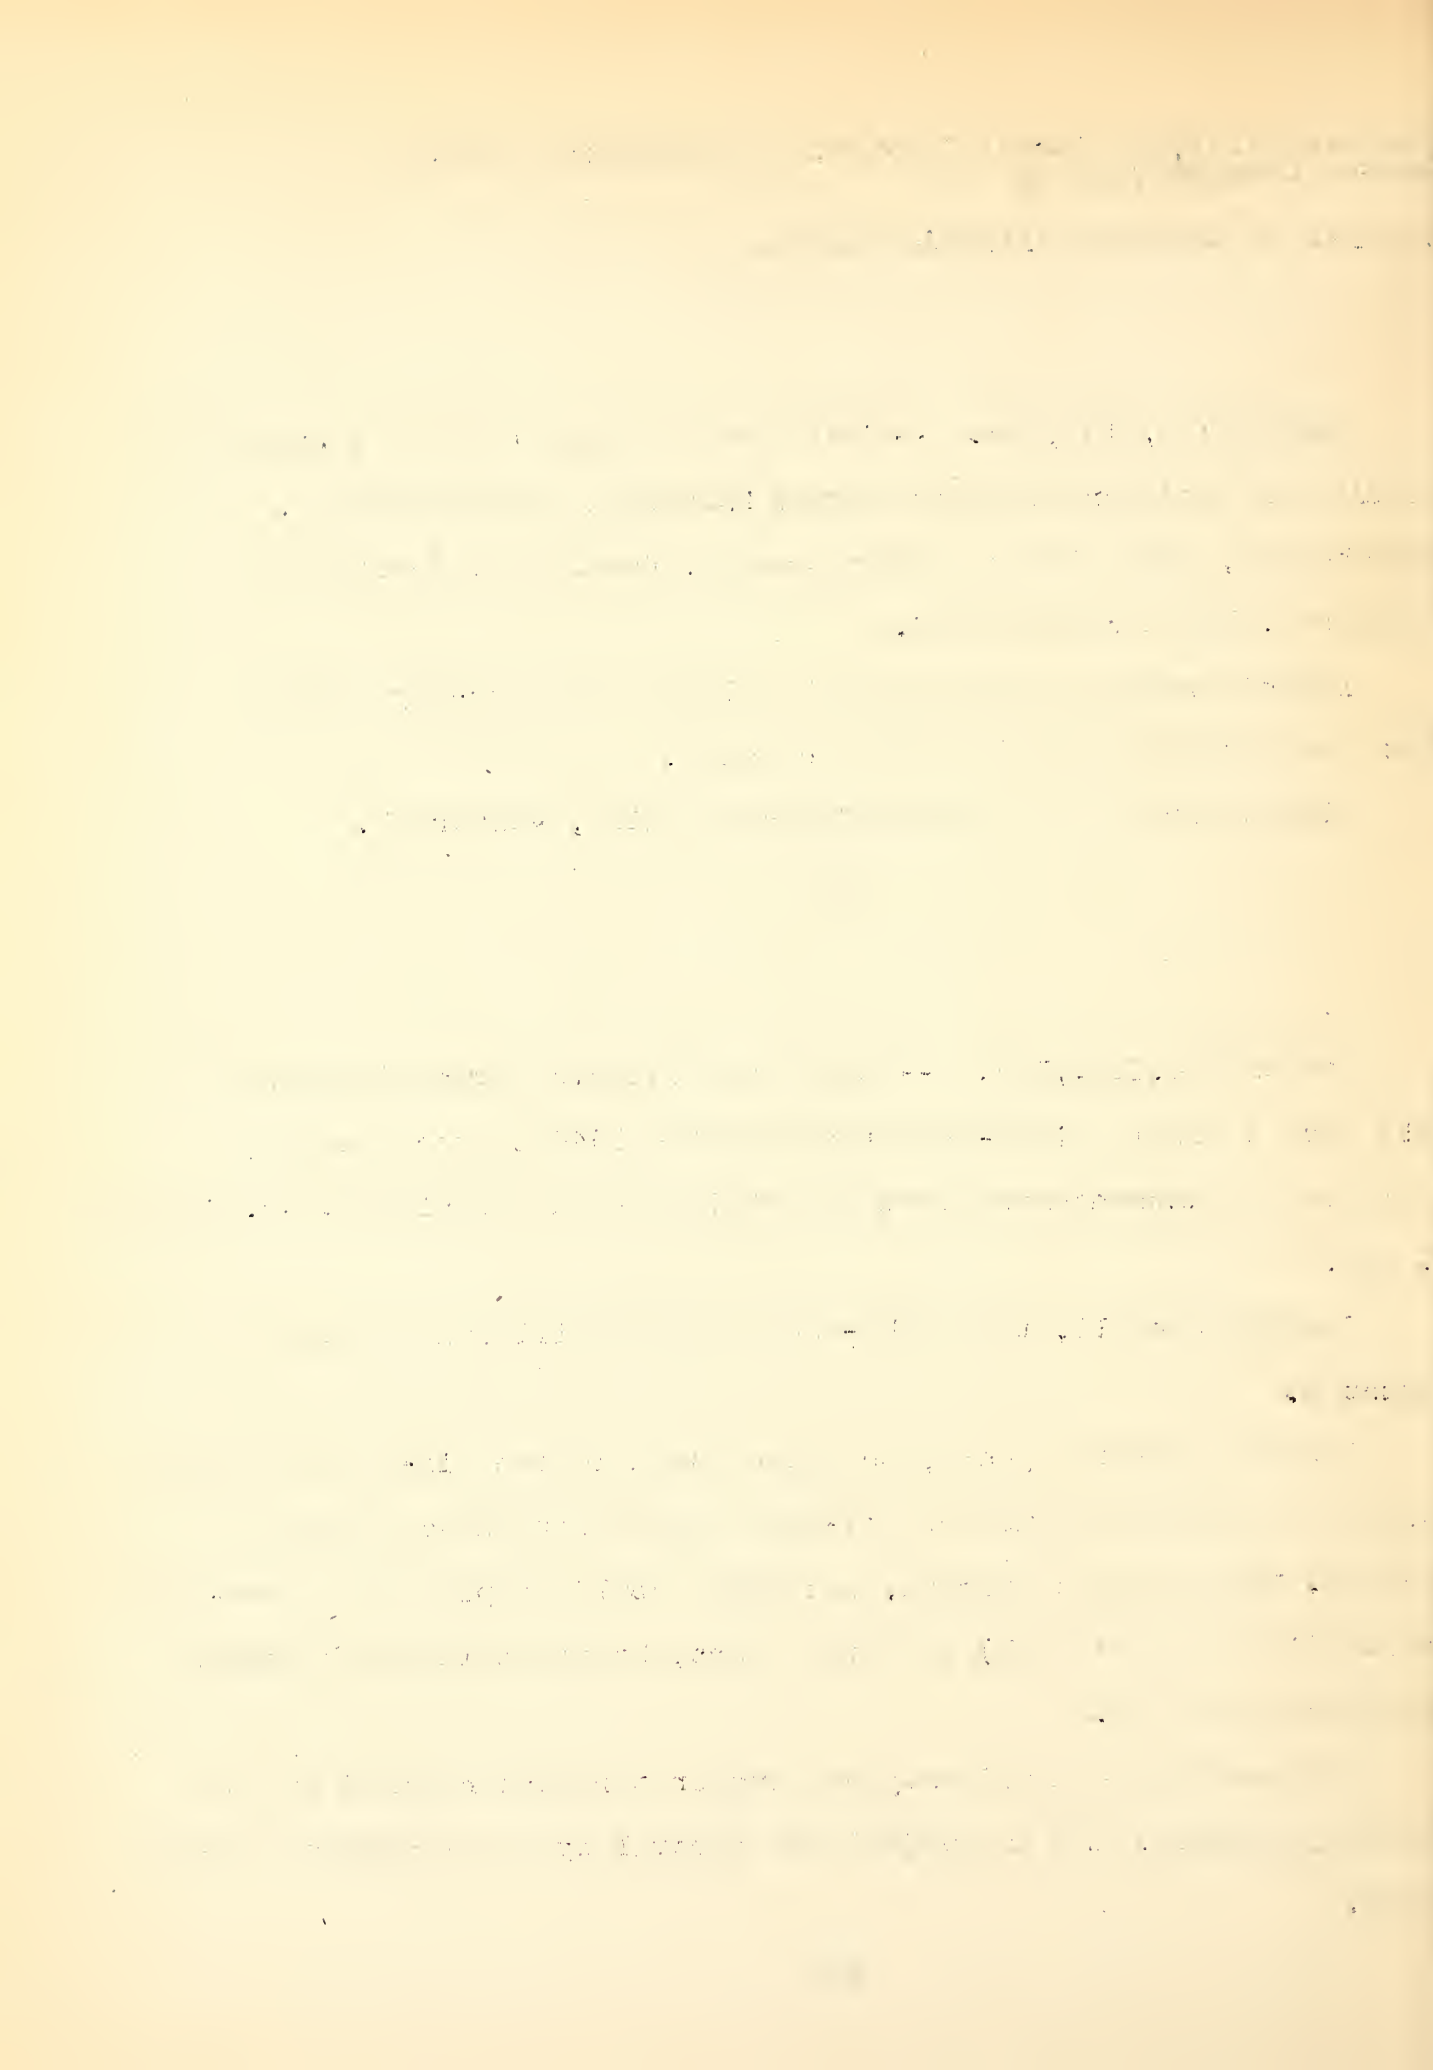

Carbondale, Ill., Dec. -- Southern Illinois Normal University will have a single eight-week term for the 1946 Summer Session, according to announcement from the office of the president, Dr. Chester F. Lay.

Opening June 10, the eight-week session will run through August 2.

For the past few years, Southern has held two six-week sessions during the summer because of war-time demand for an accelerated program. Under such a program, a student could complete the four-year course (12 terms of work) in three years, by attending both summer sessions each year.

The decision to hold only one summer term was reached by the Advisory Council, and is subject to approval by the Teachers College Board.

Carbondale, Ill. Dec. --George W. Smith, professor of history, emeritus, and Dr. Delia Caldwell, assistant professor and college physician, emerita, deceased members of the Southern Illinois Normal University faculty, were given special recognition in a memorial service held during the regular college assembly period Thursday morning, December 13.

Colleagues of the late historian and physician, W. G. Cisno, professor and director of placements, emeritus, and Dr. William G. Bailey professor and chairman of the botany department, addressed the student body and guests present at the service.

Carbondale, Ill. Dec.--Two American pioneers in the concert field, Paul Draper, choreographer, and Larry Adler, harmonica player, will appear in a joint recital at Southern Illinois Normal University, in Shryock Auditorium, Friday, December 14, at 8 p.m. for the second Community Concert this season.

Draper and Adler have been a team since their Chicago recital in December of 1940 and are now on their fourth transcontinental tour. They usually present programs including a range of numbers from the classics to a medley of popular favorites, topped off with request numbers from the audience.

The team has appeared before several service groups in camps and hospitals, and Adler made his second overseas tour with the Jack Benny troupe in the summer of 1945.

Attention: Sports Editors

Carbondale, Ill., Jan. --After a two-week rest, broken only by a jaunt to Terre Haute, Ind., to participate in the Midwest Invitational Meet during the Christmas holidays, the Southern Illinois Normal University basket ball team will go back into action Saturday night, January 5.

The Maroon squad will journey to Murray, Ky., to tangle with the Murray State Teachers College in the second game of the season for these two teams. The Maroons lost to Murray 38-51 on December 8.

The Murray game out of the way this week-end, the Maroons will have a whole week to practice up for their first conference game--with Old Normal at Normal January 12. Three days later the Charleston Teachers will come here.

Other conference dates are: Western, Jan. 26; Charleston, Feb. 1; DeKalb, Feb. 2; Normal, Feb. 9; Western, Feb. 16; and DeKalb, Feb. 23.

In between these conference games will come forays against Evansville College on January 18; Cape Girardeau on January 22 and again on February 12.

The Maroons thus far have won four of their seven tries, with victories over the Onized Club of Alton, Bowling Green College, Ky., Loyola University of New Orleans, and Arkansas State, and losses to Wright Field, Murray Teachers, and Evansville College.

In total points, the Maroons have piled up an impressive score--70 points to their opponents' aggregate 339.

###

Carbondale, Ill., Jan. --Servicing the largest area of the state, Southern Illinois Normal University led the five state-supported schools during the World War II period in number of students and faculty in military service, college military training program, special defense programs, and other special contributions.

Southern's front rank position above the other four--Eastern, Northern, and Western State Teachers colleges, and Illinois State Normal University--is consistent with the record of student enrollment during the past several years.

According to recent survey, some 8,170 men and women from the five schools entered the armed forces. Almost a third of that total, 2400, were former Southerners. Of the 263 gold-starred names found on the five campuses, 60 are at Southern.

Serving in the armed forces were 61 faculty members on leave from the five colleges. Southern lists 19, or nearly a fourth of that total, while 15 more were away in special government service, in Red Cross, USO, OPA, UNNRA, and other highly technical positions.

For 15 months, the University housed and trained 1019 cadets of the 69th College Training Detachment (Air Crew), giving college work in English, mathematics, geography, history, government, psychology, physical training, medical aid, physics, and Civil Air Regulations.

Other military programs carried by the University include Civilian Pilot Training, while programs in effect at the other four schools are Army Enlisted Reserve Corps, Air Force Enlisted Reserve, Marine Corps Reserve, ASTP, Navy V-1, V-5, V-7, and V-12. Southern trained approximately one-third of the military trainees instructed by the five teachers' colleges.

A very important part of Southern's war contribution was the training of 1000 war production workers in electric and acetylene welding, machine shop, automechanics, mechanical drawing and blueprint reading, aircraft riveting, and engineering aids. At its height, 12 teachers were holding classes on a 24-hour day schedule. A third of enrollment in War Production Training Programs in effect at the five teacher colleges was that of Southern's.

Other war-time contributions of the University here include establishment of a Community Cannery under the State Program of conservation; the Faculty Gift Club, which sent packages on a rotating basis to former students in the armed forces; the Co-Ed Victory Corps,

(more)

composed of Southern students who sold defense stamps, rolled bandages, knitted for Red Cross, aided in blood donor drives; Veterans Information Service Bureau, to advise returning veterans of legislative benefits and to give vocational guidance.

In all the five schools, the curricular programs were accelerated, and sessions were reorganized to allow for year-round instruction. Southern opened many night classes, designed to appeal to the Illinois Ordnance Plant war workers, many of whom were students in the University. Most of the chemists in the plant's laboratory were trained at Southern.

Courses in Map and Aerial Photograph Interpretation, Meteorology for Pilots, mathematics, production of foodstuffs, care of farm implements, cars, and trucks, first aid and home nursing, knitting, and others were afforded the students and adults of the area.

Meanwhile, Southern continued to carry on its civilian job of training teachers. Of the 6000 teachers placed by the five colleges during the war years, Southern effected 1,519 of these placements, or more than one fourth of the total.

###

Carbondale, Ill., Jan. -Lt. Rockwell McCreight, having received his discharge from the Navy, has returned to his position as instructor and director of the physical plant at Southern Illinois Normal University here.

Lt. McCreight is the seventh faculty member to be re-employed by the University after having served in the armed forces.

A graduate of the University of Illinois with the bachelor's and master's degrees, McCreight had six years' teaching experience, two of them in administrative work, before joining the University faculty.

Charles Williams, former stationery engineer on the physical plant staff, has also returned from military service and has been promoted to plant engineer I.

###

Carbondale, Ill., Jan. -President Chester F. Lay and Edward V. Miles, business manager, of Southern Illinois Normal University will go to Springfield Monday to attend the meeting of the State Teachers College Board.

Special to Southern Illinois Dailies

Carbondale, Ill., Jan -To the counties of Southern Illinois that are undertaking to survey and reorganize their school systems--admittedly a "tough nut to crack"--Southern Illinois Normal University is extending a helping hand.

County superintendents and their assistants in the 34 counties of Southern Illinois have been invited to gather at the University here January 11 for a preliminary discussion of problems involved in launching the surveys, Dr. E. R. Fair, Dean of the College of Education, has announced.

At that time, if the superintendents think the idea a good one, plans will be laid for a full-fledged conference here early in February of all the county committees on reorganization, Dean Fair said.

The University already has functioning a committee of its faculty members who are serving as advisors and consultants for the Southern Illinois schools on their reorganization program.

This committee was appointed by President Chester F. Lay at the request of the Southern Illinois Schoolmasters' Club, and is composed of Howard Bosley, acting chairman and advisor on elementary education; F. G. Warren, on secondary education; Dr. Douglas Lawson, on school law; Willis E. Malone, on rural and in-service education; and Dean Fair. Special consultants on rural education are George Bracewell, Emerson Hall and J. W. Dillow, all of the University's rural education faculty.

###

THE UNIVERSITY OF CHICAGO
DIVISION OF THE PHYSICAL SCIENCES
DEPARTMENT OF CHEMISTRY

RESEARCH REPORT

1. The purpose of this study was to determine the effect of temperature on the rate of reaction between hydrogen peroxide and potassium iodide in the presence of a catalyst. The reaction was carried out at various temperatures ranging from 10°C to 40°C. The rate of reaction was measured by the volume of oxygen gas evolved over a fixed period of time. The results showed that the rate of reaction increased with increasing temperature, and the activation energy of the reaction was calculated to be 50 kJ/mol.

2. The effect of the concentration of the reactants on the rate of reaction was also studied. The reaction was carried out at a constant temperature of 25°C, and the concentration of hydrogen peroxide was varied while the concentration of potassium iodide was kept constant. The results showed that the rate of reaction increased with increasing concentration of hydrogen peroxide, and the order of reaction with respect to hydrogen peroxide was determined to be 1.5.

3. The effect of the concentration of the catalyst on the rate of reaction was also studied. The reaction was carried out at a constant temperature of 25°C, and the concentration of the catalyst was varied while the concentrations of the reactants were kept constant. The results showed that the rate of reaction increased with increasing concentration of the catalyst, and the order of reaction with respect to the catalyst was determined to be 1.

4. The effect of the presence of a catalyst on the rate of reaction was also studied. The reaction was carried out at a constant temperature of 25°C, and the rate of reaction was compared for the reaction with and without a catalyst. The results showed that the rate of reaction was significantly higher in the presence of a catalyst, and the activation energy of the reaction was calculated to be 50 kJ/mol.

5. The effect of the presence of a catalyst on the activation energy of the reaction was also studied. The reaction was carried out at a constant temperature of 25°C, and the activation energy of the reaction was calculated for the reaction with and without a catalyst. The results showed that the activation energy of the reaction was significantly lower in the presence of a catalyst, and the activation energy of the reaction was calculated to be 50 kJ/mol.

Attention: Sports Editors

Carbondale, Ill., Jan. -A bit winded after the rough fast game Saturday night with Murray State Teachers College, Ky., the Southern Illinois Normal University cagers are facing a week's rest before entering their conference schedule at Normal next Saturday.

Though the Maroons led Murray 28 to 20 at the half, Murray's McDaniel was a bit too much to handle and the game ended 45 to 37 in the Kentuckians' favor.

Southern's Leedio Cabutti did a good job of holding Murray's Reagan to one basket and three field goals in spite of his reputation as a "hot shot."

Don Sheffer (Zeigler) was Southern's high scorer, heaving five field goals and one free throw, while Dick Foley (Carbondale) scored four field goals and Sam Milosevich two. Other scorers were Cal Collins (DuQuoin), one field goal; Chester Glover (Mt. Vernon), two field goals, one free throw; and Dick Harmon (Granite City), one field goal, two free throws.

The Maroons, members of the Illinois Intercollegiate Athletic Conference, will meet Old Normal at Normal Saturday night, then will play another conference game on the home court here Tuesday, January 15, against Eastern Illinois State Teachers College.

Special to Southern Illinois Dailies
Release Tuesday p.m.

Carbondale, Ill., Jan. 8--Three Jackson County business men representing more than 50 years' experience in evaluating real estate have consented to accept appointment from the State Teachers College Board to serve as a committee of appraisal to assist Southern Illinois Normal University acquire property for its 25-year expansion program, it was announced here today.

They are O. W. Jones of Murphysboro, abstractor, who has been in the insurance and real estate business since 1917; Lawson Fore, of Carbondale, former county treasurer and secretary of the Carbondale Building, Loan and Homestead Association for 14 years; and H. H. Nooner of Carbondale, officer and approved mortgagee in the Federal Housing Authority, who has had 20 years' banking experience and holds a real estate brokerage license.

"These men were asked to serve because of their knowledge of real estate values, their reputation for integrity, and their willingness to serve the University and their community," declared Frank G. Thompson, of Springfield, director of the State Department of Registration and Education and chairman of the Teachers College Board.

Director Thompson spent Saturday in conference here with the three men chosen to serve as appraisers, with University President Chester F. Lay, and Business Manager Edward V. Miles, Jr.

"They have been persuaded to assist in a public service to be rendered by facilitating additions and improvements to Southern Illinois Normal University," he added.

"Improvements authorized for the current biennium are but the beginning of additional building facilities it is hoped will come to this community."

He expressed confidence that "all citizens of Carbondale, whether owners of property to be purchased or not, will cooperate fully in the expansion program necessary to arrive at the goal set for the future of Southern Illinois Normal University."

Special to Southern Illinois dailies

Carbondale, Ill., Jan --The first graduate school bulletin of Southern Illinois Normal University, outlining courses in the fields of work leading to the Master's degree in education, has recently come from the press.

"The only fully accredited institution of higher education in the Southern Illinois area, Southern is presenting a well-rounded faculty, all with doctors degrees offering both general and specialized courses. The Graduate School seeks above all to meet the needs of the area which it serves,"states President Chester F. Iay, in the foreword of the catalog.

Offering graduate work in the Biological Sciences, Commerce and Business Administration, Education and Psychology, the Humanities, Mathematics and the Physical Sciences, and the Social Sciences, 37 members of the University staff are on the graduate faculty. Some 45 courses for graduate work are listed in the bulletin.

Graduate assistantships were offered for the first time last fall to students looking forward to the Master's degree on basis of scholarship and type of work interesting to the applicant. Southern has awarded 9 assistantships for such services as assisting faculty members conducting research projects, teaching, laboratory work, and special library work.

The first graduate courses at Southern were offered during the summer session of 1944, following approval of the Illinois State Teachers College Board's committee on graduate work. Southern awarded its first Master's degree in June, 1945, follow

Copies of the Graduate School bulletin may be obtained from the President's Office, Registrar's Office, or Dr. W. G. Swartz, chairman

of the Graduate Committee, in care of the University.

###

Carbondale, Ill., Jan. -Edgar T. Stephens, chief of rehabilitation services of the Illinois Division of Vocational Rehabilitation, Springfield, will be the guest speaker at the Student Assembly of Southern Illinois Normal University on January 10.

Mr. Stephens' subject will be "Helping the Handicapped to Help Themselves." His subject will include a discussion of the many services that are available to the handicapped through the Division of Vocational Rehabilitation.

Stephens came to the Division on Oct. 1, 1945, as chief of rehabilitation services directly from the Illinois Association for the Crippled where he served as Executive Secretary for two years. During the two-year period that he was Executive Secretary, he was given recognition by the Chicago Sun, in its "Salute Column" for the outstanding work which he had done with the Home Bound Department of that organization.

Stephens formerly was executive secretary of the Illinois County Tuberculosis Association at Joliet. He has been active in the American Public Health Association and the Illinois Public Health Advisory Committee. He is a member of the National Committee on the Severely Handicapped.

For several years, Mr. Stephens was engaged in public school work, serving as teacher, principal and superintendent in a number of Illinois public school systems.

Stephens received the bachelor of arts degree from North Central College, Naperville, and the master of science degree from the University of Illinois. He is a candidate for the doctor of philosophy degree from advance graduate study at Indiana University, Colorado State and Northwestern University.

Carbondale, Ill., Jan --The Southern Illinois Normal University Maroons clinched their first Illinois Intercollegiate Athletic Conference basketball game Saturday night with a 59-44 victory over the Illinois State Normal University Redbirds.

Don Sheffer of Zeigler paced the Maroon scoring with 8 field goals and 4 free throws to amass 20 points as high-point man of the game. Newcomer Quentin Stinson, Eldorado, tallied 11 points. A veteran, Stinson registered at Southern about 10 days ago, Martin said

Coach Martin's team had a slim lead of 3 points at the end of the first half, but were able to make the resulting score more decisive during the last half of the play.

The Panthers of Eastern Illinois State Teachers College play here Tuesday night, in another I.I.A.C. meet. Game time is eight o'clock.

Northern Illinois State Teachers College defeated Western Illinois State Teachers College Saturday night in the only other I.I.A.C. game thus far played.

Carbondale, Ill., Jan --University Placements Office has filled 193 teaching positions during the fiscal year of Nov. 1944 through Nov. 1945, Dr. T. W. Abbott, director of the office, has announced.

During this period 509 persons registered with the placements Office and 1,833 vacancies were reported to the office.

Out of the 125 graduates of 1945, a total number of 75 persons or 60% have reported in teaching positions. Thirty-seven of these are in high schools with 38 doing elementary teaching.

Of the 233 persons from the alumni group who re-registered during this period 100 of them were placed in new positions.

Six registrants from other colleges were given teaching positions.

The Placement Service is available not only to graduates of Southern but also to others seeking positions in the schools. It is intended to aid the schools as well as University graduates, and public-school officials who have teaching vacancies to fill are assisted in finding well-qualified candidates.

Since the war began more than 1,500 teachers have been placed by this office.

###

Carbondale, Ill. Jan. --A new schedule of radio programs for "Education Time" presented over stations WJPF, Herrin, and WEBQ, Harrisburg, on Fridays at 2:00 P.M., has been announced by Willis E. Malone, director of "Education Time."
(more)

"Story Behind the Headline" presented by Albert Meyer, managing editor and other staff members of the Carbondale, Free Press, will be heard on January 18.

The Egyptian Key will speak on "How Egypt Got Its Name" on January 25. On February 1, Miss Frances Barbour, Associate Professor of English at Southern, will speak on the subject, "Folk Sayings in Southern Illinois."

Succeeding programs are "Lincoln Stories", by Dean E. G. Lentz, Director of Southern's Clint Clay Tilton Library, on February 8; "Story of Valentine Day" by the Delta Sigma Epsilon Sorority on February 15; and "Stories of George Washington" by Miss Gladys Smith, Associate Professor at the University High School.

###

Dr. Sina M. Mott, assistant professor of pre-school education, at Southern Illinois Normal University has an article on "Number Concepts of Small Children" in the November issue of "The Mathematics Teacher".

A study of the development of arithmetical abilities, Dr. Mott investigated the concepts held by 44 four and five year old children attending the kindergarden-nursery at the University here.

Dr. Mott found that of the children tested who would enter school the following fall, 90 percent could count by rote (mechanical routine manner) to 10; 82 percent to 15, 50 percent to 20, and 22 percent to 100.

Building of number concepts for figures 1 to 10 in the four and five year old is influenced decidedly by the number of various parts of the body and Dr. Mott further lists the numbers 1, 2, 4, 5, and 10, as these most clear and definite held by the child.

Statistics for the study were obtained in a separate interview with each child using 15 blocks, and a toy truck holding 28 cubes.

###

THE HISTORY OF THE UNITED STATES OF AMERICA

The first part of the history of the United States is the period from the discovery of the continent by Christopher Columbus in 1492 to the establishment of the first permanent settlements. This period is characterized by the exploration of the continent by Spanish, French, and English explorers, and the establishment of the first permanent settlements by the English in 1607. The second part of the history is the period from the establishment of the first permanent settlements to the American Revolution in 1776. This period is characterized by the growth of the colonies, the struggle for independence, and the establishment of the United States as a new nation. The third part of the history is the period from the American Revolution to the present. This period is characterized by the expansion of the United States, the Civil War, and the development of the United States as a world power.

The fourth part of the history is the period from the present to the future. This period is characterized by the continued growth and development of the United States, and the challenges that the United States will face in the future. The fifth part of the history is the period from the future to the present. This period is characterized by the challenges that the United States has faced in the past, and the lessons that can be learned from these challenges. The sixth part of the history is the period from the present to the future. This period is characterized by the challenges that the United States will face in the future, and the lessons that can be learned from these challenges. The seventh part of the history is the period from the future to the present. This period is characterized by the challenges that the United States has faced in the past, and the lessons that can be learned from these challenges. The eighth part of the history is the period from the present to the future. This period is characterized by the challenges that the United States will face in the future, and the lessons that can be learned from these challenges. The ninth part of the history is the period from the future to the present. This period is characterized by the challenges that the United States has faced in the past, and the lessons that can be learned from these challenges. The tenth part of the history is the period from the present to the future. This period is characterized by the challenges that the United States will face in the future, and the lessons that can be learned from these challenges.

Special to Southern Illinois Dailies
For release Thursday

Carbondale, Ill., Jan. -In order to accommodate the rapidly increasing number of veterans who are coming to the campus, Southern Illinois Normal University has leased an eight room residence at 901 S. Illinois Ave., to provide housing for the Veterans Guidance Center located on the University campus.

The Center has expanded rapidly since its establishment here last May, and its original quarters in the Old Science Building had become overcrowded.

The new quarters now provide office space for W. A. Pinkerton, Chief of the Center, his assistant, and his secretary; and for the four counselors, Dr. Lawrence Clark, Dr. Laird Hites, Victor Randolph, and William Randle, furnished the Center by the University, as well as supplying adequate testing laboratories.

###

Carbondale, Ill., Jan. -John Copeland, Veterans Service Officer from the Veterans Administration, Hines, Illinois, is on the Southern Illinois Normal University campus today to interview and counsel veterans needing assistance.

###

Carbondale, Ill., Jan. -Burnett Shryock, former chairman of the art department at Southern Illinois Normal University, has been awarded a prize in the La Tausca Pearls contest for oil paintings conducted by Artists for Victory, Inc., according to recent announcement.

Specifying that the paintings show "a woman with pearls", the contest attracted more than 1,400 painters from all over the country. Shryock's portrait was accorded one of the top thirteen.

Top ranking paintings in the contest were placed on exhibit at Portraits, Inc., New York, in early January, and are slated to be shown at eight other cities throughout the country.

Shryock is not at the University of Kansas City.

###

Carbondale, Ill., Jan. -Offering graduate assistantships for the first time this year since the inception of its graduate program, Southern Illinois Normal University, has graduate assistants who are now engaged in special departmental duties and at the same time are working toward the Master's degree in Education.

Awarded on basis of scholarship of the applicant and on the type of work in which he is particularly interested, the assistantships consist of such services as conducting research projects, or assisting faculty members in special research; teaching, laboratory work, and special library service.

For ten months' work, the assistant may receive as high as \$750, a stipend higher than, or equal to, similar graduate assistantships given by larger universities.

Faculty chairman of the Graduate Committee at Southern is Dr. Willis G. Swartz, chairman of the department of government.

Appointments for graduate assistantships include:

Edward L. Allen, Carbondale, Bachelor of Education degree, Southern, 1940, assigned to College of Vocations.

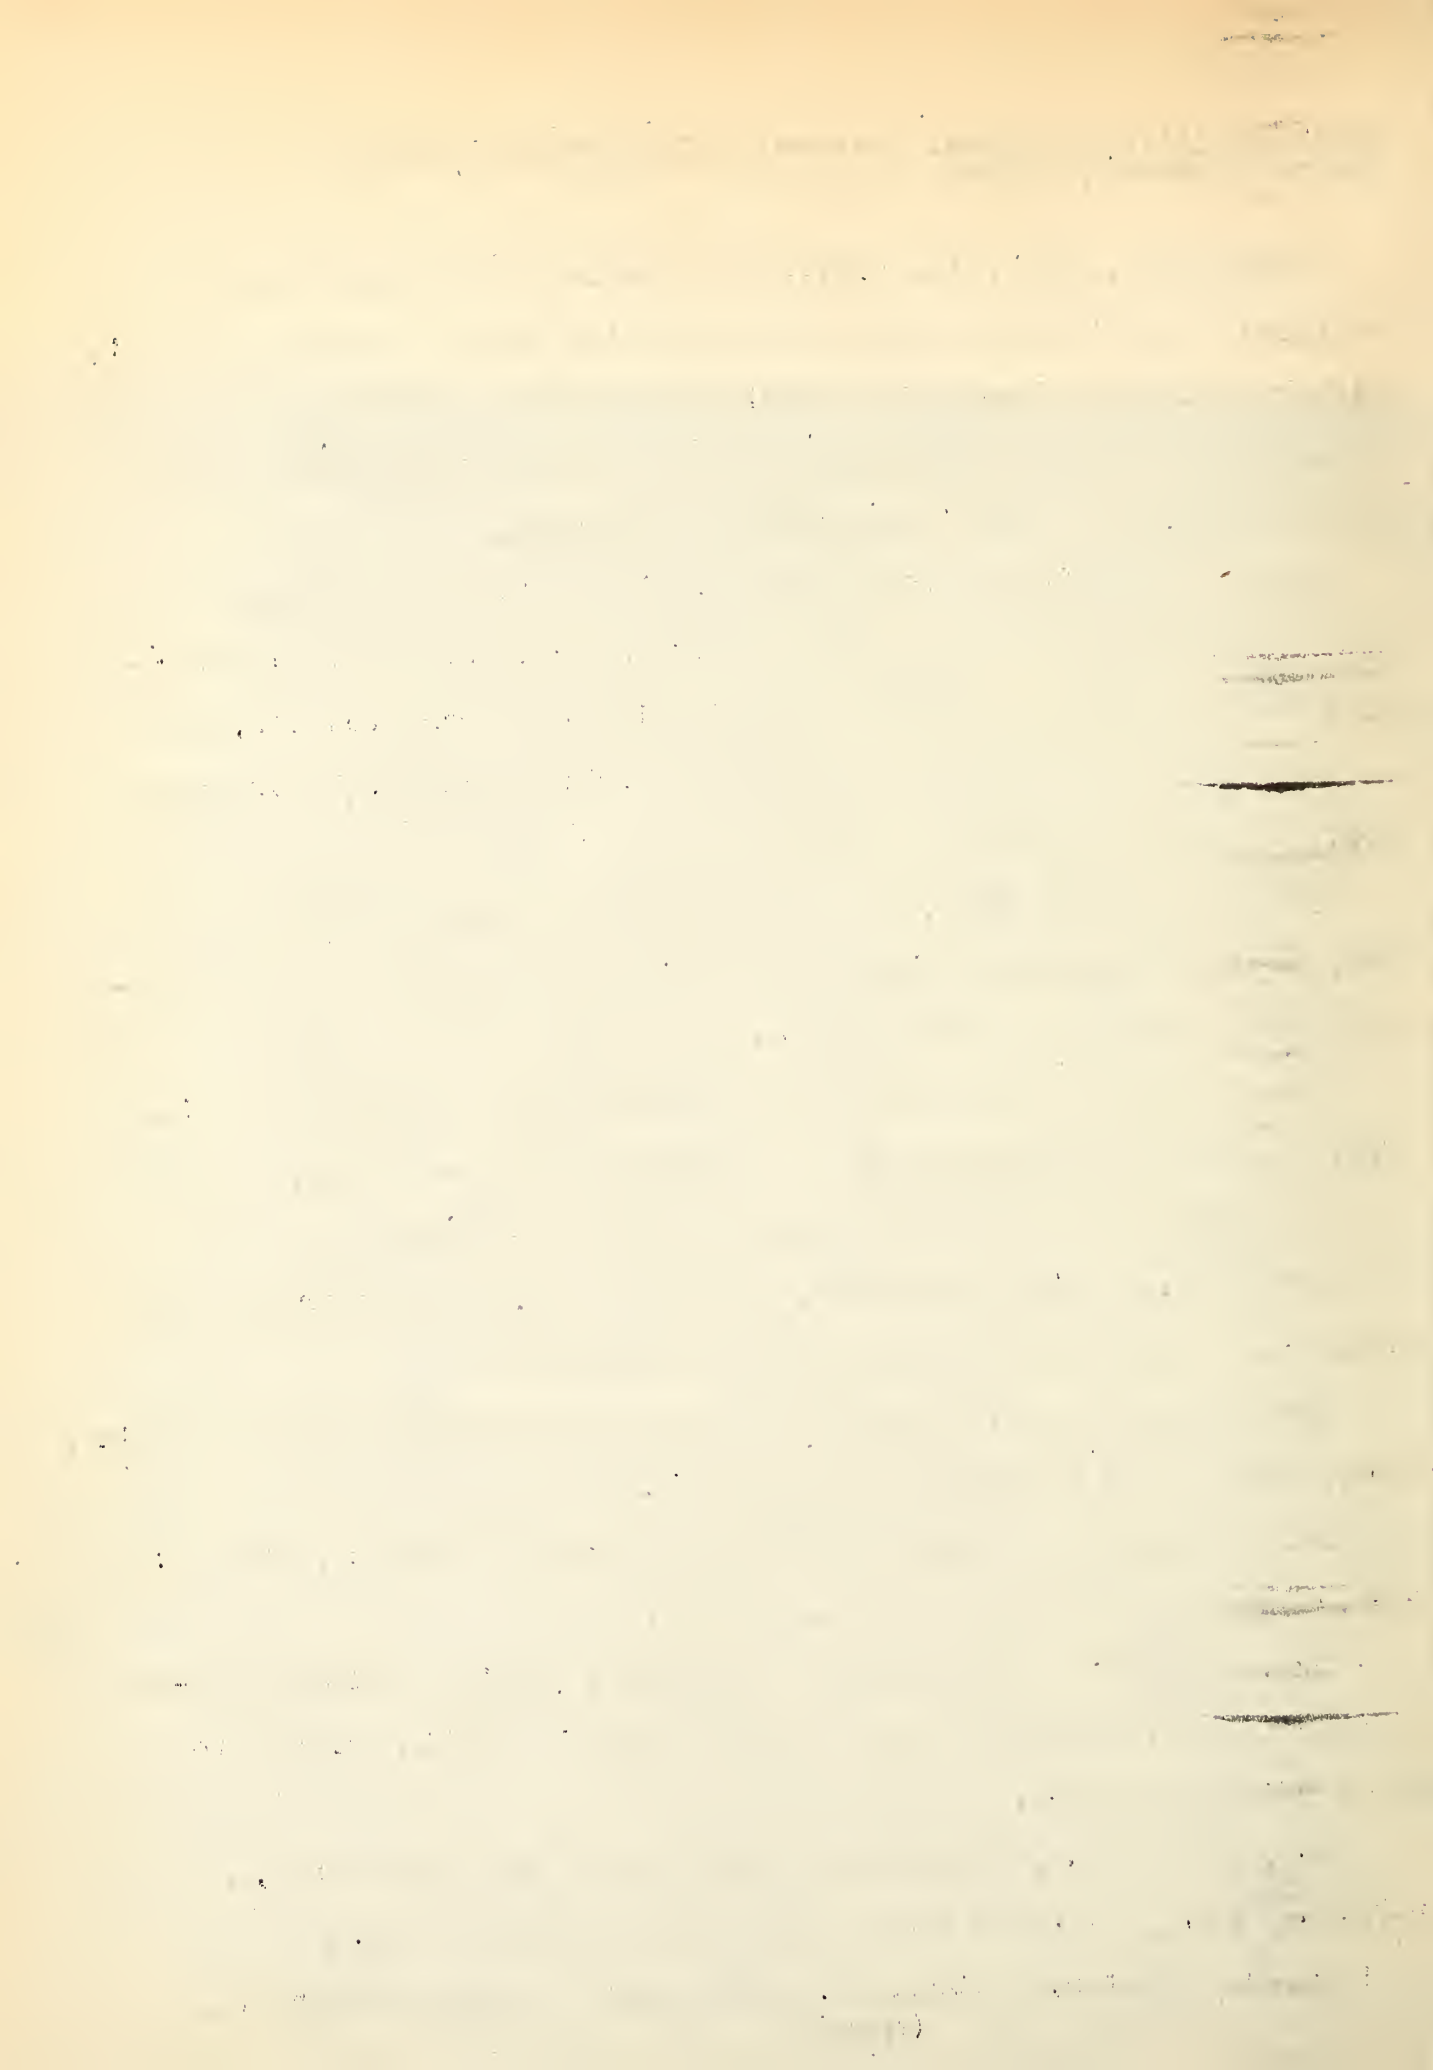

Attie Belle Adams, Herrin, Bachelor of Education degree, Southern, 1946, assigned to mathematics department.

Helen Blackburn, Salem, Bachelor of Education degree, Southern, 1946, assigned to mathematics department.

Mrs. Elizabeth Ann Brazier, Waterville, Minn., Bachelor of Education degree, Mankato State Teachers College, Minn., assigned to Allyn Training School.

Mrs. Lola Davis, Carbondale, Bachelor of Education degree, Southern, 1945, assigned to dean of women and dean of men.

Herbert Johnston, Carbondale, Bachelor of Education degree,
(more)

Southern, 1943, assigned to University High School.

Edward C. Goodnight, Herrin, Bachelor of Arts degree, Howard Payne College, 1933, assigned to history department,

Mrs. Alice Phillips Rector, Carbondale, Bachelor of Education degree, Southern, 1935, assigned to the University High School.

###

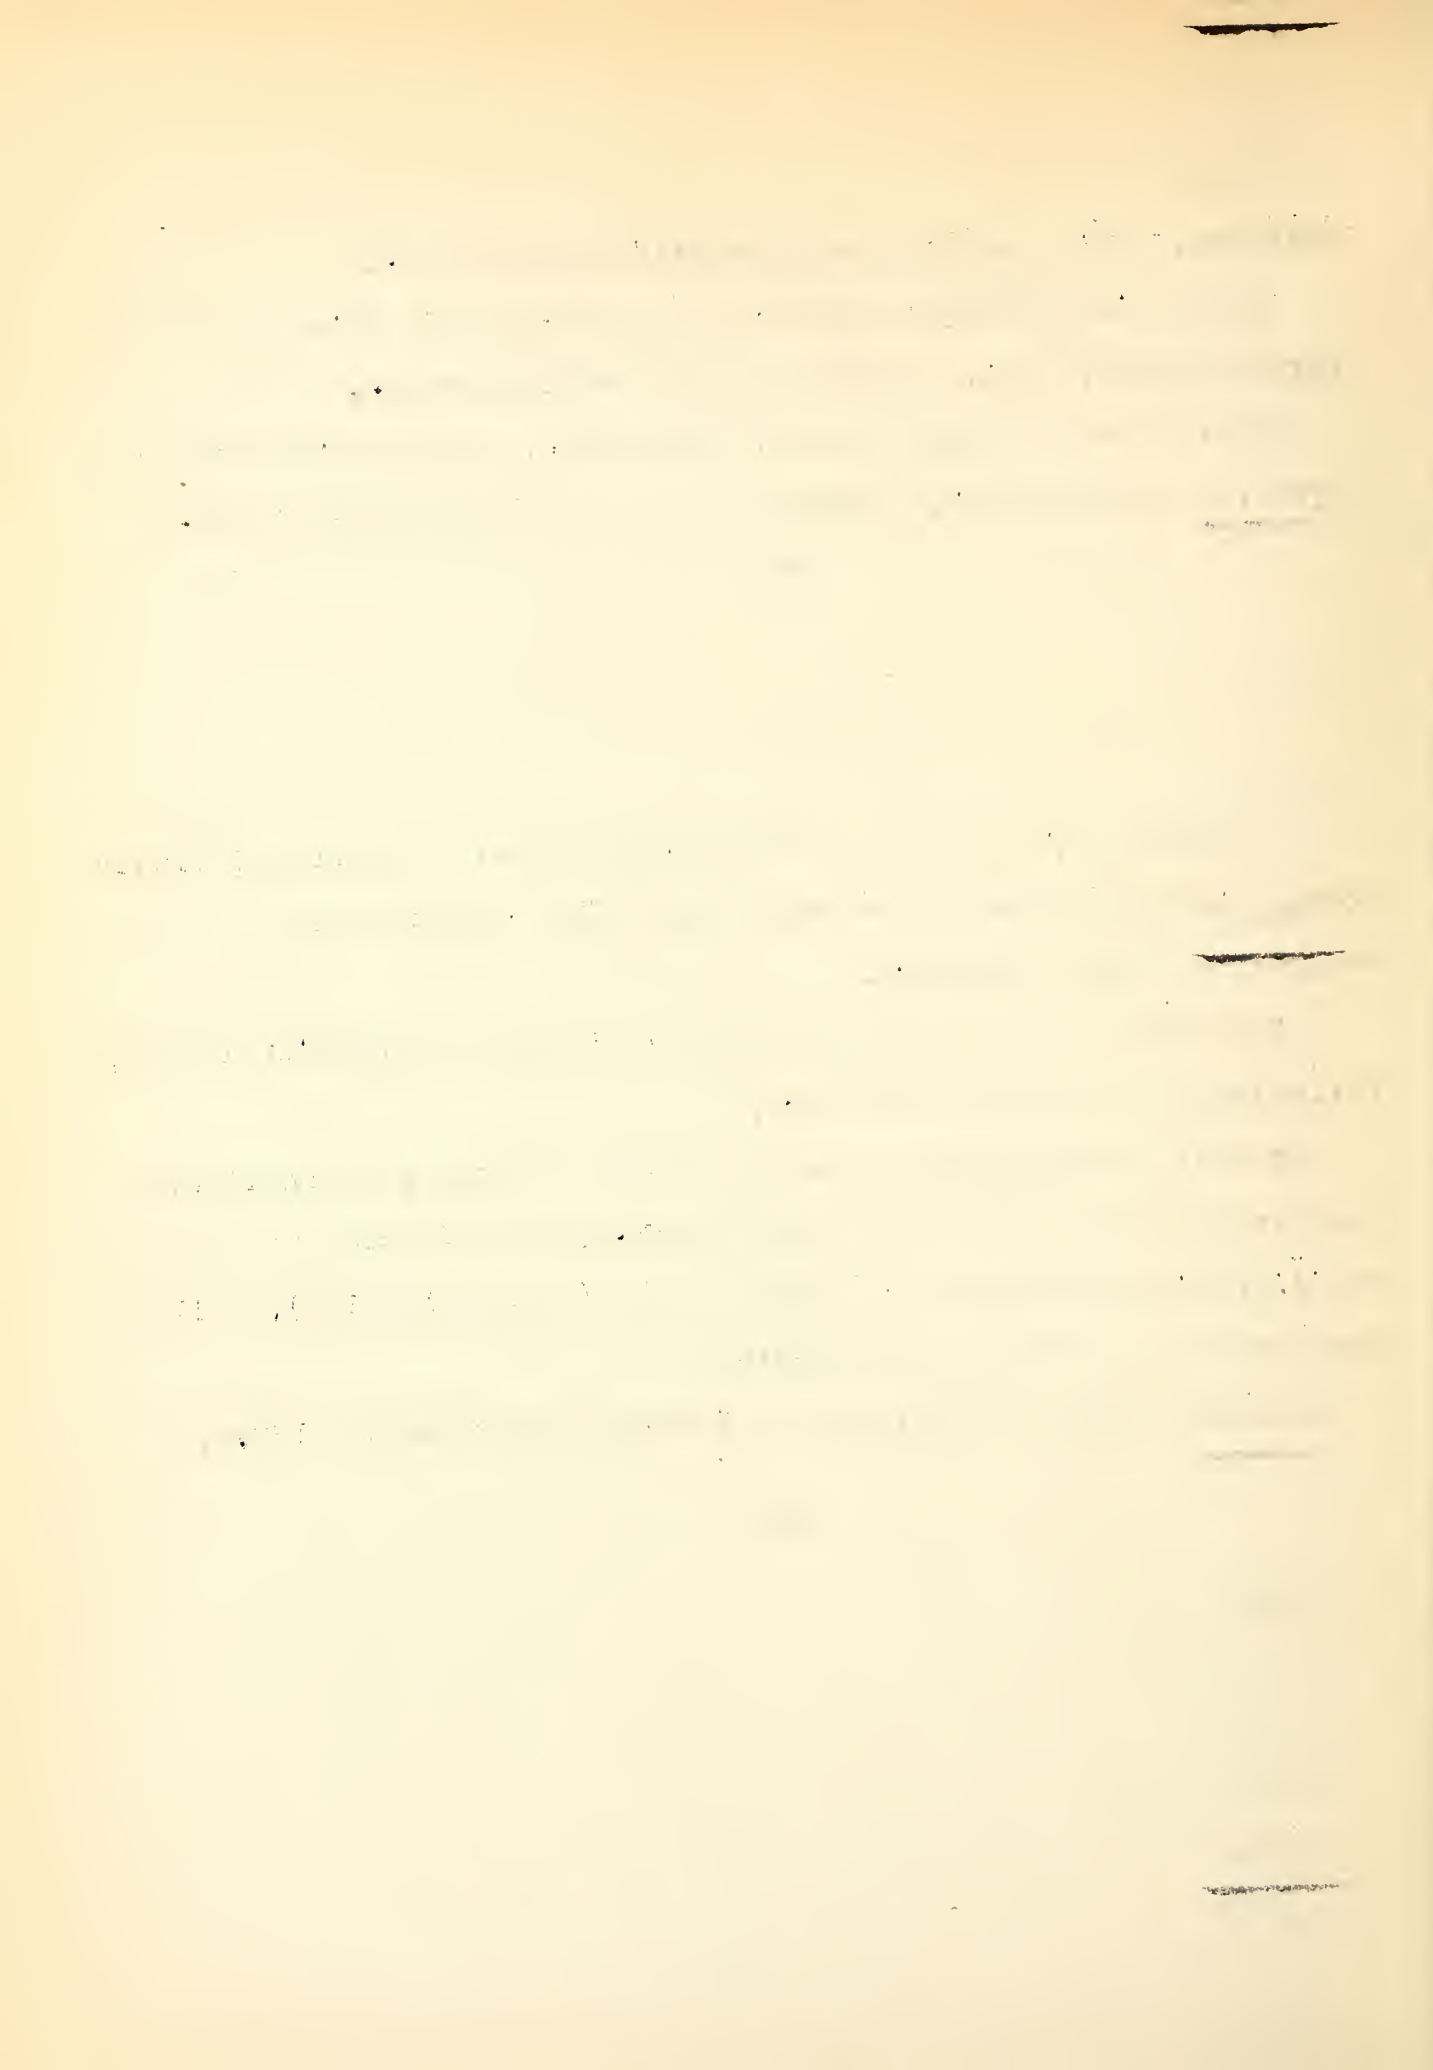

Carbondale, Ill., Jan - Veteran enrollment at Southern Illinois Normal University jumped to 275 today as 23 ex-servicemen registered during the week.

Majority of the veterans enrolled in time for Monday's classes, following the Christmas holidays.

Special arrangements are made for the returning veteran if he desires to enter school late in the term. Most of them enter on the G.I. Bill, several are on Public Law 16 (Rehabilitation), while some enter on military scholarships.

Present student enrollment at Southern now stands at 1170.

Carbondale, Ill., Jan. --Willis E. Malone, in-service and rural education specialist at Southern Illinois Normal University will participate on the program of the Governor's Conference on Rural Education in Springfield, Jan. 18 and 19.

Mr. Malone will serve as a member of the panel on "Changes Needed in Courses of Study", on Saturday morning.

Called by Governor Dwight H. Green at the request of the Illinois Rural Education Committee, the two-day conference will be attended by about 500 representatives of Illinois counties, most of whom have been chosen by the respective county superintendents of schools.

Besides Mr. Malone, Mrs. Mabel Lane, supervising critic in the rural practice schools, has been designated by Jackson county superintendent Lee Nebughr to attend the meeting.

Other members of the Southern faculty who will go to the conference include President Chester F. Lay; Dr. E. R. Fair, dean of the college of education; George Bracewell, associate professor of rural education; and graduate student Edward L. Allen, McLeansboro, who will represent the University Students.

Governor Green will speak on "The State's Interest in Rural Education" at the evening session on Friday.

###

Carbondale, Ill. Jan. --Southern Illinois Normal University Placements Service has recently received two letters from Honolulu and Latin America expressing their need for both men and women teachers,
(more)

123

Dr. T. W. Abbott, director of the service, has announced.

Single men who have had several years of successful teaching experience are preferred in the Honolulu schools, but young men just out of college will be considered. A Few married men will be accepted, while women will be placed in the elementary and girls' boarding school.

Requirements for teaching in the Latin American schools are a bachelor degree and experience in teaching in this country. While a knowledge of Spanish or Portuguese is desirable for the teacher's best adjustment to the country, in most cases it is not essential for the actual work of teaching.

Persons interested in accepting one of these positions should notify Dr. Abbott of the Placements Service.

In the last four years 1500 persons have been placed by this service, but three times this number could have been given, positions, Dr. Abbott stated.

Vacancies reported during this period have totaled 1,833 and 509 have registered with the office.

###

On the 1st of March, 1861, the following was received:

From the Hon. Secy of the Interior, Washington, D.C.

Dear Sir: The following is a list of the names of the persons

who have been appointed to the various positions in the

Department of the Interior, for the term of years

ending on the 31st of March, 1862.

For the position of Secretary of the Interior, Mr. John

W. Foster, for the term of years ending on the 31st of

March, 1862. For the position of Assistant Secretary,

Mr. John W. Foster, for the term of years

ending on the 31st of March, 1862.

For the position of Chief Clerk, Mr. John W. Foster,

for the term of years ending on the 31st of March, 1862.

Very respectfully,
John W. Foster,

Secretary of the Interior.

Approved: J. W. Foster.

Carbondale, Ill. Jan. --County superintendents of Southern Illinois in session Friday at Southern Illinois Normal University heard members of the University faculty outline a manual of suggestions on county school reorganization which a University committee has prepared for the use of county school survey committees and administrators.

The University manual presented a tabulation of the backlog of data which was felt desirable for county survey committees to have on hand before planning their reorganization.

Howard E. Bosley, chairman of the University committee, pointed out that this manual is one of a series ^{of} materials which the University will make available as a supplement to the materials prepared by the State Reorganization Commission.

In addition to discussing the problem of county surveys, the school officials through the day voted to authorize the circulation of petitions urging federal aid for public schools among teachers of the 24th and 25th congressional district.

Among those present were Ned F. Carlton, J. Wesley Neville, Robert E. McKinney, Goffrey Hughes, Horace G. Brown, Lee Booth Williamson, Hubert H. Sutton, Virgil H. Judge, H. E. Webb, E. H. Dawes, Lee Nebughr, Eugenia Etherton, Clyde L. Flynn, Kenneth L. Davis, Sidney Hirons, Robert L. Brissenden, M. C. Hunt, Russell Rendleman, Lawrence Hinkle, and Lester Buford of Mt. Vernon, a member of the State Reorganization Committee.

Carbondale, Ill., Jan --Fruit growers from the Southern Illinois area are expected to be on the Southern Illinois Normal University campus here, January 22, 23, for the 72nd annual meeting of the Southern Illinois Horticultural Society.

Speakers for the two-day session include William^{Beauman,} Tunnel Hill, president of the association; Dr. M. J. Dorsey, head of the department of Horticulture, University of Illinois; Dr. Dwight Powell; Dr. R. V. Lott; Dr. A. S. Colby; Dr. V. W. Kelley, all of the U. of I.; Dr. George Scarseth, director of research, American Farm Research Association, Lafayette, Ind.

Dr. R. H. Sudds, associate horticulturist, agricultural experiment station, Morgantown, W. Va.; Truman Nold, secretary of the National Apple Institute, Washington, D. C.; S. C. Chandler, field entomologist, Illinois Natural History Survey; and Oliver I. Snapp, entomologist, U.S. Department of Agriculture, Fort Valley, Ga.

A banquet will be held Tuesday evening, at which time the S.I.N.U. Chorus will sing, under the direction of Floyd V. Wakeland, associate professor of music.

First session of the meeting Monday opens at 10:00 a.m., with the afternoon session beginning at 1:15. On Tuesday, the morning meeting will convene at 9:30, and the after noon program starts at 1:15. All four sessions will be held in the Old Science Building.

Carbondale, Ill. Jan. --Southern Illinois Normal University Maroons journey to Normal Saturday night for their first Illinois Intercollegiate Athletic Conference tilt of the cage season.

Also the first game of the new year, Coach Martin's cagers have had a whole week to recover from the two losses encountered in the Midwestern Tournament at Terre Haute, Ind. in December.

Although the Normal Red Birds' season hasn't proved sensational, their record of six games shows three victories and three losses. Expected line-up for this team is Tom Galvin, center; Bill Howard and Joe Konitzki, forwards, Dick Higgins and Dick Murphy, guards.

Martin will probably begin the game with his regular starting five of Don Sheffer of Zeigler, Leedio Cabutti of Johnston City, Sam Milosevich of Zeigler, Dick Harmon of Granite City, and Dick Foley of Carbondale.

The Maroons will play their second conference game on the home court here Tuesday, January 15, against Eastern Illinois State Teachers College.

###

Carbondale, Ill., Jan. --Featured speaker at the meeting of the Southern Illinois horticulturists on the Southern Illinois Normal University campus here Jan. 21 and 22, will be Truman Nold, secretary of the National Apple Institute, Washington, D. C.

Mr. Nold served as Secretary of the Fruit and Vegetable Committee of the United Nations prior to his entering the Army in January, 1944. After nearly two years of service, he has returned to his former position of Secretary of the National Apple Institute.

Addressing the horticulture society at ten o'clock Tuesday morning, Jan. 22, in the Little Theatre of Old Science Building, Mr. Nold will discuss the "Post-War Apple Outlook."

"Plum Curculio Control", address on the primary insect affecting peaches, will be given by Oliver I. Snapp, at 1:15 Tuesday afternoon. Mr. Snapp is entomologist for the U. S. Department of Agriculture at Fort Valley, Ga.

S. C. Chandler, field entomologist, Illinois Natural History Survey, and consulting entomologist at Southern Illinois Normal University, will speak on "D. D. T. Experiments" on Tuesday afternoon.

###

Carbondale, Ill., Jan. --Featured in the third of a series of Community Concerts this season is the appearance of the Bary Ensemble at the Shryock Auditorium, Wednesday, January 30, at 8:00 p.m., on the campus of Southern Illinois Normal University.

This group, an unusual musical combination of piano, flute, violin, and 'cello, offers a program of the finest concerted music, combined with solo numbers.

The ensemble was formed by Gertrude Bary, Distinguished pianist, as a musical adventure, and is composed of Miss Bary, Lorna Wren, Flutist; Mary Beckner, violinist; and Virginia Peterson, 'cellist, each of whom is a renowned soloist in her own right.

Although the prime purpose of the ensemble is to present fine music as soloists and jointly, Miss Bary hopes that her programs may give the audiences the idea of forming chamber music groups to aid in the revival of community music of all kinds.

Special to Southern Illinois Dailies

Carbondale, Ill., Jan.--Dr. Sophie Schroeder, psychiatrist with the Illinois Institute for Juvenile Research will be here on the Southern Illinois Normal University campus January 22, 23, and 24, to work with members of the University's Child Guidance Clinic, Dr. W. A. Thalman, professor of Education and director of the Clinic, announced today.

Established in April 1936, for the primary purpose of aiding teacher education, particularly in the study of the individual child, the Guidance Bureau conducts quarterly clinics, holding special staffings and forums which college students, and student teachers may attend.

"Many requests have come from various communities, both from the schools and from the parents in regard to bringing children and adolescents for the January clinic," stated Dr. Thalman, adding that since it has been impossible to accept all the cases for the current clinic, many of them have been set at a later date for study.

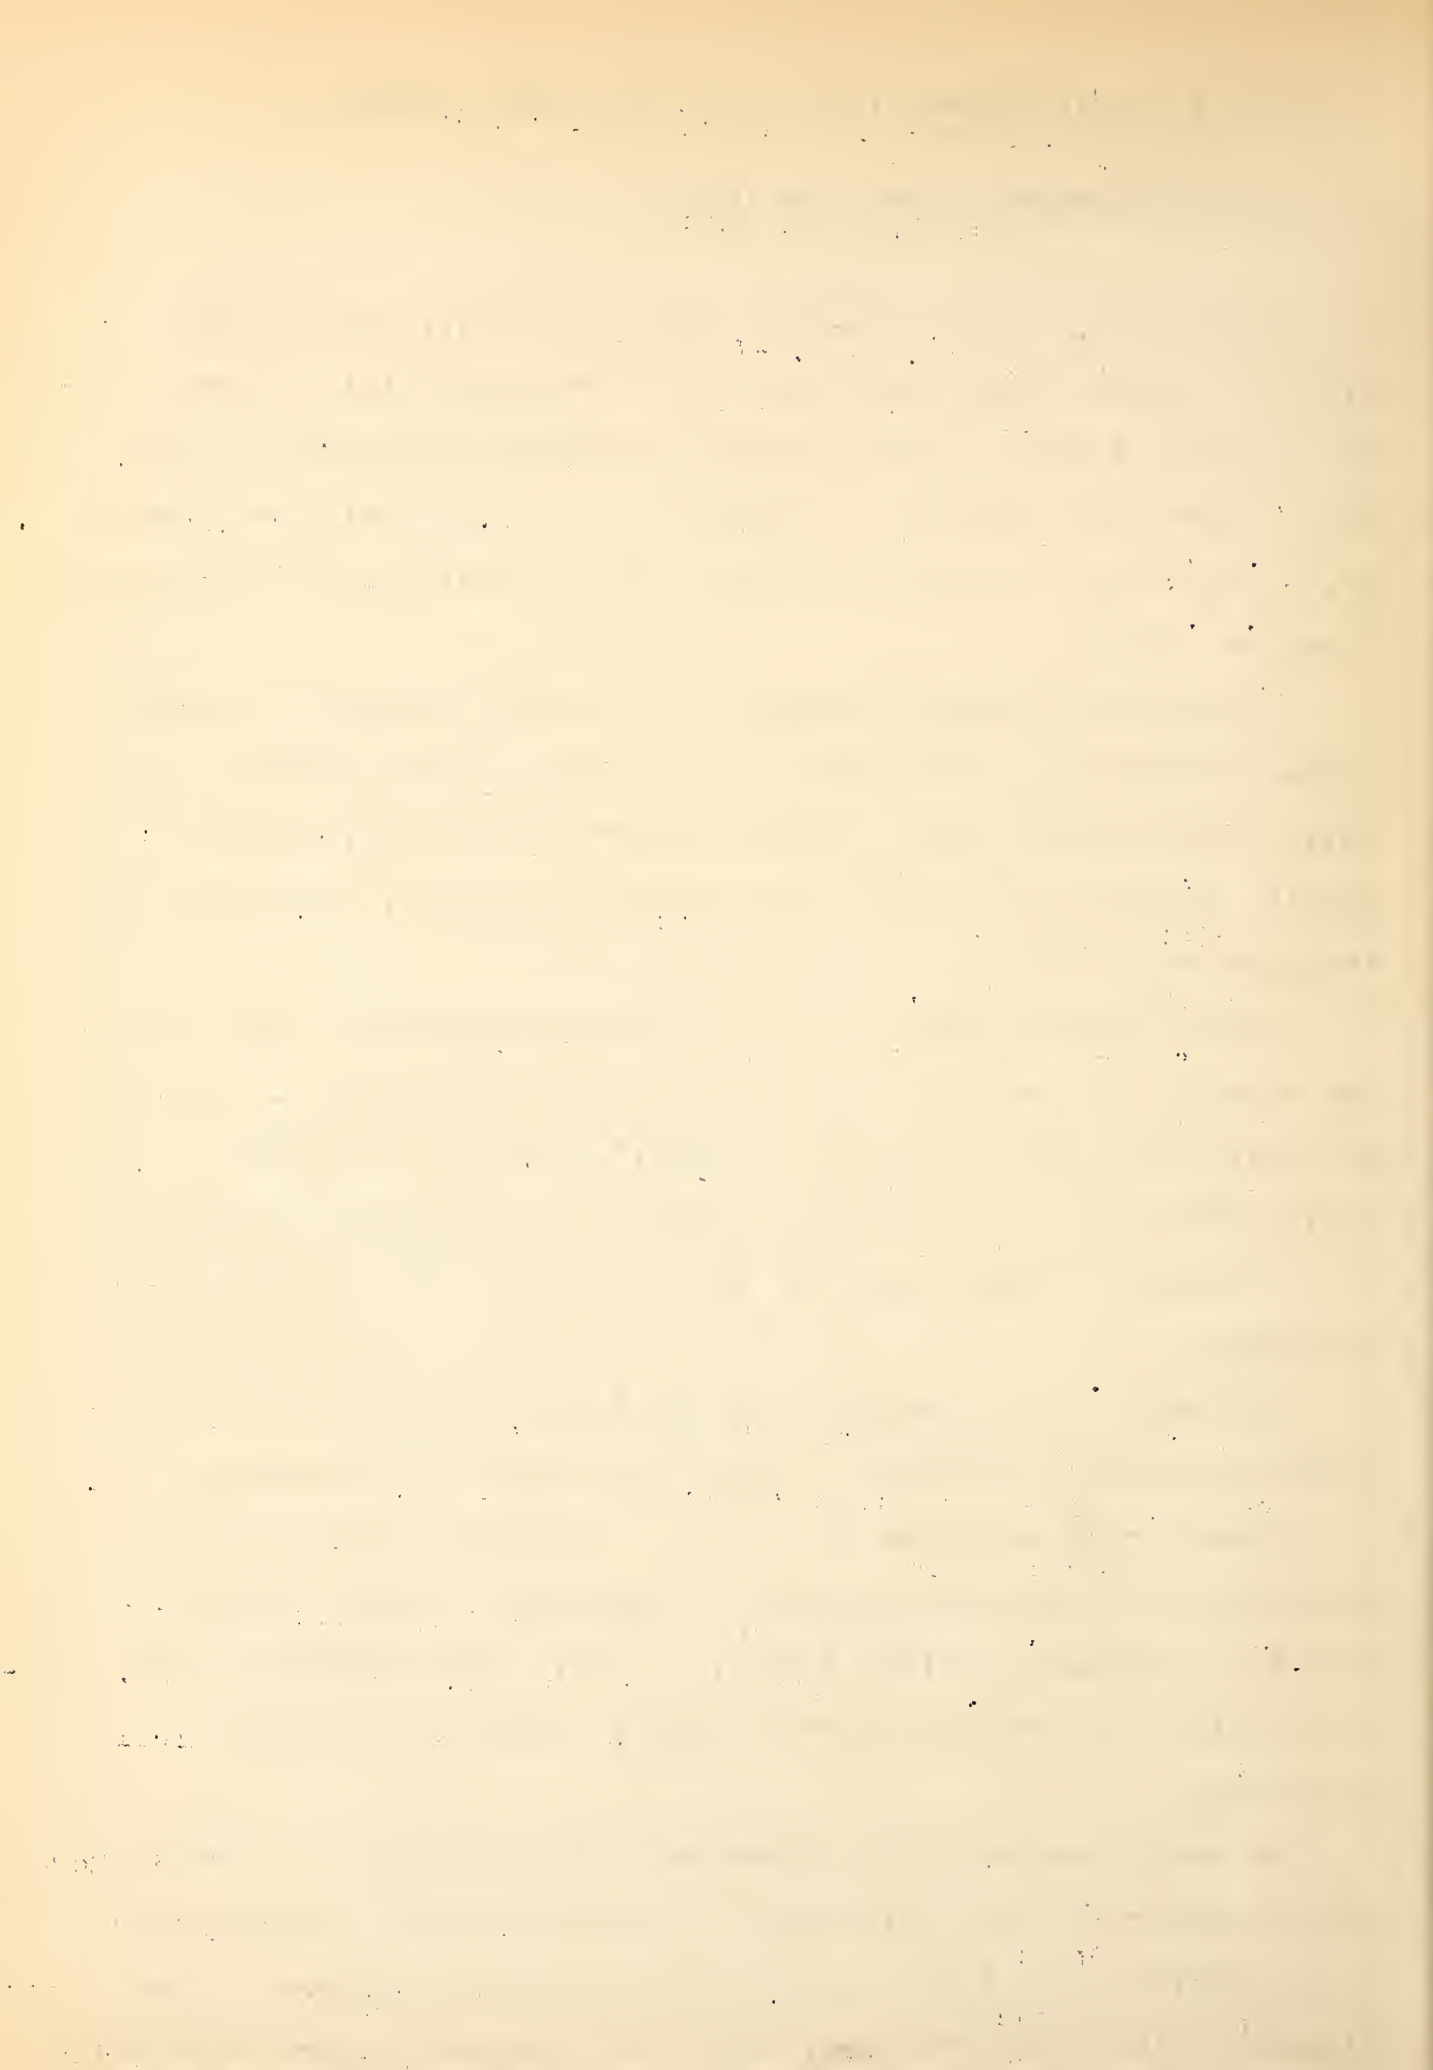

"No cases can be admitted for the January clinic except those from whom arrangements have already been made," he emphasized.

Also participating in the clinical staffings will be Miss Helen Narber, assistant professor in the Allyn Training School; Mrs. Lola Davis, Mrs. Alice Rector, and Mr. Herbert Johnson, graduate assistants; and Miss Carrie Thomas, student in clinical psychology.

An open forum on "What Improvements Need to Be Made in Home Life in Order that the Child May be Better Fortified to Meet the Responsibilities of Life?" will be held Tuesday afternoon at four o'clock in the Little Theatre, under the direction of Dr. Schroeder.

Wednesday afternoon, Dr. Schroeder, with University students Lillian Goddard and Glenn Brown, both of Carbondale, will hold a panel on "What Should Be Done with and for a Juvenile Delinquent?", for all college students and student teachers, in the Little Theatre, at 4 p.m.

Further information about the services of the Child Guidance Clinic may be obtained from Dr. Thalman, director of the Clinic, in care of the University.

Carbondale, Ill., Jan. -Holding a record of two Illinois Intercollegiate Athletic Conference wins by successive victories over Illinois State Normal University and Eastern State Teachers, the Southern Illinois Normal University Maroons play Evansville (Ind.) College here Friday night for their third meeting with the Aces.

Evansville nosed out the Maroons by one point for a 44-43 score in the game there Dec. 19. Coach "Abe" Martin's team drew the Aces for their first game in the Terre Haute Midwestern State Teachers College Tournament, Christmas vacation, and were overcome during the last few minutes of play when Harold Brown, Evansville's captain, ran "wild" to give the Aces the top score.

Martin's team has been strengthened with the addition of Quentin Stinson, Eldorado, a returned veteran who entered the University two weeks ago. Stinson played about half the Normal game, and almost all the Eastern game last Tuesday night. Standing 6'4", Stinson has been playing at center with Sam Milosevich, Zeigler, shifted to guard position.

Scoring honors in the game here with Eastern were evenly divided, Milosevich high point man for the game with 15 points. Gene Stotlar, Pinckneyville, scored 13, and Don Sheffer, Zeigler, sank 12 points.

The game, starting at 8:00 p.m., will be broadcast over station WJPF (1340), Herrin. Officials for the game are Ernie Driggers, Mt. Vernon, and Bill Cosgrove, Evansville.

Carbondale, Ill, Jan. --"The future will stand considerable expansion in the growing of good small fruits because we have groups and individuals who know^{how}/to grow good fruit and excellent markets in the area," declared Dr. A. S. Colby, University of Illinois horticulturist at the meeting of the Southern Illinois Horticulture Society held on the Southern Illinois Normal University campus here yesterday.

Colby told the 200 Southern Illinois fruit growers at the first day-session yesterday that more raspberries and strawberries could be grown in the area by trying new varieties of merit; planting on the ideal site; mechanizing the industry, converting the present hand-labor to power machinery; better control of weeds; use of more fertilizers to grow and produce better fruit; and utilization of coming improvements in spraying machinery.

Speaking on "New Organic Fungicides", Dr. Dwight Powell, also of the University of Illinois, stated that several new organic fungicides are coming into the picture from the standpoint of the fruit disease control, and that many of these will be adopted into growers spray schedule in a few years, after more careful experimentation.

Stressing the need for a favorable root environment for plants, Dr. George Scarseth, director Research, American Farm Research Association, Lafayette, Ind., called the organic matter of the soils "the slow fires that must be kept burning in the ground in order that the greatest benefits from it can be derived. The organic matter must be actively decomposing, and in order for this decomposition to go on, a liberal air supply is as necessary for these soil fires as air is needed for wood burning in the stove.

The most practical way to obtain organic matter is to grow it on the ground. Fine grasses is Nature's way to put organic matter into the soil," he said, adding that grasses are also valuable in preventing erosion.

Members of the society will meet again today on the Southern campus for further business and more addresses. President William Beauman, Tunnel Hill, is presiding over the 2-day session.

Southern Illinois Normal University Information Service

Special to Southern Illinois dailies
Release Wednesday

Carbondale, Ill., Jan. 22--"After a grower has practiced intelligent soil management, tree conditioning, fruit thinning, and successful chemical control of insects and diseases, only then can he consider himself a success," declared a University of Illinois horticulturist here today.

Dr. Dwight Powell, from the University of Illinois was one of the principal speakers at the two-day meeting of the Southern Illinois Horticulture Society here on the Southern Illinois Normal University campus, which has drawn 250 members--largest attendance on record.

Giving the peach spraying and dusting schedules for 1946, Dr. Powell and S. C. Chandler, field entomologist for Illinois Natural History Survey and consulting entomologist at Southern Illinois Normal University agreed that too often the fruit grower thinks of the pest control program first. Low quality fruit does not make good pest control a "profitable proposition," they emphasized.

Oliver I. Snapp, entomologist with the U.S. Department of Agriculture, Fort Valley, Ga., discussing "Plum Curculio Control," reported that continued laboratory, cage and orchard experiments seemed to indicate that dichloroethyl ether as soil treatment to eliminate the need for applying an insecticide to the trees might well become an effective and safe substitute for lead arsenate, which is widely used now.

"Lead arsenate has an injurious effect on the foliage, buds, budwood and fruit of peach trees under certain conditions," Snapp said.

"The dichloroethyl ether treatment is applied primarily for the control of the second generation of plum curculio larvae and pupae and undoubtedly has its greatest value in areas in which a second generation usually occurs," he explained.

Since often the Southern Illinois peach crop is entirely eliminated by low winter temperatures or spring frosts, "the application of this control would be of much less value, except in the unusual seasons when a large second brood occurs," he added.

William Beauman, Tunnel Hill, was re-elected president of the association. Other officers include Curt Eckert, Belleville, first vice-president; D. W. Casper, Cobden, second vice-president; and L. L. Colvis, Carbondale, secretart-treasurer.

Carbondale, Ill. Jan. --Students at Southern Illinois Normal University are evidencing their interest in post-war problems by staging a series of Community Peace Forums.

These forums, sponsored by the Independent Student Union, are open to the student body, faculty, and community. They have been designed to encourage study, both in the classroom and out, of problems facing the world and to stimulate individuals and groups to face the future realistically in terms of the demands of peace.

The series is composed of seven sessions which are being held in the Little Theatre on the University campus.

First in the series entitled "Atomic Energy" was held last week with Dr. Kenneth Van Lente, associate professor of chemistry, delivering the lecture. Bill Kummer of New York City served as student chairman.

Succeeding forums are "China, a Factor in the Peace of the Orient", January 23; "Is War With Russia Inevitable," January 30; "Do We Want Compulsory Military Training," Feb. 4; "Housing, Locally and Nationally," Feb. 7; "Race Problem: What is its Future," Feb. 21; and "Is United Nations Organization Adequate to Meet Demands of Postwar World?," Feb. 28.

Bill Kummer, New York City, Eleanor White, Equality, Gary Brazier, Bob East, Lillian Goddard, all of Carbondale; Catherine Sullivan, Harrisburg, and Edward Parks, St. Louis, have been selected as student chairmen of the forums.

Everyone is invited to attend these sessions, which open at 7:30 p.m., with the exception of the one on Jan. 23, scheduled at 8:00.

Special to Southern Illinois Dailies--
Attention Sports Editors

Carbondale, Ill., Jan. -Sharing top position in the Illinois Intercollegiate Athletic Conference with Northern Teachers, Southern Illinois Normal University faces two conference games this weekend.

Playing Eastern Illinois State Teachers, now in cellar position, at Charleston Friday night, Coach Glenn "Abe" Martin's Maroons enter a decisive game with Northern the following night.

Both undefeated in conference play, Southern and Northern each had close games last Saturday night: Southern overcoming Western Illinois State Teachers by one point, 57-56, while Northern defeated Eastern, 48-44.

High scorer in the Southern-Western game Saturday night was Niksis, Leatherneck 6'5" center, who accounted for 22 points. Sam Milosevich, Zeigler, emerged high point man for Southern with 17 points, as Cal Collins, DuQuoin, came second with 11 points.

Martin called the game with Western tough and fast, pointing out that Collins and Milosevich sparked the Maroon five.

Southern's next home game is on February 9 with Illinois State Normal University. Martin expects stiffer competition than in his first encounter with the Redbirds, (Southern 59-Normal 44), as the Redbird team has been strengthened by addition of veterans who have just entered for the second semester of work there.

Carbondale, Ill., Jan. --Chief concern of authorities at Southern Illinois Normal University is the housing shortage for students which is becoming increasingly acute as student enrollment at the University climbs toward its pre-war 2400 peak.

Citizens of Carbondale have made particular efforts to cooperate with the University on the problem by converting unused house space into apartments, and through the renting of available rooms to veterans with families who have returned to school.

Citing the cases of three elderly ladies who generously arranged for the veteran to fire the furnace, and do other work in return for living quarters, Mrs. Mabel Pulliam, executive assistant in charge of housing, expressed the hope that other veterans with families could find such a satisfactory solution.

"Such relationships are very good," declared Mrs. Pulliam, for not only does the householder gain financially, but also gains through the companionship afforded by the student and his family.

One householder offered a room in her home as a temporary place for the married students until they could find an apartment, and plans to continue that service, allowing the couple cooking privileges during their stay at her home.

Latest action taken by University authorities is that of having applied to the Federal Government for permission to bring vacant buildings from war areas to the campus to alleviate the situation. If the request is granted, 100 units for married couples, and barracks for single units will be made available to the students at low cost.

Officials point out that at basis, the shortage lies in the fact that the population of Carbondale has increased over 2000 since 1940, yet no extensive building has been done to house these families.

The problem is further complicated in that whereas many students could commute from nearby towns during the pre-war enrollment peak, commuting is now difficult because of restrictions in tires and automobiles. Authorities estimate that as many as 800 students were off-campus residents during the high enrollment period of 1940-41.

Carbondale, Ill. Jan.-- "Proverbs represent the accumulated wisdom of the folk," declares Miss Frances M. Barbour, associate professor of English at Southern Illinois Normal University.

Miss Barbour is author of an article, "Collection of Proverbs and Local Sayings," in the December issue of the Illinois English Bulletin, official publication of the Illinois Association of Teachers of English.

State chairman of an American Dialect Society project to collect such proverbs, Miss Barbour deplored the slight response shown in Southern Illinois.

"The proverbs and sayings that have come in, however, are very picturesque, mainly savoring of the agricultural and mining activities of the area," Miss Barbour explained.

Typical of this class are "Colder than a well-digger's feet," "to be (or play) the tar bucket"; "dumb as a pit mule," and "dark as midnight in a coal mine."

"The ultimate aim of the project is compilation of an American dictionary of proverbial sayings, but collections will be published from time to time to stimulate interest," said Miss Barbour. Monographs interpreting the material will also appear.

Release Friday

Carbondale, Ill., Jan. --The entire student body of Southern Illinois Normal University--college, high school, and intermediate grade students in the laboratory schools--"went to the movies" this morning with full approval of the school officials.

In fact, classes were turned out for two hours for a special showing of the motion picture "Borneo" by Mrs. Osa Johnson, world famous traveler and photographer, with comments by Mrs. Johnson.

Mrs. Johnson had been invited to appear before the University Assembly on Thursday but was unable to fulfill the engagement, so an extra assembly was called to enable students and faculty to hear her illustrated lecture.

Facilities of the Varsity Theater downtown were loaned to the University for the showing of the Johnson film.

Carbondale, Ill. Jan. ---A program of concert music, combined with solo numbers, will be offered by the Bary Ensemble in their appearance at Southern Illinois Normal University in Shryock Auditorium Wednesday night at 8 o'clock.

Third in a series of Carbondale Community Concerts this season, the Bary Ensemble is an unusual musical combination of piano, flute, violin, and 'cello.

The group was formed by Gertrude Bary, distinguished pianist, as a musical adventure, and is composed of Miss Bary, Lorena Wren, flutist; Mary Becker, violinist; and Virginia Peterson, 'cellist, each of whom is a renowned soloist in her own right.

###

Carbondale, Ill. Jan. ---Dr. John Elder, Presbyterian missionary to Iran, will be here on the Southern Illinois Normal University campus February 4 and 5, appearing under the auspices of the Student Christian Foundation, inter-denominational student fellowship group.

Dr. Elder, who is visiting American colleges and universities on behalf of the Student Volunteer Movement, has had 22 years' missionary experience in Syria and Iran.

Carbondale, Ill. Jan. ---While Southern Illinois Normal University's veterans attend their University classes, their wives may enroll in special homemaking courses being offered spring term by the Home Economics department.

Though the courses do give regular college credit, Miss Lucy K. Woody, professor of Homemaking and chairman of that department, has announced that they need not be taken for credit, thus the courses are open to anyone interested in better methods of feeding a family.

Two supplementary courses in foods--meal planning and service, and cookery--have been scheduled during the afternoon, to allow the housewife the morning at home, Miss Woody points out.

In addition to the cooking classes, which will be taught by Mrs. Mary Louise Barnes, assistant professor of Home Economics, courses in dressmaking and needlework will be given by Miss Woody.

Special to Southern Illinois Dailies--Release Friday

Carbondale, Ill., Jan. 31 -Although "the U.S. and Russia are drifting perilously close to a needless and catastrophic war," such conflict can be avoided by "a reasonable amount of good judgment and common sense," a Southern Illinois Normal University political scientist declared here tonight.

Dr. W. G. Swartz, professor and chairman of the government department at Southern Illinois Normal University, spoke on "Is War With Russia Inevitable," in the third of a series of community peace forums sponsored by the University Independent Student Union.

"It is the responsibility of sensible and fair-minded people in both countries to bring pressure to bear upon their leaders and representatives in behalf of peace and good will," warned Dr. Swartz.

"On our part, this means not appeasement, but collaboration and cooperation, combined with a reasonable degree of firmness," he continued.

The "drift" toward war with Russia, he believes, is "due largely to jealousy, fear, and suspicion, engendered by irresponsible and hysterical utterances on both sides."

Pointing out that Russia "needs both time and peace in order to rebuild her war-devastated areas and to give the Russian people some of the good things of life which were promised them nearly twenty years ago under the First and Second Five-Year-Plans," Dr. Swartz reminded his audience that the Russian war program "has turned the interest and attention of her leaders to the exploitation of her vast mineral resources in Asia."

"Russia's chief concern, therefore, should be, and presumably is, the establishment and maintenance of friendly, but independent countries on her European and Asiatic frontiers--in order to provide the security which she considers necessary for carrying out her internal program," he said.

As does Russia, the United States desires and needs peace, Dr. Swartz declared. "The national leadership is already preoccupied with unprecedented streak of strikes, inflation, and unrest and dissatisfaction in general," he pointed out.

Held weekly in the Little Theatre on the Southern campus, the community peace forums are open to students, faculty, and townspeople interested in discussion of pertinent contemporary peace problems.

Carbondale, Ill., Jan.--In order that outstanding basketball players, other than those who compose the first squad, can gain experience through competition with other teams, Coach Glenn "Abe" Martin has organized a "B" squad at Southern Illinois Normal University.

For the first time since the war, Coach Martin has a large squad from which to choose the first string players, thus making it difficult for other boys to play. By forming the B squad, he hopes to allow competition for these players.

The "B" squad has played three games, winning all of them by a comfortable margin. They defeated the Herrin Supply team 45-30, Intramural All-Stars 67-44, and last Tuesday night the Elkhville Independents 64-25.

Members of the team include Bill Crum, Mt. Carmel; Tommie Gher, Carbondale; Harlyn Wiley, Plano; Carl Birkner, Pinckneyville; Gene Cunningham, Anna; Bill Malinsky, Flora; and Gene Davidson, Harrisburg.

#

Carbondale, Ill., Jan. --On the eve of two important conference games this week-end--Friday night with Eastern Teachers at Charleston, and with Northern at DeKalb, Saturday--Southern Illinois Normal University Maroons face the loss of two star players who are confined in bed.

Maroon forward Sam Milosevich of Zeigler has been very ill with intestinal flu, but is some better today. Milosevich has emerged as high point man for Southern this season.

Don Sheffer, guard from Zeigler, is in the hospital suffering from a skin infection.

Despite their illness, Coach Martin is hoping that these two first-string cagers will be ready to play Friday.

The decisive game of the week-end is the one with Northern Saturday night, both teams being undefeated in conference play.

Carbondale, Ill. Jan. -William M. Marberry has returned to Southern Illinois Normal University to resume his work as assistant professor of botany.

On leave of absence since January 30, 1942, Mr. Marberry was recently discharged from the United States Army Air Corps.

Until his teaching duties begin spring term, Mr. Marberry has been assigned charge of the campus beautification program, which he initiated before leaving for military service.

Mr. Marberry joined the University faculty in 1939, receiving his bachelor of education degree from Southern, and the master of arts degree from University of Illinois, where he has completed additional graduate work.

###

Carbondale, Ill. Jan. -A student exhibit of still life and landscape drawing opened recently in the Little Gallery in Old Main on the Southern Illinois Normal University campus.

Drawings displayed in the exhibit were done in charcoal by 16 art students. They were selected for their general qualities as good drawings.

Special to Southern Illinois Dailies
Release on receipt

Carbondale, Ill., Feb. 1 -Authorities of Southern Illinois Normal University today received telegrams notifying them that the National Housing Agency has approved the University's application for 55 family dwelling units for veterans.

Orville R. Olmsted, Federal Public Housing Authority, Chicago, wired University President Chester F. Lay as follows: "Your application for temporary housing approved for 55 family units, depending upon the buildings available to us. It may be possible to substitute two dormitory units for each family unit approved. We have not yet determined location of facilities which we propose to transfer. Expect make this determination shortly, at which time we will advise you in detail."

Other telegrams conveying this information were received by the University president from U. S. Senator Scott W. Lucas and Congressman C. W. Bishop, both from Washington.

President Lay, who was in Bloomington today to attend a meeting of the Illinois Schoolmasters Club, was notified of the wires by phone.

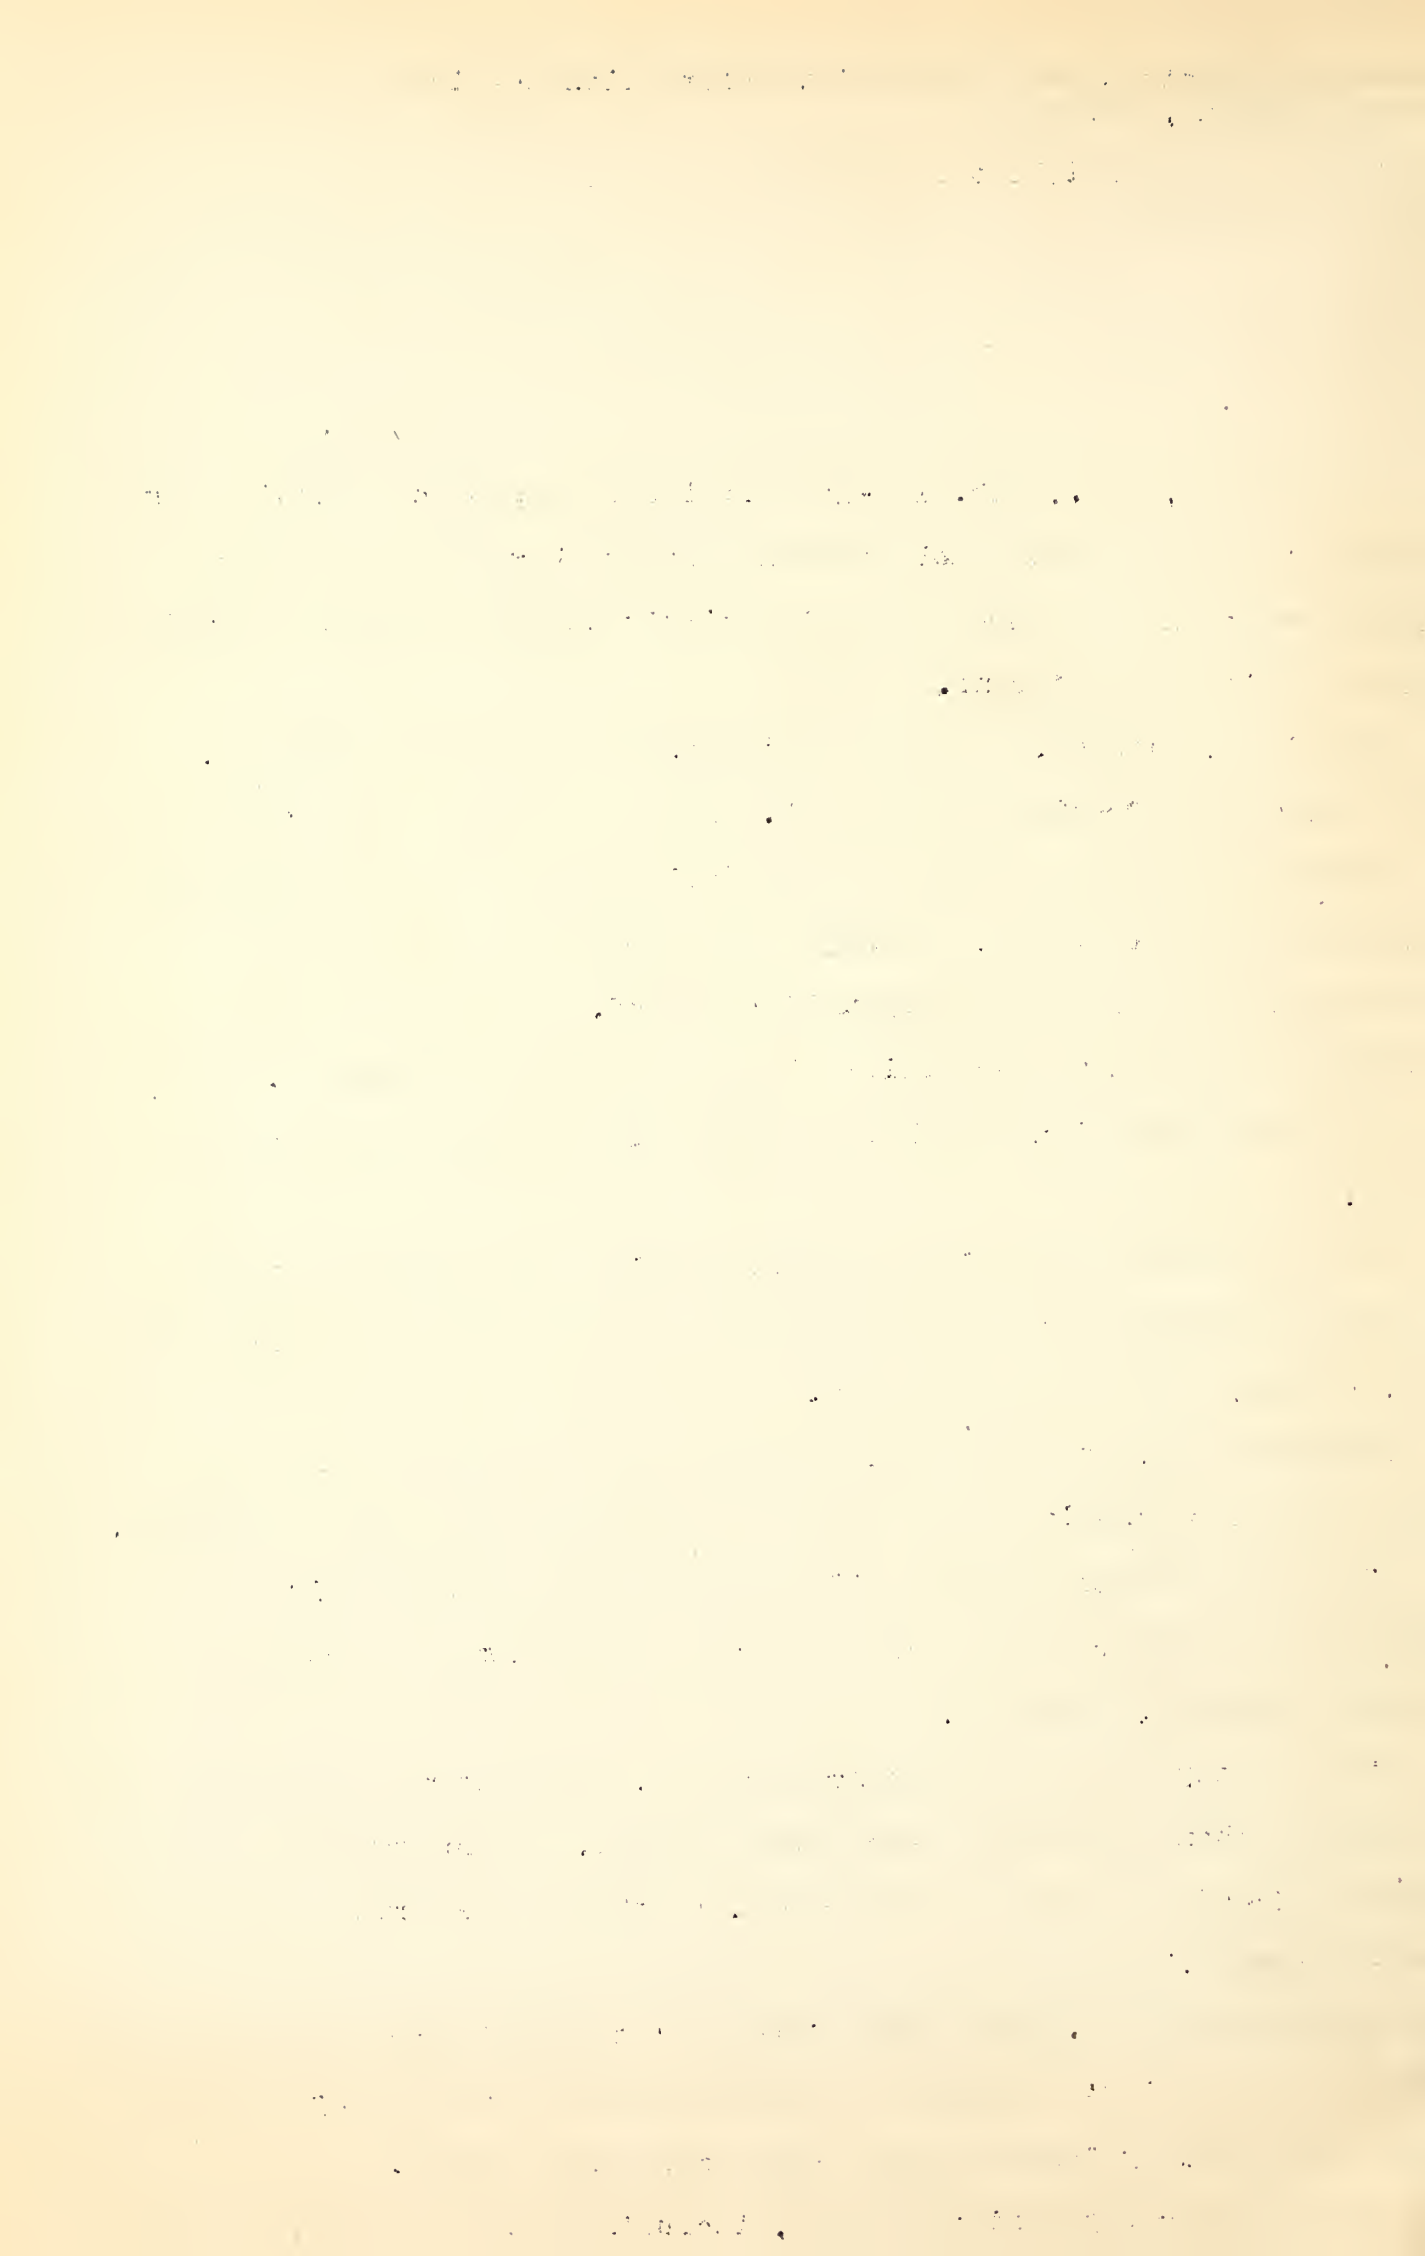

"We are happy to receive this notification of prospective emergency relief for our housing shortage, which has been growing more and more critical," he said.

"We already have 279 veterans enrolled, and many more are expected to register when our spring term opens March 9. Approximately a third of those already in school are married, so that these family units are urgently needed."

President Lay expressed gratitude for the assistance that has been given the University's efforts to secure emergency housing by Governor Dwight H. Green, by Senator Lucas and Congressman Bishop.

Other University officials here, including Dr. Charles D. Tenney, administrative assistant to the president, Business Manager Edward V. Miles, Jr., and Mrs. Mabel Pulliam, housing counselor, were gratified at the approval of the University's application for housing units.

No information is available now, they said, as to how soon the housing facilities will be delivered and ready for occupancy.

Special to Southern Illinois Dailies
Release on Saturday

Carbondale, Ill. Feb. 2 - The teaching and research staff of Southern Illinois Normal University has been expanded by approximately 30 per cent since the opening of school September 10, Dr. Charles D. Tenney, administrative assistant to the president, pointed out today.

A total of 40 appointments, including faculty assistants and graduate assistants, have been made in the last five months, he said.

"These are exclusive of the administrators who have been appointed, such as certain student life and college deans," he explained.

Many of the 40 additions are former faculty members who have returned from military leave or government war service.

"A number of other positions are being held open until still others of our staff members on leave are discharged and can resume their duties here," Dr. Tenney added.

"But there are still many important faculty positions which are open for which the college deans and the president are screening applicants. In some cases, there are as many as two dozen applicants under consideration for a particular position. Such a process naturally requires time, but we feel that we are making excellent progress in bringing back former faculty members and in adding new positions that have been made necessary by the University's expansion program.

"Perhaps at no earlier time has the competition for teaching personnel been so great. All colleges and universities throughout the country are facing the same problem of faculty-expansion as Southern, so we cannot expect an immediate solution to all our searches for new teachers."

Carbondale, Ill., Feb. - Three misconceptions which many veterans have as to their educational rights were blasted here today by a Southern Illinois Normal University veterans' adviser.

Dean of Men A. J. Ter Keurst cautioned veterans to get the following notions out of their heads:

(1) That they must have been in school when they were inducted in order to be eligible for Veterans Administration aid to continue school.

(2) That they are not eligible if they are over 25.

(3) That if they have not completed high school they are not able to enter college without first going back to high school and earning a diploma.

All of these conceptions are erroneous, the dean said.

A veteran does not have to prove that his education was interrupted by induction in order to benefit from federal aid to go to college, he emphasized.

Nor does the 25-year-age limit any longer apply, he added.

"Through the U. S. Veterans Guidance Center here, every day veterans who did not complete high school are given tests which reveal their aptitude for college-level work," he declared.

"They are given the General Educational Development tests, and if the results of these tests indicate their training and experience has qualified them to do college-level work, they can be admitted to college (a) by taking special examinations or (b) as unclassified students, later to work off certain unabsolved admission requirements."

Special to Southern Illinois Dailies--Attention: Sports Editors

Carbondale, Ill., Feb. - Coach Glenn "Abe" Martin's Southern Illinois Normal University Maroons handed the Cape Girardeau (Missouri) State College basketball team a 58-46 defeat there last Tuesday night in a non-conference game.

Leading the Missouri five all the way, Southern's game was slow and deliberate, with exceptionally sound defense. Don Sheffer, Zeigler, added 19 points to his high-scoring record in the Cape game, while Sam Milosovich, also of Zeigler, cumulated 14 points during the contest.

At present leading the Illinois Intercollegiate Athletic Conference with a record of five victories and one defeat, the Maroons face real threats to the championship in their next two home games against Western Illinois State Teachers College, Saturday, February 16, and Northern Illinois State Teachers College, February 22.

Martin has called particular attention to the fact that the date of the final home game with Northern has been recently changed from February 23 to February 22. At present, Northern is at Southern's heels for the conference crown with four wins and only one loss.

Martin anticipates a close game with Western here Saturday night at eight o'clock, as the Maroon team came out with only a one-point margin in their first win over Western, played there.

Western met Eastern Illinois State Teachers on the Macomb floor Wednesday night for a conference game.

Carbondale, Ill., Feb. -Australian-born Archibald Gilchrist will address the Southern Illinois Normal University student body assembly on "International Security in the Pacific" on Thursday morning at ten o'clock in Shryock Auditorium.

Currently on Rotary Institute tour, Mr. Gilchrist has recently been broadcasting over American stations his experiences from his life and travels throughout Australia.

For three years a Liberal member of the Western Australian Parliament, Mr. Gilchrist has been interested in political trends and developments in the Orient as they relate to his own native country.

Before coming to the United States, Mr. Gilchrist owned and conducted a newspaper in Carnarvon, Northwest Australia, and was proprietor of a commercial broadcasting station in Gippsland, Victoria, for several years.

Following the first World War, he aided in the work of repatriation of returned soldiers and for six years served as General Secretary of the New Settlers League, a semi-official immigration organization.

###

Carbondale, Ill., Feb. -Included in the December, 1945, monthly supplement of Who's Who is Dr. Arthur John Ter Keurst, educator, dean of men at Southern Illinois Normal University.

Dr. Ter Keurst came to the Southern campus last spring from Western Illinois State Teachers College to serve as dean of men. Previously, he was head of the education department, College of Emporia, Kansas; registrar, Chicago Christian College; teacher in the Evanston Township High School, and principal of the grade schools in Holland, Michigan.

Special to Southern Illinois papers

Carbondale, Ill., Feb. --Another major step was taken this week in Southern Illinois Normal University's expansion program.

The sum of \$737,500 was released to Southern by Governor Dwight H. Green for purchase of some 400 acres of land adjacent to the present 180-acre campus.

"This release gives Southern the 'green light' to push as rapidly as possible its move to acquire sites not only for buildings to be constructed during the present biennium but also for its 25-year expansion program," President Chester F. Lay declared.

"We are already negotiating with property owners in the areas of immediate expansion," he said, "and plans are going forward satisfactorily for the buildings to be constructed during this biennium."

"A committee of three expert real estate appraisers--O. W. Jones of Murphysboro, Lawson Fore and H. H. Nooner of Carbondale--was designated in January by Frank G. Thompson, Director of Registration and Education and chairman of the Teachers College Board, to serve as a committee to assist us in evaluating these properties.

"This committee has been at work since early in January and the University through its business manager, Edward V. Miles, Jr., has been dealing with property owners in preliminary negotiations."

The land-acquisition fund is part of a \$4,623,373 post-war expansion and building appropriation made to Southern by the General Assembly at its last session--the largest made to any of the five Illinois State teachers colleges.

The other colleges received, respectively: Illinois State Normal University, \$3,115,171; Northern, \$2,044,988; Eastern, \$2,995,748; and Western, \$2,542,772.

Southern's allotment for land purchases was also the largest, the \$737,500 here comparing with \$260,000 at Normal, \$60,000 at Northern, \$60,300 at Eastern, and \$76,200 at Western.

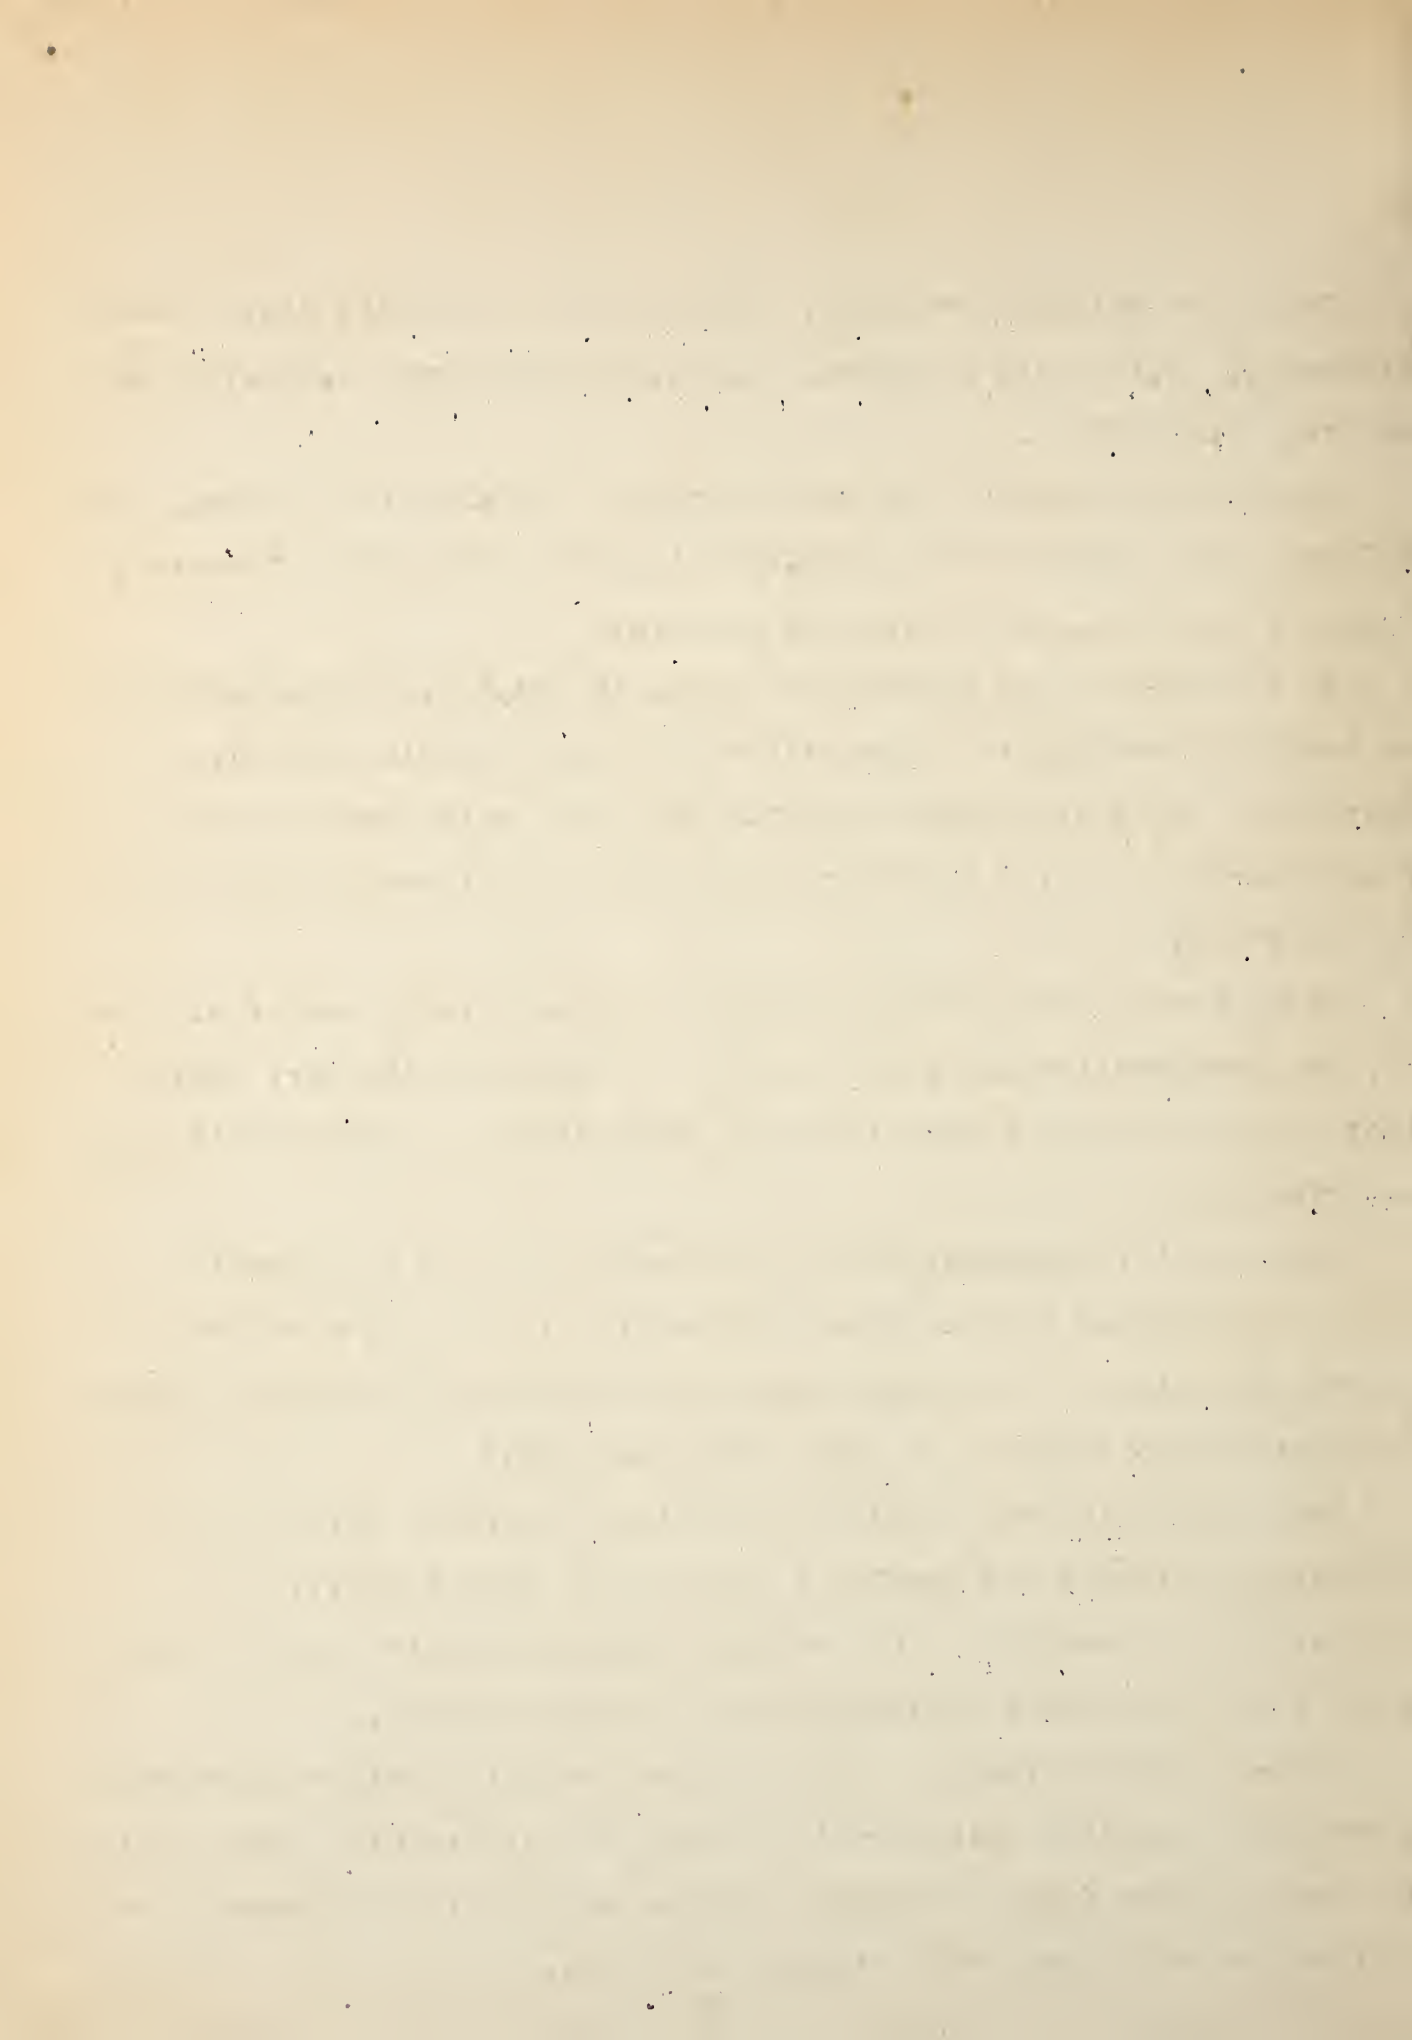

In addition to the purchase of land, the \$4,623,373 appropriation for Southern provides for construction of a new training school, a power plant and a distribution system that will serve not only the present campus but also buildings planned for construction during the next 25 years.

Plans for the new training school were completed a number of years ago, but construction was blocked by the outbreak of the war. Only minor changes have been made in those plans since the appropriation was authorized.

Proposal for construction of the power plant and distribution system was broached for the first time at the last session of the General Assembly, so that when funds were appropriated for them, plans and specifications had to be drawn "from scratch."

These plans are now nearing completion, following surveys by University officials and faculty committees of such facilities at other state institutions, and numerous conferences with representatives of the State Department of Architecture and Engineering.

Semi-final blueprints for the training school shops and Department of Education building which are to be part of the training school unit are expected here from the Chicago offices of the State Department of Architecture and Engineering within a few days.

The Governor during the last few months has released at various times funds to defray costs of drawing plans and specifications for all these building projects, as well as for plans and specifications for the site preparation for the training school. These various allotments have totaled \$113,180.76.

Areas adjacent to the present campus which the University proposes to purchase include: (1) Completion of acquisition of properties for the training school site--an area fronting on Grand Avenue running from Lake Street to what would be Thompson Street if it were projected that far north. The University already owns several pieces of property in this area.

(2) Property west of the University between Grand and Chatauqua as far west as Lake Street.

(3) Property which the University does not already own on both sides of U.S. Highway 51, from Grand Avenue south as far as the so-called Reservoir Road; this area includes not only houses and lots but also some farm acreage as far west as Forest Street, as well as a part of Thompson Lake, and extends to the East to include 50 acres south of the University farm known as the Burkett Fifty.

(4) The Dowdell Farm, east of the railroad track, including a residence and 70 acres.

(5) Property between the Illinois Central railroad track and University Avenue for a distance of 350 feet north of Grand Avenue.

Carbondale, Ill., Feb.--Students at Southern Illinois Normal University will observe National Brotherhood Week here on the campus with a varied program of activities beginning Sunday, February 17, and running through Thursday.

Designed to promote better understanding and tolerance among all peoples, the observance of Brotherhood Week is held annually on the University campus. Sponsors of the events include the Dunbar Society, Pan-Hellenic Council, Inter-Fraternity Council, Student Christian Foundation, Writer's Club, and Independent Student Union.

Included on the calendar for the week are discussions on "Contributions of Negro Poetry to American Culture", by Dr. Charles D. Tenney, professor of English and philosophy, on Monday night at 8 o'clock in the Little Theater, and "Contributions of Negro Art and Music to American Culture," by Miss Amanda Murdock, art teacher at Attucks School, and David S. McIntosh, associate professor and chairman of the Southern music department, Tuesday at eight o'clock in Little Theatre.

Wilbur R. Rice and Warren St. James, veterans, and both graduates of the University, will hold a panel discussion with Dr. Louis Petroff, assistant professor of sociology, on "Future of the Race Problem", Wednesday night, at eight o'clock, in Room 101, Main Building.

Rev. A. L. Davis, pastor of the First Baptist Church of Carbondale, will speak at the final session Thursday evening on some phase of the race problem.

The activities are open to students, faculty, and townspeople.

Carbondale, Ill. Feb. -Unchallenged in first place in the Illinois Intercollegiate Athletic Conference, Southern Illinois Normal University meets the one potential threat to conference championship, Northern Illinois State Teachers College, here Friday night in the Maroons last home game of the season.

Southern's decisive victory over Western Illinois State Teachers College here Saturday night, and Illinois State Normal University 49-46 victory over Northern of DeKalb last weekend clinched a sure tie for conference lead for Coach Glenn "Abe" Martin's team.

After the first 30 seconds of play, Southern led Western throughout the finish, the final score reading 78-46, before the largest crowd of the season, except for the Wright Field game.

Martin's starting line-up remained unchanged, with Don Sheffer and Sam Milosevich, Zeigler, at forward; Quentin Stinson, Eldorado, center; Gene Stotlar, Pinckneyville, and Leedio Cabutti, Johnston City, guards.

Coach Martin was well pleased with the Maroons' hitting Saturday night, as almost all the shots taken from within fifteen feet of the basket effected a score. Bill Crum, Mt. Carmel, took two shots from the 25 foot area, making one during the last few seconds of play.

Forwards Sheffer and Milosevich seemed especially "hot" in screening off the opposition and getting good shots around the basket, Martin said.

Milosevich was high-point man in the game with seven field goals and eight free throws. Stotlar amassed 17 points, with Sheffer, who left the game on account of his injured leg, scoring 14 points.

Carbondale, Ill. Feb. --Dr. T. W. Abbott, dean of the College of Liberal Arts and Sciences, has been designated to represent Southern Illinois Normal University at the inauguration of Dr. Arthur Compton as president of Washington University on February 22, President Chester F. Lay has announced.

Leading universities and colleges from all parts of the country have been invited to send representatives to the ceremony.

###

Carbondale, Ill. Feb. --Invited to send an official representative to the Sesquicentennial Celebration of the University of North Carolina in April, President Chester F. Lay of Southern Illinois Normal University has designated Dr. Charles D. Tenney this honor.

Dr. Tenney is administrative assistant to the president of Southern and professor of English and philosophy.

"We here at Southern have a close kinship with the University of North Carolina," Dr. Lay pointed out. "Southern Illinois was settled a century ago by people who moved westward from the Carolinas and Virginias, and our heritage is deep-rooted in the fine stock of those early colonies.

Carbondale, Ill. Feb. -Dr. Orville Alexander will return to the Southern Illinois Normal University faculty March 11, to devote all his time the spring term to working with the University alumni.

This is the first time Southern has had a faculty member assigned to serve and cooperate with alumni on a full-time basis.

Next summer Dr. Alexander will devote a fourth of his time to teaching duties in the department of government as associate professor.

A graduate of Southern in 1931, Dr. Alexander has retained an active interest in the University alumni organization, and is well acquainted with the association's aims and problems.

For the past two years, Dr. Alexander has been on leave of absence from the University faculty to engage in special research work with the Illinois Legislative Council in Springfield.

Dr. Alexander received his master of arts and doctor of philosophy degrees from the University of Iowa. He joined the Southern faculty in 1938.

####

Carbondale, Ill. Feb. -The "B" Squad of Southern Illinois Normal University's basket ball team recently defeated Carter's Aces, independent club, by a score of 75-30.

The second-stringers will take on the Intramural All-Stars in a game Friday night, Feb. 22, as a curtain-raiser for the varsity squad final game of the season, against Northern Teachers.

For Release Friday

Carbondale, Ill., Feb. --Coach Glenn "Abe" Martin's Southern Illinois Normal University Maroons in their game here tonight intend to break the "jinx" which has allowed three Northern Illinois State Teachers College teams to slide past the Maroons by one, two, and three and one-half point margins for Illinois Intercollegiate Athletic Conference championships during the past two years.

The "jinx" must have started when Northern wrested the I.I.A.C. football title from Martin's eleven two seasons ago by one point. Undefeated in conference play, both teams were up for the title until the ^{final} game in the season.

Last basketball season, Martin recalls, the Southern five lost the conference title to Northern in the final game of the season by two points, giving the Huskies the championship.

The three- and one-half margin loss to Northern was that of the Maroon's track team last spring, when Southern lost the final event, the mile, to Northern.

Despite the team's "hard luck" during the past seasons, a view of the fifteen year record of Southern's basketball reveals that the Maroons have garnered 18 victories over Northern, losing only eight games.

Probably because of the distance between the two institutions, for the past four years, Southern has scheduled their final basketball game in the season with Northern.

Officials for the game here tonight will be Fred Young, Bloomington, and Odell Pulley, Marion. Game time is at 8:00 p.m.

Carbondale, Ill. Feb. -Appointment of Ben Watkins as assistant professor in the art department at Southern Illinois Normal University for the spring and summer sessions has been announced by President Chester F. Lay and Dean Henry J. Rehn of the College of Vocations and Professions.

While at Southern, Watkins will give particular attention to ceramics.

Watkins received the degree of associate in arts from Whitmorth College, Miss., and the bachelor of arts and master of arts degrees from Louisiana State University.

In addition to two years' graduate work in the department of art at L.S.U., Watkins has taught in the Nicholls High School, New Orleans and was head of the department of art at Phillips University, Enid, Okla.

Since 1944, he has been employed as a draftsman and tool designer with Stearman Aviation, Inc., Enid. During this time he continued his evening classes in pottery and wood carving at Phillips.

Watkins was awarded the Louis Comfort Tiffany Fellowship in 1939, for summer study at Tiffany Foundation, Oyster Bay, New York. In 1940 he was awarded first prize for his painting in the annual Louisiana Art Commission Exhibit.

Carbondale, Ill. Feb. -Miss May Sarton, distinguished poet and lecturer, has been appointed as poet-in-residence at Southern Illinois Normal University for one month, June 10 to July 6, during the summer term, Dr. Chester F. Lay, president, has announced.

Miss Sarton will serve on the faculty of the English Department in the College of Liberal Arts and Sciences.

She will teach two courses--English 309, "A Background for Modern Poetry," and English 323, "The Teaching of Poetry," according to Miss Emma Bowyer, chairman of the department. In these classes she will emphasize a discussion of the chief modern poets and the reading aloud of poetry, as well as "what poetry is really about."

A World War I refugee from Belgium, Miss Sarton began a career as an actress, but abandoned the stage in 1937 when her first book of poems, Encounter in April, appeared.

Since that time she has published three more books, The Single Hound, a novel; Inner Landscape, poems; and The Bridge of Years, a novel, which is appearing this year.

In 1945 Miss Sarton received the Golden Rose of the New England Poetry Society, and the Edward Bland Memorial Fellowship of Poetry Magazine.

Miss Sarton spoke to the student body last November 1, when brought to the University campus under the auspices of Sigma Tau Delta, national honorary English fraternity.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations (1) and (2) under the assumption that the functions $f_i(x)$ and $g_j(x)$ are continuous and satisfy certain conditions.

2. In the second part, we consider the case when the functions $f_i(x)$ and $g_j(x)$ are piecewise continuous and the system of equations (1) and (2) is solved in the sense of Carathéodory. It is shown that under certain conditions, the system has a solution in the class of piecewise continuous functions.

3. In the third part, we consider the case when the functions $f_i(x)$ and $g_j(x)$ are discontinuous at a finite number of points. It is shown that under certain conditions, the system has a solution in the class of functions that are continuous except at a finite number of points.

Carbondale, Ill., Feb. --With one game remaining on their schedule which may decide for them the Illinois Intercollegiate Athletic Conference championship, the Southern Illinois Normal University Maroons have an impressive scoring record for the season with a total of 1,020 points accumulated in the 13 games played thus far, as against the 823 points accredited their opponents.

Coach Glenn "Abe" Martin's team has similarly outpaced their I.I.A.C. competitors in scoring, effecting 446 points for the seven conference games, and holding the opposition to 300 points.

Southern's team has a decided favorable balance of wins over losses, thus far this season losing only five games. Worst defeat dealt Martin's men was that handed by the renowned Wright Airfield quintet early in the season, when the final score read 71-56.

Other losses, which were much closer games, include two to Murray State Teachers College, Kentucky; a 43-44 loss to Evansville (Indiana) College, and the only I.I.A.C. defeat, that by Northern State Teachers on February 2, when the Maroons were forced out by a two-point margin.

Besides their conference victories, Martin's team can be lauded for its successes over such outstanding teams as Bowling Green, Kentucky; Loyola University of the South, 1945 champions of the Kansas City National Intercollegiate Basketball Tournament; Arkansas State Teachers College; Cape Girardeau (Missouri).

Preliminary to the Southern-Northern game here Friday night which begins at 8:00 p.m., is a game at 6:15 between the two top intra-mural teams of the University to decide the championship intra-mural squad, Coach Martin announced.

Carbondale, Ill. Feb. -Two articles tracing the influence of the Scotch-Irish in the early pioneer history of Little Egypt written by Southern Illinois Normal University historians appeared in publication the past month.

Dr. Jesse W. Harris, associate professor of English, whose study, "Pioneer Vocabulary Remains in Southern Illinois" is in the December issue of the Journal of the Illinois State Historical Society, explains the use and origin of certain dialectical words and phrases, many of which are based on the Scotch-Irish racial inheritance.

Pointing out certain forms and usages, expressions, and lore that are peculiar with some isolated places in the southern Illinois area, Dr. Harris emphasizes the similiarity of the dialetical matter with that used in the principal southern Applachian localities from whence many of the early Scotch-Irish settlers came to this region.

John I. Wright, assistant professor of history, tells of the migration of the Scotch-Irish to "Egypt" as they moved on here after a brief stay in Virginia, in the January issue of the Journal of the Southern Illinois Historical Society.

Also featured in the same Journal is a write-up by Dr. Jesse W. Harris on "A Pioneer Teacher in Acting," lauding the late James W. Turner, who taught in Williamson and Saline Counties for more than half a century.

Carbondale, Ill. Feb. -According to the annual report of Southern Illinois Normal University's Placements Service which appeared recently, students who have majored in English, commerce, mathematics, women's physical education, or foreign language have the best statistical chances of obtaining a teaching position in high school, based on the number of calls received by the office for such qualified teachers.

Fields of specialization ranking next according to vacancies reported in teaching staffs include coaching, music, home economics with Smith-Hughes certificate, general social science, science, biology, general science, men's physical education, industrial arts, history, library, administration, physics, agriculture, and art.

During the past year, the report shows that 984 calls for teachers of the elementary subjects were received by the Placement's Office. The need was greatest for filling positions in general grades or teaching specific courses as art, girls' physical education, music, and so on. Teachers for kindergarten and primary work were called for 242 times. Vacancies in junior high schools totaled 112, while openings in the intermediate grades numbered 187. For work in the upper grades, 95 positions were reported open.

Many more vacancies were reported to the University Placements Service than could be filled. Out of 1833 vacancies, the report shows that 683 sets of credentials were sent to the various schools, for the 509 persons registered with the Placements Office. From the 1945 graduates, the undergraduate group, the alumni group, and registrants from other colleges, Southern's Placements Service placed a total of 193 teachers in six states and 53 Illinois counties.

Director of the University Placement Service is Dr. T. W. Abbott.

Special to Southern Illinois Dailies

Carbondale, Ill. Feb. -The negro has made possibly the most original American contribution to literature through the "blues" and the "spirituals" a Southern Illinois Normal University professor of English and philosophy told his audience here Monday night.

Admitting that there would probably be some disagreement as to whether the "blues" or the "spirituals" could be called poetry, Dr. Charles D. Tenney, speaker at the first of a series of discussions during National Brotherhood Week, justified his first statement by defining poetry as an "adequate expression of human experience." Certainly the "blues" and the "spirituals" are expressive, and do reflect human suffering and aspiration, he pointed out.

These two contributions of the negro to poetry are often ignored, declared Dr. Tenney, as they are ordinarily associated with music. Among the selections Dr. Tenney used to give his listeners the particular appeal of these two kinds of poetic expression, were excerpts from Langsdon Hughes, and James Welton Johnson.

Remaining on the week's agenda is a discussion on "The Contribution of Negro Art and Music to American Culture," Tuesday night, and a panel on "The Future of the Race Problem," Wednesday night.

###

Carbondale, Ill. Feb. -In coordination with student activities on the Southern Illinois Normal University campus this week in connection with National Brotherhood Week, Wheeler Library is featuring a special display of literature on the subject.

Sparking the exhibit, composed of volumes and pamphlets on the contributions of the Jews, American Indians, and Negroes to American life, are several "Mr. Biggott" cartoons by Carl Rose, which point out various aspects of racial and religious discrimination.

Carbondale, Ill. Feb. -The appointment of Conrad White as assistant professor of agriculture at Southern Illinois Normal University to become effective March 11, has been announced by President Chester F. Lay and Dean Henry J. Rehn of the College of Vocations and Professions.

Mr. Conrad, a specialist in animal husbandry, was graduated from the Unionville High School, Missouri. He received a bachelor of science in education degree from Kirksville State Teachers College, a bachelor of science in agriculture and a master of arts degree from the University of Missouri.

For the past 12 years Mr. Conrad has been a vocational agriculture instructor. Previous to this time he spent four years as a teacher in the rural schools and three years as superintendent of the public schools in Missouri.

In addition to his teaching duties, Mr. Conrad has been a practical farmer, raising pure-bred livestock. He is a member of the board of directors of the Missouri Aberdeen-Angus Association, secretary of the Putnam County Shropshire Sheep Association, was secretary of the Putnam County Fair for six years, secretary of the Putnam County Angus Association for six years, and secretary of the Unionville Saddle Horse Show for three years.

Carbondale, Ill., Feb. --With 219 courses listed for the spring term which opens March 11, Southern Illinois Normal University has expanded its program of instruction 20 per cent above last spring, President Chester F. Lay reports.

The/^{proposed}spring course schedule shows an increase of 36 courses over the spring of 1945.

This expansion in the University's instructional program has been made possible by the addition of 23 new faculty members during the past year.

Seventeen of these courses are offered by extension, and are conducted in the various communities and towns of Southern Illinois. Other course may be added as new-faculty members are added to the staff.

#

Carbondale, Ill., Feb. --As a preliminary to the Southern Maroons final basket ball game this season with Northern Teachers here on February 22, the Southern Reserves, or "B" team, will play the Intramural All-Stars at 6:30 p.m., William Freeburg, instructor in physical education, has announced.

The Maroon-Northern game will begin at 8 p.m.

Special to Southern Illinois Papers

Carbondale, Ill. Feb. -Despite recurrence of a sophomore-year knee injury, Don Sheffer, tall, lanky blond Southern Illinois Normal University athlete from Zeigler, climaxes four years of varsity basketball as leading scorer in the Illinois Intercollegiate Athletic Conference in this, his senior, year.

Sheffer has averaged 17 points a game from forward position for the seven I.I.A.C. tilts this season, having a total of 119 points to his credit. Without doubt, his scoring ability has had no small part in placing Coach Glenn "Abe" Martin's Maroons in front position in the I.I.A.C. standings.

"Shef" broke a conference record with his 36-point tally in the game with Illinois State Normal University here two weeks ago.

Interested in basketball from 'way back, Sheffer was a star-player on the Zeigler grade and high school teams, before coming to Southern. Incidentally, all through school, Sheff says, he played with Sam Milosevich, Maroon forward also from Zeigler, who follows Sheffer pretty closely in basket-shooting ability.

Besides basketball, Sheffer is interested in track, baseball, and tennis activities, which round out a yearly program of sports for him. Last season "Shef" made the varsity tennis team, and came out champion of the singles in the Third Division at an I.I.A.C. meet.

Last fall, Sheffer was a member of the Maroon track team which copped the I.I.A.C. championship, coming out in third place in the cross-country run event. Although he can (and at times, does) play football, Sheffer admits that the faster games have more appeal for him.

"Shef's" major at Southern is in physical education, and he is going to have a minor in health education.

In addition to a busy schedule of practising for basketball and his other sports, Sheffer has managed time to participate in extra-curricular activities at the University. Last spring, he was one of fifteen juniors elected to "Sphinx", honorary student "Service-to-Southern" organization.

Sheffer's leading opponent in individual I.I.A.C. scoring honors has been Woods from Northern Illinois State Teachers College.

The game here with Northern Friday night will be the last conference meet for both basketball teams, a Southern win giving the Maroons the I.I.A.C. championship. If Northern can defeat Eastern Illinois State Teachers College Thursday night, a victory over Southern here the next night would tie the championship between Southern and Northern.

Carbondale, Ill., Feb. - Coach Glenn "Abe" Martin's Maroons downed their Northern Illinois State Teachers College opponents, 61-30, in the season's final game before an over-capacity crowd in the Southern Illinois Normal University gymnasium here Friday night.

Insisting that the "game was better than the score indicates," Martin none-the-less was well pleased with the performance of his Illinois Intercollegiate Athletic Conference championship team.

Chief interest in the game was the contest between Southern's Don Sheffer and Northern's Robert Woods for I.I.A.C. individual scoring honors. Outpacing his opponent, Sheffer rang up 26 points in the game, to bring his conference scoring total to 145 points, and held Woods to ten points, for a 124 point conference season.

Martin remarked that Quentin Stinson, Eldorado, played his best game of the season in the game against Northern Friday night, as he seemed particularly effective in rebounding, both in defense and offense. Playing in center position, 6'4" Stinson has emerged this season as a potential great basketball player, Martin declared.

The Maroon first five played the majority of the game against Northern, but Coach Martin substituted freely during the latter part of the second half. Sheffer played until the last few minutes, when he was forced to leave the game because of his knee injury.

Resume of the 1945-46 Maroon basketball season shows that Southern scored a total of 1,081 points in their 19 games, holding their opponents to 853 points. Martin's team won 14 of their games, losing only five.

In conference play, Maroon scores totaled 507, as against 330 for the opposition, winning seven out of the eight I.I.A.C. tilts.

Attention: Sports Editors

Carbondale, Ill., Feb. -Don Sheffer, of Zeigler, leading scorer in the Illinois Intercollegiate Athletic Conference, was elected the most valuable member of the Southern Illinois Normal University Maroon five last night by his teammates.

Coach Glenn "Abe" Martin announced the selection Saturday morning, which makes Sheffer the Southern candidate for the Charles Lantz Trophy, annually awarded to the outstanding player in the I.I.A.C.

Sheffer will be voted on, along with candidates from each of the other schools--Eastern Illinois State Teachers College, Illinois^{State}/Normal University, Northern Illinois State Teachers College, and Western Illinois State Teachers College--by the five coaches. No coach may cast a vote for his own team player.

In the game with Northern here Friday night, Sheffer made 26 points to bring his conference scoring record to 145 points. His leading competitor, Robert Woods, of Northern, was held to 10 points in Friday night's game, making his conference total 124 points.

The only senior on the Maroon Squad this year, Sheffer was termed by Coach Martin "one of the greatest competitors I have ever seen."

"He has ability to detect a weakness in his opponent's play, and he seems to know how to take advantage of it. Not only is Sheffer a great shot, but a fine rebounder, a good defensive man, and a good teamman," Martin said.

Release Tuesday

Carbondale, Ill. Feb. - "Compulsory military training as a permanent practice will not serve the interests of either international peace or the security of our own country," declared Robert Faner of the Southern Illinois Normal University faculty last night.

Mr. Faner, associate professor of English, talked on the subject, "Do We Want Compulsory Military Training," in the fourth of a series of community peace forums sponsored by the Independent Student Union at Southern.

"The plan for military training as advocated currently by President Truman will not provide an efficient powerful striking force," said Mr. Faner, since "it does not take sufficiently into account the scientific advances which a future war must utilize."

Professor Faner further stated, "The plan cannot be defended as an educational program, the organization and operation of the army being what it is."

Following Mr. Faner's address, the discussion was opened to the audience.

Recently discharged from the U.S. Army as a staff sergeant, Mr. Faner was stationed for two years in Army Training Instruction at Scott Field, and was later^{at}/an Army separation center in California for one year.

Carbondale, Ill.,-- Instruction of graduate students at Southern Illinois Normal University has increased 50 per cent over the fall term, according to Registrar Marjorie Shank.

Southern is currently giving graduate work to 45 students, 32 of them enrolled in the regular graduate program, while 14 are taking post-graduate courses. Only 30 were registered in graduate work fall term.

Maintaining its function in teacher training, Southern has a majority of its students--808 out of the total of 1,177-- taking work in the College of Education. Over a third of the students, however, are enrolled in the other two colleges--290 in the College of Liberal Arts, and 79 in the new College of Vocations and Professions

Ratio of women to men students in the University now stands at three to two, as compared to the two-to-one ratio of fall term. The number of men registering at Southern increased by 160 in the winter term, a gain of almost 50 per cent. There are now 493 men students enrolled. Southern's co-eds number 684.

Freshman at Southern still retain the lead in class enrollment, totaling 581. Sophomores follow with 274, while the juniors are 126 strong, and the senior class has 130 members. Unclassified students in the University number 20.

Carbondale, Ill. Feb. -In line with the series of community peace forums now being held weekly on the Southern Illinois Normal University campus, two nationally-prominent lecturers will speak to the University student body this month.

Simon M. Davidian, specialist in international affairs, will address the student body on "Making International Organization Effective," Thursday morning, February 7, at 10 o'clock.

"International Security in the Pacific" will be presented by Archibald Gilchrist, Australian broadcaster, February 14, before the assembly.

Born in Constantinople of Armenian descent, Mr. Davidian was reared in Worcester, Mass. After attending college at Bethany, W. Va., and Yale University, he traveled widely, lecturing on his experiences in Europe and in America.

After owning and conducting a newspaper in Carnarvon in Northwest Australia, Mr. Gilchrist owned a commercial broadcasting station in Gippsland, Victoria. He has recently been broadcasting over a chain of American stations his experiences in Northwest Australia.

For three years a Liberal member of the Western Australian Parliament, he was associated with repatriation work for returned soldiers after World War I, and for six years served as General Secretary of the New Settlers League, a semi-official immigration organization.

Both Mr. Davidian and Mr. Gilchrist are currently on Rotary Institute tours.

Carbondale, Ill. Feb. -Return of two more faculty members to Southern Illinois Normal University after service in the armed forces was announced this week.

Dr. Edward C. McDonagh, assistant professor of sociology, will do field surveys for the College of Vocations and Professions until the spring term, when he resumes teaching duties.

Dr. McDonagh came to the Southern faculty in 1940. He received his bachelor of arts, master of arts, and doctorate degrees from the University of Southern California.

Jean Fligor has returned to his former duties of Rural Critic in the Buncombe school, after combat service in the ETO. Mr. Fligor joined the University staff in 1941. He received the bachelor of education degree from Southern, and the master of arts degree from Northwestern University.

Both Mr. Fligor and Dr. McDonagh entered military service in April, 1944.

Special to Southern Illinois Dailies

Carbondale, Ill. Feb. -Southern Illinois Normal University brought nearly a million dollars to Southern Illinois in 1944-45.

A report of Business Manager Edward V. Miles, Jr., covering the fiscal year ended June 30, 1945, shows total income from all sources amounted to \$906,066.95.

This income was derived as follows: state appropriations, \$634,007.00; student fees, \$43,777.48; departmental sales and services, \$7,905.97; auxiliary enterprises, \$71,499.81; U.S. government contracts, \$127,861.81 (based on termination audit); student activity fees, \$21,014.88.

The University's physical plant was evaluated at nearly two million dollars. Investments in land, buildings, improvements and equipment as of June 30, 1945, totaled \$1,995,996.68, after expenditures for plant additions during the year had amounted to \$36,527.38 and other additions totaled \$3,827.33.

Expenditures during the year totaled \$749,518.04, including \$667,164.23 for educational and general purposes; \$62,095.31 for auxiliary enterprises; \$917.50 for U.S. government contracts; \$789.17 for refunds, and \$18,551.83 for student activities.

The \$667,164.23 cost of educational and general operations was divided as follows: 12.46 per cent for general administration and general expense; 1.59 for retirement, disability and death benefits; 56.68 per cent for instruction; .33 per cent for organized research; 3.22 per cent for extension; 6.15 per cent for library; and 19.57 per cent for physical plant operation.
(more)

Auxiliary enterprises operated by the University include the bookstore--income \$16,507.27, expenditures \$12,773.55; cafeteria--income \$31,967.84, expenditures \$35,718.80; residence hall income \$23,024.70, expenditures \$13,602.96.

During 1944-45, 98 loans totaling \$2,007.85 were made to students while loans collected amounted to \$2,460.22. Loans outstanding at the end of the year amounted to \$1,681.31.

In addition to handling the finances of the University, the Business Office cooperates with student organizations in handling their funds. A summary of these accounts shows receipts for the year amounting to \$198,791.54 and disbursements amounting to \$231,746.80.

###

Carbondale, Ill. Feb. -Dr. Charles D. Tenney, administrative assistant to the president, and Dr. E. R. Fair, dean of the College of Education, Southern Illinois Normal University, returned today from Cleveland, where they attended the national meeting of the American Association of Teachers Colleges.

###

Carbondale, Ill. Feb. -John Allen, acting director of the Museum of Southern Illinois Normal University, was the principal speaker at the organization meeting of the new Saline County Historical Association in Harrisburg recently. Mr. Allen spoke on the artifacts, local characters and other historical lore of Saline County.

###

Attention Sports Editors:

Carbondale, Ill. Feb. -Elated from (a) winning the conference championship and (b) defeating their old rivals Northern Illinois State Teachers College, the Southern Maroons this week are tightening their belts and aiming at a trip to the National Intercollegiate Basket Ball Tournament in Kansas City, the week of March 11.

The Maroons will play a post-season game here Saturday night, March 2, against Eureka College to see which team will represent the 16th District at Kansas City.

Eureka is a worthy opponent for the Maroons, Southern Coach Glenn "Abe" Martin points out. Since H. M. Barrow took over the coaching assignment there at the beginning of the second semester, Eureka has won seven out of eight tries.

Their major victories were over Illinois College, which won the Ivy League championship, and over Chanute Field.

Eureka's star is forward Morris Chalfont, while two guards, Warren Collier of Paris and Frank Kovak of Georgetown, are also outstanding players. Collier was all-state high school guard at Paris before he entered the armed forces, and later played with the Navy V-12 at Illinois State Normal University.

Southern went to the National Tournament last year, winning two games and falling before Loyola University of New Orleans in the semi-finals by two points. Loyola won the tournament, but the Maroons turned the tables last fall when they took Loyola here for a 57-38 trimming.

Carbondale, Ill., Feb. --A whole delegation of Fairfield basket ball fans--30 or 40 of 'em--are coming to Carbondale next Saturday night to see their favorite son's conference champs take on another challenger.

The Fairfield fans are coming to witness the play-off game between Glenn "Abe" Martin's Southern Illinois Normal University Maroons and Eureka College, both determined to go to Kansas City March 11 to represent the 16th district in the national tournament.

Fairfield is proud of "Abe." That's his home town, and that's where he coached for three years, building up an undefeated team his second and third years.

Martin is a product of Southern, where he was captain of the University's only conference football championship team, in 1930. That same year he was chosen all-conference left halfback. He also won letters in track for three years.

He took a flier at pro football right after he left the University, but a year later went to Fairfield as coach. After his Fairfield success, he taught and coached at Pontiac, Ill., and had the elation of seeing his basket ball team in sectional tournament play.

He returned to the Southern campus in 1938 as assistant football coach, became head coach in 1939, took on the head

(over)

basket ball coaching assignment in 1943, and was appointed director of athletics last summer.

Martin has produced outstanding basket ball teams the past two years, leading the conference right up to the last fight both seasons. Last year the Maroons went to the national tournament at Kansas City, but lost in the semi-finals.

This year, the Southerners put on the steam right through the entire season, and captured the Illinois Intercollegiate Athletic Conference title, as well as grabbing the high-scoring record through the basket-looping prowess of Don Sheffer, Zeigler, who rolled up a total of 145 points in conference games.

Saturday night, the Maroons will be matched against a team that has knocked off seven of their last eight opponents. Eureka beat, among others, Chenute Field and Illinois College, the latter champions of the Ivy League.

The game will be played in the Maroon stadium, staring at 8 p.m.

Carbondale, Ill. Feb. -- Table tennis, badminton, basketball, and bowling tournaments will be held at the Southern Illinois Normal University Sports Day being sponsored by the Women's Athletic Association, Saturday, March 4. Cleo Ulm of Granite City, president of the association, is in charge of all events.

Delegations representing Illinois State Normal University, Eastern Illinois State Teachers, Cape Girardeau Teachers, and Washington University, will participate in this first sports day ever held by Southern.

Activities open Saturday morning at 9 o'clock with a social get-together, and games in the four sports will continue throughout the day. A luncheon will be held at the University cafeteria for all representatives.

Eastern and Normal will arrive here Friday night to be the guests at Anthony Hall, women's dormitory.

Carbondale, Ill., March -- Students of Southern Illinois Normal University will again have the opportunity to hear four outstanding concert artists.

For the twelfth year, the University will cooperate with the Carbondale Community Association in bringing a series of musical notables to the campus.

The University furnishes auditorium facilities for the series, and allocates a portion of student activity fees to its support, with all students being admitted to all concerts on their activity tickets.

Through this cooperative arrangement, students are afforded the finest cultural opportunities the community can boast.

The Community Concert Association this week is conducting its annual membership campaign, which will close Saturday noon.

#

Carbondale, Ill., March -Its two to one at Southern Illinois Normal University--there are two students today for every one that was here a year ago.

Registrar Marjorie Shank today reported that enrollment for the current spring term is 1527 compared to the 750 this time last year.

Forty-four percent of today's students are veterans. Veteran enrollment at Southern has zoomed from 90 last fall to 280 winter term, and now stands at 677.

Southern has the largest enrollment of any of the five teacher's colleges, and also the largest enrollment of veterans. Latest report on veteran registration in the other colleges shows 324 at Normal, 286 at Eastern, 235 at Northern and 154 at Western.

Carbondale, Ill., March --Miss Helen A. Shuman, dean of women at Southern Illinois Normal University, attended the recent regional conference of the Council of Guidance and Personnel Association in Cincinnati.

Some 488 counselors, including those engaged in vocational, student, veteran, placement, and guidance work from Illinois, Michigan, Indiana, West Virginia, Ohio, and Kentucky were at the session.

Among the notable speakers obtained for the conference was Sarah Blanding, now dean of the New York State College of Home Economics at Cornell University, and president-elect of Vassar College. A past president of the National Association of Deans of Women, Miss Blanding addressed the delegates at the special dinner.

Also attending the conference from Illinois were Mr. Ruth McCarne, counselor to women, Northwestern University; Mrs. Lela Trelease, acting dean of women at the University of Illinois; Mrs. Leona Felsted, of Illinois Wesleyan; Miss Anna Keaton, Illinois State Normal University; and Miss Ruth Zimmerman, Western Illinois State Teachers College.

Carbondale, Ill., March - Four paintings by Southern Illinois Normal University art students will be exhibited in the State Museum art galleries from May through August in the show of student work from the Illinois colleges and universities.

Included in the four paintings is a landscape by Lorraine Carrington of Carbondale; and a stilllife by Kinuye Jitodai of Seattle, Washington, Mrs. Dorothea Swan, assistant professor of art, announced today. The other two paintings --watercolors--have not yet been selected.

Each college and university in the state has been invited to send art works in painting, sculpturing, and ceramics to the museum galleries for a first exhibition of college student art.

###

Carbondale, Ill., March - Featured in the current March issue of the Illinois Music Educator is the Southern Illinois Normal University Madrigal Singers.

Under the direction of Floyd V. Wakeland, this select group of twelve students has won acclaim throughout Egypt for their presentation of madrigals, or special arrangements of Old English tunes. Attired in authentic Elizabethan period costumes, the students sing without any accompaniment.

Carbondale, Ill., Mar.- The Southern Maroons left early Sunday morning by train for Kansas City to match their basketball prowess against ace teams from all parts of the country in the national intercollegiate basketball tournament which opens Monday noon.

Coach Glenn "Abe" Martin took a ten man squad fro the Kansas City tourney, including the following players: Don Sheffer, Zeigler, forward; Calvin Collins, DuQuoin, forward; Leedio Cabutti, Johnston City, forward; Dick Harmon, Granite City, guard; Sam Milosevich, Zeigler, forward; Gene Stotlar, Pinckneyville, guard; Quentin Stinson, Eldorado, center; Bill Malinsky, Flora, guard; Roy Ragsdale, DeSoto, guard; Dick Foley, Carbondale, guard.

The Maroons lost by one point Friday night to the Chefford All-Stars at Fairfield. The score was 62-61.

This was Southern's second game since they won the Illinois Intercollegiate Athletic Conference championship. On March 2 they played a two-team tournament against Eureka College for the right to represent Illinois at the national tournament, winning by a score of 53-36.

Finals in the Kansas City tourney are scheduled for Saturday night, March 16.

Carbondale, Ill., March --Some "hints to civilians" might well be the title for a recent article which a Southern Illinois Normal University sociologist wrote.

Actually, Dr. Edward C. McDonagh entitled his article "Some Hints to Professors," and offered tips to his academic colleagues on how to treat the returned veterans who become students again.

But some of his suggestions for the classroom are sound advice for the fathers and mothers, brothers and sisters, wives and sweet-hearts and friends of the returning veterans.

For example:

Don't manifest a "deference" to veterans' past rank in the Army-- "privates" will not appreciate references to the successes and military status of high ranking non-coms and commissioned officers."

Don't rush him--try to control his natural tendency to make up for lost time.

Give him a feeling of status and importance. Call him Mister-- "No title will seem as wonderful to the average soldier as 'Mister.' **such** a title means that he is not a serial number, but a person with personal freedom and importance."

Dr. McDonagh's article was published in the Bulletin of the American Association of University Professors. He is also the author of an article on "Aspects of Military Counseling," in the journal Sociology and Social Research, and he and his wife, Louise McDonagh,

(more)

jointly wrote one entitled "War Anxieties of Soldiers and Their Wives," which appeared in Social Forces.

Dr. McDonagh recently returned to the Southern faculty from military service, having served for some time as a vocational counselor in the Separation Center, War Department Personnel Center, Fort Leavenworth, Kan. Mrs. McDonagh had been teaching in the Nursery Schools at Montebello, Calif.

###

Carbondale, Ill., March --Word of the appointment of Dr. Edgar A Holt, former head of the history department at Southern Illinois Normal University, as professor of American history at the University of Kansas City, has been received here.

His release from the Army Air Forces pending, Captain Holt has been serving as chief of the historical section in the Office of Headquarters, 5th Air Force Service Command, and later of Headquarters, Far East Air Service Command. Both historical accounts of operations of the two commands were written by him for the War Department.

Last November, Captain Holt was awarded the Bronze Star medal for meritorious achievement in military operations in the Southwest Pacific.

Dr. Holt served as dean of Omaha University for eleven years after leaving the Southern faculty.

Carbondale, Ill., March -An influx of several hundred new students, both veterans and civilians, is expected at Southern Illinois Normal University next Monday as registration for the spring term gets under way.

The Registrar's Office has been the busiest in history during recent weeks answering inquiries about spring term offerings, and the housing service already has applications for some 80 couples and 60 boys who are apartment or room-seekers.

A total of 278 courses in 23 different fields or departments will be available during the spring term, an increase of 23 percent in the number of courses over those offered during the spring term a year ago.

A faculty of 159 is available to give instruction this spring, an increase of 14 per cent over the number teaching last spring.

Six new faculty members will assume their teaching duties with the opening of the spring term--Dr. Orville Alexander, professor of government, who will teach one course; Conrad White, agriculture; Ben Watkins, in art; Judge C. E. Wright, who will teach one course in business law; Dr. E. C. McDonagh, assistant professor of sociology; and Robert W. English, assistant professor of industrial education.

Carbondale, Ill., March --Southern is "going to the people" to find out what they want in the way of vocational and professional training.

The new College of Vocations and Professions at Southern Illinois Normal University is particularly aiming at adapting its training program to the needs of the people, Dr. Henry J. Rehn, dean of the college, points out.

As one means of finding out what the people want, the college has been sending out two of its faculty members to ask questions of industry, agriculture, and other groups--Dr. Edward C. McDonagh, associate professor of sociology, and Robert W. English, assistant professor of industrial education.

"The College of Vocations and Professions, particularly, is trying to build up curricula and courses of study of a vocational and professional nature which will best serve the interests of students who are interested in obtaining in Southern Illinois university training that will enable them to live and work in the area in a manner that will serve best the people of this portion of the state," Dean Rehn explained.

"We are also interested in making available training to those people who can come to the University only for a short period of time, or who can come only for evening sessions," he continued.

(more)

Pointing out that development of such a program is "no easy task," Dean Rehn declared that "the University fully appreciates the fact that it does not know all the answers, and has, therefore, started going to the people of the area."

Due to the increasing enrollment in the college and the need for Dr. McDonagh and Mr. English in their own special departments, both will take up full-time teaching in the spring term which opens March 11.

"In spite of the loss of these two men," Dean Rehn said, "we hope that this 'going to the people' can be kept up."

"In addition to seeking advice and counsel off the campus, we want also to get the advice and counsel of our own students on the subject of how we can best serve Southern Illinois."

Release Tuesday

Carbondale, Ill., March 11 - As a means of accommodating increasing numbers of returning veterans, Southern Illinois Normal University today tightened scholastic requirements in a move to "weed out" students who fail to make their grades.

The Advisory Council today voted to raise the grade-point average required for passing from 2.75 to 3.00, and to reduce the term on which a student may remain on probation from two terms to one term.

In other words, a student who falls below a grade point average of 3.00 this spring will be placed on probation. If he has not succeeded in raising his average by the end of the summer term (or, if he does not go to summer school, by the end of the next fall term), he is dropped from the University and may not re-register.

Students now on probation will be allowed until the end of the summer term to bring up their grade averages, however.

Many University classes were filled by noon today as more than 1,400 students signed up on the opening day of registration for the spring term. Especially popular with veterans were mathematics, industrial education, and chemistry courses, the registration committee reported.

The Advisory Council was hurriedly called into session today at noon by President Chester F. Lay to consider some means by which all veterans seeking to enroll might be accommodated. It was thought that

all comers could be cared for this spring, but that steps must be taken to provide for even larger numbers of veterans in the summer and next fall.

It was the unanimous opinion of the Advisory Council that strengthening scholastic standards would eliminate students with the poorest grades and thereby enable the University to take more veterans.

###

Carbondale, Ill., March - Van A. Buboltz, assistant professor of commerce at Southern Illinois Normal University, has resumed his teaching duties this week, after a two-year absence for service in the army.

Stationed at Camp Joseph T. Robinson, Little Rock, Ark., since his induction in May, 1944, Sgt. Buboltz has been working as clerk-typist and stenographer with the discharge section.

Mr. Buboltz joined the Southern faculty in 1937. He received the bachelor of science degree from Iowa State Teachers College, and the master of arts degree from Northwestern University. He has had additional work at Northwestern and University of Southern California.

Carbondale, Ill., March -- A two-day "goodwill" tour of seven Southern Illinois high schools will be started Wednesday, March 13 by the Madrigal Singers, a unique student musical group from Southern Illinois Normal University, Floyd V. Wakeland, director, has announced.

These student singers make their appearances in picturesque Elizabethan costumes, the girls in full-skirted leg-o'-mutton-sleeved basque-waisted gowns, the men in knee breeches and Sir Walter Raleigh capes. All wear the neck-ruffs of queen Elizabeth's day.

Research work on the costumes, designed for the original group organized in 1940, was done by Prof. Lucy K. Woody, chairman of the University home economics department, and the garments are authentic Elizabethan reproductions, both in color and design.

The musical numbers they present, without instrumental accompaniment, are century-old madrigals in lilting harmony, such as strolling bands of singers caroled for hundreds of years.

Reputation of the Southern Madrigal Singers has spread throughout Southern Illinois, for the group has sung at many musical festivals throughout this area.

On their forthcoming tour, the Madrigal Singers will appear Wednesday at Cobden at 9 a.m.; at Vienna at 11; at Metropolis at 2; and at Golconda at 8 in the evening. On Thursday they will sing

Carbondale, Ill., Mar. -The "champs" are taking on another post-season game this week on the eve of their jaunt to Kansas City to enter the National Intercollegiate Basketball Tournament.

The Maroons of Southern Illinois Normal University--winners of the 1945-46 title in the Illinois Intercollegiate Athletic Conference--will go to Fairfield Friday night to engage the Chefford All-Stars, an independent team, in the high school gym at 8 o'clock.

Fairfield is the hometown of Maroon Coach Glenn "Abe" Martin, so that a large and enthusiastic crowd is expected to attend the Friday night game.

The Chefford All-Stars team is composed of Verdie Cox, Gene Hall, Pete Gardner, all former Southern students; Bill Glenn, Eastern Illinois State Teachers College alumnus; Sproul, formerly of Purdue University; and Harry Lasater, former cager at the University of Illinois.

The Maroons will compete for the second year in a row at the National Tournament in Kansas City next week.

Carbondale, Ill., March - Several Southern Illinois Normal University officials are in Chicago this week attending the meeting of the American Association of School Administrators which convenes from Tuesday through Thursday.

Those in attendance from Southern include President Chester F. Lay; Dr. A. J. TerKeurst, associate professor and dean of men; Dr. Bruce W. Merwin, professor of education; and Howard E. Bosley, associate professor of education and director of the library.

While there, Dr. Merwin will also attend the Kappa Phi Kappa banquet Wednesday night, giving the main address at the honorary scholastic organization dinner. From Chicago, Dr. Merwin will go to Hammond University on Friday to reinstate the Kappa Phi Kappa chapter in that institution.

Dr. Vera L. Peacock, professor of foreign languages and department chairman, will attend a meeting of Delta Kappa Gamma in Chicago on March 15. Chairman of the membership committee for the state organization, Dr. Peacock is also president of the local chapter.

Carbondale, Ill., March -Southern Illinois teachers and prospective teachers have been invited to attend the formal banquet of the American Childhood Education organization at Southern Illinois Normal University, Dr. Sina M. Mott, assistant professor of pre-school education, and sponsor of the group, has announced.

Slated for the evening of March 21, the banquet is to be held in the University Cafeteria.

Goffrey Hughes, Franklin County Superintendent of Schools, has been secured for principal speaker of the evening, and will address the group on the need for the kindergarten in the educational program for the child.

President Chester F. Lay and Dr. Eugene R. Fair, dean of the College of Education, will also speak at the meeting to present what Southern is doing to encourage the education of kindergarten teachers, Dr. Mott said.

Reservations for the banquet , which must be in by March 19, may be secured through Miss Helen Narber, in care of the University. Price of the tickets is one dollar.

Carbondale, Ill., March - Appointment of Mrs. Elizabeth Abrams, Metropolis, as supervising teacher in the Southern Illinois Normal University off-campus student teaching center at the Metropolis Community High School for students in home economics, has been announced by University officials here.

A graduate of the University of Illinois, Mrs. Abram has been given additional special training for her new position by Miss Gladys W. Babcock, assistant professor of home economics at Southern.

The student teaching center in the Metropolis school began functioning for the first time this term, as ^{an} increased number of home economics majors have created the need for more off-campus practice centers. Students experience actual teaching conditions for a six week period under the direction of their supervisors to qualify for the Smith-Hughes rating in their field of home economics.

Other off-campus student teaching centers for the Southern home economics students are at Dupu Community High School, under the direction of Miss Irene Liebig, and at Johnston City Township High School, with Mrs. Mae Rushing Smythe as supervisor.

2nd of March 1891

My dear Mr. ...

I have just received your letter of the 21st inst. and am glad to hear that you are well. I am at present in the country and cannot write you more fully at present. I shall be home again in a few days and will then write you more fully. I am, however, very anxious to hear from you and hope you will write soon.

I am, dear Mr. ...

Yours truly,

Southern Illinois Normal University

Carbondale, Ill., March - Veteran enrollment at Southern Illinois Normal University has jumped over 130 percent above winter term with the figure expected to go higher as late registrants filter in for the next two weeks to swell the 640 figure.

Total enrollment for spring term at the end of the second day of registration stood at 1,427, and University officials estimated the evening and graduate classes would bring the total enrollment way above the 1,500 mark.

The spring term group of 640 veterans has added 360 to last term's veteran enrollment of 280.

Many of the University classes were underway Tuesday with instructors confronting more men students than they have had since the war began.

Special to Southern Illinois Dailies

Carbondale, Ill., March -

/ Another noteworthy Chapel program was presented at Southern Illinois Normal University Thursday morning, March 14, when two faculty members of the University revealed interesting historical data on Southern Illinois to the students. Mr. David S. McIntosh, chairman of the music department, and Mr. John W. Allen, acting director of the museum, were the contributing faculty members.

For many years Mr. McIntosh has been collecting folk songs from around the country, and Thursday morning he sang three without instrumental accompaniment.

"Black Jack David" was a ballad that originated about 1540 in Scotland during the reign of James V. The second, "Lonesome Grove," a lament of parting lovers, Mr. McIntosh learned from a citizen of Mc leansboro. It also originated in England and Scotland. The last number was a popular version of "Froggie Went a Courtin'."

John W. Allen is perhaps one of the best authorities living on the historical background of Southern Illinois. He has written several books and pamphlets dealing with the subject, and is working on surveys of the Southern Illinois counties. His talk was entitled "Acres of Diamonds" after the famous story by Russell Conwell, in which common stones, shunned by the unaware, turned out to be priceless diamonds.

"I sometimes think that a parallel exists in Southern Illinois," stated Mr. Allen. There are many valuable historical spots here if "one would only take the time to look for them."

Among the locations he briefly described were the Free Bridge of St. Louis, Waterloo, Cohokia, Valmeyer, New Design, Kaskaskia, Chester, Sparta, Rockwood, Grand Tower, Brownsville, Columbia, and Prairie du Rocher.

1111-1120-1130-1140-1150-1160-1170-1180-1190-1200-1210-1220-1230-1240-1250-1260-1270-1280-1290-1300-1310-1320-1330-1340-1350-1360-1370-1380-1390-1400-1410-1420-1430-1440-1450-1460-1470-1480-1490-1500-1510-1520-1530-1540-1550-1560-1570-1580-1590-1600-1610-1620-1630-1640-1650-1660-1670-1680-1690-1700-1710-1720-1730-1740-1750-1760-1770-1780-1790-1800-1810-1820-1830-1840-1850-1860-1870-1880-1890-1900-1910-1920-1930-1940-1950-1960-1970-1980-1990-2000-2010-2020-2030-2040-2050-2060-2070-2080-2090-2100-2110-2120-2130-2140-2150-2160-2170-2180-2190-2200-2210-2220-2230-2240-2250-2260-2270-2280-2290-2300-2310-2320-2330-2340-2350-2360-2370-2380-2390-2400-2410-2420-2430-2440-2450-2460-2470-2480-2490-2500-2510-2520-2530-2540-2550-2560-2570-2580-2590-2600-2610-2620-2630-2640-2650-2660-2670-2680-2690-2700-2710-2720-2730-2740-2750-2760-2770-2780-2790-2800-2810-2820-2830-2840-2850-2860-2870-2880-2890-2900-2910-2920-2930-2940-2950-2960-2970-2980-2990-3000-3010-3020-3030-3040-3050-3060-3070-3080-3090-3100-3110-3120-3130-3140-3150-3160-3170-3180-3190-3200-3210-3220-3230-3240-3250-3260-3270-3280-3290-3300-3310-3320-3330-3340-3350-3360-3370-3380-3390-3400-3410-3420-3430-3440-3450-3460-3470-3480-3490-3500-3510-3520-3530-3540-3550-3560-3570-3580-3590-3600-3610-3620-3630-3640-3650-3660-3670-3680-3690-3700-3710-3720-3730-3740-3750-3760-3770-3780-3790-3800-3810-3820-3830-3840-3850-3860-3870-3880-3890-3900-3910-3920-3930-3940-3950-3960-3970-3980-3990-4000-4010-4020-4030-4040-4050-4060-4070-4080-4090-4100-4110-4120-4130-4140-4150-4160-4170-4180-4190-4200-4210-4220-4230-4240-4250-4260-4270-4280-4290-4300-4310-4320-4330-4340-4350-4360-4370-4380-4390-4400-4410-4420-4430-4440-4450-4460-4470-4480-4490-4500-4510-4520-4530-4540-4550-4560-4570-4580-4590-4600-4610-4620-4630-4640-4650-4660-4670-4680-4690-4700-4710-4720-4730-4740-4750-4760-4770-4780-4790-4800-4810-4820-4830-4840-4850-4860-4870-4880-4890-4900-4910-4920-4930-4940-4950-4960-4970-4980-4990-5000-5010-5020-5030-5040-5050-5060-5070-5080-5090-5100-5110-5120-5130-5140-5150-5160-5170-5180-5190-5200-5210-5220-5230-5240-5250-5260-5270-5280-5290-5300-5310-5320-5330-5340-5350-5360-5370-5380-5390-5400-5410-5420-5430-5440-5450-5460-5470-5480-5490-5500-5510-5520-5530-5540-5550-5560-5570-5580-5590-5600-5610-5620-5630-5640-5650-5660-5670-5680-5690-5700-5710-5720-5730-5740-5750-5760-5770-5780-5790-5800-5810-5820-5830-5840-5850-5860-5870-5880-5890-5900-5910-5920-5930-5940-5950-5960-5970-5980-5990-6000-6010-6020-6030-6040-6050-6060-6070-6080-6090-6100-6110-6120-6130-6140-6150-6160-6170-6180-6190-6200-6210-6220-6230-6240-6250-6260-6270-6280-6290-6300-6310-6320-6330-6340-6350-6360-6370-6380-6390-6400-6410-6420-6430-6440-6450-6460-6470-6480-6490-6500-6510-6520-6530-6540-6550-6560-6570-6580-6590-6600-6610-6620-6630-6640-6650-6660-6670-6680-6690-6700-6710-6720-6730-6740-6750-6760-6770-6780-6790-6800-6810-6820-6830-6840-6850-6860-6870-6880-6890-6900-6910-6920-6930-6940-6950-6960-6970-6980-6990-7000-7010-7020-7030-7040-7050-7060-7070-7080-7090-7100-7110-7120-7130-7140-7150-7160-7170-7180-7190-7200-7210-7220-7230-7240-7250-7260-7270-7280-7290-7300-7310-7320-7330-7340-7350-7360-7370-7380-7390-7400-7410-7420-7430-7440-7450-7460-7470-7480-7490-7500-7510-7520-7530-7540-7550-7560-7570-7580-7590-7600-7610-7620-7630-7640-7650-7660-7670-7680-7690-7700-7710-7720-7730-7740-7750-7760-7770-7780-7790-7800-7810-7820-7830-7840-7850-7860-7870-7880-7890-7900-7910-7920-7930-7940-7950-7960-7970-7980-7990-8000-8010-8020-8030-8040-8050-8060-8070-8080-8090-8100-8110-8120-8130-8140-8150-8160-8170-8180-8190-8200-8210-8220-8230-8240-8250-8260-8270-8280-8290-8300-8310-8320-8330-8340-8350-8360-8370-8380-8390-8400-8410-8420-8430-8440-8450-8460-8470-8480-8490-8500-8510-8520-8530-8540-8550-8560-8570-8580-8590-8600-8610-8620-8630-8640-8650-8660-8670-8680-8690-8700-8710-8720-8730-8740-8750-8760-8770-8780-8790-8800-8810-8820-8830-8840-8850-8860-8870-8880-8890-8900-8910-8920-8930-8940-8950-8960-8970-8980-8990-9000-9010-9020-9030-9040-9050-9060-9070-9080-9090-9100-9110-9120-9130-9140-9150-9160-9170-9180-9190-9200-9210-9220-9230-9240-9250-9260-9270-9280-9290

Carbondale, Ill., March -Initial steps toward mobilization of some 30 to 40 thousand alumni of Illinois state teachers colleges to plug for higher education were taken in Chicago this week, March 14, when a Joint Alumni Council was formed.

Dr. Orville Alexander, professor of government, who is in charge of alumni activities at Southern Illinois Normal University here, was elected president of the new group.

Also participating in the organization meeting were Southern President Chester F. Lay; W. B. ("Slatz") Valentine of Also Pass, president of the Southern Alumni Association; Mrs. Barbara Burr Hubbs of Chicago; and Miss Lorena Drummond, director of the Southern Information Service.

Each of the five colleges and universities were represented by the president, the president of the alumni association, the faculty member in charge of alumni activities, and two other representatives of the alumni association.

Shortage of teachers, particularly in the elementary field, was described at the meeting as the No. 1 problem of the public schools, and therefore the No. 1 problem of the teachers colleges.

(more)

Ways and means of throwing alumni influence into the breach to encourage high school students to enter the teaching field was discussed at some length, Dr. Alexander explained.

A number of the representatives present were public school administrators, who presented graphically the plight in which the schools find themselves due to lack of teachers.

Other problems in which the new Joint Alumni Council evidenced an interest were housing for students, legislation on appropriations and other matters affecting higher education, and efforts to increase the general public's interest in and appreciation for higher education.

Purposes of the new Joint Alumni Council are to: (1) provide an opportunity for the various teachers college administrations and representatives of the five alumni associations to consult concerning mutual problems; (2) provide an opportunity to bring needs of the colleges and needed expansions to the attention of the alumni; and (3) provide an agency for a cooperative statewide approach to the solution of mutual problems.

In addition to Dr. Alexander as president, other officers of the new Joint Alumni Council elected at Chicago were: vice president, William F. Peters, assistant principal of junior high school at Charleston; secretary Miss Annetta Gibson, Rockford public schools; executive committee members, Miss Ellen Breed, supervisor of elementary education at Peoria, and Richard V. Lindsey, superintendent of schools at Galesburg.

Carbondale, Ill., March - Southern Illinois Normal University was presented an award of citation of merit from the Federal Office of Civilian Defense yesterday.

"This citation comes for your assistance in the 1945 flood, and for the entire range of activities of all the students and faculty," declared W. H. Whitehead, director of the 33rd District of Federal OCD, as he made the presentation to the University.

Given to Illinois by the federal OCD, the citation, in turn, was presented to Southern, Mr. Whitehead told the student-faculty assembly.

"Governor Green, General Frank Parker, and I, felt that if anyone in these United States deserved a citation award, they were the student body and faculty of Southern Illinois Normal University," he explained.

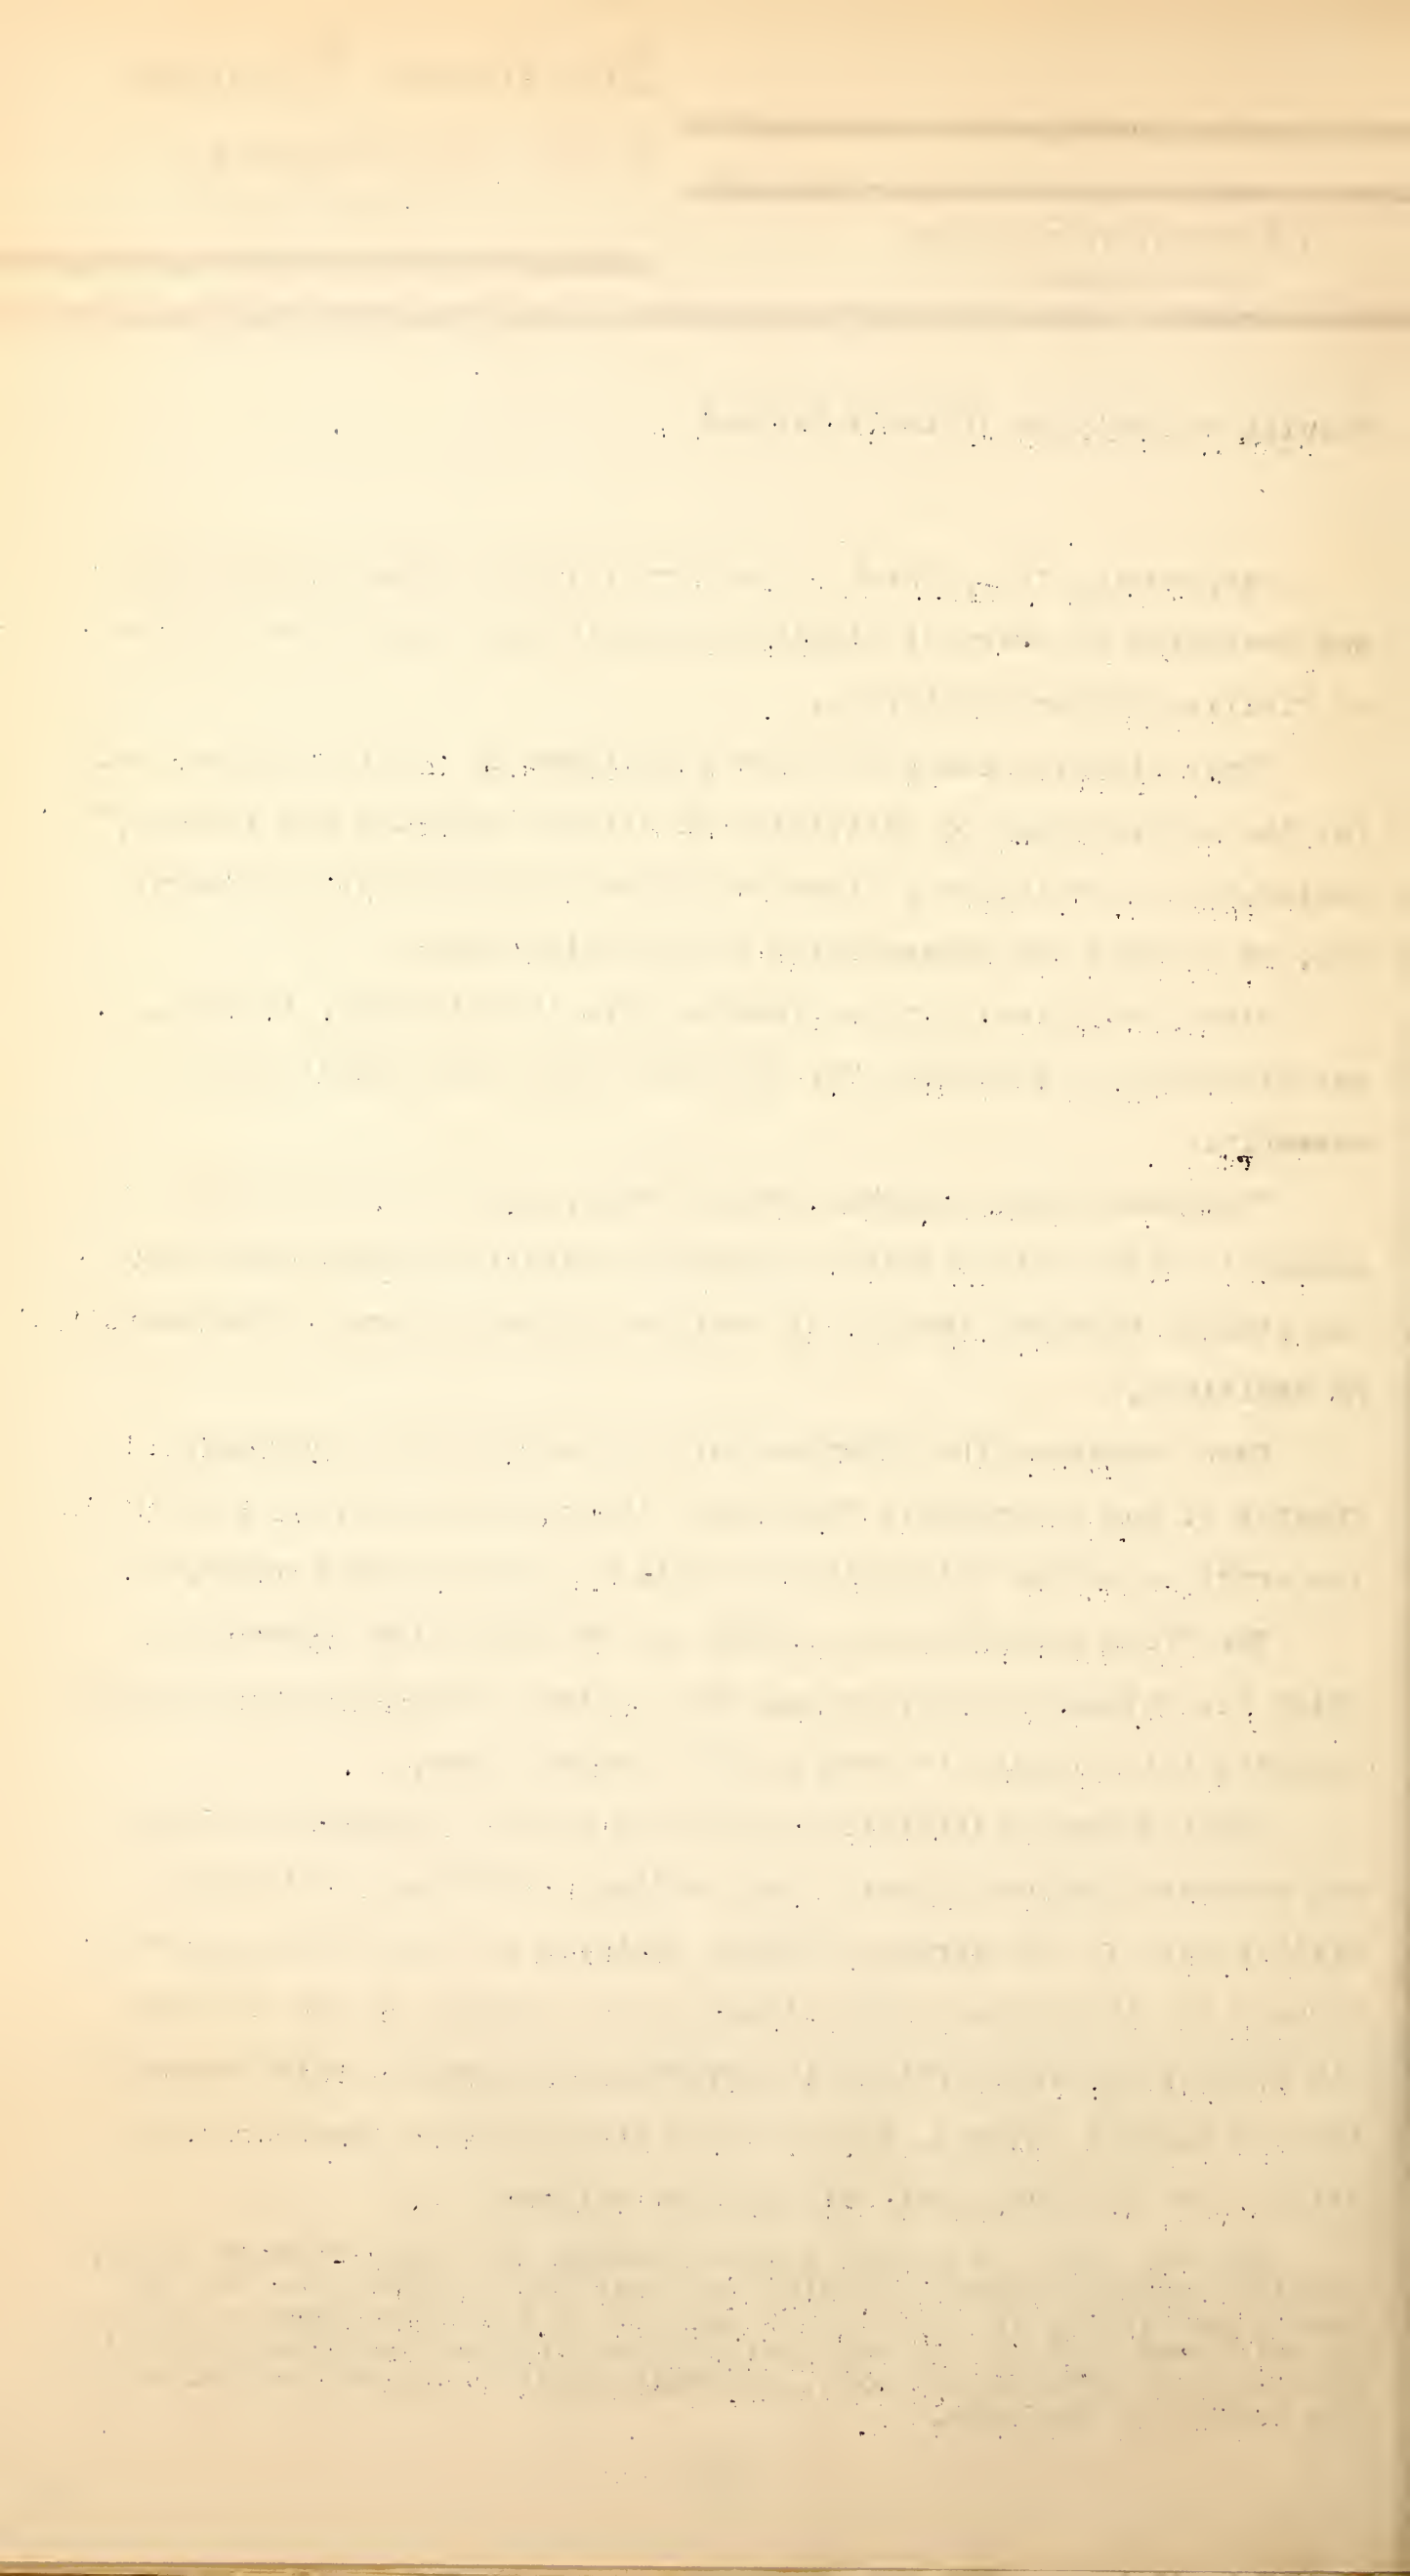

Upon receiving the citation for the institution, President Chester F. Lay assured Mr. Whitehead "the citation will be kept in the archives of the University and will be treasured and noted."

The flood control work carried out by University students to which Mr. Whitehead referred was that of last spring when some twenty students left classes to work in the flooded areas.

Other defense activities carried on by the University faculty and students included housing and feeding of 550 men of the state militia here in the spring of 1944; training of over a thousand war workers for industrial work; aiding in the program of the Civilian Air Patrol; special services in governmental agencies which several faculty members entered, plus faculty aid on ration boards, in bond drives, and the local unit of Civilian Defense.

All the girls in school worked through the Co-Ed Victory Corps, selling defense stamps, wrapping bandages and knitting for the Red Cross, and aiding in blood donor drives. A community cannery was set up which was part of the national program of food conservation; and classes were offered in foods, gardening, farm and auto mechanics for the people of the area.

Carbondale, Ill., March - The appointment of Miss Lelah Allison as instructor in the English department and of Mr. Maurice Clark as faculty assistant in the departments of government and economics at Southern Illinois Normal University for the spring term has been officially announced.

Miss Allison is a graduate of Illinois State Normal University, Normal, and possesses a master's degree from the University of Missouri, where she has also done additional work. Previous to her appointment here, Miss Allison taught in Arthur, Illinois, according to Dr. T. W. Abbott, dean of the College of Liberal Arts and Sciences with which college Miss Allison will be affiliated.

Mr. Clark received his bachelor of education degree at Southern, and has completed all his work toward the master's degree, except the thesis, at the University of Illinois. Lately returned from service, Mr. Clark last taught at the Herrin high school. His appointment is in the College of Liberal Arts and Sciences.

###

Carbondale, Ill., March- Southern is offering a new course in Physiology and Health Education during the spring term called "The Meaning of the Physical Examination," according to Dr. Marie A. Hinrichs, college physician and head of the department of Physiology and Hygiene. The course is numbered P. and H. 380, and is being taught by Dr. Hinrichs at the Health Service Office, 211 Harwood Avenue, on Wednesday evenings from 6:30 to 8:30.

It is an introduction to the techniques of a physical examination and discussion of the significance of results of such an examination and in addition, an introduction to elementary laboratory and clinic determinations. The first six weeks will be devoted to elementary physical diagnosis; the second, to the introduction of clinical laboratory methods. One hour's credit will be offered for each six weeks period.

The course is not only an elective for majors and minors in Physiology and Health Education and biology, but also one for pre-clinical groups and In-service teachers. In the latter case, credit of either one or two hours may be obtained.

Longram Rate

Carbondale, Ill., March 18 - In order to re-constitute a democratic student self-government at Southern Illinois Normal University, giving nearly 650 veterans a representation in student affairs, University President Chester F. Lay today announced the creation of a student-faculty committee to draft a new student government charter.

At present the student body is voiceless, since the resignation on February 21 of 15 members of the 16-member student council (the 16th member had already left the campus to enter the Merchant Marines).

In a letter to the former council members, President Lay pointed out that "since three weeks have gone by since I invited the members of the Student Council to reconsider their resignations and I have had no kind of reply, I am compelled to take the initiative in providing the students with the kind of effective student government to which they are entitled and which they have not had since you resigned."

He cited that the original "constitution of the student council," drafted some ten years ago, was written by Prof. E. G. Lentz, then dean of men, and approved by then-president Roscoe Pulliam before it was presented to the students.

"Your resignations have dissolved the student council," he said, "and ever since you resigned no group has been in existence which could initiate revisions to the constitution through the orderly processes that have heretofore prevailed."

He invited the former council members as well as all other individuals and groups to present any ideas or plans they may have had for effective student government to the special student-faculty committee.

In announcing designation of this committee, the president called attention to the fact that approximately 600 students are now in school who were not here last fall--almost all of them veterans--and who

(more)

consequently have not had an opportunity to have representation in the student government.

He stressed the fact that students would have full participation in the special student-faculty committee.

Chief complaint of the resigning members of the student council was that since mid-winter they have lacked representation on the advisory council of administration, as it was then called, which was comprised entirely of administrative officials.

This year, under a new plan developed by the faculty, the council of administration has become a joint faculty-administration council, with equal representation of the faculty and the administrative officials of the University. In the reorganization no provision was made for student representation, a plan which is in line with practices generally prevailing at other universities.

President Lay said he had explained this plan in full to the former student council, as soon as it was placed in effect, but had invited them to submit to him a list of University committees on which they felt students should be represented, since he firmly believed in student participation.

He explained that the student council itself was the duly constituted channel through which student opinion and student recommendations could reach the University administration, and offered personally to hold regular conferences with representatives of the council or with the entire council if they so desired.

Carbondale, Ill., March -Featured on the program of the State Home Economics teacher Education meeting held in Springfield last week was Miss Gladys Babcock, assistant professor of home economics at Southern Illinois Normal University.

Miss Babcock presented the "Home Experience Program" which is a major project in the curriculum of the University's home economics students at the Friday afternoon meeting, and served as member of the committee to draw up a list of minimum essentials for the student teacher in home economics that were reported to the group on Saturday afternoon.

Representatives attending the two-day session included heads of the home economics departments and teacher trainers from the ten state institutions which prepare vocational home economics majors; supervising teachers in off-campus student teaching centers; and the state supervisor with her assistants.

Also attending the meeting from Southern were Professor Lucy K. Woody, department chairman, and Miss Helen Starck, instructor of home economics in the University High School.

Carbondale, Ill., Mar.- The annual spring meeting of the Southern Division of the Illinois Education Association will be held in Shryock Auditorium of Southern Illinois Normal University on March 22, 1946. All University ~~stu~~ classes will be dismissed, according to a report from school officials.

Principal speaker of the day will be Commander William M. McGovern, professor of political science at Northwestern University. Commander McGovern has just returned from an around-the-world air trip under government auspices during which he interviewed many outstanding world leaders, including Lord Mountbatten, Viceroy Lord Wavell, General Wedemeyer, General Pat Hurley, and Chiang Kai-Shek.

Also scheduled to speak are Mr. George Bracewell, president of the Southern Division of the I.E.A., Mr. Aubrey Holmes, secretary of the Teachers' Retirement System, Mr. Paul E. Jack, director of I.E.A. insurance, and Rev. Joseph R. Laughlin of the First Presbyterian Church of Anna, Ill. An address of welcome will be made by Chester F. Lay, president of the University.

Special music will be offered by the Harmony Masters, one of Chicago's foremost male quartette, and by Miss Helen Keith, harpist and student at Northwestern University School of Music, Evanston, Ill.

Carbondale, Ill., March - High school seniors, do you want to teach? Do you like children? If both your answers are "yes," perhaps you ought to start down the road toward kindergarten teaching.

Several incentives exist which might influence high school graduates to enter the field of kindergarten teaching were set forth recently by three outstanding Southern Illinois educators during a conference of the association of American Childhood Education at Southern Illinois Normal University.

One of the speakers was University President Chester F. Lay, who stated, "Teachers should be interested in the child, not primarily in theories."

Mrs. Mabel Pulliam, University housing counselor giving the parent's view, emphasized that a kindergarten should educate not only the children, but also the parents by teaching parents to deal with child problems. Social adjustment and good habit formation of the child need to be understood by the parents, she pointed out.

"The State now provides \$40 per child for half a day," Goffrey H. Hughes, Benton, county superintendent of Franklin County explained. "This means that many schools can now draw state funds, and are interested in including kindergartens in their schools. East St. Louis alone is looking for 40 kindergarten teachers and many other towns will be calling for trained kindergarten teachers."

Teachers should have special child training and should not be experienced teachers of upper grades who are subject-matter conscious Mr. Hughes stressed.

Kindergarten teaching is demanding a more specialized education, and at the same time, is developing into a field of opportunities, he declared.

All of the speakers called attention to the urgent need for kindergarten teachers in Southern Illinois schools.

###

2010年12月10日 星期五

(Note to Editor: In view of the drastic shortage of teachers, which is jeopardizing our public schools throughout the country, perhaps you may be interested in publishing the following editorial calling attention to the opportunities in the kindergarten field.)

KINDERGARTEN TEACHING A FINE OPPORTUNITY
(An Editorial)

There is a demand at the present time for good kindergarten teachers, and provision for development of an adequate child-training program is on the way. The State now provides \$40 per kindergarten child for half a day. This means that many schools can now draw state funds for inclusion of such departments in their schools. East St. Louis alone is looking for 40 kindergarten teachers, and many other towns will be calling for trained kindergarten teachers.

During a recent conference at Southern Illinois Normal University, student members of the Association of American Childhood Education heard education leaders of Southern Illinois discuss the purpose of a kindergarten, and the training of the ideal kindergarten teacher.

The kindergarten is the path from the home to the school, and, as such, partakes of the nature of each, these educators pointed out. Hence, child development and social adjustment rather than subject matter are of prime importance. The kindergarten should include a few hours of supervision away from home and should educate not only the child but also the parents by helping them solve their problems with the children. It is one of the best sources for formation of good habits in the child.

It is important that the demand for kindergarten teachers be supplied with specially trained material. The teacher should first of all be interested in the child, not fundamentally in theories. Since there is also the danger of over-specialization, one educator urged that a broad general education be obtained first, then specialization. It is not wise to take older teachers of upper grades who are subject-matter conscious and place them in charge of the children. Instead, the purpose of this interest movement is to encourage the young college student to enter the important field of kindergarten teaching, and for this objective, special child training is necessary.

It is hoped that in view of the serious need for teachers, particularly in the kindergarten field, that the high school graduate of Southern Illinois during the next few years will give thoughtful consideration to training for this important educational work.

Carbondale, Ill., March -- The College of Education's Curriculum Laboratory at Southern Illinois Normal University had their initial bulletin off the press today.

Presenting new teaching materials on display in the curriculum laboratory with a 1945 copyright, the bulletin will be distributed this week to all city superintendents, high school and grade school principals, in Southern Illinois, according to Dr. E. E. Hall, director of the laboratory.

Since the curriculum laboratory was started at the University in December of 1942, about 10,000 copies of textbooks, workbooks, curriculum bulletins, and other teaching materials published for use in grade and high schools have been collected. The current bulletin, however, lists only those which came to the laboratory last year.

Located in the basement of the Wheeler Library, the Curriculum Laboratory is open to students, faculty, and teachers of the area at all times during library hours.

#

Carbondale, Ill., March-- The recently completed book of Howard E. Bosley, associate professor of education and director of the library at Southern Illinois Normal University, on The Administration of Faculty Personnel in State Teachers Colleges, was reviewed by Dr. William H. Vaughan, president of the State Teachers College, Morehead, Kentucky, at the meeting of the American Association of Teachers Colleges held in Cleveland, Ohio last month.

Mr. Bosley's 214 page book deals with philosophy and practices in teachers college administration, and is based on investigation conducted by him during the past summer.

Carbondale, Ill., Mar.- Sascha Gorodnitski, Russian pianist, and fourth and final guest artist of the 1945-46 concert season, will appear at Southern Illinois Normal University in Shryock Auditorium under the auspices of the Community Concert Association, March 25, at 2 p. m.

A decade of achievement has established Sascha Gorodnitski among the outstanding pianists of the day. In New York he has filled more than fifty engagements, fifteen of them in Carnegie Hall where his recitals and appearances with the New York Philharmonic-Symphony Orchestra and the National Orchestral Association have made him a public favorite.

Gorodnitski has toured extensively throughout the United States and Canada and appeared in Latin-America. Three times he has been soloist at the famous Worcester Festival. Major orchestras with which he has appeared, besides those of New York, include the Detroit, Cleveland, Chicago, Pittsburgh, and Cincinnati symphonies. Recitals have introduced him to all parts of the United States, Canada, and Cuba.

Born in Kiev, Russia, Gorodnitski was brought to this country before he was a year old. He comes of a musical family, since his mother was a pianist and singer, his brother a cellist, his sister a violinist. A cousin, still in Russia, is head of the violin department at Leningrad Conservatory, succeeding Leopold Auer. An uncle is a conductor. In Russia, Gorodnitski's father was head of a private school, and he opened a music conservatory after coming to America.

Sascha Gorodnitski's talent was discovered by his mother, who gave him his first piano lessons. He later studied with Josef Lhevinne. Not allowed to be a child prodigy, he was a mature artist when he made his debut as winner of the Schubert Memorial Prize--the prize being an introductory appearance with the New York Philharmonic-Symphony.

Carbondale, Ill., March -- County superintendents of the Southern Illinois block and members of their county survey boards with representatives of the College of Education at Southern Illinois Normal University will tour adjoining states next week to study the school reorganization programs there.

Attention will be given to matters of attendance, ^{and} administrative areas, and considerable emphasis will be placed on the study of their school curriculum, according to officials of the College of Education.

Scheduled to go on the five-day tour, which will include visits to Kentucky, West Virginia, South Carolina and Tennessee, are some 35 school officials and representatives from the Southern Illinois area.

County superintendents making the trip include Horace Brown, Gallatin County; Lee Nebughr, Jackson County; Lloyd Robertson, Johnson County; Robert McKinney, Williamson County; Russell Rendleman, Union County; Kenneth Davis, Saline County; M.C. Hunt, Pulaski County; Goffrey Hughes, Franklin County; L. W. Smith, Massac County; and Clyde L. Flynn, Hardin County.

Representative on the tour from the state superintendent's office is Luther J. Black, assistant to the superintendent of public instruction, and chairman of the State Advisory Commission of School Reorganization.

Delegates from the University's College of Education will be Dean E. R. Fair; Howard E. Bosley, George Bracewell, and Dr. Emerson Hall, associate professors of education.

Plans for the tour were made jointly by the College of Education Reorganization Committee, and the county superintendents. Administrators here expressed the hope that similar trips may be arranged for the county survey officials from the Southwestern and Southeastern Illinois Blocks in the near future.

Carbondale, Ill., March --A banquet honoring the Southern Illinois Normal University basketball team, recently acclaimed National Intercollegiate Champions at Kansas City, Missouri, will be held on April 1 in the University Cafeteria, the Carbondale Businessmen's Association announced today.

Harry Caray, noted sports announcer from St. Louis, and another sports writer to be announced later will be the guest speakers. The banquet is open to a limited number of the public.

This is the third in a series of honor banquets for the Maroons, previous ones being held by the Lions Club and Elks Club of Carbondale.

###

Carbondale, Ill., March - Fourteen men have turned out to date for the Southern Illinois Normal University tennis squad. Bruce Church, Marissa, Arkansas A.A.U. open singles winner last; Joe Pulley, Marion, and Roy Lielich, New Athens, are the three lettermen returning from the armed forces.

Two matches with Washington University (St. Louis) have been scheduled and matches with the Cape Girardeau Teachers, Evansville College and the other four members of the Illinois Intercollegiate Athletic Conference are tentatively scheduled.

Other prospective candidates for the squad include Ted Cain, Eldorado; Ken Capps, Herrin; Walter Eadie, West Frankfort; Kurt Gehhart, Carbondale; Herb Hoffman, Carbondale; Nick Kostoff, Granite City; John Maguire, Carbondale; Harry Meng, Belleville; F. D. Miskell, Carbondale; Al Shafter, Carbondale; and Calvin Whiteside, Vienna.

Coaching the University tennis squad this year is William Freeburg, instructor of physical education, replacing former coach Dr. Charles D. Tenney, who has assumed the duties of administrative assistant to the president during the past year.

###

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. The letter is addressed to the Senate and the House of Representatives, and is signed by Abraham Lincoln. The letter discusses the state of the Union and the progress of the war against the Confederacy. It also mentions the President's efforts to maintain the Union and his commitment to the principles of liberty and justice for all.

2. The second part of the document is a report from the Secretary of the War Department, dated January 10, 1862. The report is addressed to the President and the Congress, and is signed by Edwin M. Stanton. The report provides a detailed account of the military operations of the Union Army during the previous year. It includes information about the number of troops, the equipment, and the results of the battles. The report also discusses the challenges faced by the Army and the measures taken to overcome them.

3. The third part of the document is a report from the Secretary of the Navy Department, dated January 15, 1862. The report is addressed to the President and the Congress, and is signed by Gideon Welles. The report provides a detailed account of the naval operations of the Union Navy during the previous year. It includes information about the number of ships, the crew, and the results of the battles. The report also discusses the challenges faced by the Navy and the measures taken to overcome them.

4. The fourth part of the document is a report from the Secretary of the Treasury Department, dated January 20, 1862. The report is addressed to the President and the Congress, and is signed by Alexander C. Gibson. The report provides a detailed account of the financial operations of the Union Government during the previous year. It includes information about the revenue, the expenditures, and the state of the public debt. The report also discusses the challenges faced by the Treasury and the measures taken to overcome them.

5. The fifth part of the document is a report from the Secretary of the Interior Department, dated January 25, 1862. The report is addressed to the President and the Congress, and is signed by Caleb B. Smith. The report provides a detailed account of the land and mineral resources of the United States during the previous year. It includes information about the discovery of new lands, the management of the public lands, and the development of the mineral resources. The report also discusses the challenges faced by the Interior and the measures taken to overcome them.

6. The sixth part of the document is a report from the Secretary of the War Department, dated February 1, 1862. The report is addressed to the President and the Congress, and is signed by Edwin M. Stanton. The report provides a detailed account of the military operations of the Union Army during the previous year. It includes information about the number of troops, the equipment, and the results of the battles. The report also discusses the challenges faced by the Army and the measures taken to overcome them.

7. The seventh part of the document is a report from the Secretary of the Navy Department, dated February 5, 1862. The report is addressed to the President and the Congress, and is signed by Gideon Welles. The report provides a detailed account of the naval operations of the Union Navy during the previous year. It includes information about the number of ships, the crew, and the results of the battles. The report also discusses the challenges faced by the Navy and the measures taken to overcome them.

8. The eighth part of the document is a report from the Secretary of the Treasury Department, dated February 10, 1862. The report is addressed to the President and the Congress, and is signed by Alexander C. Gibson. The report provides a detailed account of the financial operations of the Union Government during the previous year. It includes information about the revenue, the expenditures, and the state of the public debt. The report also discusses the challenges faced by the Treasury and the measures taken to overcome them.

9. The ninth part of the document is a report from the Secretary of the Interior Department, dated February 15, 1862. The report is addressed to the President and the Congress, and is signed by Caleb B. Smith. The report provides a detailed account of the land and mineral resources of the United States during the previous year. It includes information about the discovery of new lands, the management of the public lands, and the development of the mineral resources. The report also discusses the challenges faced by the Interior and the measures taken to overcome them.

10. The tenth part of the document is a report from the Secretary of the War Department, dated February 20, 1862. The report is addressed to the President and the Congress, and is signed by Edwin M. Stanton. The report provides a detailed account of the military operations of the Union Army during the previous year. It includes information about the number of troops, the equipment, and the results of the battles. The report also discusses the challenges faced by the Army and the measures taken to overcome them.

Carbondale, Ill., March -Probably the outstanding university or college modern dance group in the United States is that from the Texas State College for Women which will present the modern dance concert here in the Southern Illinois Normal University Shryock Auditorium, Monday evening, April 8.

Organized some ten years ago as an extra-curricular activity, the dance club has given concerts in their own College Concert and Drama Series, performed at four conventions of the Southern District of the American Association for Health, Physical Education, and Recreation, and has appeared in recitals throughout the southwest.

Consisting of 14 students regularly enrolled in the college at Denton, Texas, the dance group personnel includes students from Pennsylvania to Texas, reflecting the national interest-appeal of the modern dance group.

This modern dance group has attracted the attention of famous exponents of dance who have visited that college over a period of years and have conducted master classes in which the group has participated. Comments from these famous artists of dance include praise for the group's technical skills and for its choreography which seems characterized by an unusually wide scope of movement, idea, and feeling--all necessary components of the dance composition.

Tickets for the concert here Monday evening, April 8, went on advance sale last week with students canvassing Carbondale. Other tickets may be secured at Walgren, Varsity, and Cline-Vick Drug Stores, and Zwick's in Carbondale.

Carbondale, Ill., March - Recent additions to the staff at Southern Illinois Normal University include twenty-two veterans, according to a survey made this week.

Some thirteen of the veterans are those returning to the University faculty after leaves-of-absence for military service, while eight of the appointments have brought new people to the University staff.

Five of the staff members were in the Navy, and the remaining number were in the Army.

Veterans recently employed at the University include:

Dr. Eli Borkon, associate professor of physiology and health education, and associate college physician; Dr. Robert D. Faner, associate professor of English; Dr. Fred R. Cagle, curator of the biological section of the University Museum, and now on temporary leave-of-absence to lecture at Tulane University.

J. W. Dillow, assistant professor of rural education; William Marberry, assistant professor of botany; Dr. E. C. McDonagh, assistant professor of sociology; Dr. Victor Randolph, assistant professor of education and consultant in the Veterans Guidance Center; Martha Scott, assistant professor of zoology; Van A. Buboltz, assistant professor of commerce; and Robert W. English, assistant professor in industrial education.

Jean Fligor, instructor in rural education; Leonard J. Keefe, instructor, University High School; John Wharton, instructor in music; Rockwell McCreight, director of the physical plant; Glenn J. McGowan, faculty assistant; Mary A. Robertson, secretary to the president; Charles T. Williams, main foreman of the physical plant; John Jacobs, faculty assistant, University High School.

Graduate assistants who are veterans include Edward Allen, Edward Goodnight, H. E. Johnson, and William Townes.

Carbondale, Ill., March - Dr. Anne Schley Duggan and her student dance group of the Texas State College for Women, Denton, Texas, will present a dance concert here on the Southern Illinois Normal University campus Monday evening, April 8, according to recent announcement.

One of the country's foremost authorities in the field of dance education, Dr. Duggan is bringing here a student dance group which has given modern dance concerts throughout the southern states in many universities and colleges.

Dr. Duggan and her modern dance students will stop here enroute to St. Louis where they are to appear in the program of the Dance Section of the national convention of the American Association of Health, Physical Education, and Recreation which convenes there that week in April.

University students will have two opportunities to see the dance group as they have agreed to appear on the student assembly program Monday morning at ten o'clock, in addition to the concert presentation Monday evening they will give, beginning at eight o'clock.

Townspeople and others in the area interested in modern dance are also invited to attend the concert for which tickets will soon be placed on sale.

The dance group is being brought here through the department of women's physical education. One of the departmental members is a former member of the Duggan dance group--Miss Jean Stehr, who worked under Dr. Duggan during all four years of her undergraduate work at the Texas State College for Women at Denton.

Arriving here from Texas Sunday evening, April 7, the group will be guests at Anthony Hall, women's dormitory on the University campus, until they leave for St. Louis Tuesday morning.

###

6. What is the purpose of the study?

1. The first step is to identify the problem or goal. This involves understanding the current situation, the desired outcome, and the constraints. It is important to be clear and specific about what you want to achieve.

Carbondale, Ill., March --Harry Caray, noted sportscaster of radio station KXOK in St. Louis, and Ellis Veech, sports official and sports editor of the East St. Louis Journal, were the guest speakers Monday night at a victory banquet honoring the Southern Illinois Normal University national intercollegiate basketball champions. Approximately 130 fans attended.

Caray and Veech lauded the team and the coach for their victory and also for their sportsmanship. They pointed out that this championship has brought more publicity to Carbondale and the school than any other one event.

Coach Glenn "Abe" Martin, up and around for the first time since his recent accident on the baseball diamond, pointed out that the winning of the I.I.A. Conference was just as important as winning the national intercollegiate crown because this was the first time in Southern's history that this title has been won.

Martin also announced that thirteen cagers will receive letters this season. They are as follows: Don Sheffer of Ziegler; Gene Stotlar of Pinckneyville; Sam Milosevich of Ziegler; Quentin Stinson of Eldorado; Leedio Cabutti of Johnston City; Roy Ragsdale of DeSoto; Gene Davidson of Harrisburg; Dick Foley of Carbondale; Chester Glover of Mt. Vernon; Bill Malinsky of Flora; Calvin Collins of Duquoin; Dick Harmon of Granite City; Carl Birkner of Pinckneyville.

The banquet was sponsored by a group of Carbondale businessmen and local fans with V. L. "Moon" Baker, Martin Chaney and Will Griffith in charge. All members of the championship team will receive engraved pen and pencil sets as soon as the sets are available, it was announced. Other entertainment was furnished by La Donna Harrell, and her accordian, for Kenia.

Carbondale, Ill., April -- It's a man's world again at Southern Illinois Normal University.

According to the latest report of Registrar Marjorie Shank, Southern has 856 men students, 675 of whom are veterans, and 665 women students, of whom two were in service. This is the first time since the war that the men have outnumbered the co-eds.

Of the 1,521 total registration, the largest class is that of the freshmen with an enrollment figure of 710. In descending rank are sophomores with 290, juniors, 233, and seniors, 192.

In the College of Education alone are 900 students, 20 per cent more than the total student body a year ago. The College of Liberal Arts and Sciences has 423 students, the College of Vocations and Professions, 198.

Graduate students have increased to 49 over last term's 45. There are 14 irregulars, and 23 students unclassified.

Carbondale, Ill., April --Sherwood Eddy, noted author and lecturer, will address the Southern Illinois Normal University student body here Thursday morning during the weekly assembly hour.

Brought to the campus by the Y.M.C.A., Dr. Eddy will speak on "The World Crisis and Education."

From his experiences and contacts with leaders of both World Wars, Sherwood Eddy has written some thirty books, many of which have been translated into various languages.

Affiliated with the Y.M.C.A. for many years, Dr. Eddy served as the Asia secretary for the organization in his first appointment, and worked with Dr. John R. Mott in teaching the students of that continent.

For the past few years, Dr. Eddy has been lecturing in colleges and universities throughout the United States, Europe and Asia. Three years ago he was here on the campus for a lecture to the student body.

###

Carbondale, Ill., April --One of America's leaders in dance education will be here on the Southern Illinois Normal University campus April 8.

Dr. Anne Schley Duggan, director of the Duggan Modern Dance group which appears in concert here Monday evening, April 8, in Shryock Auditorium, is nationally acclaimed for her leadership in dance--modern, tap, and folk.

Her special training in dance came from the University of California, and from special study in all phases of dance in professional studios throughout the country. She has worked with various ethnological groups in New York and Colorado in her study of folk dance art.

Author of many books and articles on dance, Dr. Duggan is in constant demand for the teaching of special short courses in camps and institutes. Formerly on the staff at Columbia University, she has returned there several summers to teach in the field of dance.

Carbondale, Ill., April 2 - The proudest girl in Illinois today is 16-year-old Marilyn Nelson, high school junior at Southern Illinois Normal University, who was "queen of the walk" at the world's biggest assemblage of scientists last week-end.

Marilyn, chosen as the girl to represent the Illinois Junior Academy of Sciences at the annual meeting of the American Association for the Advancement of Sciences in St. Louis March 27-30, took the place by storm.

She met and talked with all the top-ranking scientists of the country, including four Nobel Prize-winners, Dr. Joseph Erlanger of Washington University, authority on nerve impulses; Dr. E. A. ~~Boisy~~ Boisy of St. Louis University, discoverer of Vitamin K; Dr. Arthur Compton, cosmic ray genius; and Dr. Harold Urey, discoverer of heavy hydrogen.

When honor guests were introduced at the Friday night banquet, Marilyn shared the applause equally with ~~three~~ notable scientists -- Dr. A. J. Carlson, retiring president of the AAAS; Dr. J. B. Canant, president of Harvard and new president of the AAAS; and Dr. B. S. Hopkins of the University of Illinois.

Marilyn's invitation to attend the AAAS meeting carries with it a full year's honorary membership in the AAAS, with a year's subscription to the association's publications and to Science Newsletter.

She was chosen on the basis of her outstanding work in science in University High School here and in the Junior Academy of Science.

Also representing the Illinois Junior Academy of Sciences was Ned Jefferson of University High School at Illinois State Normal University. Only other junior academicians to win this honor were boys from Virginia and Minnesota.

Carbondale, Ill., April ⁴--The world is "polarized" today by the only great powers remaining in existence--the United States and Russia, Sherwood Eddy, 75-year-old religious leader, philosopher, author, and lecturer, declared here today.

Eddy addressed the student body at Southern Illinois Normal University here at the weekly assembly.

Both the United States and Russia have "isolationist" tendencies and are "suspicious of foreign entanglements," he asserted.

"Today we--the United States--are the rich reactionary country on the right which did not advocate freedom for the smaller countries at the San Francisco Conference," he said. "Instead of looking toward the United States for leadership in advocating freedom and tolerance, these smaller countries are now looking toward Russia."

Eddy counted off four "great laws"--justice, brotherhood, liberty, and love--which must be obeyed if "we are to build a new man within and a new world without."

The Anglo-Saxons have stood for liberty and for vital religious freedom, but have fallen down on justice and brotherhood, he asserted. Russia, on the other hand, fails on liberty and on religion, while standing prominently for justice and brotherhood of all men.

He cited that Russia is "breaking the world's record" in education of her people, reporting that nine-tenths of the Russian people can read and write, and that nine-tenths of her youth are registered in the elementary schools. "There are more Russian youth in high school than England has ever had," he said.

Pointing to the fact that 4 $\frac{1}{2}$ million men were rejected as physically unfit by the United States army, and declaring that this country "neglects 40 million in poverty, beyond the reach of medical assistance," he deplored the existence of "billionaires and poverty" existing side by side in this country.

"Don't look down on Russia with contempt or patronage until we clear out our house," he urged.

"What is our own educational system for but to raise leaders to build a new country on the cornerstones of justice, brotherhood, liberty, and love?" he asked.

Dr. Eddy's visit here was sponsored by the Young Men's Christian Association for which he served as secretary in Asia for many years.

Carbondale, Illinois, April -- The tennis squad of Southern Illinois Normal University successfully turned back an invasion by the Washington Bears of St. Louis on April 12 to the tune of 4-2.

The Southerners, coached by Bill Freeburg, took three of the four singles matches and the two teams split the two doubles matches.

In the curtain raiser, Bruce Church (Carbondale) of Southern defeated Bill Ziervigel of Washington 3-6, 6-2, 11-9.

Joe Pulley (Marion), second seeded Maroon, was beaten by Hill-topper George Hendry 2-6, 2-6.

The Freeburg-men got back in the win column again in the next two matches when Roy Leilich (New Athens) defeated Washington's Bob Pearson 6-2, 6-8, 8-6; and John Maguire (Carbondale) whipped St. Louisian Bill Muenz 2-6, 6-2, 6-3.

In the doubles, it looked like an easy Southern win as Harry Meng (Belleville) and Leilich jumped on Bob Pearson and Bob Copeland to give the Maroons an easy 6-0, 6-0 win, but the Bears took the finale when George Hendry and Bill Ziervogel took a 6-4, 6-4 victory from Church and pulley.

#

Carbondale; Ill., April -- Showing great bursts of power in most events, the Southern Illinois Normal University thinclads romped to a 99-3/4 to 31-1/4 victory over the Illinois State Normal Redbirds on April 12 in MacAndrew Stadium.

Howard had 10 $\frac{1}{4}$ points for the Birds to lead the individual point-makers; but he was closely followed by his team mate Wilson and also by Earl Robert and John Algee of Carbondale with 10 points each.

The Southerners were able to rack up 10 wins and 7 "grand slams" to win their second straight dual conference meet of the current season.

Carbondale, Illinois, April -- Two distinguished Illinois educators have accepted the invitation to address the graduating class of Southern Illinois Normal University at commencement, President Chester F. Lay has announced.

Dean Charles Gilkey, director of the Chapel at the University of Chicago, will deliver the baccalaureate address on Sunday, June 3, and Dr. William Spriegel, professor of management and director of the new \$20,000,000 endowment for an Institute of Technology at Northwestern University, will deliver the commencement address at graduation exercises Friday, June 8.

Both of these speakers were first choices of the senior class.

#

Carbondale, Illinois, April -- Dr. Douglas E. Lawson, professor of education in the College of Education at Southern Illinois Normal University, will discuss "A Proposed Science Curriculum for the Public Schools," at a meeting of the psychology and education of the Illinois State Academy of Science, to be held in Normal May 3.

#

Carbondale, Illinois, April -- Dr. T. W. Abbott, dean of the college of Liberal Arts and Sciences at Southern Illinois Normal University, has been invited to report on new developments in existing services, graduate studies, workshop and correspondence study at the 21st annual meeting of the Teachers College Extension Association in Terre Haute, Indiana, April 26-27.

Carbondale, Ill., April --Calendar for Southern Illinois Normal University for 1946-47 has been approved by the Teachers College Board, University President Chester F. Lay has announced.

The fall term will start with registration on September 16 and 17, classes beginning September 18; the winter term will open December 9 with a one-day registration and classes beginning December 10; registration for the spring term will be held March 24, classes beginning the following day.

The 1947 summer term will run from June 16 through August 8.

Thanksgiving recess will be observed November 28 and 29, and the Christmas recess December 21 through January 7. The nine-day spring recess will fall between the winter and spring terms. Commencement is scheduled for June 13.

#

Carbondale, Ill., April --Recently elected to the Sphinx, highest honorary organization at Southern Illinois Normal University, were seniors Ernestine Cox, West Frankfort; Gloria Barger, Harrisburg; Mary Mann, Pinckneyville; Betty Grater, Carbondale; and Florence Alston, Sparta.

The five were selected on the basis of their unselfish and devoted service to the University through their active participation in student activities.

Highest non-scholastic honor that can come to a Southern student, membership in the Sphinx Club is extended to a limited number of seniors and juniors each spring. Faculty sponsor of the group is Dr. Thomas F. Barton, geology and geography department chairman.

Carbondale, Ill., April --Dr. Ralph R. Pickett has been appointed visiting professor of business and economics at Southern Illinois Normal University for the 1946 summer term, President Chester F. Lay has announced.

Dr. Pickett has been professor and head of the department of Commerce at Kansas State Teachers College since 1929, according to Dr. Henry J. Rehn, dean of the College of Vocations and Professions, in which Dr. Pickett will teach here.

A graduate of the Missourian Wesleyan College, he took the master of arts and the doctor of philosophy degrees from the University of Chicago, and has also taken specialized work at Drake University and the University of Wisconsin.

After ten years' teaching in high schools and at Baker University in Kansas and Des Moines University, he joined the Kansas faculty. In the summer of 1931 he was a visiting professor at Harvard, and in the summer of 1940 was exchange professor at the City College of New York.

He is the author of the book Features Representative of the Banking Policies in Iowa, published by the University of Chicago Press, and is co-author of Investment Principles soon to be published.

From 1942 to 1945 Dr. Pickett was in the Army Air Corps, first as a Lieutenant, then as a Captain.

Carbondale, Ill., April --Government students from Southern Illinois Normal University leave Friday noon for the Eighth Annual Public Affairs Conference of Principia College where representatives from 125 universities and colleges have been invited to attend the two-day conference.

Going from here are Betty Jule Bowen and Helen Mataya, of Herrin, and Catherine Sullivan, Harrisburg, with Dr. W. G. Swartz, chairman of the government department.

Leaders in international affairs will speak to the students. Speakers include Dr. Enrico Fermi, leader in the development of the atomic bomb. A Nobel Prize winner in 1938 for his discovery of radioactive substances, Dr. Fermi has been at the University of Florence and Rome, and, since coming to the United States in 1939 at Columbia University. Recently he joined the University of Chicago faculty.

Harold E. Stassen of Minnesota and Dr. William Y. Elliott, professor of government at Harvard address the group Friday evening and Saturday morning.

Dr. Swartz has been invited to address the Chester Women's Club en route to the conference.

#

Carbondale, Ill., April --President Chester F. Lay of Southern Illinois Normal University will represent the University officially at the annual meeting of the American Council of Education, of which the University is a member, May 3 and 4 in Chicago.

Dr. Lay will also participate in the University of Chicago Teachers College Conference April 29 and 30. He will be accompanied to this conference by Dr. E. R. Fair, dean of the College of Education, who will also participate in the Workshop on Workshops April 30-May 2.

Carbondale, Ill., April --Promotions in rank have been accorded to seven faculty members at Southern Illinois Normal University, effective next fall, President Chester F. Lay has announced.

Dr. W. B. Schneider of the English department and Dr. K. A. Van Lente of the chemistry department have been promoted from associate professorships to full professorships.

Dr. Sina M. Mott in pre-school education and Dr. Victor Randolph in education (currently on the staff of the U. S. Veterans Guidance Center), have been advanced from assistant professorships to associate professorships.

Miss Anna K. Neufeld, instructor in languages, has been promoted to assistant professor, while Leonard Keefe of the industrial education department and Willis E. Malone of the College of Education staff will be promoted from instructors to assistant professors contingent upon their continuation of graduate studies during the summer.

These advances in rank were recommended by President Lay to the Teachers College Board at its recent meeting, and received the board's approval.

#

Carbondale, Ill., April --Dr. Charles D. Tenney, professor of philosophy at Southern Illinois Normal University and administrative assistant to the president, has been appointed to the governing council of the American Institute for Philosophical Studies, and has been named chairman of the committee on awards.

The committee on awards is expected to organize a nation-wide essay contest on some philosophical subject and to choose an appropriate award for the undergraduate and graduate students who compete in the contest.

Release on receipt

Carbondale, Ill., April - Recognition of university status for Southern Illinois Normal University has come from the Commission on Colleges and Universities of the North Central Association of Colleges and Secondary schools, University President Chester F. Lay has announced.

Southern has been "promoted" from Group 2 to Group 4 in the commission's membership rolls.

Group 4, according to a letter from John Dale Russell, secretary of the commission, is composed of institutions offering the doctor's degree and institutions organized in four or more units which regularly offer the master's and/or professional degrees.

"This advance in our accredited rating with the commission recognizes Southern's expansion into the university class, since we are now in the same classification with the larger state and endowed universities of this 20-state area," President Lay pointed out.

"This rating gives us something to live up to," he declared, "for we must now conform to the highest standards of faculty, scholarship, and procedure."

Since 1931 Southern has been accredited as a teachers college with the North Central Association in Group 2, which is composed of institutions offering only bachelors' degrees in one college.

Southern's new rating acknowledges its qualifications in offering degrees in the College of Liberal Arts and Sciences, the College of Vocations and Professions, and the Graduate School, as well as in the College of Education.

Carbondale, Ill., April --On Saturday, April 27, the Southern Illinois Normal University track squad will journey to St. Louis where the Washington University Bears will play host in a dual meet. The affair was scheduled to be a triangular one, but the University of Arkansas, the third member, withdrew, leaving it strictly an Illinois-Missouri battle.

The Southern Maroons will go into the fray with an untarnished record of three wins and no defeats for the current season, their wins coming at the expense of Western Illinois State Teachers College, Illinois State Normal University and Southeastern Missouri State Teachers College.

The Washington Bears have just been subjected to a $125\frac{1}{2}$ to $5\frac{1}{2}$ defeat at the hands of the University of Missouri, which was probably the most one-sided affair in the history of the school, Coach Art Eilers declared.

However, Leland "Doc" Lingle, Maroon track coach, is keeping his men in the best possible shape to withstand a possible "bouncing-back" by the Hilltoppers.

#

Carbondale, Ill., April --In spite of the recent whitewash handed the Cape Girardeau Teachers, and their earlier season 4-2 victory over the Washington University Bears, Coach Bill Freeburg, Southern Illinois Normal University tennis mentor, freely expressed his fear of these same Bears when they play host to his team on April 27.

"We will have a tough time beating them again, especially if we have to play on the indoor courts," Freeburg declared.

The Maroons will send a six-man squad on the St. Louis invasion, the same six men that handed the 9-0 setback to the Southeast Missouri Teachers.

They are Bruce Church of Carbondale, Joe Pulley of Marion, Roy Leilich of New Athens, John Maguire of Carbondale, Harry Meng of Belleville, and a sixth member to be named later.

The matches are scheduled to begin at 2:00 P.M. at the Washington University Field House.

CARBONDALE, ILLINOIS

Information Service

LORENA DRUMMOND, ED.

Carbondale, Ill. April -- The Southern Illinois Normal University track team will open their season on April 6 here in MacAndrew Stadium against the Western Leathernecks of Maconb, Leland "Doc" Lingle, Southern track coach, announced today. The first event will start at 1:30 P.M.

Western is expected to put up a stiff battle as Southern can boast of only three members of the last years I.I.A.C. runner-up team. These are team captain Dick Avis of Chicago, ex-team captain Dick Harmon, of Granite City, and Earl Robert of Carlyle. Western is the only squad that has beaten Southern on the Carbondale track in the last twenty years, Lingle declared.

However, the following lettermen have returned after military service: Jack Hayse of Benton; Charles Beatty of Benton; John Algee of Carbondale; Gordon Henrich of Gridley; and Louis Pechineno of Christopher.

Lingle has posted the following tentative entries: 100-yard dash--Gene Stotlar of Pinckneyville, Dick Eggers of Chester, Algee; 200-yard dash--Harmon, Carl Birkner of Pinckneyville, Algee; 440-yard dash--Birkner, Harmon, Pechineno; 880-yard-run--James Gallatin of Carlyle, Pechineno, Avis; one-mile run--Glen Hamilton of Pinckneyville Bob Smith of Marissa, Leonard Burden of Herrin.

Two-mile run--Hamilton, Smith, Don Sheffer of Ziegler; 120-yard high hurdle--Charles Mauzy of Herrin, Roy Ragdale of De Soto, Hayse; 220-yard low hurdles--Beatty, Gene Davidson of Harrisburg, Eggers; shot put--Robert, Algee, Quentin Stinson of Eldorado;

Discus--Robert, Algee, Stinson, Birkner; javelin--Robert, Davidson, Beatty; pole vault--Uriah Walton of Cairo, Henrich; high jump--Calvin Whiteside of Vienna, Stinson, Walton; broad jump--Byron Turner of Herrin, Eggers, Beatty; one-mile relay--entries to be announced later.

Special to Southern Illinois dailies;

Carbondale, Ill., April --Southern Illinois Normal University's Bureau of Child Guidance will conduct its 41st psychological clinic with the Illinois Institute of Juvenile Research here April 9, 10, and 11.

Working with members of the University staff will be Dr. Sophie Schroeder, Chicago psychiatrist. Also participating in the staffings are graduate assistants Mrs. Alice Rector and Herbert Johnson, and Carrie Thomas, student in clinical psychology.

According to Dr. W. A. Thalman, director of the Bureau, five special staffings or case discussion have been scheduled for students and faculty attendance.

Dr. Schroeder will speak Tuesday and Wednesday afternoons to all students and faculty on "The Use of Projective Techniques in Diagnosis of Individual Cases," and serve as consultant in an open forum on techniques, procedures and therapy that may be used in solving problems of individual cases presented to her by the audience.

No cases can be admitted for the April clinic except those for whom arrangements have already been made, Dr. Thalman declared.

Barraged by requests for the clinic's aid, the Bureau has received a request from one school for the study of 30 cases, Dr. Thalman disclosed. Only a few of these could be accepted at the present time, but in many instances a later date was set for study of these individual cases.

In addition to the aid given these maladjusted children, the Bureau aids in teacher training for the students of education in the University here.

For Release Thursday

Carbondale, Ill., April-- Nearly 150 Southern Illinois fruit growers were visiting the Southern Illinois Normal University campus today.

Here for the annual meeting of the Illinois Fruit Growers Exchange and the Fruit Exchange Supply Company, members of the two associations convened in the University's Little Theatre for a morning and afternoon session.

Speakers at today's meeting included Charles B. Shuman, president of the Illinois Agricultural Association, George Metzger, field secretary of the I.A.A., and Alvin O. Eckert of Belleville, president of the Illinois Fruit Growers Exchange.

#

Carbondale, Ill., April- Across the street from the Southern Illinois Normal University campus stands Southern's Home Management House.

The "Practice House," as it is more commonly called by the students, since 1940 has provided the home economics majors with a practical method for learning home management.

The eight room house is furnished comfortably and in general on the level of the average American home. It is supervised by Miss Gladys Babcock, assistant professor of home economics.

The Home Management course is offered to home economics majors for six weeks during the spring term of each year. Prerequisite is a theory course in which the students study the skills involved in home management. The remaining six weeks of the term is spent off-campus in practice teaching. Students who complete a degree in this field are qualified to teach home economics under the Smith-Hughes program.

Six girls are living in the "Practice House" at the present time. They are Alma Farrar of Venice; Jane Swafford, West Frankfort; June Laurie, Gillespie; Marguerite Barra, Johnston City; Lois Lay, Carbondale; and Margaret Craig, Herrin.

Financial responsibility for the house and utilities is assumed by the University, while food, entertainment, laundry, small home incidentals, etc., are provided for by a nominal weekly fee required of each girl.

"When the girls move into the house," said Miss Babcock, "they organize the work and assign themselves to certain duties for a period of one week each. In this way they may take advantage of all the opportunities offered in the care of the home. In general, the different jobs seem to fall under the headings of host, hostess, housekeeper, cook, and assistants.

"In these duties," Miss Babcock continued, "the girls invariably have the

(more)

experience of directing the work of others and of teaching those who are not as familiar with the work required.

"Not the least of their training is in what I like to call 'emotional climate.' It is one of our aims to solve any problems the girls may have in getting along well together.

"When they have finished the Home Management course, they have had a bit of experience in the management of time, energy, money, and human resources," she concluded.

In the immediate future, Miss Babcock would like to acquire a well-equipped laundry in the "Practice House." Later on, it is hoped that a baby can be temporarily "adopted," so that the home economics students can study child care.

In a recent survey of 440 colleges and universities in the United States, 70 per cent were found to have home management houses, while only 46 of these had adopted babies.

Another plan for the near future is to expand this educational course to include students who are not home economics majors, but are interested in the training it offers to eventual homemakers.

Attention: Sports Editor

Carbondale, Illinois, April -- "The greatest right-handed hitter of all time" comes to Southern Illinois this month.

Rogers Hornsby, famed major league baseball star, will be brought to Southern Illinois Normal University on April 23 to be the feature attraction in a three-hour baseball "school" sponsored by the Chicago Daily News.

All grade and high school students in Southern Illinois, as well as all adult baseball fans, are invited to attend this school, Glenn "Abe" Martin, Southern athletic director, has announced.

Jack Ryan, sports editor of the Chicago Daily News, will accompany Hornsby.

Approval of Albert Willis, executive secretary of the Illinois High School Association, has been given to the school, Martin explained, so that high school players may attend without infringing upon the association's rules.

Hornsby will be the guest speaker at a joint meeting of the Carbondale Rotary and Lions Clubs at noon. His demonstration of baseball techniques will be given on Southern's baseball diamond on W. Chatauqua Street. In the evening he will show motion pictures of notable plays by outstanding players in the major leagues and also movies of the 1945 World Series.

Special to Southern Illinois dailies

Carbondale, Ill., April --Delmar W. Olson, assistant professor of industrial education at Southern Illinois Normal University has just received word that his photographic print, "Hands in Clay," has been hung in the 1946 St. Louis International Salon of Photography.

The St. Louis International is one of the top-ranking salons in the world and in which amateur and professional photographers alike aspire to have their prints hung. More than two thousand prints from photographers in several countries were entered this year, out of which some two hundred were selected.

Mr. Olson's print pictures the hands of a potter forming clay on the potter's wheel. The photo was taken while the potter was at work, giving a feeling of realism to the cool moist clay and the wet hands.

A side-light on the print selection is that this photo was judged in competition with those of Axel Bahnsen, internationally known pictorialist, and under whose tutelage Mr. Olson studied at the Dayton, Ohio Art Institute.

The salon is now on exhibit at the St. Louis Art Museum.

. Special to Southern Illinois dailies

Carbondale, Ill., April --Looking older and heavier, but still retaining his old form at the plate, Rogers Hornsby, former hitting star of the National League and manager of the St. Louis Cardinals, went through his paces today at the plate and in the field before several hundred grade school, high school and college students at the Southern Illinois Normal University baseball diamond.

Hornsby and Jack Ryan, sports editor of the Chicago Daily Times, which sponsored the one-day baseball school here, have just completed a tour of Mexico where Hornsby formerly managed the Vera Cruz club. According to "the Rajah," Mexican baseball is very much below the par of U. S. style as it compares to about class B baseball up here.

Ryan described his meeting with one of the famous Pasquel brothers as very pleasant and highly educating. He described Jorge Pasquel as a forceful and dynamic personality, highly educated and very strong-willed.

Hornsby, sometimes called "the greatest right-handed hitter of all times," explained the fundamental points to follow, both while batting and fielding, to his enthusiastic and cheering audience. Assisting him were his son, Bill, who was recently discharged from the Marines, and Benny Meyer, former big leaguer.

Ryan disclosed that when Hornsby came to the St. Louis Cardinals he weighed only 135 pounds, and that the Cardinals acquired him for \$500, a mere pittance in the baseball world.

(more)

"The Rajah," as Hornsby was dubbed by sports writers, spent 23 years in the major leagues and wound up with the astounding lifetime batting average of .358. He was recently voted into baseball's "Hall of Fame," located at Cooperstown, N. Y., by the annual meeting of sports writers an honor held only by the greatest players in the game.

When asked to name his greatest thrill in baseball, "the Rajah" recalled the day when he was managing the St. Louis Cardinals in the 1925 World Series between the Cardinals and the New York Yankees. The series was all tied up in the seventh inning of the seventh game and the Yankees had been powerless against Cardinal Pitcher Jess Haines, until Haines developed a blister on his pitching hand after two men were out and walked three men.

Hornsby pulled Haines out of the game and sent in Grover Cleveland Alexander, or "old Pete," as Alexander was called. The first Yankee to face Alex was hard hitting Tony Lazzeri, but "old Pete" told "the Rajah" that he would take care of Lazzeri. The rest of that tale is history, as Alex went on to strike out Lazzeri and didn't allow another man to reach base until the ninth inning when he walked the ever-dangerous Babe Ruth.

Hornsby was playing second base and when Ruth attempted to steal, the catcher fired the ball to "the Rajah" and Hornsby tagged Ruth as he slid in, retiring the side and ending the game and the series. The St. Louis Cardinals had won their first pennant in history.

Getting back to the present day, Hornsby says that his second greatest thrill is to watch the faces of the youngsters at a baseball school session, and to teach them the techniques of playing.

Hornsby & Co. concluded their Carbondale stand with two movies shown at the Little Theatre on the Southern campus, with accompanying explanations by "the Rajah."

Carbondale, Ill., April --The Carbondale post of the American Legion Tuesday night, holding a joint meeting with Gamma Iota Alpha, Southern Illinois Normal University's student-veteran organization, voted unanimously to support the veterans in their pleas and plans for both emergency and permanent housing.

Commander E. D. Barnes of the American Legion appointed a committee of businessmen and other interested persons which will cooperate with the G. I. organization to seek out suitable temporary housing for single veterans. Housing for married veterans will also be sought later.

A plan for permanent housing was also discussed. A War Memorial in the form of a large dormitory was tentatively suggested, to be erected near the campus. The initial funds would be raised by contributions from the various communities of Southern Illinois, and the remainder of the costs would be paid by a long range plan of self-liquidation.

This Memorial Plaza would take much time and planning and the cooperation of all Southern Illinois, but would provide some of the much-needed permanent housing that is needed at the University, and would be a more fitting memorial to Southern Illinois veterans than one of purely ornament such as a statue or tablet, it was explained.

Carbondale, Ill., April -- This year's graduating seniors intend to both follow a precedent and at the time set a new one at Southern Illinois Normal University.

Following the tradition of leaving a gift to the University, the seniors voted last week to make their farewell monument in form of a cash gift--to start a nest egg for a proposed student union building.

"We feel that such a contribution will be far more meaningful than any other gift we could leave", explained class president Jack Hedges of St. Louis.

"As seniors, we realize what a student union center ~~could~~ contribute to such a worthwhile project," he declared.

#####

Carbondale, Ill., April -- The Southern Illinois Normal University 1946 track team is sprinkled with war veterans, it was announced by Leland "Doc" Lingle, track coach, as he released his teams schedule for the coming season. Between fifty and sixty men have turned out to compete for berths on the team, two and one-half times as many men as turned out in 1945.

Dick Avis of Chicago, Captain Dick Harmon of Granite City, Earl Robert of Carlyle, and Jim Upchurch of St. Louis comprise the lettermen from last year.

The following veteran lettermen of former years have turned out for the team: (1942) Louis Pechineo of Christopher; (1942) Charles Beatty of Benton; (1942) Jack Hayse of Benton; (1941) John Algee of Carbondale; (1942) Ray Walker of Ewing; (1940) Norman Reames of Hurst-Bush, all veterans.

The 1946 schedule is as follows: April 6 -- Western Illinois State Teachers at Carbondale; April 12 - Illinois State Normal at Carbondale; April 27 - Southern, Washington University, and University of Arkansas at St. Louis (triangular meet); May 3 - Eastern Illinois State Teachers at Charleston; May 10-11 -- Elmhurst relays at Elmhurst relays at Elmhurst (tentative); May 18 - Illinois Intercollegiate Athletic Conference meet at Normal; home and home meets with Cape Girardeau Teachers (dates not set).

Carbondale, Ill., April -A new flying club is in the process of formation at Southern Illinois Normal University.

Interested students met this week under the leadership of Edgar Ellis, junior from East St. Louis, and discussed the possibilities for developing such a club.

The club is open to any student interested in aviation whether or not he or she has had previous flight instruction. Objectives of the group are to provide flying opportunities for veterans who are licensed pilots or have had some instruction, and to secure pre-flight instruction courses at the University.

David McNeill, operator of the Egyptian Flying Service located in Carbondale, offered instruction and the use of his field and equipment to the club at special low rates.

"I am interested in furthering aviation from the standpoint of making it practical for folks to use," he said.

McNeill is prepared to give training for private pilot's license and also the commercial license, if there is sufficient demand. He informed the club that if the college were to set up a ground school, the veteran could get financial aid for the training. In addition, state scholarships are available.

A number of faculty members are qualified to give basic instruction of the type needed.

Carbondale, Ill., April - Representative students and faculty of Southern Illinois Normal University will attend the Central Inter-Collegiate Association of Women on the Northwestern University campus, April 4-6.

Guests of the Northwestern Women's Self-Government Association from Southern will be students Kathryn Alley of Sparta and Thelma McCarty of Flora; and faculty members Helan A. Shuman, dean of women, and Mrs. Mabel Pulliam, housing director.

Meeting to discuss "what girls as individuals and groups can do to better the college community," the groups program calls for special discussions and general meetings on such topics as Student Government, Problems of the Campus, Sorority and Non-Sorority Relations, Problems of a Student Union, Recreational, Cultural, and Health Programs, Student-Faculty Relationships, Honor Systems, and others.

While attending the conference, the Southern delegation will see the annual style show which the Daily Northwestern sponsors.

Several quite prominent speakers have been scheduled to speak to the group, among them radio commentator Clifton Utley.

Students from Illinois, North Dakota, Oklahoma, Nebraska, Indiana, South Dakota, Michigan, Iowa, and New York will participate in the conference. Other colleges and universities from Illinois sending representatives include Illinois State Normal University, Western Illinois State Teachers College, and University of Illinois.

####

Release on receipt

Carbondale, Ill., April --Appointment of faculty members for the 1946 summer session and the 1946-47 session and of administrative staff members for the fiscal year beginning July has been approved by the State Teachers College Board, President Chester F. Lay has announced.

President Lay has just returned from the board's regular spring meeting in Chicago.

Final action on salaries for faculty and administrative staff was postponed until the board's committee on salary schedules takes action concerning a uniform faculty salary scale for the five colleges and universities.

"We necessarily submitted out proposed appointments, with substantial merit increases, within the framework of the present salary schedule," President Lay explained. "In addition, we called attention to the need for further increases in some cases, for particular faculty members whose salaries were already at the ceiling for their particular ranks.

"Salaries up the figures recommended under the present salary schedule have not been questioned by the board, so we feel sure that approval of these is only a matter of form. It is also hoped that the action of the board's committee may make it possible to make some additional adjustments."

The board's committee on faculty salary schedules was reconstituted and enlarged, Dr. Lay reported. General Robert W.

(more)

Davis of Carbondale was named to the committee in place of John Dill of Carbondale, retired, and Richard F. Dunn of Normal was appointed as an additional member.

Other members of the committee are Russell Guin of Danville, chairman, and Dr. Preston Bradley of Chicago. The chairman of the board Frank G. Thompson, State Director of Registration and Education, and the secretary, V. L. Nickell, Superintendent of Public Instruction are of course ex-officio members of all board committees.

Dr. Lay reported that recommended staff for Southern's auxiliary enterprises--such as the cafeteria, the bookstore and the dormitory--and employees (non-faculty) were also approved for the next fiscal year beginning July 1, both as to personnel and salaries.

Southern's advisory committee of board members was reorganized at the Chicago meeting, Dr. Lay said, with the appointment of General Davis to replace Mr. Dill, and Mrs. Helen Rose Pegelow of Mattoon to replace Dr. Bradley. Lindell W. Sturgis of Metropolis was reappointed as chairman.

Three new members of the board--General Davis, L. M. Walker of Gilman, and Ira Means of Macomb--were attending their first meeting. All members of the board were present.

Special to Southern Illinois dailies
Release on receipt

Carbondale, Ill., April --At the request of President Chester F. Lay of Southern Illinois Normal University, the housing committee of the State Teachers College Board is studying the legal aspects of whether Southern can borrow money for construction of dormitories and a student union building.

President Lay, just back from a Teachers College Board meeting in Chicago, reported that he turned over to the board committee a photostat copy of the original law establishing Southern.

This committee, appointed at President Lay's request and composed of Richard F. Dunn of Normal, chairman, Lindell W. Sturgis of Metropolis, and Miss Harriett A. McIntire of Mendota, will do legal research to see whether Southern is prohibited from borrowing funds for self-liquidating projects.

First legal advice secured by Southern indicated that this institution, like its sister institutions, could not undertake such a project, President Lay said.

"However, it is my hope that under Southern's separate charter of 1869 an interpretation may be secured which would authorize us to borrow money as was done at the University of Illinois.

"If we can obtain such a ruling, it will greatly facilitate our solution to the student housing problem. It would also enable us to provide a student union building as a recreational and student activity center for our students, a facility that is greatly needed."

Special to Southern Illinois dailies

Carbondale, Ill., April --Co-eds living in the home economics practice house at Southern Illinois Normal University cut their calories one day this week to 1,500--the essential daily diet of the better-fed European peoples.

By striking out bread for the entire day and substituting fruit for the originally planned rice pudding, Jane Swafford of West Frankfort, hostess for this week, managed to bring Tuesday's menu down to the 1,500-calorie mark.

Both the practice house, where home economics seniors put into practice the theories they have learned in the classroom, and Anthony Hall, girls dormitory, are bringing their menu in line with the government's Famine Emergency Campaign.

The 35 girls living at Anthony Hall have already been eating wheat flour substitutes of cornmeal, oatmeal, soymeal, and rye flour.

Fried foods are a thing of the past, and desserts are limited to fruits--no pastries, Miss Minnette Barber, faculty director of the dormitory, explained.

"We serve meat only for dinner, and have fish one day a week," Miss Barber said. An extra vegetable frequently takes the place of bread, and butter is being served in half-pats for those who do not want a whole pat.

At the practice house, the girls agreed to cut down on bread consumption by serving more potatoes and hominy grits, and by using buckwheat flour for pancakes which will take the place of cereals and toast, Miss Gladys W. Babcock, assistant professor of home economics and supervisor of the practice house, explained.

Pastries at the practice house will be limited to those absolutely required for training of each co-ed who takes her turn at cooking for the group, she said.

A new group of students will move in at the practice house next week, Miss Babcock said, and will have the opportunity of making their own decisions about how to conserve food.

Carbondale, Ill., April --Keeping up their winning ways, the Southern Illinois Normal University tracksters made it three in a row as they downed the Southeastern Missouri State Teachers at Cape Girardeau, Mo. on April 23 by the score of 82 1/3 to 48/23.

The Southern Illinoisians, coached by Leland "Doc" Lingle, hunked up seven first places and four grand slams to keep their undefeated record for the current season.

The two other victims of Southern were Western Illinois State Teachers College and Illinois State Normal University. Their next foe will be Washington University on April 27 at St. Louis.

Carbondale, Ill. April --The Southern Illinois Normal University tennis squad took a trip to Cape Girardeau, Mo. on April 23 to battle the Southeastern Missouri State Teachers, and when they came back, they had a 9-0 win chalked up in their record book.

The Maroons, coached by Bill Freeburg, hung the whitewash on their Southern neighbors by taking six singles matches and three doubles and never lost one set in the whole afternoons play.

This win gives the Maroons a record of two wins against no defeats but they will have to keep in good form when they invade St. Louis on April 27 to play a return match with Washington University Bears, their first victims of the current season.

Cape Girardeau will journey to Carbondale for a return match on April 30 and then the Freeburg-men will take on the University of Illinois "B" team on May 7.

Carbondale, Illinois, April -- By virtue of ten wins and one tie out of fifteen events, the Southern Illinois Normal University track team defeated the Western Teachers of Maconb 95 to 36 in a duel track meet here on April 6.

Cook of Western was high point man with twenty points while John Algee of Carbondale had twelve.

Leland "Doc" Lingle, Southern track mentor, was fairly well pleased with Southern's performance but stated that his squad would have to improve greatly to beat Old Normal, the Maroon's next foe at Carbondale on Friday, April 12.

The results of the Southern-Western meet are as follows: shot put--(43'9") Earl Robert of Carlyle, Algee, Quentin Stinson of Eldorado; pole vault -- (10'6") Cook of Western and Gordon Henrich of Gridley (tie), Uriah Walton of Cairo;

One mile run -- (4'56.1") Glen Hamilton of Pinckneyville, Leonard Burden of Herrin, Petit of Western; 440 yard dash -- (55.1") Carl Birkner of Pinckneyville, Stookey of Western, Louis Pechineo of Christopher;

Discus -- (128'6 $\frac{1}{2}$ ") Stinson, Algee, Robert; 100 yard dash -- (10.4") Westfall of Western, Algee, Dick Eggers; 120 yard high hurdles -- (16.6") Roy Ragsdale of De Soto, Cook of Western, Jack Hayse of Benton;

High jump -- (5'10") Stinson, Hayse, Calvin Whiteside of Vienna; 880 yard dash --(2'10.1") Jim Gallitan of Carlyle, Dick Avis of Chicago, Pechineno; 220 yard dash -- (22.9") Westfall of Western, Algee, Jones of Western;

Javelin -- (152'5 $\frac{1}{2}$ ") Eugene Davidson of Harrisburg, Cook of Western, Charles Beatty of Christopher; two mile run -- (11'20.9") Hamilton, Don Sheffer of Ziegler, Burden;

220 yard low hurdles -- (25.8") Cook of Western, Eggers, Beatty; running broad jump -- (20'5 $\frac{1}{2}$ ") Cook of Western, Byron Turner of Herrin, Jones of Western; relay -- Southern.

Carbondale, Ill., April --The Southern Illinois Normal University tennis squad will open their current season with a match with Washington University, Tennis Coach Bill Freeburg announced today. The match will be held at Carbondale on April 12.

Before the war, Washington University always had one of the strongest teams in this section and this will probably be one of the toughest matches of the season, Freeburg declared.

The remainder of Southern's schedule is as follows: April 13--Illinois State Normal at Carbondale; April 23--Cape Girardeau Teachers at Cape Girardeau; April 27--Cape Girardeau Teachers at Carbondale; May 11--the I.I.A.C. meet at Normal.

Also tentatively scheduled but yet to be dated were matches with St. Louis University and Evansville College, Freeburg said.

#

Carbondale, Ill., April --Reprints of an article by a Southern Illinois Normal University senior which appeared in a national educational journal have been received by her professors here.

Miss Carolyn Stotlar of Herrin, who completed the work for her bachelor of science in education degree here in March and is now studying at Merrill-Palmer School in Detroit, was an assistant last fall and winter in the University kindergarten and nursery school here.

She made a research study of the 3-to-6-year-old pupils' familiarity with simple numbers to find out how their arithmetic concepts grow, and wrote the results of her study for the Elementary School Journal published by the University of Chicago.

It is quite a distinction for an undergraduate to have an article accepted by a national research publication, Dr. Sina M. Mott, assistant professor of pre-school education, points out.

Special to Southern Illinois dailies:

Carbondale, Ill., April--Veterans of this area are taking advantage of Southern Illinois Normal University's testing program for college entrance requirement, and to enable them to speed up their college program, Dean of Men Arthur J. TerKeurst reports.

Some fifty veterans have taken the General Education Development test on the high school level during the past month. Upon successful completion of the test the applicant is awarded his diploma from his local high school provided the test meets its requirements for graduation.

"The test has been a great boon to veterans since they can thus enter college directly, rather than going back to high school," Dean TerKeurst pointed out.

The GED test calls for proficiency in correctness and effectiveness of expression; interpretation of reading material in the social studies, the natural sciences, and literary material; and general mathematical ability.

"Veterans are also taking the tests in subject matter over a large variety of fields," Dr. TerKeurst said.

"For instance, many of them are taking a test which, if they pass, will excuse them from the beginning college course in English rhetoric. This examination is very difficult as the required scores are quite high," he explained.

Almost half of the veterans taking this test meet the required score, according to the dean.

Carbondale, Ill., April--The doctor of education degree will be conferred upon Howard E. Bosley, associate professor of education and director of the library at Southern Illinois Normal University, before or at the June convocation at Teachers College, Columbia University, according to word received here.

Dr. Bosley's thesis, "The Administration of Faculty Personnel in State Teachers Colleges," is a survey of philosophy and practice in such institutions of higher learning throughout the country.

Early attracted by Dr. Bosley's study, the American Association of Teachers Colleges asked him to work with a special sub-committee of the Association's committee on standards and surveys, and has asked to publish the thesis in book form for distribution to the 185 member institutions in the association.

Dr. Bosley has already received requests for advance information from college presidents and faculty committees from schools in California, Maryland, Michigan, Pennsylvania, and Texas.

The first complete study of its kind, Dr. Bosley's thesis has already been reviewed at the Cleveland, Ohio, meeting of the American Association of Teachers Colleges.

Presenting practices in the appointment and promotion of faculty members, and processes used to evaluate the quality of faculty services, the thesis also contains pertinent information about salary schedules, payment plans, retirement and emeritus status, tenure, pensions, and leaves of absence policies. There are 85 tables included in the 214 page book.

Carbondale, Ill., April --Four concerts by world famous artists are scheduled for the 1946-47 season sponsored jointly by the Carbondale Community Concert Association and Southern Illinois Normal University, Mrs. W. A. Thalman, president of the Association, has announced.

Igor Gorin, baritone, is well known in radio, and has been guest artist at various times on the Firestone, Ford Hour, and Harvest of Stars programs. He records on Victor Red Seal records.

William Primrose is the most famous violist living today.

Community Concert members this year will have the opportunity to hear the popular two-piano team, Vronsky and Babin.

The Fox Hole Ballet, composed of 10 members and directed by Grant Mouradoff, was organized to perform for service men overseas during the war. The same personnel will make up the group to appear at Southern.

Dates of the performances will be announced in the fall, when the artists' tours are mapped.

#

1. The first part of the paper is devoted to the study of the properties of the function $f(x)$ defined by the equation

$$f(x) = \int_0^x \frac{1}{1+t^2} dt$$
for $x \in \mathbb{R}$. It is shown that $f(x)$ is an odd function, i.e., $f(-x) = -f(x)$, and that it is strictly increasing on \mathbb{R} . Moreover, it is proved that $f(x)$ is bounded on \mathbb{R} , with $\lim_{x \rightarrow -\infty} f(x) = -\frac{\pi}{2}$ and $\lim_{x \rightarrow \infty} f(x) = \frac{\pi}{2}$.

2. In the second part, we consider the function $g(x)$ defined by the equation

$$g(x) = \int_0^x \frac{t}{1+t^2} dt$$

for $x \in \mathbb{R}$. It is shown that $g(x)$ is an even function, i.e., $g(-x) = g(x)$, and that it is strictly increasing on $[0, \infty)$. Moreover, it is proved that $g(x)$ is bounded on \mathbb{R} , with $\lim_{x \rightarrow -\infty} g(x) = 0$ and $\lim_{x \rightarrow \infty} g(x) = \frac{\pi}{2}$.

3. In the third part, we consider the function $h(x)$ defined by the equation

$$h(x) = \int_0^x \frac{1}{1+t^4} dt$$

for $x \in \mathbb{R}$. It is shown that $h(x)$ is an odd function, i.e., $h(-x) = -h(x)$, and that it is strictly increasing on \mathbb{R} . Moreover, it is proved that $h(x)$ is bounded on \mathbb{R} , with $\lim_{x \rightarrow -\infty} h(x) = -\frac{\pi}{4}$ and $\lim_{x \rightarrow \infty} h(x) = \frac{\pi}{4}$.

4. In the fourth part, we consider the function $k(x)$ defined by the equation

$$k(x) = \int_0^x \frac{t}{1+t^4} dt$$

for $x \in \mathbb{R}$. It is shown that $k(x)$ is an even function, i.e., $k(-x) = k(x)$, and that it is strictly increasing on $[0, \infty)$. Moreover, it is proved that $k(x)$ is bounded on \mathbb{R} , with $\lim_{x \rightarrow -\infty} k(x) = 0$ and $\lim_{x \rightarrow \infty} k(x) = \frac{\pi}{4}$.

5. In the fifth part, we consider the function $l(x)$ defined by the equation

$$l(x) = \int_0^x \frac{1}{1+t^6} dt$$

for $x \in \mathbb{R}$. It is shown that $l(x)$ is an odd function, i.e., $l(-x) = -l(x)$, and that it is strictly increasing on \mathbb{R} . Moreover, it is proved that $l(x)$ is bounded on \mathbb{R} , with $\lim_{x \rightarrow -\infty} l(x) = -\frac{\pi}{6}$ and $\lim_{x \rightarrow \infty} l(x) = \frac{\pi}{6}$.

6. In the sixth part, we consider the function $m(x)$ defined by the equation

$$m(x) = \int_0^x \frac{t}{1+t^6} dt$$

for $x \in \mathbb{R}$. It is shown that $m(x)$ is an even function, i.e., $m(-x) = m(x)$, and that it is strictly increasing on $[0, \infty)$. Moreover, it is proved that $m(x)$ is bounded on \mathbb{R} , with $\lim_{x \rightarrow -\infty} m(x) = 0$ and $\lim_{x \rightarrow \infty} m(x) = \frac{\pi}{6}$.

Carbondale, Ill., April - Time for the track meet here Friday afternoon between the Southern Maroons and the Normal Redbirds has been set for 3 p.m., Track Coach Leland L. "Doc" Lingle has announced.

In order that students may witness the meet--on the eve of the spring recess which starts at the close of classes Friday--the Advisory Council today voted to hold 30-minute classes on Friday afternoon instead of the regular 50-minute periods.

The Maroons anticipate stiff competition in the Friday cinder-path encounter.

Last week, they defeated Western by a score of 95 to 36, taking 10 of the 15 events.

So far, no stars have emerged from the Southern squad, though Lingle claims his discus unit --Quenton Stinson of Eldorado, John Algee of Carbondale, and Earl Robert of Carlyle--are "mighty good." Algee rated No. 2 in the meet last week against Western, with 12 points to his credit.

Carbondale, Ill., April -Listing some 7,000 graduates of Southern Illinois Normal University, a new Alumni Directory has just come from the press and is being mailed to all former students for whom reasonable addresses are available, Dr. Orville Alexander, director of alumni services, has announced.

Product of some ten years' effort on the part of University officials, the directory lists alphabetically and by classes all graduates of the institution since 1876. In the roster by classes the latest available address is given for each alumnus.

President Chester F. Lay paid high tribute to the tireless and unselfish labor of W. G. Cisne, former director of the Placement Service, who retired this year, in compiling material for the directory, and to Mrs. Mabel Pulliam who assisted him last summer in preparing the material for publication.

"Mr. Cisne deserves a great deal of credit for getting out this directory," the president pointed out. "We realize that we do not have recent addresses for many of our alumni, particularly those who have been in the armed forces, but hope that publication of this directory will enable us to bring our records up to date.

"We would appreciate any information that can be sent us concerning our alumni, their present addresses and occupations. Such information should be sent to Dr. Alexander, director of alumni services."

Release Tuesday

Carbondale, Ill., April --Looking for their third win in as many starts, the Southern Illinois Normal University thinyclads invade Cape Girardeau, Mo., to tangle with their old sports rivals, the Southeastern Missouri State Teachers, in a dual track meet on Tuesday, April 23, Coach Ieland "Doc" Lingle, Maroon track coach, announced Monday.

The Southern Illinois Maroons have defeated Western Illinois State Teachers College and Illinois State Normal University in that order this season while the Missourians have participated on one meet, a triangular affair in which they were barely nosed out by Rolla School of Mines of Rolla, Mo.

All of the Southerners are in good shape and ready to go, Lingle declared. The men from Carbondale will be trying to reach peak form as they will journey to St. Louis to meet Washington University and the University of Arkansas in a triangular meet on Saturday, April 27.

#

Carbondale, Ill. April --Six men will make the trip to Cape Girardeau on Tuesday, April 23, to take on the netsters of Southeastern Missouri State Teachers College, Bill Freeburg, Southern Illinois Normal University tennis coach announced.

The players making the trip are Bruce Church of Carbondale, Joe Pulley of Marion, Roy Leilich of New Athens, John Maguire of Carbondale, Harry Meng of Belleville, and a sixth member to yet be named.

The Freeburg-men will be looking for their second victory in as many starts as they defeated Washington University 4 to 2 on April 12.

Carbondale, Ill., April --Reviewers are high in their praise of The Bridge of Years, new novel by May Sarton, who will be poet in residence at Southern Illinois Normal University during the summer term.

The Bridge of Years, said the New York Herald Tribune in review, "is in effect a modern and very beautiful Pilgrim's Progress of a whole family achieved in no far-away terrain of a seventeenth century mystic's imagination but in the real and sordid world of Europe 1910-1940."

The review further stated that Miss Sarton wrote with rich understanding this story of a Belgian family in the devastating period, and gave at least one brilliant answer to the often-asked question: What could any individual or family have done against the tide of Nazi-minded inhumanity and prejudice that were sweeping along toward total war.

The warm and humanly emotional story presents Paul Duchesne, philosopher and writer who foresaw the approaching abyss, his courageous wife, Melanie, and their three daughters, in their preparation to resist the fingers of Fascism, anti-Semitism, and Nazism.

A World War I refugee from Belguin, Miss Sarton also has written Encounter in April, and Inner Landscape, poems, and The Single Hound, a novel. She spoke to the University student body here last November.

Courses which she will teach this summer are "A Background for Modern Poetry," and "The Teaching of Poetry," to emphasize modern poets, the reading aloud of poetry, and "What Poetry is About."

Carbondale, Ill., April -- Basis for work in the summer Rural Education Workshop, June 10 - August 2, on the Southern Illinois Normal University campus will be the new state course of study, Dr. E. R. Fair, dean of the College of Education, has announced. .

Giving emphasis in the eight-week study to both the content of the state course and to ways and means of implementing the course, the workshop agenda will include class discussions, individual and group conferences, observations in the campus laboratory schools, and participation in a variety of other activities to be planned cooperatively by the staff and students.

Outlined primarily for teachers of rural or village schools, and emergency teachers, the workshop is also planned for those teachers desiring to utilize school-community resources more fully and those wanting to exchange literature and swap ideas with others interested in curriculum planning.

In addition, the course has been planned for rural supervisors and assistant county superintendents, according to the announcement.

Directing the workshop this summer is J. Ward Dillow, assistant professor of rural education. Other staff members will include Dr. E. E. Hall, director of the curriculum laboratory, and Joan Fligor, supervising teacher in the Buncombe Rural Training School.

Those interested in additional information concerning the Rural Education Workshop may write Dean Fair in care of the University. Students will enroll in the workshop on summer term registration day, Monday, June 10.

#

Carbondale, Ill., April -- Students of Southern Illinois Normal University this week had the opportunity of receiving protection against typhoid and small pox at the Student Health Service here.

A series of three typhoid vaccinations and a small pox vaccination were given to students, faculty, and employees desiring them by the two University physicians Dr. Marie A. Hinrichs and Dr. Eli Borkon. The service was without charge.

Other vaccines and physical check-ups are given at various times during the year.

Carbondale, Ill., April --A gift of \$100 to the Lincoln Library of Southern Illinois Normal University has been made by C. T. Houghten, president of the Good Luck Shoe Company and past president of the Business Men's Association of Carbondale.

E. G. Lentz, director of the library, said that most of the books have been purchased to the extent of the gift, although a few are yet to be bought. Several valuable volumes of Lincoln and on Illinois history have been added to the collection as a result of the Houghten donation.

Some time previously, a selection of 50 volumes once owned by the late F. B. Hines were given to Southern by his son Hemingway Hines of Honolulu, a former student of the University.

Southern's Lincoln library of 1950 volumes was a gift of Clint Clay Tilton in 1944, and is conservatively valued at \$6,000. This figure does not include pictures and other articles related to Lincoln which are a part of the library.

According to Mr. Lentz, Mr. Tilton, a retired newspaper publisher of Danville, Ill., was prompted to make the generous gift of his entire library when, as president of the Illinois State Historical Society, he presided at a meeting in Carbondale in 1940. At that time he was greatly impressed with the possibilities for historical research at Southern.

To this collection has been added several hundred volumes of great value, many of them on Illinois history. Other gifts were made from the Dr. George L. Owen and Judge Monroe Crawford estates of Marion and Jonesboro.

Carbondale, Ill., April 26--Southern Illinois Normal University's chapter of Gamma Iota Alpha, nation-wide student-veteran's organization, has adopted as a major objective the return of O.P.A. control of rent prices for all students of Southern.

of Herrin
Paul Helms/, Southern's president of G.I.A., made this statement following the G.I.A. action:

"At present, with no O.P.A. control, rent for students has gone beyond reason in most cases. With the large number of veterans already returned, and many more returning each day, the present rent prices are a serious problem to the student-veteran, whether he is married or single..

"Temporary housing for single veterans to be occupied next fall is being considered now; but suitable housing for all, including married veterans, cannot be found until the entire rental situation is clarified and improved.

"Up to now, nothing concrete has been done or promised that would alleviate the situation, but many influential persons are lobbying in many places for the veterans to get a square deal. The students themselves have been waiting and hoping for help to come from somewhere with solutions to their problems.

"Gamma Iota Alpha proposes to take the initiative in crystalizing student opinion on behalf of the restoration of rent control."

Carbondale, Ill., April --Although being held to a 3-3 tie by Washington University on Saturday, April 27, the Southern Illinois Normal University tennis squad will risk an undefeated record when they entertain the Southeastern Missouri Teachers from Cape Girardeau on April 30 on the Carbondale campus.

The Maroons handed the Missourians a 9-0 whitewash at their last meeting on April 23 at Cape Girardeau, so the Indians will probably be looking for revenge on Tuesday.

The Southerners were after their fourth win of the current season last Saturday, but they had to be satisfied with a tie as they divided the four singles and the two doubles matches with the Washington University Bears.

The Maroons looked good in the first singles match with Bruce Church, a Carbondale product, handily defeating Bill Ziervegel 6-3, 8-6. The Bears bounded right back in the second singles match as Hilltopper Bill Hendry, rated No. 2 singles star in England before he entered the service, soundly whipped Joe Pulley of Marion, 8-6, 6-2.

The Southerners bounced back into the lead again as Roy Leilich, of New Athens, trounced St. Louisian Bob Pierson 9-7, 6-1. However, the Bears tied it up again as Bob Copeland defeated John Maguire of Carbondale 6-3, 6-4.

All knotted up, the two teams entered the doubles and it looked bad for the Maroons as Ziervegel and Hendry combined forces to defeat top-seeded Church and Pulley 6-4, 6-2; but the Southerners managed to settle for a tie as Leilich and Harry Meng, of Belleville, grabbed the finale in three sets 8-6, 0-6, 9-7.

#

Carbondale, Ill., April --Glenn "Abe" Martin, coach of the Southern Illinois Normal University basket ball team which won the IIAC championship and the Kansas City Tournament, is having his calendar flooded with requests to talk about his championship team before Southern Illinois civic groups.

Recently Martin has appeared before the Lions Club at Carterville and at Fairfield and before the Rotary Club at Freeburg and at Highland.

Carbondale, Ill., April -- Looking for their fifth win in as many starts, the Southern Illinois Normal University tracksters will entertain the Southeastern Missouri State Teachers in a dual meet on April 30 at Mac Andrew Stadium.

The Maroons whipped Washington University $89\frac{1}{2}$ -- $41\frac{3}{4}$ for their fourth win of the season on April 27 in St. Louis. John Algee, of Carbondale, captured the scoring honors of the day as he donated 14 points to the Southerner's cause.

When the Southern Illinois Maroons, coached by Leland "Doc" Lingle, invaded Cape Girardeau last April 23, they came back with a $82\frac{1}{3}$ -- $48\frac{2}{3}$ win in their record books. The Lingle-men will be looking for a clean sweep over their Missouri neighbors when the two squads tangle again, this time on the MacAndrew Stadium track in Carbondale.

So far this season, the men from Southern Illinois have claimed the Western State Teachers, State Normal, Cape Girardeau, and Washington University for their victims.

Carbondale, Ill., April -- San Jose scale is an ever present menace to fruit trees of Illinois, and is especially severe in the Southern third of the state, according to a report by Stewart C. Chandler, consulting entomologist for Southern Illinois Normal University, and field entomologist for the Illinois Natural History Survey.

Apple and peach especially may require annual spraying in order to hold it in check, Chandler points out. The Survey examines from 150 to 200 orchards each year, about equally divided among apple and peach, in the principal fruit growing counties of Southern Illinois.

In the 15-year period of 1930-1944 there were high peaks of infestation about every third year. During these years from 40 per cent to 50 per cent of the apple orchards and from 58 per cent to 72 per cent of the peach orchards had "moderate to severe" infestations. Those years were 1931, 1934, 1937, and 1944.

Infestations in peach orchards are almost always higher than in apple orchards. This is true not only in orchards side by side but also in those interplanted, peach and apple together. Factors which may play a part in this condition are the differences in plant susceptibility, and oils and sprays which are applied for various insects more frequently to apple than to peach.

According to the Survey, variations from year to year may be due to winter mortality, length of breeding season, parasites and

(more)

predators, and control by the grower. Appreciable numbers of the San Jose scale are killed each winter by low temperatures, the counts of survival ranging from 2 per cent to 75 per cent by spring, after the cold of winter has passed.

San Jose scale reproduces as long as the weather is reasonably warm. It may be found in December, following mild weather in November. At other times there is little after November even in the extreme southern acres of Illinois.

Parasites and predators is a very important factor for in some years big percentages have been found destroyed by their insect enemies. It has frequently been found that the increase in the host insect will bring about so great an increase in its enemies that it is reduced to a point that results in lack of food for the parasites in which case the parasites and predators die off themselves.

Growers do a thorough job of spraying during peak years but at other times may not realize the seriousness of the situation since San Jose scale is hard to see unless massed by thousands. It is possible that the special efforts made by growers to reduce the population is another factor in these periodical fluctuations.

##

Special to Southern Illinois Dailies

Carbondale, Ill., April --Many points of historical interest in Southern Illinois will be visited by the Illinois Historical Association under the direction of John W. Allen, curator of the Southern Illinois Normal University Museum, on May 11.

A guide booklet containing their mapped route is being prepared in its entirety by Mr. Allen, Lorraine Waters of Percy, graduate student and Allen's research assistant, and Doris Morgan of Sparta, student artist. Pen and ink sketches and short descriptions of each destination point will make this publication both colorful and unique.

Hardin, Pope, Saline, and Gallatin counties will be best represented on the one-day trip. Some of the historical landmarks that the Association will view are the first Masonic organization site in Illinois, located at Equality; Old, and New Shawneetown, with its Hickory Hill Cemetery; Nigger Springs; Indian Mounds; Ford's Ferry Road; Cave-in-Rock; Rose Hotel in Elizabethtown; Government Dam #51; the Illinois and Martha iron furnaces; Harrisburg; Mitchellsville; and many others.

From the short descriptions in the guide book come these samples of Illinois history which the group will see firsthand:

Thacker's Gap is located among a range of hills that proved to be a great hindrance for immigrants crossing the Ohio and going north and east. It was one of the few passages and played a part in the growth of Elizabethtown.

Pounds' Hollow is located in southern Gallatin County about three miles west of State Highway # 1. A mesa-like formation near Pounds' Hollow has sides which are almost precipitious except for the narrow neck at the south. Across the narrow part, settlers found a substantial stone wall which they thought was a fortification of an earlier race.

Mr. Allen suggests that it might have been a game enclosure, or that it might have been built by earlier whites. Four other similar structures exist in Southern Illinois. Pounds' Hollow has been dammed and has resulted in a beautiful lake.

The Old Slave House is on the crest of a hill one-half mile southwest of the intersection of Highways # 1 and # 13. It is a three-story frame house with brick-filled walls. The first two floors were used by the owner, John Crenshaw, as his home, and the third floor as quarters for slaves which he kept to work in the salines he had leased. There are small closet-like rooms containing shelves or bunks about 20 inches wide and 6 feet long, once used as beds for the slaves.

Carbondale, Ill., April -- The dual track and tennis meets, scheduled to be held at MacAndrew Stadium between Southern Illinois Normal University and Southeastern Missouri State Teachers College on April 30, were postponed because of rain, Leland "Doc" Lingle and Bill Freeburg, Southern Illinois track and tennis coaches respectively, announced.

Although the future date for the battles is indefinite, the Cape Girardeau Indians will invade Carbondale to revenge for the $82\frac{1}{2} - 48 \frac{2}{3}$ defeat suffered in the last track meet, and also to attempt to reverse the 9-0 whitewash handed them by the Maroons tennis squad.

The Southern Illinois track record stands at four victories and no losses for the current season while the tennis squad had written three wins and one tie into their record books this year.

The Maroons tracksters have breezed to victories over Western Illinois State Teachers College, Illinois State Normal University, Southeastern Missouri State Teachers College, and Washington University.

The Southern Illinois tennis squad has successfully turned back Washington University, Western Illinois State Teachers College, and Southeastern Missouri State Teachers College, while being held to a tie in their last meeting in a return match with the Washington University Bears.

Release Saturday

Carbondale, Ill., May 3 --Groans and cheers were rife on the Southern Illinois Normal University campus these last few days as students and faculty prepared to go on daylight saving time Saturday, May 4.

Bus schedules here will remain on standard time, so students are having a hectic time figuring out the time lapse as they leave their residence halls to go home for the week-end.

"I'll get home before I leave here," one co-ed quipped.

For example, Harrisburg also is on daylight saving time, and apparently so is the bus station there. One student figured it this way: "I leave here at 5:05 in the afternoon and don't get to Harrisburg until 7:45, two hours and forty minutes. But coming back, I leave there at 10:05 and get here at 10:45, only forty minutes."

"We'll all have to carry two watches," still another declared.

"We'll have to come in from dates an hour earlier," a comely blond mourned. "But we'll start an hour earlier," her roommate countered.

Release Monday

Carbondale, Ill., May --The Southern Illinois Normal University tennis squad will be trying to get back on the victory trail when they journey to Champaign, Ill. on Tuesday, May 7, to tangle with the University of Illinois "B" team, their last match of the season before the I.I.A.C. meet which will be held on May 11 at Normal, Ill.

Track coach Bill Freeburg is sticking by his guns as he plans to send the same six-man team to face the Illini "B"'s that have recorded three wins and one tie so far this season. They are Bruce Church of Marissa, Joe Pulley of Marion, John Maguire of Carbondale, Harry Meng of Belleville, Roy Lielich of New Athens, and a sixth choice yet un-named..

This group has successfully turned back Washington University 4-2, Illinois State Normal University 7-0, Southeastern Missouri State Teachers College 9-0, and they gained a 3-3 tie with Washington U. in their return match.

The return match with Cape Girardeau, which was scheduled for April 30 and which was rained out, has been permanently canceled, it was announced.

Carbondale, Ill., May --Allotment of 100 additional family dwelling units for student veteran housing to Southern Illinois Normal University by the Federal Public Housing Authority will bring Southern's total to 155 such units, President Chester F. Lay reports.

Announcement of the 100-unit allocation was made in Chicago Wednesday by Orvil R. Olmsted, director of region III for the FPHA. This number is in addition to the 55 earlier allocated to Southern.

"The Federal Government requires that these units be located at Federal-owned properties, if such properties are available within 25 miles of the university," President Lay pointed out.

"This means that these units if accepted by the State would be located at the Illinois Ordnance Plant at Crab Orchard.

"It is proposed to convert certain buildings at the ordnance plant into family dwelling units," he explained. "Considerable expenditures by the State of Illinois would be required if these units are to be secured for University students, although it is expected that the Federal Government itself would spend several times that amount-in addition to any State funds that might be expended- in making the units available."

The University has worked out arrangements with the FPHA to turn over to the University the dormitories at the ordnance plant for housing some 300 student veterans, and only acceptance of this agreement by the State of Illinois remains before the negotiations can be completed, President Lay said.

The University president said he would confer next week with members of the University's advisory committee of the State Teachers College Board in regard to the ordnance plant housing project, and hoped that contracts could be signed shortly.

Carbondale, Ill., May --Recognition for the University High School at Southern Illinois Normal University came this week when a University of Hawaii professor, John C. Everly, spent two days here studying the system in preparation for his doctor's thesis on secondary schools.

Now at Ohio State University where he is working on his doctorate in education, Mr. Everly has been in charge of the University of Hawaii elementary practice schools for some time, but at present is on leave-of-absence for his graduate study.

Mr. Everly was particularly interested in the core curriculum method employed here in the social science classes under the direction of Miss Gladys L. Smith, assistant professor in the laboratory schools.

Attracted here by Miss Smith's article on social science teaching which appeared in the 15th Yearbook published in 1944 by the National Council for Social Studies, Mr. Everly said his graduate instructor, Dr. Harold B. Alberty, head of the Ohio State University campus schools had recommended he study the laboratory schools here.

After leaving here, Mr. Everly went to visit the University of Chicago laboratory schools.

Carbondale, Ill., May --The Southern Illinois Normal University tracksters made it five in a row as they took a $77\frac{1}{2}$ to $53\frac{1}{2}$ decision from the Eastern Teachers up at Charleston, Illinois on May 3.

High point man for the day was Hudson of Eastern with a total of 14 points, closely followed by John Algee of Carbondale who had 13 markers.

The Southerners scored three grand slams and gained seven first place positions to make the cold, rainy day look a bit brighter as they completed their regular track season, leaving only the Elmhurst Relays on May 11 and the I.I.A.C. meet on May 18 yet on the record.

During the course of the season, the Maroons have whipped Western Illinois State Teachers College, Illinois State Teachers College, Southeastern Missouri State Teachers College, Washington University, and now the Easterners can be added to the list.

Carbondale, Ill. May--Fifteen men will carry Southern Illinois Normal University's banners when they journey to Elmhurst, Ill. on May 11 to participate in the Elmhurst Relays together with 24 other colleges and universities of the midwest," track coach Leland "Doc" Lingle announced.

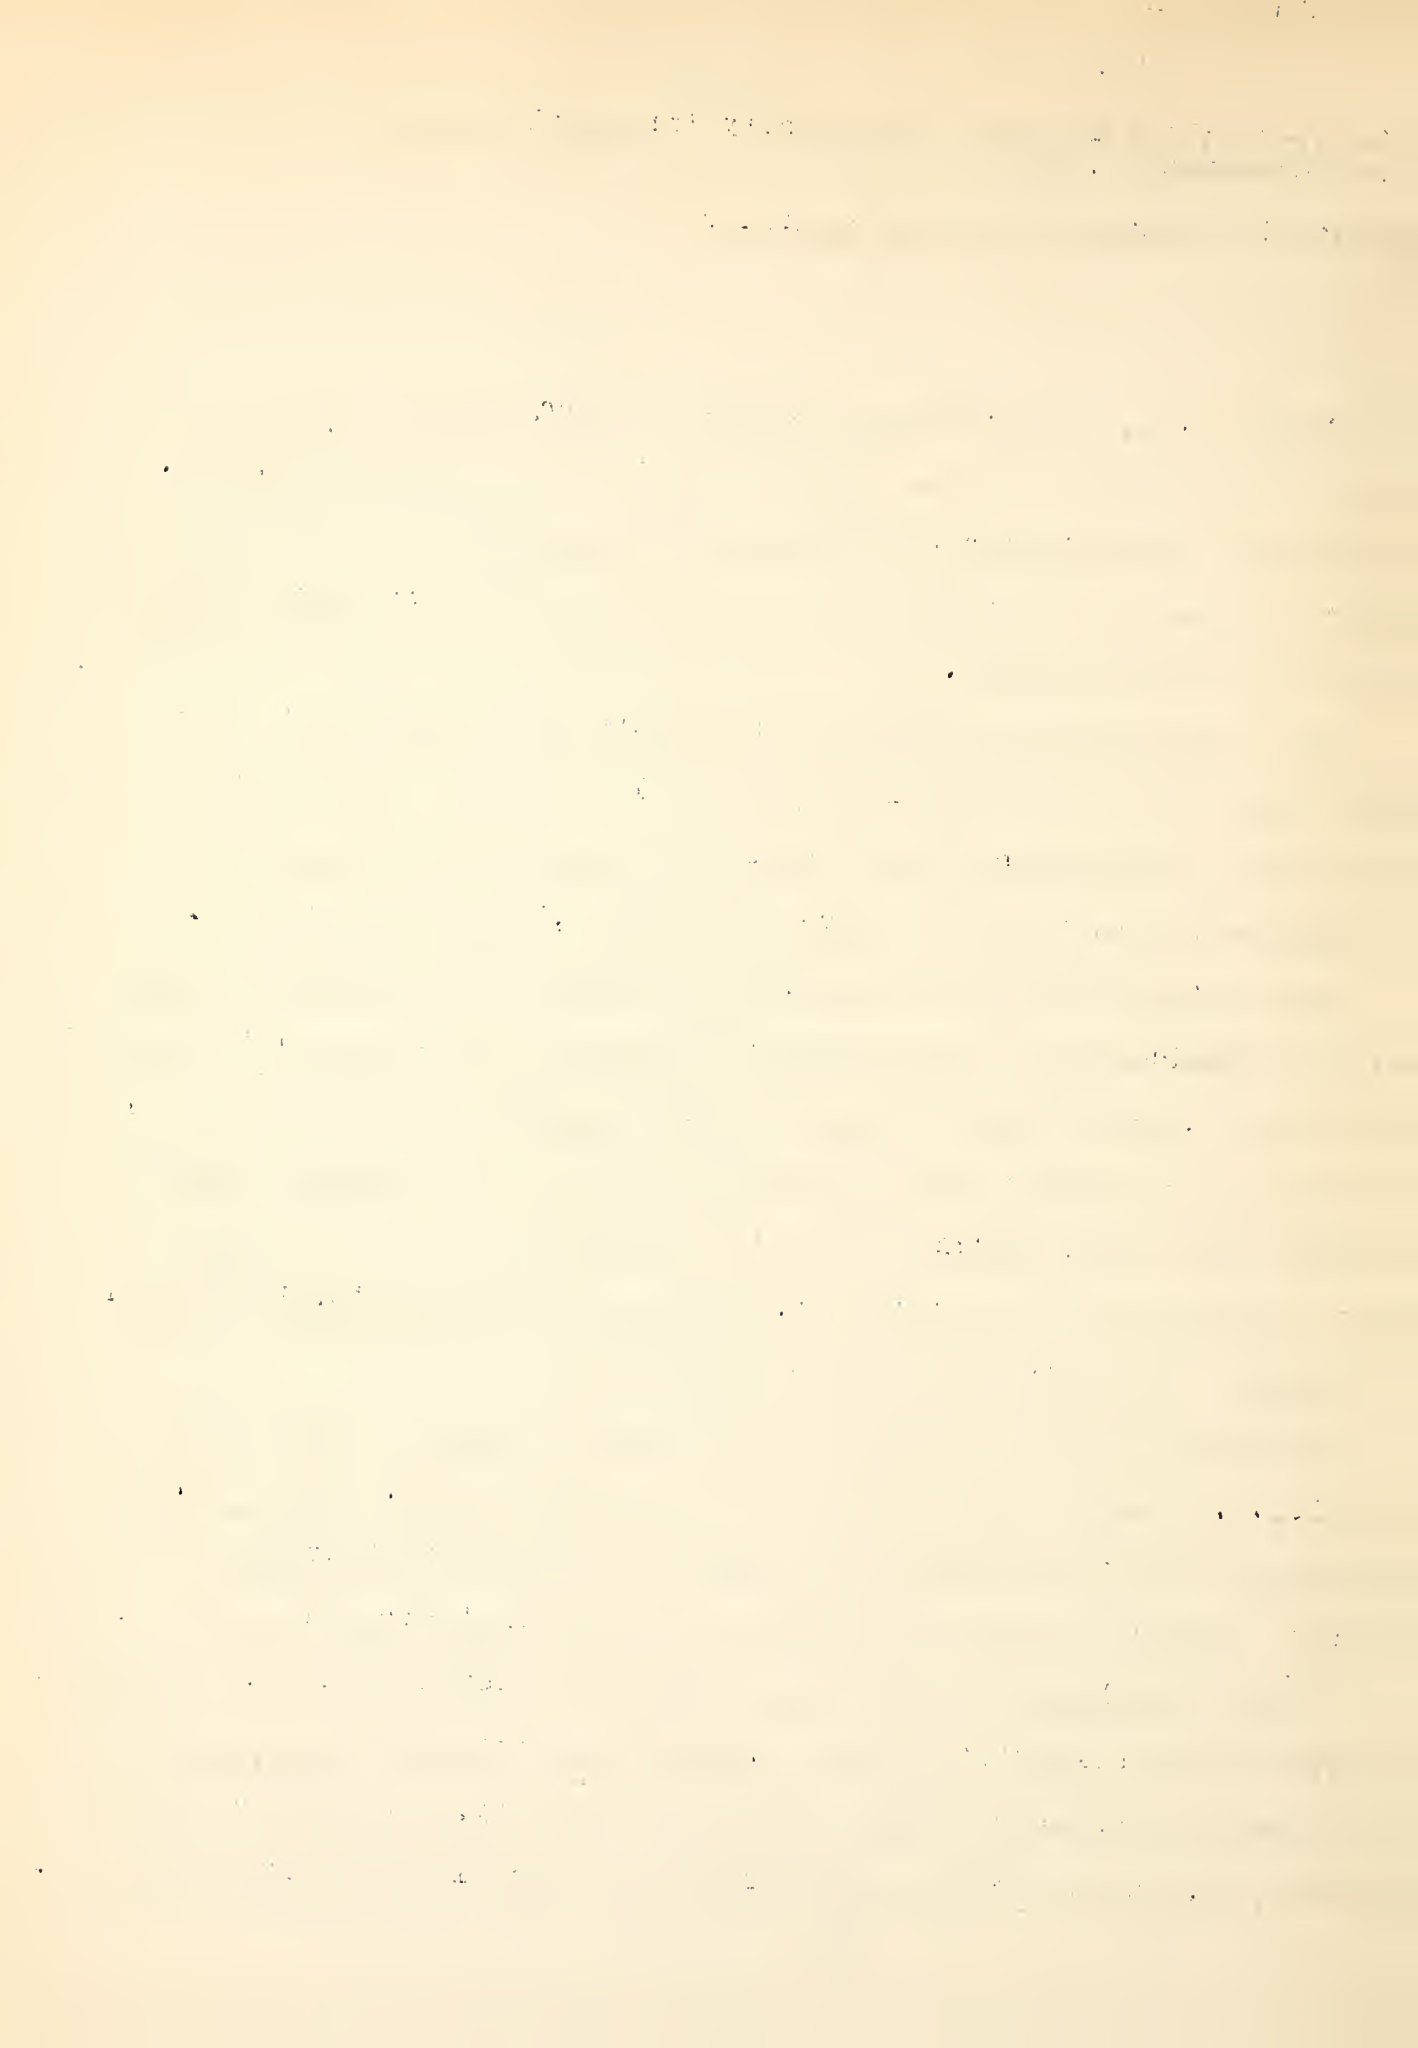

The Southerners are expected to have a tough time of it when they tangle with the cream of the middle west crop. "Although we have a well balanced dual meet team, the task of placing high in the Elmhurst events will be very difficult," Lingle declared.

The Maroons making the trip are John Algee of Carbondale, Dick Avis of Johnston City, Carl Birkner of Pinckneyville, Charles Beatty of Benton, Leonard Burden of Harrin, Gene Davidson of Harrisburg, Dick Eggers of Chester, Jim Gallitan of Carlyle, Glen Hamilton of Pinckneyville, Dick Harmon of Granite City, Jack Hayse of Benton, Louis Pechineno of Christopher, Roy Ragsdale of DeSoto, Earl Robert of Carlyle, and Quentin Stinson of Eldorado.

This will be the last competition for the Maroons before the I.I.A.C. meet which will be run off at Normal, Ill. on May 18. The Lingle-men have done alright for themselves so far this season, Having a record of five wins and no losses in their dual affairs.

During their clean sweep this season, they have met and defeated Western Illinois State Teachers, Illinois State Normal University, Cape Girardeau Teachers, Washington University, and Eastern Illinois Teachers, and all of their meets have been decided by sizable scores.

Carbondale, Ill., May --A third allotment of 31 family housing units for veterans brings Southern Illinois Normal University's total to 186, President Chester F. Lay reports.

Two earlier allotments from the Federal Public Housing Authority were for 55 and 100, respectively.

The first groups of family housing units are earmarked to be made available at the Illinois Ordnance Plant if dormitories at this property are turned over to the University for veteran housing, but it is hoped that the third group may be made available here in Carbondale.

Negotiations are still going forward for acquisition of the ordnance plant dormitories, subject to approval by the State of Illinois of terms of the agreement proposed by Federal government agencies controlling the ordnance plant properties.

#

Carbondale, Ill., May --The Journal of the Illinois State Historical Society, March, was high in its praise of "Jackson County Notes," a county history by John W. Allen of Southern Illinois Normal University.

Allen is curator of history for the University Museum of Natural and Social Sciences. The 38-page booklet also includes a pictorial map drawn by Loraine Waters of Percy.

Of the Jackson County Notes, the Journal states: "The map is divided into squares and the text gives a brief history of the territory in each square. This booklet, printed by the State of Illinois, might well serve as a model for similar projects in other counties."

Attention: Sports Editors

Carbondale, Ill., May -- Five games of Southern Illinois Normal University's eight-game fall football schedule are to be played at home, Coach Glenn ("Abe") Martin has announced.

Southern, runner-up in the Illinois Intercollegiate Athletic Conference gridiron tourney last year, will play the following games in 1946:

| | | |
|--------------|--------------------------------------|---------------|
| September 28 | Kirksville (Mo.) Teachers College | at Carbondale |
| October 5 | Cape Girardeau(Mo.) Teachers College | at Carbondale |
| October 12 | Illinois State Normal University | at Normal |
| October 19 | Arkansas State | at Carbondale |
| October 26 | Western Illinois Teachers College | at Macomb |
| November 2 | Eastern Illinois Teachers College | at Carbondale |
| November 9 | Evansville (Ind.) College | at Evansville |
| November 16 | Northern Illinois Teachers College | at Carbondale |

Prospects for Southern's fall season look pretty good, Martin confesses, for all of his 1945 stringers are expected to be back in school. Not a single one of last season's team graduated. The great majority of them were playing their first season of college football, only three lettermen being on deck.

Martin's three all-conference stars -- Sam Milosevich of Zeigler, left tackle; Loodio Cabutti of Johnson City, right end; and Gene Stotlar of Pinckneyville, right half -- are at present expected to return to Southern this fall.

Carbondale, Ill., May --In weather more suitable for football, the Southern Illinois Normal University track representatives grabbed off fourth place in the Elmhurst Intercollegiate Invitational Meet held at Elmhurst, Illinois on Saturday, May 11.

The Maroons wound up the day's activities with 23 points, beaten only by Bradley Tech, in third place with 29 $\frac{3}{4}$ points, Wheaton College, in second place with 42 points, and Western Michigan State, the winner of the meet with 50 $\frac{3}{4}$ points.

Southern's only first place winner during the contest, in which 25 colleges and universities of the midwest participated, was Quentin Stinson, of Eldorado, who won the first slot in the discus with a distance of 133' 8 $\frac{3}{4}$ ", giving him five points for the day and also a tie for second place in the Southern individual scoring column.

The Maroon's high point man of the day was Earl Robert, of Carlyle, who contributed six points to the Maroons' cause. Robert placed third in the discus and third in the shot put.

Tied for second place scoring honors with Stinson was John Algee, of Carbondale, who took third place in the 220-yard dash, fifth place in the shot put, and fifth place in the 100-yard dash.

Charles Beatty, of Benton, had four points as a result of his placing third in the 220 yard low hurdles and fifth in the 120-yard high hurdles.

Dick Eggers, of Chester, had one point by virtue of placing fifth in the 220 yard low hurdles, and the relay team, consisting of Dick Avis of Johnston City, Dick Harmon of Granite City, Carl Birkner of Pinckneyville, and Louis Pechineno of Christopher, made the final contribution of two points to the Maroons' account by finishing fourth in the relays.

The next event on the track calendar is the I.I.A.C. meet scheduled for May 18 at Normal, Illinois.

Carbondale, Ill., May --Looking for the victory trail once more, the Southern Illinois Normal University tennis squad will entertain the Southeastern Missouri State Teachers College of Cape Girardeau in a return match on Tuesday, May 14. At their last meeting, on April 23 at Cape Girardeau, the Maroons hung it on their Missouri neighbors with a 9-0 whitewash, so the Missourians will probably be looking for revenge at this meeting.

Since the last meeting of these two teams, the Maroons, coached by Bill Freeburg, have had tough sledding. They were held to a 3-3 tie by Washington University and were defeated 3-2 by the University of Illinois "B" squad.

This return match with Cape Girardeau was originally scheduled for April 30 but was postponed because of rain. This match is being played off to give the Maroons a chance to get into condition before the I.I.A.C. meet to be held at Normal, Ill. on May 18, Freeburg said.

The same six men who have hung up a seasons record of three wins, one tie, and one loss will be on the firing line come May 14, Freeburg announced. They are Bruce Church of Marissa, Joe Pulley of Marion, John Maguire of Carbondale, Harry Meng of Belleville, Roy Leilich of New Athens, and one yet un-named member.

Southern Illinois Normal University Information Service

Carbondale, Ill., May --Proving that their earlier season win was no fluke, the Southern Illinois Normal University tennis squad again whitewashed the Southeastern Missouri Teachers of Cape Girardeau, Missouri, 9-0, in a return engagement here at Carbondale on May 14.

The Maroons, coached by Bill Freeburg, bounced back out of their recent slump with a bang as they poured it on their Missouri neighbors. The next activity on the tennis schedule is the I.I.A.C. meet which will be held at Normal, on May 18.

In the Cape Girardeau match, Bruce Church of Marissa opened the afternoon with a 6-0, 6-0 whitewash over Moran. Then Joe Pulley of Marion duplicated the feat by downing Hicklin 6-0, 6-0.

Roy Lielich of New Athens was not so harsh with his Missouri opponent Chapman, and defeated him 6-2, 6-1, and John Maguire of Carbondale was extended for three cantos before whipping Foard 6-0, 3-6, 6-3.

In the last two singles matches, the Maroons made it unanimous as Harry Meng of Belleville won over Evans 6-1, 6-2, and Q. D. Miskell of Carbondale beat Courtway 6-4, 6-0.

The doubles matches found Church and Pulley paired against Moran and Hicklin, and when the dust had settled, Southern had victory number seven to the tune of 6-4, 6-2.

In the second doubles, things went practically the same way as Meng and Lielich whipped Foard and Evans 6-1, 6-2, but in the finale, Maguire and Miskell were extended in an exciting three-frame affair by Chapman and Courtway, but the Maroons made it a clean sweep as they won 3-6, 6-4, 7-5.

Carbondale, Ill., May --A new high school principal for the campus laboratory school has been appointed to the faculty of Southern Illinois Normal University here, President Chester F. Lay has announced. He will assume his duties next fall.

Mr. Mees will also hold the rank of assistant professor in the College of Education, according to Dr. E. R. Fair, dean of the college.

A graduate of Southern in 1931, Mr. Mees holds the master's degree from the University of Illinois and has completed additional graduate study at the University of Chicago, the University of Missouri and the University of Indiana.

For the past seven years he has been at Thornton Township High School at Harvey, Illinois, where he was assistant principal. He is married and has two sons, six years and seven months respectively.

"He comes to us with very high recommendations concerning his administrative ability and guidance work with high school students," Dean Fair pointed out.

The University High School at Southern, which serves as a laboratory school for University students training to become high school teachers, for the past year has been in the charge of Dilla Hall, assistant professor and acting principal. Next year Mr. Hall will spend half-time teaching and half-time in research in order to complete his doctoral degree.

#

Carbondale, Ill., May --Miss Ruby Matthews of Orient, who will graduate from Southern Illinois Normal University in June, has been appointed a faculty assistant in the Placement Service.

Miss Matthews is a commerce major and has had four years' experience in placements work.

Carbondale, Ill., May -- Representatives of Southern Illinois Normal University to attend the Egyptian Round Table of Industrial Education meeting at Mt. Vernon May 18 will be J. Henry Schroeder, chairman of the industrial education department, and Delmar Olson and Robert W. English, assistant professors of industrial education here.

The group will visit the high school shops of Mt. Vernon, and make an inspection of surplus shop supplies.

"War Plants Surplus Equipment and Supplies" and "Pending Federal Legislation Affecting Industrial Education," are two subjects which are up for discussion.

School administrators are invited to attend this meeting, according to Mr. English, who is secretary of the organization.

###

Carbondale, Ill., May -- Listed in the 1946 edition of Who's Who in Chicago and Vicinity is David S. McIntosh, associate professor of music at Southern Illinois Normal University.

McIntosh became associated with Southern in 1927. He is collector of Southern Illinois folk songs and has published "Songs of Southern Illinois Folk" in 1940, and "Singing Games and Songs from Southern Illinois" in 1942.

###

Carbondale, Ill., May -- A pre-war tradition will be re-established on the Southern Illinois Normal University campus Thursday night at 7:30 when the social fraternities and sororities hold their first Inter-fraternity Sing in three years.

Following the custom, the participating groups will give three numbers as they informally gather on the steps before Shryock Auditorium. One of the songs will be a popular favorite, another, a semi-classical piece, with the third being an organization song.

An award will be presented to the group which is judged to give the best performance. During the evening, a plaque will be presented to the "most valuable fraternity man of the year."

Release Friday

Carbondale, Ill., May 16 -G. I. Alpha, veterans organization at Southern Illinois Normal University, today hitched up its belt and started a down-to-earth movement to find out what student veterans think and to channel that thinking into action.

Yesterday, the organization elected new officers for next year, and today new president Dale Andrews of Mt. Carmel laid before the veterans at student assembly seven major topics:

- (1) veteran legislation--federal, state, and local
- (2) housing
- (3) full employment
- (4) military conscription
- (5) federal loans to foreign countries
- (6) community activities and projects sponsored by veterans
- (7) student-veteran organization here at Southern

He asked each student veteran to indicate his choice for committee work in these fields. Each committee will be instructed to draft resolutions for consideration of the entire membership at an open meeting next Tuesday.

"It seems to me by this means we can in an orderly democratic process arrive at the real sentiments of our student veterans here," Andrews said. "We can then push ahead on a constructive program to put our influence where it will do the most good."

Other officers elected by the veterans organization were: Arthur Carter of Anna, vice president; Margie Hinkle, of Dongola, secretary; Marion ("Doc") Whitloy of Harrisburg, treasurer.

Carbondale, Ill., May --An exhibit of sketches of Roscoe Misselhorn, native Southern Illinois artist, will go up at Southern Illinois Normal University here May 20, to remain on display during the early summer.

Working chiefly with pencil and pen-and-ink, Mr. Misselhorn has directed his attention to scenes of an historical and scenic nature, such as old buildings, rustic scenes and historic sites, in various parts of Illinois.

Some of the sketches depict famous buildings in Randolph County, particularly the remains of Old Kaskaskia, first white settlement west of the Alleghenies.

Mr. Misselhorn's work has attracted national recognition in art circles. Recently many of the sketches to be shown here were exhibited at the Central Public Library in St. Louis.

A native of Sparta, Illinois, he has spent most of life in that Southern Illinois town. He won a scholarship in the School of Fine Arts at Washington University at St. Louis, where he studied for two and a half years. He was employed for several years by a St. Louis commercial art studio and for eight years was editorial cartoonist for a Chicago newspaper syndicate.

He has written a textbook on pencil drawing which is soon to be published.

Mr. Misselhorn is a brother of Mrs. Rockwell McCreight, wife of the University physical plant director, and of Frank Misselhorn of Murphysboro.

The Misselhorn sketches will be hung in the Little Gallery in the Main Building.

Carbondale, Ill., May --Return of a distinguished scientist to the faculty of Southern Illinois Normal University after a three-year absence was announced today by University President Chester F. Lay.

Dr. Robert C. Cassell, who left Southern in June, 1943, to engage in vital war work for the U. S. Department of Agriculture, will return this fall to a post as professor and chairman of the department of agriculture in the College of Vocations and Professions here.

When he left Southern, he became pathologist in the Emergency Plant Disease Prevention Program of the U. S. Department of Agriculture, and was assigned to the New England states and the State of New York. He had earlier worked for the U.S.D.A. as an agent in the Division of Plant Disease Control.

For the past year, Dr. Cassell has been as associate in plant pathology at the University of Florida, according to Dr. Henry J. Rehn, dean of the College of Vocations and Professions.

A graduate of Iowa State College, Cassell received the master of arts degree from the University of Idaho, and the doctor of philosophy degree from the University of Minnesota, where he held a teaching fellowship.

He first came to Southern in September, 1938.

A member of Sigma Xi, honorary science society, of the American Association for the Advancement of Science, and the American Phytopathological Society, Dr. Cassell has published more than 15 scientific articles in professional periodicals.

Carbondale, Ill., May --Appointment of William H. Harlan as assistant professor of sociology at Southern Illinois Normal University has been announced by President Chester F. Lay.

Mr. Harlan, employed in the personnel division at Marshall Fields and Co. in Chicago since his discharge from the Navy, will carry on additional work toward his doctoral degree at the University of Chicago this summer and will join the Southern faculty in the fall, Dr. T. W. Abbott, dean of the College of Liberal Arts and Sciences, explained.

A graduate of the University of Nebraska, he holds both the bachelor of arts and the master of arts degrees from that institution. Part of his graduate work was also done at the University of Iowa, where he held an assistantship.

###

Carbondale, Ill., May --A leave of absence for next year has been granted to Jean Fligor, instructor in the College of Education at Southern Illinois Normal University, in order to permit him to carry on work toward the doctor's degree at Michigan State College, President Chester F. Lay has announced.

Mr. Fligor, who recently returned to the Southern faculty after service in the armed forces, is also critic teacher at Buncombe Rural School.

###

Carbondale, Ill., May -- Appointment of three additional visiting professors for summer term at Southern Illinois Normal University has been announced by President Chester F. Lay.

Dr. Robert E. McNicoll, professor of Latin-American history and director of the Hispanic-American Institute at the University of Miami, joins the University faculty this summer to teach two history courses, one in Latin-American history, the other in Latin-American culture, and an elementary Spanish course.

Dr. McNicoll taught at the University of Peru at Lima, and at the University of Havana in Cuba before joining the University of Miami faculty.

Dr. Frank L. Klingberg has been named visiting professor of government for the summer. Coming from Knox College at Galesburg, where he is chairman of the government department, Dr. Klingberg obtained his doctorate from the University of Chicago.

Approved as assistant professor in physiology and health education is Miss Evelyn McKinley, who will work in the health workshops planned for the summer. Miss McKinley did her undergraduate work at Simpson College, and received the master of education degree from Marquette University.

Other visiting professors for summer term include Miss May Sarton, poet-in-residence, in the department of English; and Dr. Ralph R. Pickett, professor of business and economics, who comes from Kansas State Teachers College, Emporia, where he is professor and head of the department of commerce.

####

Carbondale, Ill., May -- Added to the Southern Illinois Normal University faculty last week were Arnold O. Myhre as counselor in the Veterans Guidance Center, and Walter Mazurek as faculty assistant in physical education.

During the past year, Mr. Myhre has been in similar work at Gila Junior College, Thatcher, Arizona. He has the bachelor of arts degree from the University of Washington and the master of arts degree from Teachers College, Columbia University.

Mr. Mazurek, recently discharged from military service, received the bachelor's degree from Westminster College at Fulton, Missouri.

###

Special to Southern Illinois Dailies

Carbondale, Ill., May --Establishment of a scholarship fund to bring foreign students to Southern Illinois Normal University has been announced by District 149 of Rotary International, University officials have been informed by Roy Vail Jordan, district governor of Rotary.

This is the first such scholarship established by Rotary in Illinois. It will be financed by contributions of \$1 per member in the district.

The resolution setting up the scholarship fund pays high tribute to the University and indicates the values to be obtained from the endowment of study by foreign students here. It read in part:

"WHEREAS, The Southern Illinois Normal University has lately been recognized as having University status by the Commission on Colleges and Universities of the North Central Association of Colleges and Secondary Schools, and

"WHEREAS, the inland location of The Southern Illinois Normal University militates against its receiving enrollments of foreign students, and

"WHEREAS, the attendance of students from the American Republics 'south of the border' would contribute largely to the Fourth Object of Rotary, International Friendship through International Acquaintance, through their acquaintanceship with the students of S.I.N.U. as well as through contacts which they might make speaking on the programs of various clubs of District 149, now, therefore, be it,

"RESOLVED, that the member clubs of District 149, Rotary International, do hereby establish a Scholarship Fund at The Southern Illinois Normal University to be known as the Fourth Object Scholarship Fund of The 149th District, Rotary International...."

In accepting the scholarship fund, which he termed "a magnificent service," University President Chester F. Lay explained "Through the years the benefits will progressively cumulate, benefits both to our own people in Southern Illinois and in our country's relationships."

(more)

Mr. Jordan, in describing the scholarship fund to Rotarians of this district, called attention to the fact that Southern has recently added an authority on Latin-American affairs, Dr. Robert E. McNicoll, to its history faculty for the summer.

"The time has come when we should cease to look on Southern Illinois, Egypt, as merely a part of a state or of the United States--as a Cinderella waiting for a Prince Charming to come with the glass slipper," he declared. "We should look upon Egypt as an empire.

"With its rich stores of minerals, its fertile and diversified soils, its beautiful scenery, with its marvelous water supply, with its climate of Virginia, this land bounded by the three great rivers....is intrinsically the richest piece of territory of equal extent in the world.

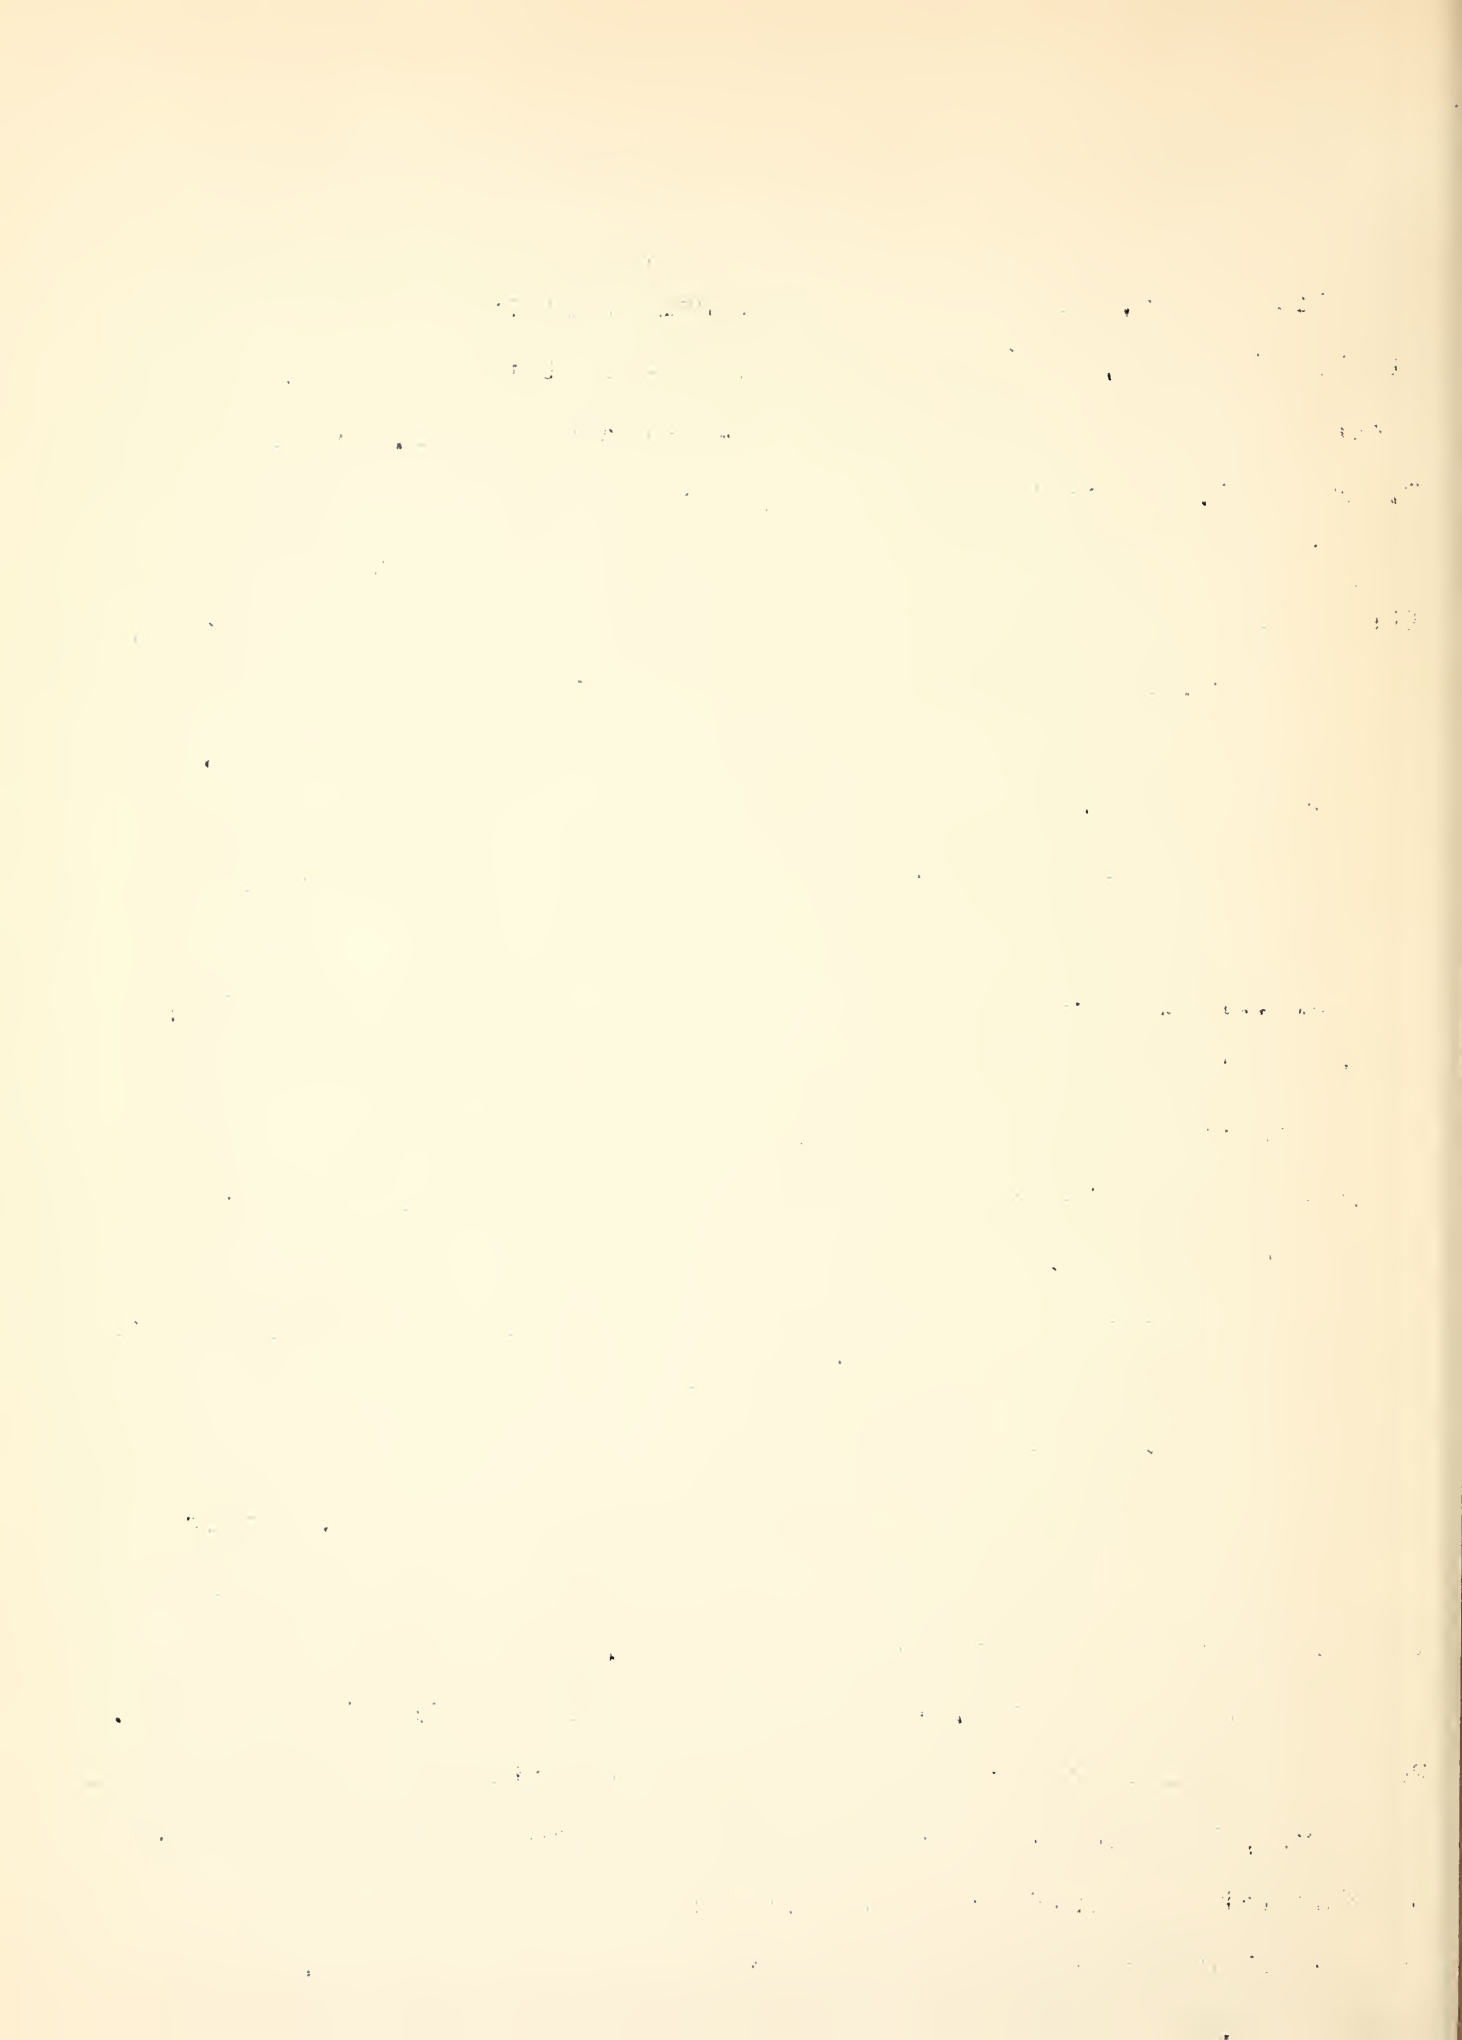

"And it is time we woke up to the fact that we live in a rich empire--and quit looking upon Egypt as the humblest and poorest of all the Cinderellas.

"And serving this empire, we have a great educational institution which was recently recognized as a university, authorized to grant bachelor's degrees in the Vocational Arts and the Liberal Arts and Bachelor's and Master's degrees in the field of Education. It is prepared to serve the million or more population of Egypt, and it is the only recognized university in the area.

"I refer, of course, to the Southern Illinois Normal University. Now it happens that because of its inland location, Southern does not, as a rule, have foreign students in its enrollment. The Rotary Clubs of District 149 could do a great international service for providing for Fourth Object scholarships in our own Southern University at Carbondale.

"If we had students enrolled there from south of the border, I think it would be mutually beneficial for both the foreign students and our own....We shall never get along with the other countries of the world until we know them as neighbors.

"I feel, without a doubt, we should first devote our energies and our funds to aiding foreign students to study at our own university. Too long has the wealth of Egypt gone forth to enrich other parts of the world when more of it should have remained at home."

Carbondale, Ill., May --Southern Illinois Normal University had a hand in training "America's Best Teacher for 1946."

Mrs. Edith Binker of Somerville, N. J., the former Miss Edith Creed, who was recently awarded first place in the Quiz Kids national contest, graduated from Southern in 1924.

Chosen from among 14,000 teachers nominated by American school children, Mrs. Binker will appear on the Quiz Kids national broadcast Sunday evening, May 26.

A native of Centralia, Mrs. Binker moved to Oklahoma with her family when she was three years old.

Returning from Cleveland, Okla., to enter Southern in 1922, she completed the two year course here in 1924 and later took her degree from Rutgers University. She has been teaching for 22 years.

University President Chester F. Lay acclaimed her selection as the country's best teacher as a "distinct honor for Southern as well as for Mrs. Binker."

"We are proud to have the quality of teacher-education which Southern offers its students recognized nationally."

Mrs. Binker's former teachers here remember her as a delightful person who showed promise of becoming a great teacher.

Carbondale, Ill., May --War surplus materials totaling nearly \$100,000 have been allocated to Southern Illinois Normal University for use in the physics, chemistry, and industrial education departments, according to Dr. O. B. Young, chairman of the University's committee on war surplus commodities.

Most of the commodities the University has acquired came from the Illinois Ordnance Plant, and include a very fine welding outfit valued at \$1,100, drills, scales, balances, burners, sanders, and other small tools.

From the Douglas Aircraft Company came two large milling machines, for cutting and shaping metal, which are used by the industrial education department. Weighing about two tons each, these machines are worth approximately \$18,000.

The fuselage of a new Thunderbolt produced by the Republican Manufacturing Company of Evansville, Indiana is owned by Southern and will be used for educational purposes. Dr. Young states that mock-ups are to be made from it, which are units for demonstration of the various principles of physics. The Thunderbolt is valued at \$70,000.

In addition to the tools and machines of all kinds, the University has acquired two 30-seat busses and three 100-passenger capacity tractor-trailer combinations to be used for veteran transportation to and from the Ordnance Plant where housing units are being prepared for use in the immediate future.

The acquisition of these war surplus materials, says Dr. Young, has improved the physics, chemistry, and industrial education departments greatly, and should be an added incentive to interested students to enter Southern and take advantage of the new equipment.

Carbondale, Ill., May --Applicants for degrees from Southern Illinois Normal University this year total 188, the Office of Registrar has announced.

Degrees to be conferred include three Master of Science in Education degrees to Lewis Ebb Etherton of Murphysboro, George Schroeder and Glenn McGowan, both of Carbondale.

The College of Education leads in the number of candidates, with 145 having applied for the Bachelor of Science in Education degree. In the College of Liberal Arts and Sciences, 21 candidates are to receive the Bachelor of Arts degree, and 12. the Bachelor of Science degree. The College of Vocation and Professions has seven candidates for the Bachelor of Science degree.

Of the degree candidates, 60 are veterans, including one woman veteran, Ora Elizabeth Gray of Darlington, South Carolina.

Seniors who will finish at the end of the summer term will participate in both Baccalaureate and Commencement services, although they will not receive their degrees until they have completed their work.

Dr. Charles W. Gilkey, associate dean of the Divinity School at the University of Chicago has been secured as Baccalaureate speaker, and Dr. William Spriegel, chairman of the department of Management at Northwestern University, will be the Commencement speaker.

Special to Southern Illinois Newspapers

Carbondale, Ill., May -- Sweeping every event in the four divisions, the Southern Illinois Normal University tennis squad roared to the Illinois Intercollegiate Athletic Conference title at Normal on Saturday, May 18. When the dust had settled, the scorebook showed an amazing total of 15 points for the Maroons, with their nearest contender, State Normal, having only 4.

Bruce Church, of Marissa, started the festivities as he dropped Sorenson of Eastern and Calkins of State Normal. Then Joe Pulley, of Marion, defeated Dillor of Western, and Harrison of State Normal.

Roy Lielich, of New Athens, kept the ball rolling as he downed Muthersbaugh of Eastern and Green of State Normal. John Maguire, of Carbondale, wound up the singles play for the Maroons by winning over Rice of Eastern and Haughey of State Normal.

In the doubles matches, Church and Pulley teamed up to beat Green and Harrison of State Normal, and Barry and Dillon of Western in first division play. In second division, Lielich and Harry Meng, of Belleville, gave Southern the victory over Calkins and Haughey of State Normal, and Zimmerman and Zachringer of Western.

This climaxed the day for the netsters, who carried home the team trophy, and also medals for winning the entire division play.

The team that won these honors was composed entirely of veterans, Tennis Coach Bill Freeburg announced. Three of them, Church, Pulley, and Lielich, are former lettermen at Southern; but, of the three, only Church has the distinction of winning the I.I.A.C. singles championship, which he accomplished in 1941.

The totals for the day found Southern winning with 15 points; State Normal second with 4 points; Western third with 2 points, and Eastern fourth with no points. Northern did not enter a team.

Southern finished the season with a record of four wins, one tie, and only one defeat out of their six matches. During the play, the Maroons hung up three whitewashes out of their four wins.

Carbondale, Ill., May --Winning six firsts and racking up the astounding total of 86 points, the Southern Illinois Normal University track squad swept to an I.I.A.C. victory in the 27th annual conference meet at McCormick Field at Normal, Ill. on Saturday, May 18. The high point man for the winners was John Algee, of Carbondale, who ran up 14 points.

Only one record fell on the muddy turf, despite the fact that this was the first post-war affair and all entries were sprinkled with veterans. The shot put record was broken by Roy LaRose, of Charleston, a member of the Eastern State Teachers College team, who put the 16 pound shot 46 feet 11 $\frac{1}{2}$ inches.

Southern's firsts came in the following departments: the one mile run; 120 yard high hurdles; discus throw; two mile run; 220 yard low hurdles; mile relay.

This affair wound up the season activity on the track front, and left the Maroons with the season's record of five wins and no losses. The tracksters were awarded the I.I.A.C. trophy, the relay trophy. Of the 75 medals awarded at the I.I.A.C. meet, Southern athletes received 29.

The last I.I.A.C. win on Southern's record was in 1938, Track Coach Leland P. "Doc" Lingle reported.

Carbondale, Ill., May --No pre-requisites are necessary for either of the two courses to be taught this summer by Southern Illinois Normal University's post-in-residence, Miss May Sarton, according to Miss Emma Bowyer, chairman of the English department.

"The courses may either be audited or taken for credit" Miss Bowyer explained.

Miss Sarton, whose recent novel, The Bridge of Years, has received much favorable literary comment, will teach two courses-- "Background for Modern Poetry", and "Teaching of Poetry."

Both courses will be offered during the morning, and meet six hours a week during the first half of the summer term (four weeks).

Many students have already enrolled for the courses but they are to be open to anybody interested in taking advantage of the opportunity to hear the lectures of the well-known young poet and novelist, Miss Bowyer said.

Further details about registering for the courses may be secured from the Office of Registrar, in care of the University.

#

Carbondale, Ill., May --A demonstration of "egg cookery" was held at Southern Illinois Normal University recently by the Carbondale unit of the Home Bureau.

Primarily for housemothers of student boarding houses, the demonstration was also open to other women interested in learning new tricks to do with eggs of varying the menu and providing substitutes for scarce items of diet.

The demonstration was conducted by Mrs. Floyd V. Wakeland and Mrs. Ben Eicher of Carbondale, in the home economics department kitchen, under the supervision of Mrs. Mary Louise Barnes, assistant professor of home economics here.

Carbondale, Ill., May --A scholarship for leadership training at Camp Miniwance, Michigan, has been awarded by the Danforth Foundation of St. Louis to a Southern Illinois Normal University freshman, Betty Jean Harris, of Carbondale.

Miss Harriss will be the fourth Southern student to attend the Camp. The applicant must be approved by a special representative or "associate" of the Danforth Foundation, who at Southern is David S. McIntosh, chairman of the music department.

Camp Miniwance, near Shelby, is the Christian Leadership Training Camp of the American Youth Foundation. This Foundation is a non-profit, non-denominational Christian organization, the purpose of which is to train young people for leadership in life vocations.

The Danforth Foundation is endowed by William P. Danforth, owner of the Purina Feeds and Breakfast Foods Company of St. Louis, and has provided opportunity for many young people to study leadership training and Christian work.

Throughout the country, 40 such scholarships are awarded each year to college students, high school juniors and seniors, and business young people between the ages of 16 and 21. Of these, 25 go to girls, 15 to boys.

Leedio Cabutti of Johnston City, a Southern student received one of the scholarships last year.

Carbondale, Ill., May --An exhibit of African Negro Sculpture opened in the Little Art Gallery at Southern Illinois Normal University this week.

Lent by the University of Pennsylvania Museum, the exhibit consists of original statuettes and masks made of a light wood painted black to resemble ebony, and photographs representing the French Sudan, Sierra Leone, Ivory Coast, Gold Coast, Nigeria French Congo, Belgian Congo, and Angola regions.

Secured through the American Association of University Women and the university art department, the exhibit will remain on the campus for two weeks.

#

Carbondale, Ill., May--Several Southern Illinois Normal University students left today for Washington University in St. Louis to participate in the Missouri Collegiate Conference on Foreign Policy, which will continue through Sunday.

Students from here will discuss with other representatives attending both general principles and immediate issues of our foreign policy. Students will serve on those committees discussing certain policies in which they have indicated a particular interest.

Speakers at the Foreign Policy conference will include Charles Bunn, assistant to Under Secretary of State Dean Acheson, and Dr. Arthur Holly Compton, chancellor of Washington University and distinguished physicist.

Among the university students going up from here are Eleanor White, Eldorado; Joe McGovern, Chirstopher; Charles Dugger, Marion; Helen Mataya, Herrin; Kenneth Grant, Detroit, Michigan; Dale Andrews, Mt. Carmel; Bill Holder, Carbondale; with Rev. Douglas McNaughton, director of the Student Christian Foundation.

Attention: Sports Editors

Carbondale, Ill., May --Rain and a bit of overconfidence spelled doom to the Southern Illinois Normal University tennis squad's undefeated record of the current season as the University of Illinois "F" team eked out a 3-2 win over the Southerners on May 7 in Champaign, Ill. The matches were all singles matches as the doubles were stopped because of the downpour.

In the first match, Southern's ace, Bruce Church, took the first set easily but then let up too much and Carl Schwenk came back to take the second and third set when Church could not regain form. The match went 6-2, 3-6, 4-6 in favor of the Illini.

The Maroons took the next match easily as Roy Leilich of New Athens, Ill. defeated Ben King 6-2, 6-4, but dropped by the wayside again as Joe Pulley of Marion, Ill. was dropped 7-9, 6-1, 3-6 by John Fotel of Champaign, Ill.

Harry Leng of Belleville, Ill. gave the Southerners another lift as he jarred Ross Lieb 6-2, 7-5, but the Illini capped the victory when John Maguire of Carbondale, Ill. dropped the finale 8-6, 6-8, 3-6 to Jim Norman, a former S.I.N.U. student from Murphysboro, Ill.

Old man weather ended the fray with Southern on the short end of the 3-2 score. A large number of former Southern Illinois Normal University students were on hand to witness the rain-shortened affair.

Special to Southern Illinois Dailies

Carbondale, Ill., May --Leland L. ("Doc") Lingle, track coach at Southern Illinois Normal University here, has been named honorary referee for the 27th annual track meet of the Illinois Intercollegiate Athletic Conference to be held at Normal, May 18.

Lingle will be attending his 20th IIAC meet, the 19th as a staff member.

Ordinarily, the distinction of serving as honorary referee for the annual conference meet goes to a college president or other academic official.

Lingle's Southern Maroons are in top spot among conference contenders, having defeated three of the four member schools. The Maroons are particularly strong in weight events, both low and high hurdles and in distance running.

While not a "brilliant" team, the Maroons this season have shown themselves a well-balanced aggregation, depending on teamwork rather than the efforts of one or two scintillating stars, a situation which Lingle finds entirely in line with his philosophy of team work instead of spectacular individuals.

#

Southern Illinois Normal University Information Service
Lorena Drummond, Editor

Attention Sports Editors

Carbondale, Ill., May --Coach Leland "Doc" Lingle and his Southern Illinois Normal University tracksters will invade Normal, Ill., on Saturday, May 18, to participate in the Illinois Intercollegiate Athletic Conference track meet, which is held every year at the end of the regular track season.

Southern has been picked to take the high honors in the affair by such an expert as Fred Young, sports editor of the Bloomington Pantagraph, but the Maroon mentor expects stiff competition, especially from Eastern and Northern .

In the books, it looks like Southern all the way, as the Lingle-men have chalked up five wins in the regular dual meets of the season and have placed fourth in the Elmhurst Invitational; but, as Lingle points out, records can be set aside when these five schools clash in any sport.

Southern has met and defeated the following opponents this season: Western Illinois State Teachers College; Illinois State Normal University; Southeastern Missouri State Teachers College; Washington University; and Eastern Illinois State Teachers College. All of the victories were by rather lop-sided scores. However, it was proved in the Elmhurst affair that Southern will have a tough time in the multi-team meet.

Southern has been strongest in the weights, hurdles, and distances so far this season, and therein lies the Maroons' hopes for the conference championship.

In a team studded with returned war veterans, the weights squad consists of Quentin Stinson of Eldorado, Earl Robert of Carlyle, and John Algee of Carbondale.

In the hurdles, the Maroons are represented by Charles Beatty of Benton, Jack Hayse of Benton, Roy Ragsdale of DeSoto, and Dick Eggers of Chester.

In the distances, it is Louis Pechineno of Christopher, Dick Avis of Johnston City, Jim Gallitan of Carlyle, Glen Hamilton of Pinckneyville, Leonard Burden of Johnston City, and Bob Smith of Marissa.

State Normal does not have a very impressive record for the current season,

having lost to Southern and Eastern; but the Red Birds have been effective in their triangular meets, finishing second in the DeKalb fray, and winning their own three-cornored meet. In the Elmhurst Invitational, the Redbirds finished fifth.

Individual stars at Normal have been Bloice Bess, a junior from Monon, Ind., who works in the discus and high hurdles; Bill Howard, a sophomore from Farmer City, is active in the pole vault, high jump, and broad jump, and is the high individual scorer of the team; John Kettlekamp, a sophomore from Stronghurst, and a hurdles man; Warren "Ike" LaBounty, holder of the all-time McCormick Field pole vault record of 12'6 3/4 ". The rest of the team is an unknown quantity, as Coach Cogdal's squad has been plagued by injuries and sickness all season.

Eastern has not had much competition this season but owns a dual meet win over State Normal. However, they have been dumped by Southern in a dual meet and they finished last in a triangular tiff at Indiana State. They were not represented fully at the Elmhurst Invitational, ending up with only 9 3/4 points.

The major threat of Eastern is LeRoy LaRose, high point man, and he works with the shot put, discus, and javelin. He has earned 46 1/2 points this season; his best shot put mark is 46'8"; he has beaten the conference shot put record in each meet except against Southern.

Amazingly weak this season is Northern, with Ronald Rieken, a quarter-miler, their only hope.

Western's strength appears to be concentrated in the dashes and the hurdles.

For Southern, Stinson has thrown the discus 134', Robert has put the shot 143'9", Davidson has hurled the javelin 162'. On the cinder path, Algee has run the 100-yard-dash in 10.2", Pechineno the mile in 4'44.8", Gallitan the one-half mile in 2'05.9", Burden the two mile distance in 10'49.1". These figures denote their best recorded performances during the current season.

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. It contains a report on the state of the Union and the progress of the war.

2. The second part is a report from the Secretary of the Treasury, dated January 10, 1862. It contains a report on the state of the Treasury and the progress of the war.

3. The third part is a report from the Secretary of the Interior, dated January 17, 1862. It contains a report on the state of the Interior and the progress of the war.

4. The fourth part is a report from the Secretary of the Navy, dated January 24, 1862. It contains a report on the state of the Navy and the progress of the war.

5. The fifth part is a report from the Secretary of the War, dated January 31, 1862. It contains a report on the state of the War and the progress of the war.

6. The sixth part is a report from the Secretary of the State, dated February 7, 1862. It contains a report on the state of the State and the progress of the war.

7. The seventh part is a report from the Secretary of the War, dated February 14, 1862. It contains a report on the state of the War and the progress of the war.

8. The eighth part is a report from the Secretary of the State, dated February 21, 1862. It contains a report on the state of the State and the progress of the war.

Attention: Sports Editor

Carbondale, Ill., May--"The Home of Champions"--that is the name that many sports experts are affixing to Southern Illinois Normal University, and they're not far from wrong when the record books are examined. Southern has annexed four conference championships this last school year--four, count them.

The track and tennis squads made their bid for fame only last Saturday when, at the I.I.A.C. meets at Normal, the Maroons ran off with everything but the referees whistle while taking the track and tennis crowns. The tracksters, coached by Leland P. ("Doc") Lingle, broke all existing scoring records in the meet by piling up 86 points while winning six first places.

The tennis squad, mentored by William Freeburg, virtually over-whelmed all opposition as they took first place in all of the four divisions in the meet and wound up with a total of 19 points while their opponent, State Normal, could garner only 4 markers.

The Maroon's began their winning ways last fall when Southern harriers, directed by "Doc" Lingle, hit their stride on the hill and dale course at Normal, and brought back the I.I.A.C. cross-country championship to Carbondale.

Basket Ball coach Glenn "Abe" Martin, made Carbondale temporarily the "basket ball capitol of the world" when, after copping the I.I.A.C. title, he took his cagers to Kansas City and directed them to the Intercollegiate Championship crown against some of the best the country had to offer.

The Maroons are an example of the improving quality of the post-war teams all over the country that are studded with veterans, as their Southern tennis team was made up entirely of veterans and a goodly portion of their track team was the same.

The Southern athletes will rest on their laurels for the rest of the summer and then they will prepare to defend their hard-won crowns against opposition that will be gunning for them next season.

Carbondale, Ill., May -- The Home Management House at Southern Illinois Normal University will be open this summer to six students who are not majoring in home economics, Miss Gladys Babcock, supervisor of the house has announced.

This is the first time that the home economics department of Southern has been able to extend this course to students other than majors or minors.

Any girl interested in living in the Home Management House this summer may register for the course. There will be no pre-requisite courses, provided the students have had home experience in food preparation.

The work of the course involves planning and preparing meals for the seven people living in the house who constitute a family. There are entertaining and house-keeping duties that are revolved to allow each girl to obtain experience in each phase of homemaking.

#

Carbondale, Ill., May -- Members of the Pi Kappa Sigma Sorority have proven themselves the best vocalists among the Southern Illinois Normal University Greek organizations by capturing first place in the first Inter-Fraternity and Sorority Sing held here since the war.

A traveling cup was presented to Miss Alma Deane Smith, sophomore, of Carbondale, who directed the winning group, by the master of ceremonies for the evening, David Kenney of Carbondale, member of Chi Delta Chi fraternity.

At the same time Jack Hedges of West Frankfort was awarded the plaque for being voted as the most valuable fraternity man of the year. Hedges is a Chi Delta Chi. Douglas Greene of Godfrey, member of Kappa Delta Alpha, and Ted Cain of Eldorado, member of Sigma Beta Mu, were given honorable mention.

Carbondale, Ill., May --Four athletes of Southern Illinois Normal University will act as counselors of recreation at Interlochen National Music Camp in Michigan this summer, William Freeburg, instructor in physical education here, has announced.

Freeburg will act as senior counselor and three undergraduate students will assist in various phases of athletic instruction.

Paul Smith of Carbondale will serve as water front director, and Leedio Cabutti and Dick Avis, both of Johnston City, will assist in several games and sports.

The recreation program of Interlochen, which is primarily for junior high school and high school boys who are interested in music, will be directed by a former Southern gymnastic star, Vernon Hicks of Harrisburg, who will be assisted by Bernie Falk, another Southern alumnus from Harrisburg.

#

Carbondale, Ill., May --Some 75 colleges and universities have adopted the text, A Handbook of English, of which Dr. Jesse W. Harris, associate professor of English at Southern Illinois Normal University, is co-author.

In use here for freshmen rhetoric for the past two years, or since publication of the text in 1944, A Handbook of English has been placed on textbook lists by such institutions as the University of California, Colorado State College of Education, University of Illinois, Butler University, Tulane University, University of Pennsylvania, and University of Minnesota, and many others.

Dr. Harris' publication, John Bale, A Study In the Minor Literature of the Reformation, from the University of Illinois Press in 1940, is a standard research volume on early English literature.

During the current academic year, Dr. Harris has had four articles published in national journals.

Carbondale, Ill., May -Student journalists at Southern Illinois Normal University will give up their between-terms holiday to help play host for Southern Illinois newspaper editors here June 7-8.

Members of Mu Tau Pi, journalism fraternity, have voted to remain on campus after commencement on Friday morning, June 7, to help entertain the editors, who have been invited to the two-day conference Friday afternoon and evening and Saturday morning.

The student writers will act as escorts for the newspaper men and women on a tour of the campus late Friday afternoon, and will be hosts at a "15-minute-break-for-coffee" Saturday morning.

Clara Pixley of West Salem has served as president of Mu Tau Pi this year, and Catherine Sullivan of Harrisburg has been elected to head the group next year.

The University will bring as a principal speaker for the conference Fred W. Hill, editor and publisher of the Hamburg (Iowa). Reporter and winner of state, regional and national awards for community service, and will be host at a dinner on Friday evening.

"Shop-Talk" and business sessions of the Southern Illinois Editorial Association have also been scheduled for the two-day period.

Carbondale, Ill., May--A second "feather in the cap" of Southern Illinois Normal University appeared today as President Chester F. Lay announced the return next fall of Dr. Joseph Van Riper as associate professor of geography in the College of Liberal Arts and Sciences.

Dr. Van Riper served on the Southern faculty from 1939 until June, 1942, when he was called to wartime duties with the War Department.

He is the second former faculty member to be "signed up" by the University in recent weeks, the first being Dr. Robert C. Cassell, who has been appointed professor and chairman of the department of agriculture in the College of Vocations and Professions. Dr. Cassell left the faculty in 1943 to do war emergency plant disease prevention work for the U. S. Department of Agriculture, and for the past year has been at the University of Florida.

Dr. Van Riper, a graduate of the University of Michigan, holds the master's degree from Syracuse University, and the doctor of philosophy degree from Michigan. He taught at Colgate University, Syracuse, and Marysville (Mo.) State Teachers College before coming to Southern.

His return to the Southern faculty will bolster the teaching strength of the geography department, which has been greatly reduced during the war.

These two bring to 19 the number of former faculty members who have been re-employed by the University in the past year and a half, the majority of them having been away on military or other wartime government service.

Carbondale, Ill., May --Plans have been completed for an American Red Cross Water Safety Training School at Crab Orchard Lake during the week of June 17-21, Dr. Dorothy Davies, acting chairman of the department of physical education for women at Southern Illinois Normal University has announced.

To enter the course, a candidate must be over 13 years old, and a "strong swimmer," according to the announcement.

Successful completion of the course, which meets daily from two to five o'clock and from six to nine o'clock, qualifies the candidates as American Red Cross safety instructors.

J. R. Kalpacoff, field representative of the Midwestern Area, American Red Cross, is giving the course. Those interested in registering for the course should contact Dr. Davies, in care of the University.

#

Carbondale, Ill., May --Two basket ball games with the University of Chicago have been scheduled for next season by Southern Illinois Normal University, winner of the Illinois Intercollegiate Athletic Conference championship and of the Kansas City Invitational Tournament this year, Coach Glenn "Abe" Martin has announced.

Dates for the games are February 5, in Carbondale, and February 22, in Chicago.

Carbondale, Ill., May --Commencement Week activities for the 188 Southern Illinois Normal University graduating seniors June 3-7 will provide a "whirl-wind finish" to their undergraduate careers.

While the underclassmen take final examinations next week, the University's seniors have planned for them four full days of teas, receptions, outings, and meetings, before Commencement service Friday morning at 9:30 o'clock.

Following the Baccalaureate Services Monday Morning, June 3, at 10:30, the seniors will be guests that evening at a reception given by President and Mrs. Chester F. Lay and the Southern faculty at Anthony Hall.

The American Association of University women will give a tea for senior women Tuesday afternoon, which will be followed by an "informal mixer" that evening, sponsored by the Student Council. The senior class picnic at the Giant City "Lodge" falls Wednesday, and on Thursday afternoon, the seniors have scheduled a bowling party.

The entire senior class will be guests at the Alumni Banquet on Thursday evening.

Also on the Commencement Week schedule of activities is the Allyn Training School graduation exercises Wednesday evening in the Little Theatre, and the University High School graduation service, Thursday evening in Shryock Auditorium.

Carbondale, Ill., May -- Forty-two Southern Illinois Normal University athletes were honored in student assembly on Thursday Morning, May 23, when the coaches of the various sports presented them with 1945-46 letters. Five sports, cross-country, football, basketball, track, and tennis, which constituted all varsity activity during the last school year, were represented.

In all of these sports, football excepting, Southern has taken the Illinois Intercollegiate Conference championship crown, and during the basketball season, the Maroons went on to take the Intercollegiate tourney held at Kansas City.

Carbondale, Ill., May --Addressing the annual Southern Illinois Normal University alumni gathering here June 6 will be, a well-known Southern alumnus, Roy Vail Jordan, according to announcement from alumni president W. B. "Slatz" Valentine, Alto Pass.

Graduate with the class of 1914, Mr. Vail has held the position of city superintendent in the Centralia schools for twenty-five years. Before that, he was affiliated with the Herrin schools.

Subject for Mr. Vail's address is "Education in the Atomic Age."

Also on the evening's agenda is election of alumni association officers for the coming year. This year's officers included Valentine, '23, as president; Mrs. Barbara Burr Hubbs, '21, Chicago, first vice-president; and Miss Hilda Stein, '25, Carbondale, second vice-president.

Secretary for the organization is Anna Mary Robertson, secretary to the university president.

Carbondale, Ill., May --Southern Illinois Normal University High School Egyptian Experimenters returned from the annual state meeting of the Junior Academy of Science held on the Illinois State Normal University campus May 3, with a long list of awards.

Not only did each of their 20 exhibits place for a total of 13 firsts, four seconds, and one third out of the 264 entered, but two students' exhibits were selected as the outstanding one in their respective divisions, Mrs. Audry Hill Lindsey, sponsor of the Club reports.

Picked as outstanding was the exhibit of Billy Wakeland, showing a group of six original motors he had constructed, and Marilyn Nelson's notebook on atomic energy, "Atomic Energy, Its Social, Political, and Industrial Impact."

Receiving two additional first awards for his model of a windmill and his insect collection, Billy was selected as the boy to represent the state as an honorary member to the American Association for the Advancement of Science meeting next year at Boston.

One of Billy's original motors so impressed Dr. Robert Paton, professor of physics at the University of Illinois, that Dr. Paton requested him to write it out in detail for publication in a forthcoming senior physics journal.

The girl receiving similar recognition was Betty Lee Warnach of Decatur, whose sponsor, Katherine Sturm, is a former student of Southern, having graduated from here in 1921.

Billy's selection as AAAS state representative makes the second time such an honor has come to one of the Egyptian Experimenters.

(more)

Marilyn Nelson, whose exhibit merited an outstanding award this year, was last year's AAAS state representative.

Members of the Egyptian Experimenters Club also gave the principal part of the Friday afternoon program, their subject being a historical review on the release of atomic energy.

Appearing on the program at the meeting of the Senior Academy of Science held at the same time was Dr. Douglas E. Lawson, professor of education, who discussed "A Proposed Science Curriculum for the Public Schools," in the section of psychology and education.

Other university faculty attending the meeting included Dr. Otis B. Young, chairman of the physics department, and outgoing president of the Science Academy; Dr. William Bailey, chairman of the botany department; Dr. Walter B. Welch, associate professor of botany; Miss Charlotte Zimmerschied, assistant professor of physics; William Harberry, assistant professor of botany; Dr. Thomas F. Barton, chairman of the geography and geology department; Dr. James W. Neckers, chairman of the chemistry department; Dr. K. A. Van Lente, associate professor of chemistry; and Dr. Bruce Merwin, professor of education.

CARBONDALE, ILLINOIS

Information Service

LORENA DRUMMOND, ED.

Carbondale, Ill., June --A second gift of \$100 has been made to the Tilton Lincoln Library of Southern Illinois Normal University by C. T. Houghton, president of the Carbondale Good Luck Glove Co.

As a result of a similar gift from Mr. Houghton recently, 34 volumes of Lincolniana and Illinois history were added to the library.

This brings the total recent additions to 270 volumes, including previous transfer from the Museum of books collected by John W. Allen, Museum curator, and John I. Wright, associate professor of history, as gifts from the estates of Judge Monroe C. Crawford, Dr. George L. Owen, Ben L. Wiley, and others.

Forty-five volumes were also recently contributed by Hemingway Hines from the library of the late F. B. Hines.

The Clint Clay Tilton Lincoln library now comprises 2,450 volumes and pamphlets.

###

Carbondale, Ill. June--New president of the Illinois Beta Association of Phi Beta Kappa, national academic honor society, is Dr. John R. Mayor, chairman of the mathematics department at Southern Illinois Normal University.

Dr. Mayor was elected president at the annual spring meeting of the association, Sunday, May 19. Mrs. Edith Krappe, assistant professor of English at Southern, was elected secretary-treasurer.

The Illinois ^{Beta} association also voted to award an annual prize of ten dollars to a graduating senior in the College of Liberal Arts at Southern. Requirements for the award will be announced soon.

The association has invited any Phi Beta Kappa member in this area of Southern Illinois to send their names to its officers and to affiliate with its chapter here at the University.

###

Carbondale, Ill., June--Gen. Robert W. Davis, editor and publisher of the Carbondale Free Press, will preside at the dinner to be given by Southern Illinois Normal University honoring Southern Illinois newspaper editors here Friday evening, Miss Lorena Drummond, director of the University Information Service, has announced.

General Davis was recently appointed by Governor Dwight Green as a member of the Illinois State Teachers College Board, which governs Southern and other teachers colleges and normal universities. At his first board meeting he was appointed a member of Southern's advisory committee and also a member of the salary schedule committee.

Mr. Davis has also been elected as a member of the executive committee for the University Retirement System of Illinois and has been appointed a member of the Illinois Veterans Compensation Commission.

The newspapermen will be guests of the University for a two-day Southern Illinois Newspaper Editors Conference, held in conjunction with the spring meeting of the Southern Illinois Editorial Association.

The meeting will open with a business session of the editorial association Friday afternoon, registration starting at 1 o'clock (Standard time) and the session beginning at 2 p.m., according to Kenneth Mollman of Millstadt, president of the association.

A tour of the campus is scheduled for 4 to 5 p.m., with members of Mu Tau Pi, student journalism fraternity, as escorts.

Dinner will be served at 6 p.m. (editors, please note: NOT 6:30 as formerly announced) at Anthony Hall, women's dormitory on the campus. An address by University President Chester F. Lay on "The University and the Press: Twin Beacons for an Enlightened World" will follow the dinner. Several musical selections will be presented by University music students.

On Saturday morning, at 9:30 o'clock, a 10 minute musical program will be presented by Miss Mary Jane Hantz, pianist, and John Wharton, violinist, both University music faculty members. A brief business session of the Southern Illinois Editorial Association will then be held, followed by a "15-minute-break" for coffee, to be served by Mu Tau Pi members.

Guest speaker for Saturday morning is Fred W. Hill, nationally known editor and publisher of the Hamburg (Iowa) Reporter, who has won a number of state, regional, and national awards for community service enterprises carried by his newspaper. Mr. Hill is also vice president of the National Editorial Association and is president of the Tri-State Editorial Association, past president of the Iowa Press Association, and an Iowa Master-Editor-Publisher. Mr. Hill will give an illustrated address on "The Newspaper and Community Service."

6-4-46

Carbondale, Ill. --June--While other coaches have been concentrating on major spring sports such as baseball, tennis, and track, Glenn "Abe" Martin, Southern Illinois Normal University football coach, is busily working on next year's gridiron representatives.

Southern has eight games scheduled this coming season, with the curtain raiser set for September 28 at McAndrew Stadium in a fray with Kirksville Teachers College of Kirksville, Mo.

The arm-chair quarterbacks are expecting a bang-up team as returning war veterans will be combined with high school stars who have indicated they will enroll here next fall, plus the remnants of last year's team, and Martin is hard at work to produce results.

On the credit side of his ledger, he has nine returning war veterans already in school or due here by September: Bill Malinsky of Flora; Nick Milosevich of Zeigler; Bill O'Brien of Zeigler; Lawrence Calufetti of Johnston City; Jeff Mitchell of Zeigler; Roy and Don Ragsdale of De Soto; Quentin Stinson of Eldorado; Myron Schuster of Murphysboro.

In addition, at least eight high school stars are Southern bound: Joe Frenza of Murphysboro; Pete Milosevich of Zeigler; Don Riggs of Fairfield; Bill and Dick Seelman and Jack Long, all of Flora; Dale Conners of Benton; Bob Stout of Harrisburg.

All this makes for a cheery picture, but Martin looks gloomy when he talks of the losses from the ranks of last year's team--to the draft, to other schools, to scholastic shortcomings.

The men who performed last season, but won't be back in September include: Red Hinkley of Salem; Jim Harsh of Madison; Chas. "Rocky" Rothchild of Chester; Clarence "Red" Lowery of Benton; Howard Sharp of West Frankfort; Gene Cunningham of Anna; Bill Crum of Mt. Carmel; Tom Gher of Carbondale; John Corn of Benton; Bill Eaton of Carbondale; Bob Lyerla of Anna; Paul Moss of Christopher; Carl Ferrell of Anna.

These men were stellar performers last season on the squad that had the conference championship in the bag until the final contest of the year when they dropped a 13-7 decision to Northern.

"We will have a bigger team that will possibly be the best team in quite a few seasons, but don't forget that the other schools will be similarly improved," Martin said.

Martin reported that he did not know exactly which offense he would use this season, but that it would be the "best offence suited to my material."

Carbondale, Ill., June --Sam Milosevich, all-star athlete from Zeigler, was presented the Henry Hinkley Memorial Award on Monday, June 3, when he was selected as the most valuable athlete of the year at Southern Illinois Normal University by his teammates at the annual banquet for "I" Club members given by the Carbondale Businessmen's Association.

The Hinkley award, which was presented for the first time this year, was established by Nu Epsilon Alpha fraternity in memory of Henry Otis Hinkley of Farina and Salem, a former member of the fraternity who lost his life on Biak Island in the Pacific while serving with the armed forces in World War II.

Hinkley was a member of the "I" Club, lettering both in football and basketball as a freshman, and also coming out for track. The award was made by Charles Miller, representing the fraternity.

Milosevich, a junior, is majoring in physical education and lettered in football, basketball, and track in the 1944-45 season, and this year he played tackle on the football eleven and forward on the basketball squad.

He was chosen all-conference tackle this last season and placed on the second team at the Intercollegiate Basketball tourney at Kansas City, which Southern won. Milosevich is president of the "I" Club.

Release Monday p.m. or later

Carbondale, Ill., June--College diplomas "wither" like cut flowers unless the graduate "replants" his creative intelligence from the classroom into professional and community life.

Thus Dean Charles W. Gilkey of the University of Chicago Chapel admonished the 188 graduates of Southern Illinois Normal University here today (Monday, June 3) at the baccalaureate service which opened Senior Week.

The graduating class, including 3 candidates for the master's degree, 60 veterans, embraces both those completing their work this term and those who will finish during the summer term June 10-August 2.

A busy round of social entertainments will engage the seniors for the remainder of the week, culminating Friday morning in commencement exercises, at which Dr. William Spriegel, professor of management at Northwestern University, will be the guest speaker.

Urging the graduates to deepen their roots in religious faith and hope, Dean Gilkey in his baccalaureate address Monday declared that "no intelligent person expects these next years to be easy ones."

He reminded the graduates how quickly the cut flowers that adorn their graduation celebration wither and arrive on the ash-heap, and asked whether this would prove true also of the enriching experiences and new capacities which are the seeds planted by

(more)

higher education, "in promise of a better future for the individual and for the common weal."

"College diplomas," he pointed out, "are only cut flowers unless creative intelligence is replanted from the class-rooms where undergraduates are students, into the schools and the communities where they become teachers.

"This in turn requires that such intelligence rooted in the moral experience of the race, and in the deepening character of the individual. Quisling was the top scholar in his class: but this did not keep him from becoming the most notorious traitor of our generation.

"Our hope of any lasting peace, and of the development of any better democracy at home, likewise depend upon such deepening rootage in the life of the average citizen. Our American public schools offer the possibility of this to every generation: but never with such high stakes of failure or success dependent on the outcome, as in the atomic age which has already dawned.

"In such a critical time, personal rootage in religious faith and hope is more than ever important for those who would play a creative part: but there is a vast amount of "cut-flower religion" in American life to-day. No intelligent person expects these next years to be easy ones. "It is the more necessary for those who would weather their storms and fulfill their possibilities, to get their own roots down deep."

Southern Illinois Normal University Information Service

Special to Southern Illinois Dailies and Weeklies

Carbondale, Ill., June--Dr. Percival Bailey of Chicago, famous brain specialist, was elected president of the Southern Illinois Normal University Alumni Association at the annual banquet here Thursday night.

Other officers chosen were Leo J. Brown of Carbondale, first vice president; Roy Bryant of Metropolis, second vice president; Miss Irene D. Brock of DuQuoin, secretary-treasurer.

New board members elected were George Calhoun of Elmwood Park, Lowell Roberts of Chicago, Robert Hamilton of Chicago, Mrs. Barbara Burr Hubbs of Chicago, and W. B. Valentine of Alto Pass, retiring president.

Valentine reported to the association that the alumni board of directors has voted to "get behind" a drive to construct a student union building at Southern, a \$100 nucleus for which was donated by the senior class of 1946.

He also reported that two new SINU Clubs have been established one in Nashville, Ill., and the other in Honolulu.

The alumni board also elected three new members to the S.I.N.U. Foundation board--Ed Stotlar of Marion, Roy Vail Jordan of Centralia, and Mrs. Wettaw of Eldorado.

#

Release Friday p.m. or later

Carbondale, Ill., June -"Service is a tax which you pay for the space you occupy in the community," Fred W. Hill, editor and publisher of the Hamburg (Iowa) Reporter, declared here this morning (June 8) at a Southern Illinois Newspaper Editors Conference held at Southern Illinois Normal University.

The two-day conference was held in conjunction with the annual spring meeting of the Southern Illinois Editorial Association.

The editors were guests of the University at a banquet Friday evening, at which University President Chester F. Lay spoke on "The Press and Education: Twin Beacons for an Enlightened World."

President Lay reminded the editors that the press and education are both inherent in the American way of life; that they have similar canons of impartiality, objectivity, analytical evaluation, seeking and disseminating the truth; that both have a profound influence on the course of human affairs.

"At no time in history has an enlightened, informed people been so essential--not just for the welfare of the local community, the state, the region, the nation--but for the very existence of the entire world," he declared.

"In this day of uncertainty, confusion, doubt and fear, both the press and education must throw the cold light of reason on the problems of the world, to help the people themselves find the answers."

In meeting its own obligations, he said, Southern Illinois Normal University seeks the suggestions and counsel of the press of Southern Illinois.

"Southern is a state-supported university," he pointed out. "It belongs to the people of Illinois, of Egypt. You are entitled to any facts which you desire as to its operation, its plans, its problems."

"It will take the loyalty and interest and active support of all the million and a quarter people of Southern Illinois to build a great university here," he declared.

Mr. Hill, who has won state, regional and national awards for community service, told the editors that "newspapers must re-emphasize local news, develop a warm friendly contact with the public

and give more thought to the human relationships which go to make newspapers great in their own communities."

"Your community is just what you make it," he declared. "The harder you work for it the better. In this atomic age you cannot keep your town on the map with a pea shooter, and if you build right the community is going to know, realize and appreciate the fact that your newspaper has power and plenty of it."

At the Friday afternoon session of the Southern Illinois Editorial Association, called to order by Kenneth J. Mollman, Millstadt, president, speakers were Tom Lee, Marissa Messenger; Arthur D. Jenkins, Mascoutah Herald; Curt C. Small, Harrisburg Daily Register; Charles Crowder, Flora Sentinel; and C. C. Feirich, Metropolis News.

Subjects up for discussion included machinery, legislation, veterans' on-the-job training, advertising service, and the Flora Sentinel's "Hour of Charm at Flora" promotional program.

Gen. Robert W. Davis, Carbondale Free Press, and member of the State Teachers College Board, presided at the Friday night dinner, while Jos. P. Campbell, Nashville Journal, president of the Illinois Press Association, presided at the general session Saturday morning.

The two-day meeting closed Saturday at noon with a luncheon at Giant City State Park.

Resolutions adopted at Southern Illinois Editorial Association
Meeting in Carbondale June 7-8, 1946.

Be it resolved that the Southern Illinois Editorial Association extend its thanks and appreciation to Chester F. Lay, President, Miss Lorena Drummond, Director of Information Service and members of the faculty of Southern Illinois Normal University for their cooperation and assistance in making possible for the Association to enjoy the privileges of the University for its 1946 meeting.

Be it resolved that the association express its appreciation to Miss Minette Barber, director of Anthony Hall and the young ladies who gave up a part of their vacation to serve the banquet Friday night and the Mu Tau Pi fraternity for its assistance at the meeting and in a tour of the campus.

Be it resolved that the Association pledge its cooperation to the University in the establishment of a Department of Journalism in the College of Vocations and Professions and assist in every way in plans for extension and expansion of Southern Illinois Normal University.

Be it resolved that the Association recommend to the Illinois Press Association the following:

1. That a study be made of the dues structure in other state press associations with a view to increasing dues in the IPA which will build a stronger organization.
2. That the University of Illinois be approached on a plan to offer short courses in Journalism and photography and other courses for members of the newspaper profession.
3. That the Ready Pricer be revised.
4. That IPA publicly express dissatisfaction with the quality of advertising mat service being offered to weekly newspapers.

Carbondale, Ill., June -A three-day aviation conference will be held at Southern Illinois Normal University, July 10-12, under joint auspices of the University and the Civil Aeronautics Authority, Delmar W. Olson, assistant professor of industrial education, has announced.

With the theme "aviation in education," the conference is designed to demonstrate to teachers in the public schools how aviation can fit into almost every subject in the public school curriculum, Olson said.

An all-day trip to the Parks Air College and terminal in East St. Louis is scheduled as a feature of the conference, and an Army Air Forces exhibit of education materials is planned.

#

Carbondale, Ill., June -Mr. Raymond H. Dey, superintendent of Carbondale Community and Attucks High Schools, has been appointed to the new position of director of extension and placements at Southern Illinois Normal University, the President's Office has announced.

He succeeds Dr. T. W. Abbott, who has been carrying on the duties of director of extension and placements in addition to his duties as dean of the College of Liberal Arts and Sciences.

Mr. Dey is a graduate of the University of Illinois, class of 1932. After teaching for five years at Pana Township High School, he was appointed superintendent of schools at Rosamond, Ill., for four years. He also held the same position at Rankin, Ill. for three years and here at Carbondale for two years.

Mr. Dey has held the master's degree since 1939 and is about half finished with the work on his doctor's degree. He is married and has three children.

Carbondale, Ill., June--Appointment of eight new faculty members and two new assistants at Southern Illinois Normal University for the summer term has been announced by the President's Office.

These appointments bring to 17 the number of new faculty named for the summer session.

The newly appointed staff members, all of whom assumed their duties this week, are:

Dr. Henry L. Wilson, assistant professor of English. Dr. Wilson holds the bachelor of arts and the doctor of philosophy degrees from the University of Iowa, having taken the master of arts degree from the University of Colorado.

Dr. Raymond W. Esworthy, assistant professor of business and economics. Dr. Esworthy holds the bachelor of science in education, the master of science and the doctor of philosophy degrees from the University of Illinois.

Miss Evelyn McKinley, assistant professor in physiology and health education. A graduate of Simpson College, Miss McKinley holds the master of education degree from Marquette University.

Dr. Earl E. Hall, assistant professor of education. Dr. Hall, a graduate of Western Illinois State Teachers College, obtained the master of arts degree from the University of Illinois and the doctor of philosophy degree from Teachers College, Columbia University.

J. Stuart McNair, instructor in mathematics. Mr. McNair, a graduate of Knox College, obtained the master of science degree from the University of Chicago, and has also done graduate work at the University of Wisconsin.

James E. Collier, instructor in geography. Mr. Collier graduated from Western Kentucky State Teachers College and took the master of arts degree from the University of Missouri, pursuing further graduate work at the universities of Missouri and Nebraska.

N. W. Draper, instructor in English. Mr. Draper is a graduate of Southern and obtained the master of arts degree from the University of Michigan.

Fred Lingle, also a graduate of Southern, instructor in English. After completing the master of arts degree at the University of Illinois, Mr. Lingle has done graduate work at the University of Wisconsin, New York University and the University of Southern California.

Two faculty assistants--Frank A. Marschik in industrial education and Miss Zella Cundall of Carbondale in the Library. Mr. Marschik is a graduate of Illinois State Normal University and has done graduate work at the University of Illinois, while Miss Cundall is a graduate of the University of Illinois, holding both the bachelor of arts and the bachelor of science degree in library science.

Earlier appointments taking effect with the opening of the summer term at Southern include:

Dr. Ralph R. Pickett as professor of business and economics; Dr. Robert McNicoll as associate professor of history; Dr. Frank L. Klingberg as associate professor of government; Miss May Sarton as poet-in-residence; Arnold O. Myhre as instructor and counselor in the Veterans Guidance Center; Lynn C. Holder as instructor in physical education; Hal Stone, as instructor of chemistry.

Special to Southern Illinois Dailies

Carbondale, Ill., June--Chosen from among some 300 applicants, a graduate of Southern Illinois Normal University has received one of the 30 pre-doctoral fellowships given by the American Chemical Society, according to Dr. J. W. Neckers, chairman of the Southern chemistry department.

Frank L. Holloway, to study at Chicago under his fellowship, was graduated from Southern in 1942 with a major in chemistry. He received a graduate fellowship at Ohio University, where he continued his work toward the doctor of philosophy degree until he joined the Navy.

The American Chemical Society fellowships come from a \$100,000 fund allocated by the society for awards to advanced students in the field of chemistry and chemical engineering whose training was interrupted by the war.

The awards consist of up to \$1,200 per year for single men, \$1,800 for married men, plus a maximum of \$500 per year tuition, with three years as the maximum period of training.

Holloway will receive \$60 per month for a period of two and one-half years, beginning in July, 1946. The G. I. Bill provides his tuition and \$90 per month.

He will do research under the direction of Prof. T. E. Hogness, whose investigations deal with physical-organic problems of biological significance. Dr. Hogness' pre-war research involved various aspects of enzyme chemistry, working with bytochrome.

"These fellowships are particularly generous ones," Dr. Neckers pointed out, "and we consider Holloway's selection for one of them a tribute to the standards of Southern's chemistry department.

#

Carbondale, Ill., June--Chief photographer for the U. S. Army for the approaching atomic bomb tests at Bikini Atoll will be a former student photographer at Southern Illinois Normal University here, faculty members have learned.

John Michnovich, chemistry and mathematics major here in 1944, was a photographer on the atomic project during its developmental stages, and has now been designated to head the Army's photographic crew for the Bikini test. Michnovich's home is in West Frankfort.

Carbendale, Ill., June--Miss Madeleine Smith, assistant professor of languages at Southern Illinois Normal University, has been chosen as one of 100 French teachers of the United States to make a two-months' good-will visit to France under the auspices of the French government.

The French government through the Cultural Counsellor of the French Embassy in this country has offered to pay part expenses and the return passage of the 100 teachers who will make the trip individually.

The date of her trip to France has not been set, as her passport has not yet come through. However, if her request goes through in time, she will temporarily terminate her teaching at Southern on July 1.

This will be Miss Smith's third visit to France. In 1931 when she was preparing to teach, she spent six weeks at the University of Paris. She returned in 1935 to spend several weeks visiting the country as well as other parts of Europe.

Miss Smith first came to Southern in 1929. From April, 1943, to November, 1945, she was located in Washington, D. C. as a member of the Signal Corps of the War Department. She returned to the Southern faculty last December.

"If only I succeed in making this trip, I shall consider it an extraordinary privilege to be so soon among the brave and forward-looking people of France," Miss Smith declared. "I feel that this would be the chance of a lifetime to see the new France in the making, under the auspices of the French government itself.

"I am looking forward to seeing again all the beautiful old landmarks of the France that the world has always loved, but even more to observing the new surge of cultural life in that country whose intellectual vigor has never flagged--the theater, the musical life, and art exhibits.

"Also I hope to have just a glimpse of the forging of the new Constitution of the Fourth Republic."

Carbondale, Ill., June--President Chester F. Lay and Dr. E. R. Fair, dean of the College of Education, Southern Illinois Normal University, are this week attending a "school for executives" in Chataqua, N. Y., sponsored by the American Association of Teachers Colleges. The educational conference, attended by more than 200 college presidents of the country, will run June 17-27.

#

Carbondale, Ill., June--A \$200 scholarship from the Illinois Congress of Parents and Teachers has been presented to Southern Illinois Normal University.

Seven of the \$200 scholarships for the coming scholastic year were established by contributions from local branches and individual members of the PTA, and presented to seven state-supported higher educational institutions of Illinois.

Recipient colleges were Eastern Illinois State Teachers College, Charleston; Northern Illinois State Teachers College, De Kalb; Southern Illinois Normal University, Carbondale; Western Illinois State Teachers College, Macomb; Illinois State Normal University, Normal; and Chicago Teachers College.

Release Friday p.m.

(Note: The following list of graduates is so arranged that you may easily find and clip those from your territory.)

Carbondale, Ill., June --A total of 188 graduates--including those who will complete their degree work during the summer--received diplomas from Southern Illinois Normal University here this morning at the annual commencement exercises. Candidates for degrees were presented by University President Chester F. Lay, while diplomas were awarded by Gen. Robert W. Davis, member of the Teachers College Board.

ANNA--Bachelor of Science in Education degree, College of Education--Ruth Esther McFeron and James Edward West. Margaret Grant Booth will complete her work for the degree at the end of summer term.

ANNAPOLIS--Bachelor of Science in Education degree, College of Education--Claude Franklin Piersall.

AVA-- Bachelor of Science in Education degree, College of Education--Raymond Roscoe McBride; Clarence Eugene Whisler. Maude (Smith) Gerlach will complete her work for the degree at the end of summer term.

Bachelor of Science degree, College of Liberal Arts and Sciences--Lloyd A. Rains.

BELLEVILLE--Bachelor of Science in Education degree, College of Education--Grace M. Wegner.

BENTON--Bachelor of Science in Education degree, College of Education--Thomas B. Newman; June Phillips. Martha Jane McAfoos and Elaine Audrey Miller will complete their work for the degree at the end of summer term.

CAIRO--Bachelor of Science in Education degree, College of Education--Nan Shelton.

Bachelor of Arts degree, College of Liberal Arts and Sciences--Patricia L. Schultz will complete her work for the degree at the end of summer term.

Bachelor of Science degree, College of Liberal Arts and Sciences--Margaret Kathryn Henderson will complete work for the degree at the end of summer term.

CARBONDALE--Bachelor of Science in Education degree, College of Education--Helen Hall Brennan; Norma Lou Brown; Bertha Welch Burgess; Clydell Gay Burgess; John Carlton Dusenhart; Edward Everett Clark; Loyal O. Covington; Lucille Hartley Fligor; Jack Hodges; William Carey Hodge; Geraldine Montgomery Miller; Lottie Jane Owen; George Lavern Patrick.

Gary P. Brazier; Pearl Williams Easterly; Scott P. Gill; Betty Ann Grater; Ruby Worrell Henry; William Thomas Holder; Waldo D. McDonald; Mary Elizabeth Miles; George Clay England and Vivian Vickers will complete work for the degree at the end of the summer term.

Master of Science in Education degree, College of Education--Glenn J. McGowan and George William Schroeder.

Bachelor of Arts, College of Liberal Arts and Sciences--Bruce B. Church; Lillian Goddard; Harold Lee Maze; Allan E. Miller; Donald A. Payne.

John William Hawkins; Robert E. Stiff; Peggy Wilhelm to complete work for the degree at the end of the summer term.

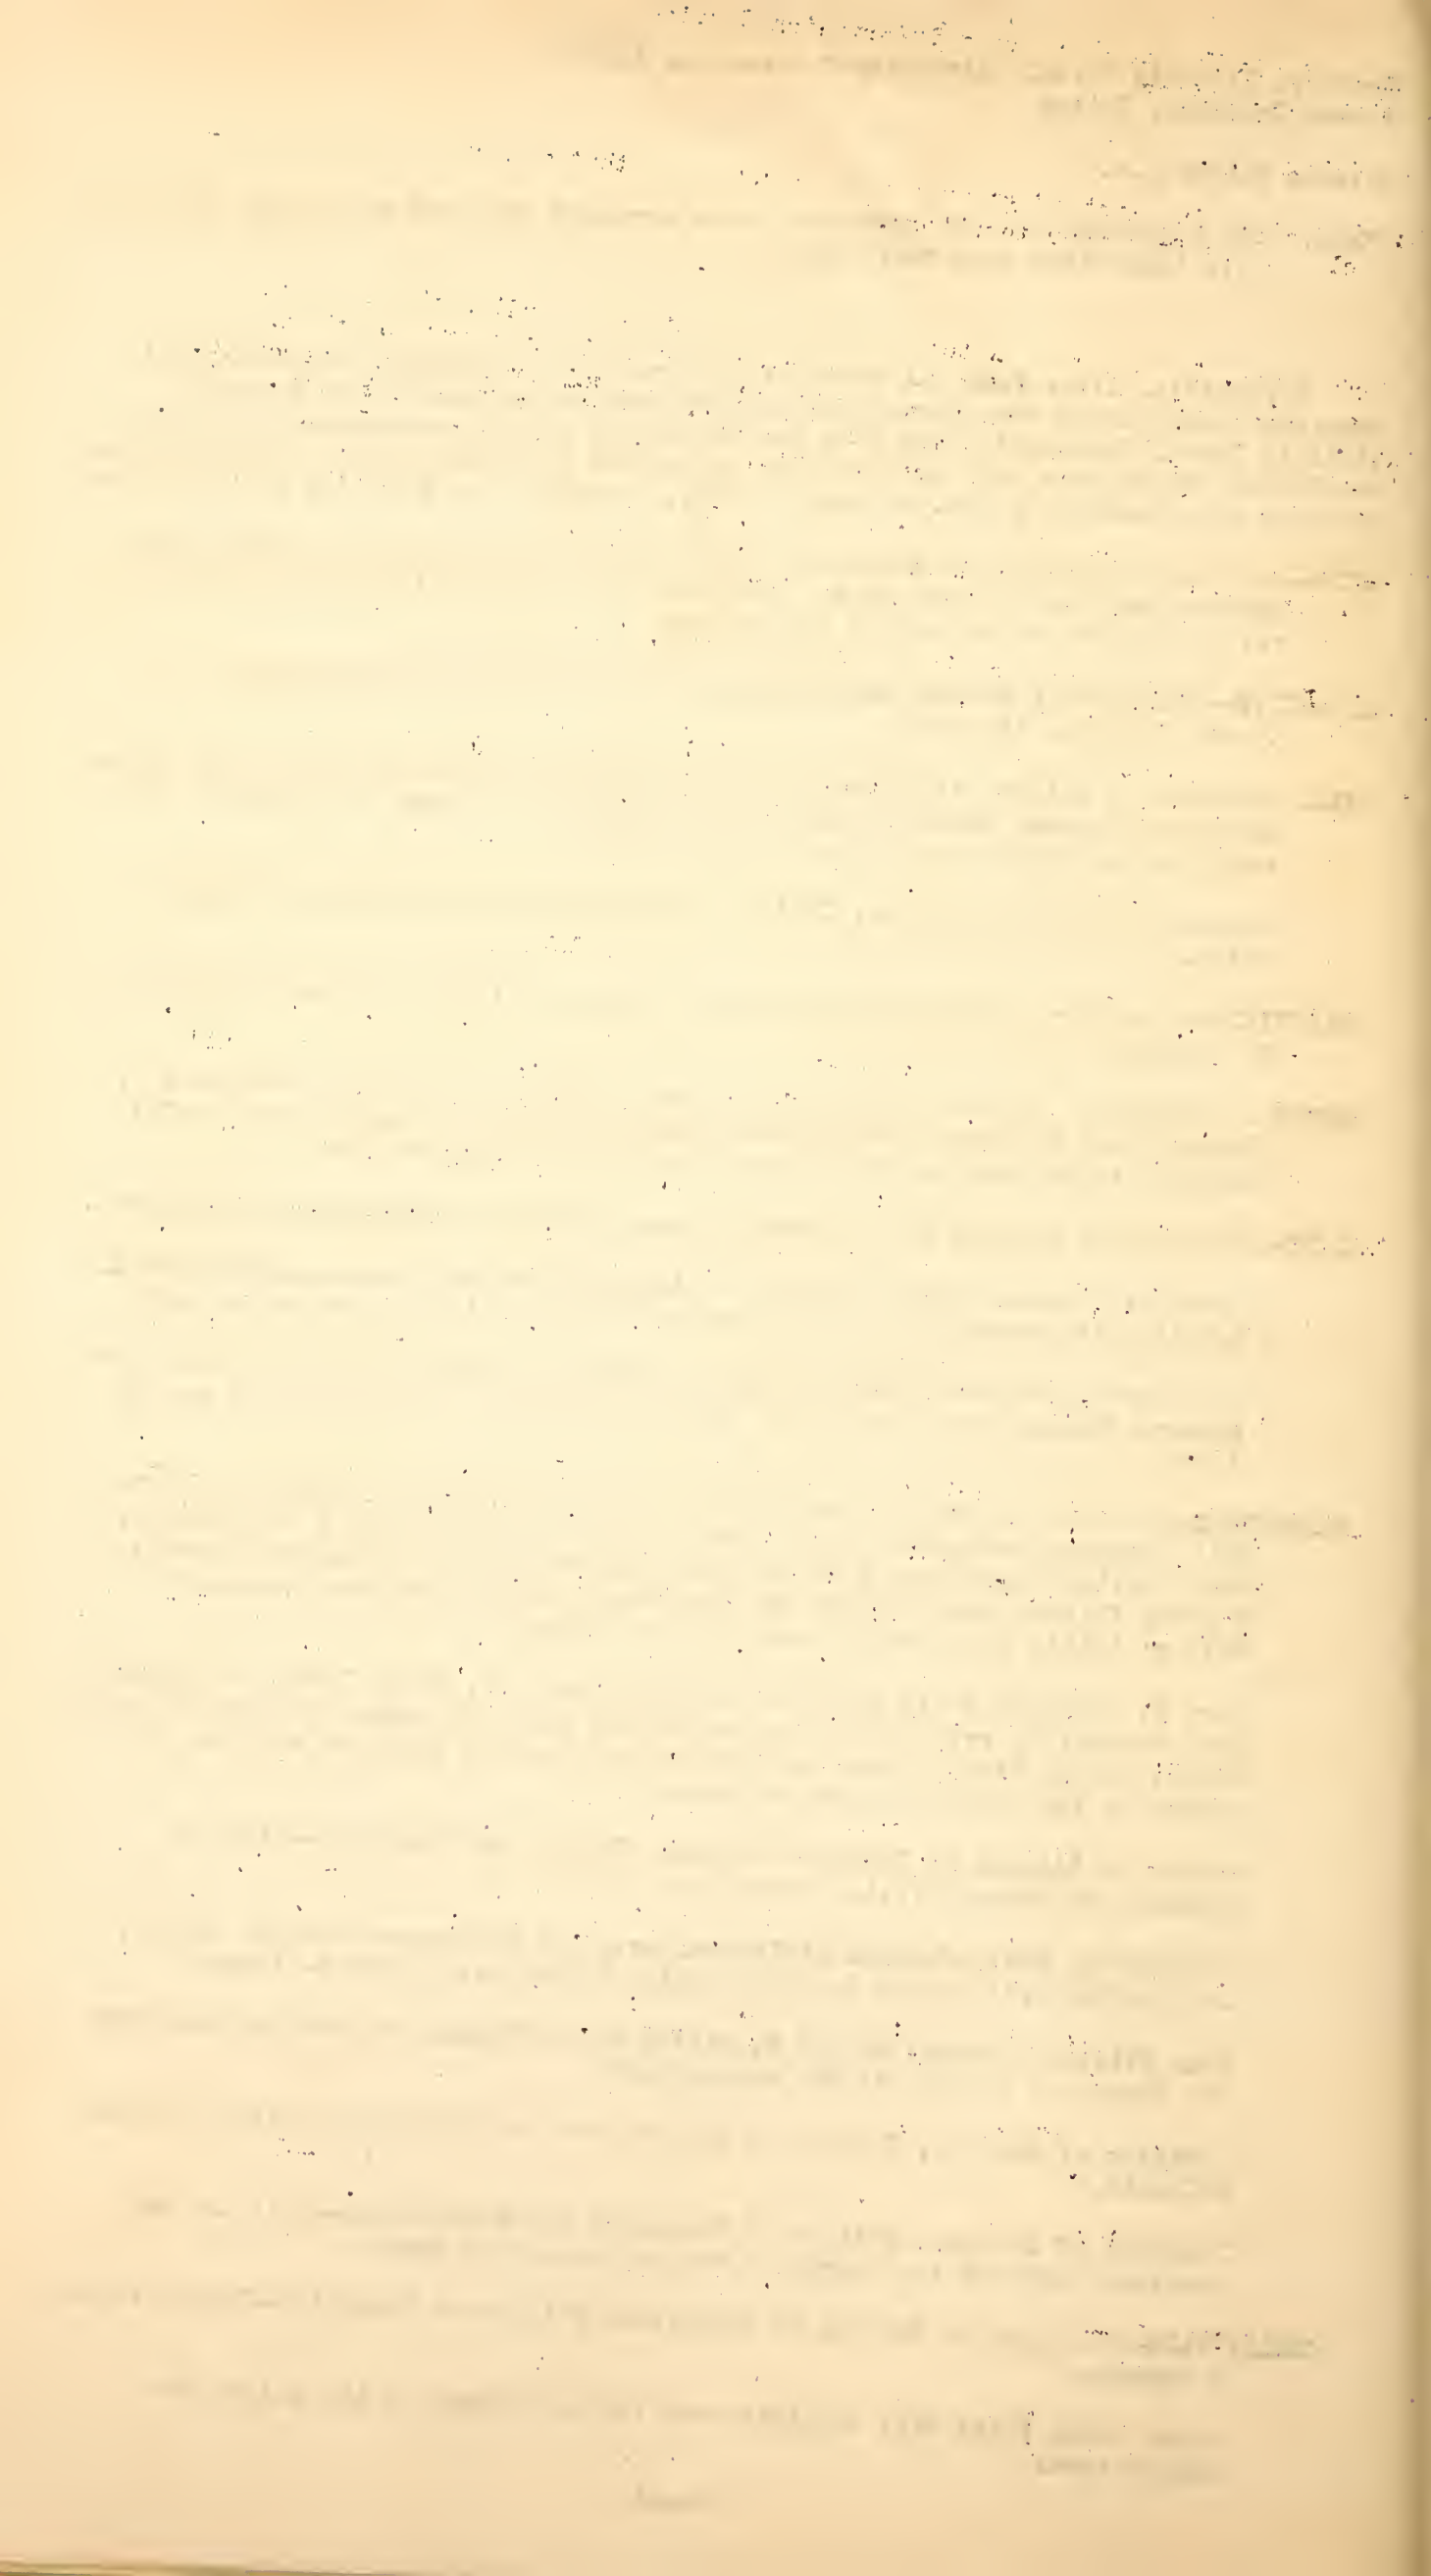

Bachelor of Science, College of Liberal Arts and Sciences--Walter Hastings McDonald.

Bachelor of Science, College of Vocations and Professions--Lois Lay will complete work for the degree at the end of summer term.

CARLINVILLE--Bachelor of Science in Education, College of Education--Evelyn Louise Reichmann.

Harry Burke Foltz will complete work for the degree at the end of the summer term.

(more)

CARTERVILLE--Bachelor of Science in Education degree, College of Education--Alice Choate Mann; Hazel Snyder Lefler.

Wyatt A. Lindsey will complete work for the degree at the end of the summer term.

Bachelor of Arts degree, College of Liberal Arts and Sciences--Max L. Martin will complete work for the degree at the end of summer term.

CENTRALIA--Bachelor of Science in Education degree, College of Education-- James Clarence Greer and Retha G. Witzel will complete work for the degree at the end of the summer term.

CENTERVILLE STATION--Bachelor of Science in Education^{degree} College of Education-- Ethel V. Maxwell Gilbert will complete work for the degree at the end of the summer term.

CHRISTOPHER--Bachelor of Science in Education degree, College of Education-- Clarence Baird Pierce. Herall Cornelius Largent will complete work for the degree at the end of the summer term.

Bachelor of Science^{degree} College of Vocations and Professions--Max M. Lewis

CISNE--Bachelor of Science in Education degree, College of Education--Robert Lee Leathers

COLLINSVILLE--Bachelor of Science in Education degree, College of Education-- Mary Elizabeth Martin. Nina Louise Theiss will complete work for the degree at the end of the summer term.

COULTERVILLE--Bachelor of Science in Education degree, College of Education-- John T. Fullerton will complete work for the degree at the end of the summer term.

CYPRESS--Bachelor of Science in Education degree, College of Education--Guy J. Hunter will complete work for the degree at the end of summer term.

DAHLGREN--Bachelor of Science in Education degree, College of Education--Helen Louise Garrison; Vada Miller Tudor. Everett C. Parkhill will complete work for the degree at the end of the summer term.

DARLINGTON, S. C. -- Bachelor of Arts^{degree} College of Liberal Arts and Sciences-- Ora Elizabeth Gray

DECATUR--Bachelor of Science in Education degree, College of Education-- Effie Grade Kittle will complete work for the degree at the end of the summer term.

DIX--Bachelor of Science in Education degree, College of Education--Lewis W. Dobbs will complete work for the degree at the end of the summer term.

DONGOLA--Bachelor of Science in Education degree, College of Education--Howard Keller

DUQUOIN--Bachelor of Science in Education degree, College of Education--Ruby B. Keith; Dwight Teel.

Bachelor of Arts degree, College of Liberal Arts and Sciences--Marion Richard Dowell

ELKVILLE--Bachelor of Science in Education degree, College of Education--Juanita Prickett

ELLERY--Bachelor of Science degree, College of Liberal Arts and Sciences--James McCain Allison

EAST ST. LOUIS-- Bachelor of Science in Education degree, College of Education-- Zella A. Cook; Bernice Marion Fritz

ENFIELD--Bachelor of Science degree, College of Liberal Arts and Sciences-- John O. Erkman will complete work for the degree at the end of summer term.

EQUALITY--Bachelor of Science in Education degree, College of Education--Martha Louise Brann

FAIRFIELD--Bachelor of Science in Education degree, College of Education--Fred Avery Fansler

FLORA--Bachelor of Science in Education degree, College of Education--Dorothy Fogler; Marian Opaline Schroeder.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

GILLESPIE--Bachelor of Science in Education degree, College of Education-- June B. Laurie; Carl Francis Rolando.

GODFREY--Bachelor of Arts degree, College of Liberal Arts and Sciences--Douglas William Greene

GOLCONDA--Bachelor of Science in Education degree, College of Education--Dixie Bean. Cloman D. George will complete work for the degree at the end of the summer term.

GOREVILLE--Bachelor of Science in Education degree, College of Education--Ray Adams will complete work for the degree at the end of summer term.

GRANITE CITY--Bachelor of Science in Education degree, College of Education--Warren Clifford Hess; Robert E. Mann; Cleo Ulm. Vivian Elizabeth Lupardus and Jamie Lee McGee will complete work for the degree at the end of the summer term.

HARCO--Bachelor of Science in Education degree, College of Education--Arthur Eugene Abney.

HARRISBURG--Bachelor of Science in Education degree, College of Education--Dorothy Jean Dennis will complete work for the degree at the end of the summer term.

Bachelor of Science degree, College of Vocations and Professions--Gloria C. Barger.

Bachelor of Science degree, College of Liberal Arts and Sciences--Gerald E. Webb will complete work for the degree during the summer term

HARTFORD--Bachelor of Science in Education degree, College of Education--Dorothy Lorraine Jones

HERRIN--Bachelor of Science in Education degree, College of Education--Attie Belle Adams; Betty Jule Bowen; Margaret Ellen Craig; Leon Howard Dickerson; Herschel Wayne Ellis; Helen Alvera Mataya; Dorothy Venus Rush; Carolyn Louise Stotlar. Helen Mar Schwegman will complete work for the degree during the summer term.

Bachelor of Arts degree, College of Liberal Arts and Sciences--Helen Virginia House

HETTICK--Bachelor of Science degree, College of Vocations and Professions--Guanaviere Wheeler

HIGHLAND--Bachelor of Arts, College of Liberal Arts and Sciences--Lois Gruenenfelder

HURST--Bachelor of Science in Education degree, College of Education--Claude J. Rose, Jr., will complete work for the degree during summer term.

Bachelor of Science/ College of Liberal Arts and Sciences-- Everett L. Deason will complete work for the degree during summer term.

JACKSONVILLE--Bachelor of Science in Education degree, College of Education--Mary Frances Allen

JOHNSTON CITY--Bachelor of Science in Education degree, College of Education--Ernest R. Arms.

Bachelor of Science degree, College of Vocations and Professions--Marguerite C. Barra

KELL--Bachelor of Science in Education degree, College of Education--Virginia Bernice Heflin will complete work for the degree during summer term.

KEYESBORT--Bachelor of Science in Education degree, College of Education--Pauline Potts

MAKANDA--Bachelor of Science in Education degree, College of Education--Virgil M. Wheelles will complete work for the degree during the summer term.

MCLEANSBORO--Bachelor of Science in Education degree, College of Education--Ernest L. Hood will complete work for the degree during summer term.

MOUNT VERNON--Bachelor of Science in Education degree, College of Education--Imogene Iris Clark will complete work for the degree during the summer term.

Bachelor of Arts degree, College of Liberal Arts and Sciences--J. Eugene Malcolm Wells

(more)

MARION--Bachelor of Science in Education degree, College of Education--Marjorie Dawe Appert; F. Aileen Davis; Ruth Arvada Jackson; Doris Henderson Ragsdale. Cleo Doris Carter will complete work for the degree during the summer term.

Bachelor of Science, degree, College of Liberal Arts and Sciences--Harry Louis Davis

MURPHYSBORO--Bachelor of Science in Education degree, College of Education--Esther Jane Craver; Robert E. Crombar; Dorothy Mae Hart; Charles A. Helmig, Jr.; Jane Frances Mitchell. Frances Wilma Etherton, Elaine Audrey Miller, James Pleasant. will complete work for the degree during the summer term.

Master of Science in Education degree, College of Education--Lewis Ebb Etherton

Bachelor of Science degree, College of Liberal Arts and Sciences--Rex Ray Bivins; Homer Harvey Hanson

NASHVILLE--Bachelor of Science in Education degree, College of Education--Doris Elva Bowers will complete work for the degree during the summer term.

NEW ATHENS--Bachelor of Science in Education degree, College of Education--Alonzo J. Woods

NOBLE--Bachelor of Science in Education degree, College of Education--Murvin H. Brown will complete work for the degree during the summer term.

NORRIS CITY--Bachelor of Science in Education degree, College of Education--Carl Lee Phipps

OAK PARK--Bachelor of Science degree, College of Vocations and Professions--Edythe Miller Gahan will complete work for the degree during summer term.

O'FALLON--Bachelor of Science in Education degree, College of Education--Ernestine Elizabeth Budina

OLMSTEAD--Bachelor of Science in Education degree, College of Education--Rudelle Edmonds and Arthur E. Newbern, both of whom will complete work for their degrees at the end of the summer term.

ORIENT--Bachelor of Science in Education degree, College of Education--Ruby Matthews

OZARK--Bachelor of Science in Education degree, College of Education--Mary Louise Cox

PALMYRA--Bachelor of Arts degree, College of Liberal Arts and Sciences--Geneva Dunn

PERCY--Bachelor of Science in Education degree, College of Education--Edward A. Martin will complete work for his degree at the end of summer term

Bachelor of Arts degree, College of Liberal Arts and Sciences--Lorraine L. Waters, will complete work on her degree during summer term.

PINCKNEYVILLE--Bachelor of Science in Education degree, College of Education--Mary Mann

PITTSBURG--Bachelor of Arts degree, College of Liberal Arts and Sciences--Charles A. Ellis, will complete work on his degree at end of summer term.

PRINCETON--Bachelor of Science in Education degree, College of Education--Faye B. Vandever.

RALEIGH--Bachelor of Science in Education, degree, College of Education--Dwight Karnes

ROYALTON--Bachelor of Science in Education degree, College of Education--Ecorl Jean Fiss; Evelyn Ann Missavage, who will complete work for her degree during the summer.

Release Friday p.m.

Carbondale, Ill., June 7 - "It is much later in the day for the defence of our way of life than most people realize," a Northwestern University professor told the 188 members of the Southern Illinois Normal University graduating class here this morning.

Dr. W. R. Spriegel, professor of industrial management at Northwestern, called upon the graduates to exercise "courageous, devoted, enlightened leadership" in religion, government, education, organized labor, business, agriculture, and social and recreational activities.

"Three years from today you should be on your way to leadership in your nation's affairs," he declared. "Ten years hence you should occupy important places in the life of our state; and twenty years from today you and your contemporaries should be counted among the active leaders of our nation."

The degree candidates were certified by University President Chester F. Lay, and degrees were conferred by Gen. Robert W. Davis of Carbondale, member of the State Teachers College Board.

The commencement speaker cautioned the graduates that "if we are not careful we will only have a government of the people for pressure groups by demigogs."

"If we do not hold fast to the basic principles of our forefathers we will soon have no basic principles left to which to hold," he asserted. "I shudder when I contemplate the ideologies that are being promulgated by many people who are beset by a reform complex.

"Their motives may be good, but the glorification of the State at the expense of the individual under the pretext of helping the common man can only lead to a loss of freedom. We may get security but at the cost of state totalitarianism."

Stressing the ever increasing need for dynamic and enlightened leadership, Dr. Spriegel said that "problem-solving is at least two-thirds of constructive leadership," and that other qualities necessary for "safe leadership" -- from the standpoint of society -- are balance, a high order of intelligence, character, and boundless energy.

Discussing leadership in the field of education, Dr. Spriegel maintained that balance is especially needed.

"It is not a question of all vocational education or the so-called

(More)

cultural education, but a balance that will provide for the cultural values and also aid in the earning a living," he explained.

"Southern Illinois Normal University under the leadership of Dr. Lay (President Chester F. Lay), your Board of Trustees, and your able faculty is to be congratulated on your courage to pioneer in a field of training leaders to meet the challenge in agriculture, business, mechanic arts, and the professions.

"Your College of Vocations and Professions is truly a step in the right direction. Southern Illinois needs this type of education. It should make an outstanding contribution to the raising of the standard of living."

Of leadership in the seven broad areas he mentioned earlier, Dr. Spriegel said:

Of leadership in religion -- "There has never been a time when there was greater need for the ideals and strength of our great religions...Democracy was founded upon the tenets of our great religious faiths...Young men and women, have the courage to stand up and be counted on the side of righteousness. Do not become ensnared by materialistic communism."

Of leadership in government--"Your government needs your youthful enthusiasm, high ideals, boundless energy, stability of character, and balanced intelligence....Let us build a better America not an imitation of a decadent Europe....The price of freedom is eternal vigilance, sincere devotion to the principles of freedom, and a willingness to sacrifice personal comfort and gain to fight against the encroachment of special pressure groups."

Of leadership in education--"We are sadly in need of some high calibred vocational counselling in all of our institutions of higher education. This is the number one challenge to leadership in our universities and colleges. The second challenge to leadership in colleges is for the faculties to recognize that we should be educating for life, which means that we must recognize the needs of the students and our citizenry and subordinate the vested interested in some of our most cherished courses."

Of leadership and organized labor--"Organized labor is no longer weak. In fact, its strength, if not used wisely, may threaten the stability of our economic system. There is a great need for wise leadership in organized labor. Labor leadership needs to consider the needs of all of the people, the consumer, as well as the community as a whole and not merely the members of the union.... Labor leadership needs to recognize that its membership is protected by the law in every legitimate activity hence it should not set itself above the law as has been done in 'sit down strikes' and violence of the picket lines."

Of leadership in business--"Business leadership needs to recognize the

equities of all parties to the business process, namely, the owners, the consumers, the employees, and the community. Fortunately business ethics and business ideals have risen during the past thirty years especially among professional business men. This same recognition of high ideals and practices needs to permeate our entire business structure from the giant corporation to the local gasoline station or garage."

Of leadership in agriculture--"Formerly our rural people were the bulwark of democracy. They have confidence in themselves and looked with scorn upon any attempt at regimentation....Our farm people must remain free of the deadening effect of governmental largess or bounty....Our farmers need a leadership that recognizes economic laws rather than political expediency...Too many of our best farm boys go to the cities to find second rate opportunities while leaving first rate opportunities at home on the farm."

Of leadership in social and recreational life--"There is great need for a broader base in the people themselves to enrich their social activities.... Build solidly in terms of an enlightened self-interest and strive to set a pattern for your community that will take our young people out of saloons and other activities that inevitably lead to trouble."

Southern Illinois Normal University Information Service
Lorena Drummond, Editor

Carbondale, Ill., June--Dr. Curtis W. Smith of Salem, Ill., a 1940 graduate of Southern Illinois Normal University, has been cited by the government for outstanding work on penicillin and war gases.

According to Dr. J. W. Neckers, chairman of the chemistry department of Southern, Dr. Smith took his Bachelor's degree in chemistry here, later completing the doctor of philosophy degree at the University of Illinois.

Since 1943 he has been employed by the Shell Oil Company laboratory at Emeryville, California, as a research chemist.

His citation reads, "The United States of America, Office of Scientific Research and Development: This is to certify that Curtis William Smith has participated in work organized under the Office of Scientific Research and Development through the Committee on Medical Research contributing to the successful prosecution of the Second World War.

"On behalf of the Government of the United States of America, this certificate is awarded in appreciation of effective service."

#

Carbondale, Ill., June--In recent ceremonies, several high military honors were conferred post humously on Jack Wilson of Marion, a 1939 graduate of Southern Illinois Normal University, his former professors here have learned.

Wilson entered the Air Corps in 1940 and became one of the youngest lieutenant colonels in the Armed Forces. He was recently officially declared dead by the War Department.

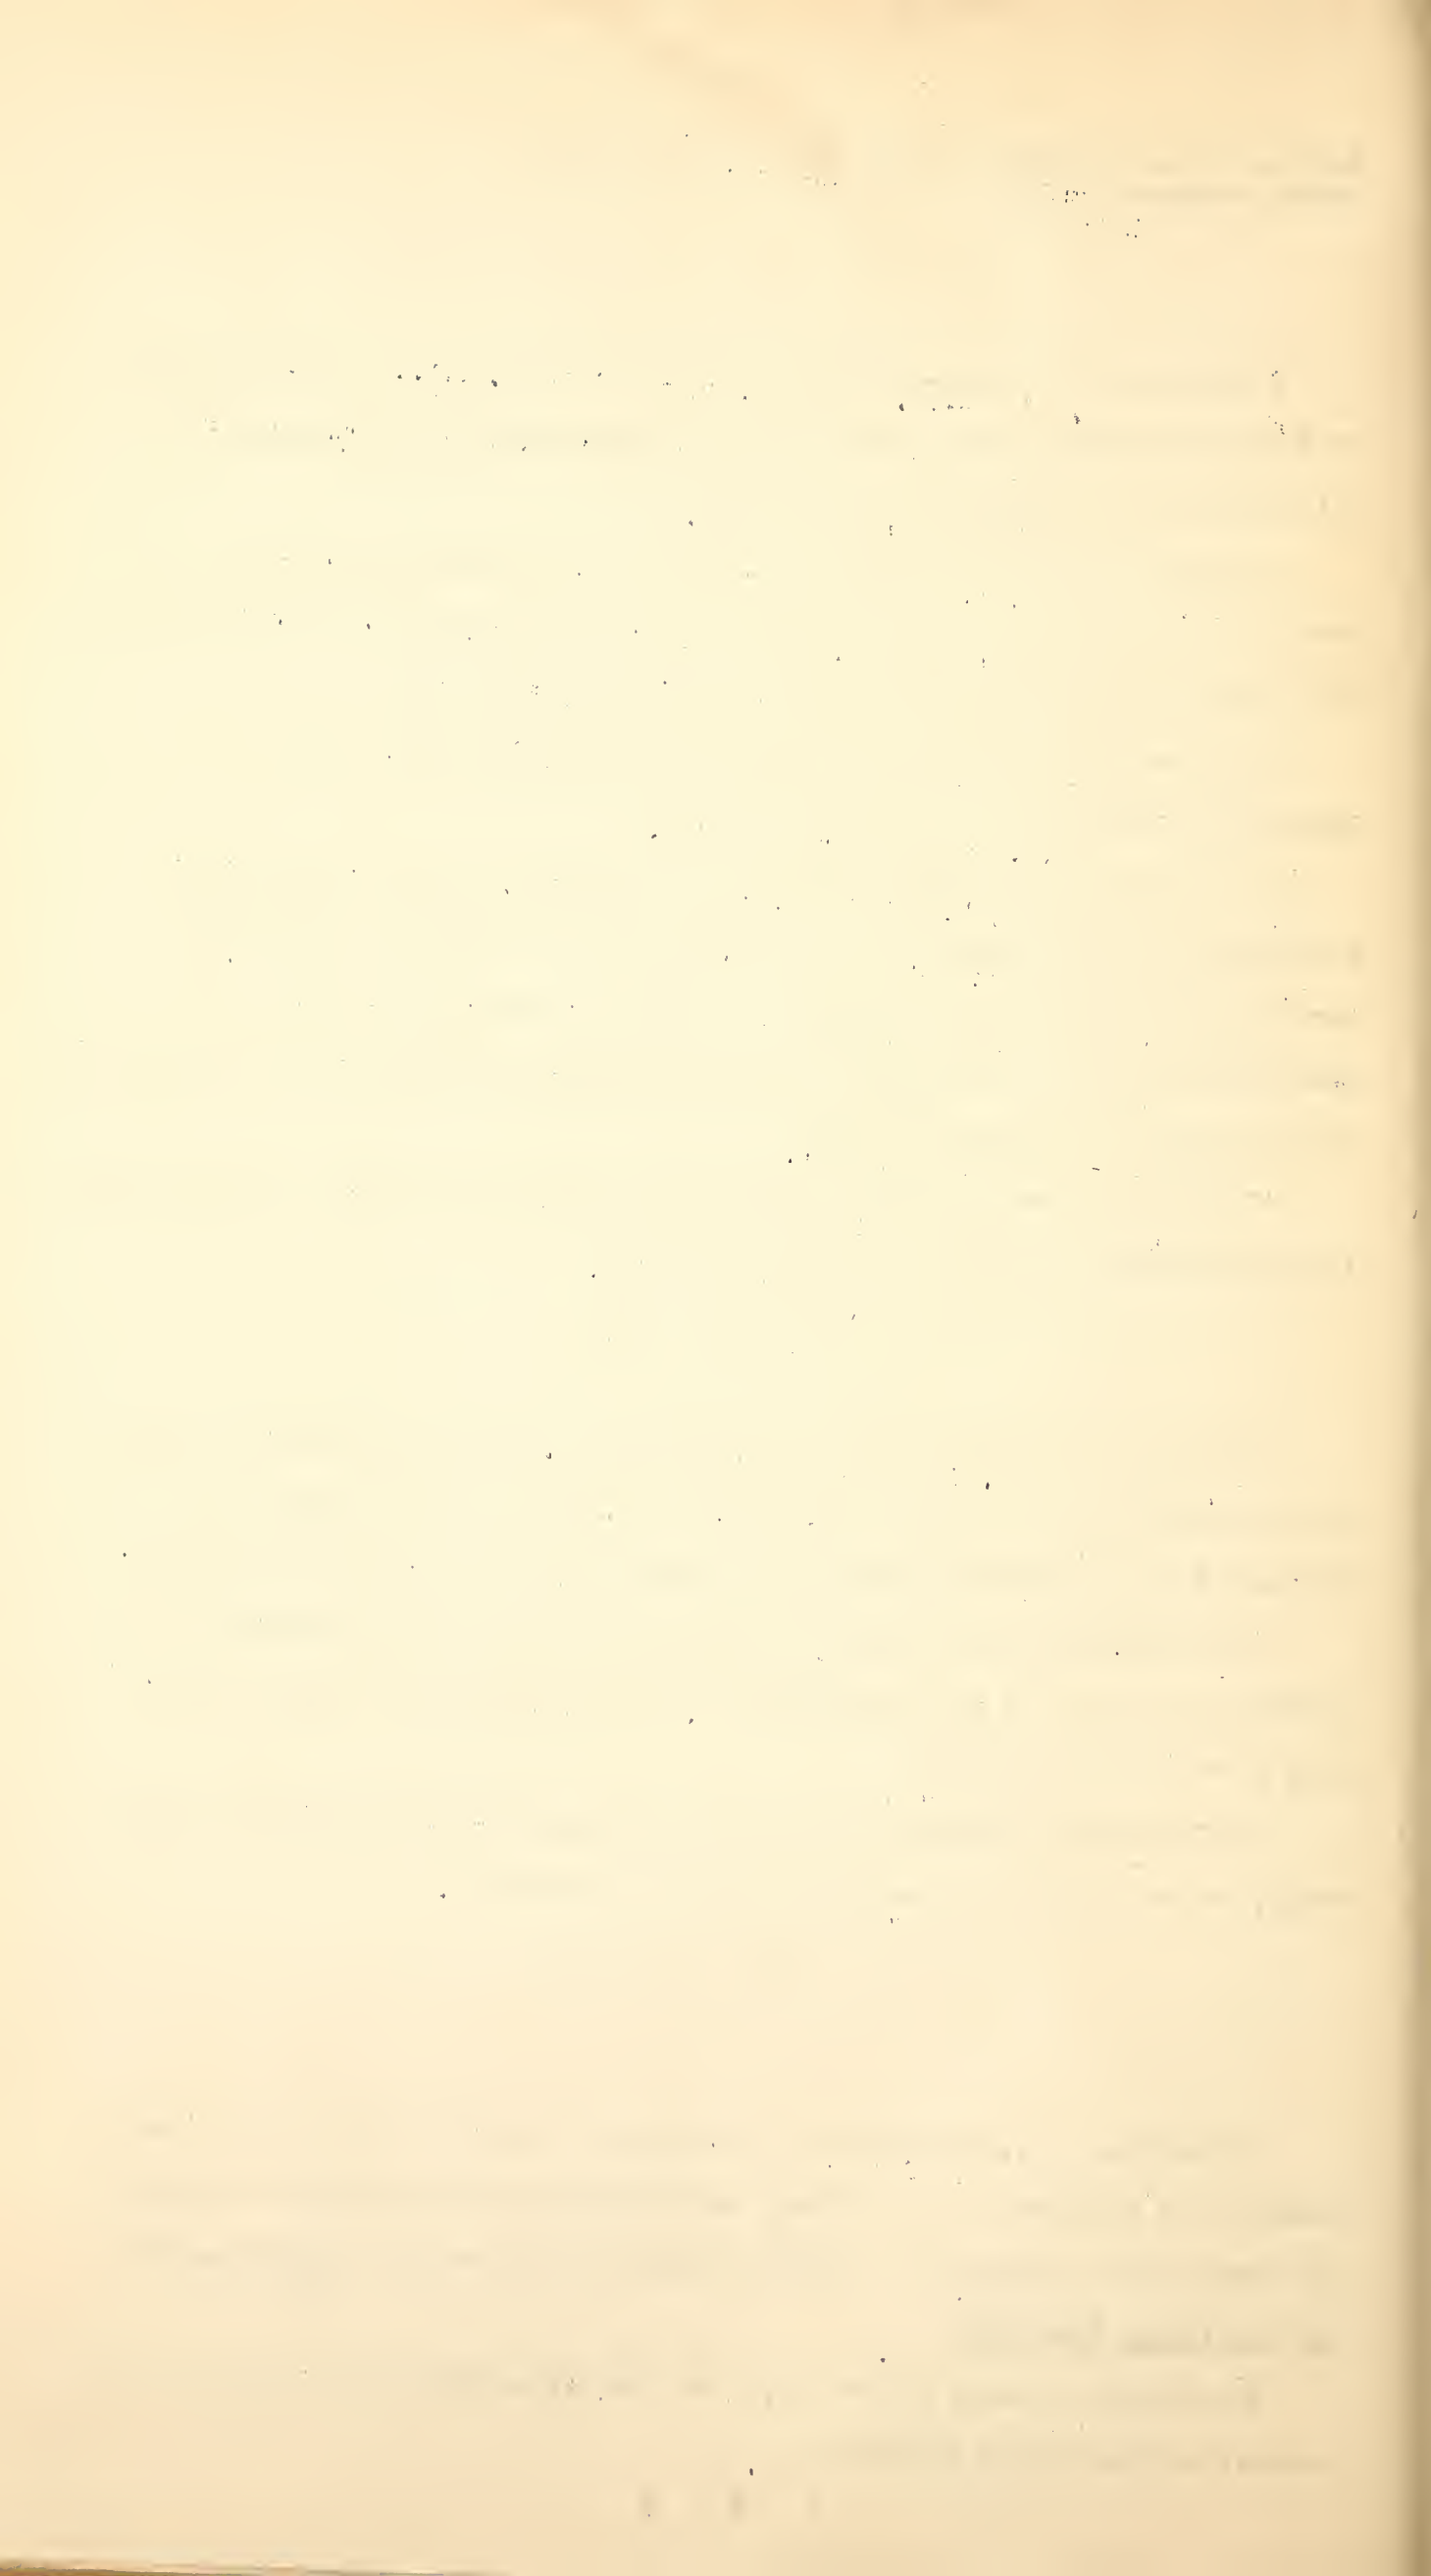

The Distinguished Flying Cross and a second star, the Distinguished Service Medal, and the Silver Star were presented to his widow.

#

Carbondale, Ill., June--Robert W. English, assistant professor of industrial education at Southern Illinois Normal University, has had his article, "Projects for Transients," accepted for early publication in the magazine Industrial Arts and Vocational Education.

The article is based on data which Mr. English acquired while on leave from Southern and on duty in the Navy.

Special to Southern Illinois Dailies

Carbondale, Ill., June - Student veterans at Southern Illinois Normal University have adopted a new name for their society, henceforth to be known as Southern Veterans Organization.

For more than a year student veterans here have been organized as Gamma Iota Alpha, or the "G.I." fraternity.

A new constitution for the group, adopted this week, outlines its aims as:

Educational--(1) to promote and further the scholastic aims of the University through cooperation of students, faculty and administrative groups, and (2) to work constantly toward elevating both student scholastic standing and the University's scholastic credit rating.

Economic--(1) to aid in promoting and helping to maintain a satisfactory standard of living for all students at Southern, and (2) to promote and maintain an active program of giving financial aid, if necessary, to any and all students.

Social--(1) to establish joint community-University programs for common social advancement and understanding, and (2) to promote intramural social activities among all students attending the University.

The veteran student group has adopted as one of its first projects the raising of funds for eventual provision of a memorial dormitory for men students on the campus, an undertaking which has received the pledged support of the University Alumni Association, the S.I.N.U. Foundation, and the Carbondale post of the American Legion, according to Dale Andrews of Mt. Carmel, president of the S.V.O.

#

Carbondale, Ill., June - A summer edition of The Egyptian, student newspaper, will be issued at Southern Illinois Normal University this summer for the first time in several years, according to Miss Catherine Sullivan, editor.

Funds to permit summer publication of the paper were authorized from student activity funds this week by University President Chester F. Lay.

Carbondale, Ill., June--Opening Monday June 10, to run eight weeks, the 1946 summer session at Southern Illinois Normal University has a wide variety of curricular offerings, as outlined in the summer bulletin just off the press.

Selected to appeal to the teacher who desires advanced professional training; to the graduate student; to the veteran and the regular undergraduate student who wish to accelerate their degree program, the bulletin has listed some 180 courses in the three colleges--Education, Liberal Arts and Sciences, and Vocations and Professions--and in the Graduate School.

In addition to the regular listing of courses, the University has planned several workshops, clinics and conferences to be held during the term. The College of Education has arranged for a Rural Education Workshop for rural and elementary teachers. The workshop will give work in arts and crafts, natural science, social science, social studies, and other fields, and workshop students will also observe classes in the University Allyn Training School.

A workshop in Public Health has been planned by the Department of Physiology and Health Education for preparation of in-service teachers for the required courses in the teaching of health by a recent State law. The University has appointed Evelyn McKinley, visiting professor for the summer to assist the departmental staff in the workshop.

In continuous operation at Southern, the Child Guidance Bureau will hold its quarterly clinic this summer, June 25, 26, and 27, in cooperation with the Illinois Institute for Juvenile Research, giving the summer student an opportunity to hear the clinicians' diagnoses of some individual child cases. Special seminars and courses may be taken this summer in this field.

Here for two days during the summer session will be the tenth annual summer conference of the Parent-Teacher Association. Topics which will be considered in the conference include such as plans of organization, program making, health projects, and improvements of school and home conditions.

On July 9, 10, and 11, the University will sponsor an annual Educational Exhibit of textbooks and reference materials, instructional devices, visual education materials, and general classroom equipment.

According to the bulletin, approximately 80 members of the University faculty will be here during the summer term for the predicted largest summer term enrollment of several years.

Copies of the bulletins and other information concerning registration for summer term may be secured from the office of Registrar in care of the University.

Release Friday

Carbondale, Ill., June 6 -Diction is the "most important tool" that teachers take with them into the classroom, and would-be teachers should receive college training in "plain simple pronunciation," a Southern Illinois public school educator told alumni of Southern Illinois Normal University here tonight.

Roy Vail Jordan, city superintendent of schools at Centralia, spoke at the annual University alumni banquet, attended by more than 250 former students and 1946 graduates.

He urged that every future teacher should take a course in diction --"not a course in which the young men practiced elocution, yellocution and bellocution, or the young women strode to the footlights and with dishevelled hair and uplifted, clenched fist declaimed 'Curfew shall not a-ring tonight!' but just a plain, common sense course in the pronunciation of words--in simple extemporaneous oral exposition."

Mr. Jordan advocated screening of would-be teachers, so that "only those who survive rigid tests as to character, intelligence, physique, adaptability, ingenuity, and other desirable characteristics should be admitted" to teacher-training programs.

"Teachers should be more than ordinarily intelligent because they are to handle our nation's greatest asset--our children--the citizens of tomorrow," he asserted

University President Chester F. Lay and W. B. Valentine of Alto Pass, president of the Alumni Association, welcomed the alumni, while responses were made by representatives of the special reunion classes--1896, 1906, 1916, 1926, 1936, and 1946.

Calling for a "better system of education in the atomic age," Jordan declared that "every public school and every publicly supported college and university must be a citadel of democracy."

Citing that Southern Illinois Normal University has recently been recognized as having university rather than college status, "authorized to grant bachelor's degrees in the Vocational Arts and the Liberal Arts and bachelor's and master's degrees in the field of education," Mr. Jordan urged further development of this institution.

"We as alumni would like to be able to point to our alma mater and say to a prospective student, 'The faculty at Southern is second to none; you can get as good work there as in any similar institution in the country--barring none,'" "And I believe it is becoming more that
(more)

way at Southern from day to day."

"It is prepared to serve the million or more population of Egypt, and it is the only recognized university in this area," he said. "It has lately been favored by friendly legislation. We have a chance to expand it into the greatest state supported teacher training institution in the country. We had the University of Illinois here once--and let it slip through our fingers. Let's don't miff the ball again!"

Mr. Jordan gave parallel examples of (a) what the alumnus can do for his alma mater, and (b) what the university can do for the alumni.

"First and foremost, the university needs his good will," he asserted. "Second, the alumni may become scouts for recruiting students, especially exceptional students. Third, for a state supported school, such as ours is, the alumni can be of great assistance in securing needed appropriations from the legislature for the support and enlargement of the university and its curricula."

The service the University should render to its alumni and patrons should be a "double-barreled service," he pointed out. It should train students and it should contribute to the general good of the area which it serves.

"The University should have available to even the humblest citizen services that make life more enjoyable and the income of the region greater," he explained.

"For instance, people need advice on soils, crops, mineral deposits, industries, animal husbandry, soil conservation. These things are on the material side.

"But people need advice and direction, also, on libraries, scenery, tours, club work, symphony orchestras, choruses. That is on the spiritual side."

"One thing that some of us alumni are coming to expect of our Alma Mater is that it become a sort of clearing house or service station where we can go to get help in working out plans or ideas that we have," he said.

"Personally, I have had a very happy experience of this kind. When I wrote to President (Chester F.) Lay that we should like to have the services of a consultant in planning a new building, he referred the request to Dean Fair (Dr. E. R. Fair, dean of the College of Education) who assigned Dr. Bosley (Dr. Howard E. Bosley, associate professor of education) to our problem and he made an exceptionally good survey and wrote a brilliant report which is proving of great value in our efforts to construct new building facilities for our system.

"This is as it should be. Southern can be and is a very helpful service station in furnishing educational consultants for the various school districts in the area."

Carbondale, Ill., June -Added to the list of visiting faculty for summer term at Southern Illinois Normal University has been Hal Stone as instructor in chemistry, President Chester F. Lay has announced.

Mr. Stone received his bachelor's degree from Southern, and the master's degree from the University of Alabama, where he has done further graduate work. At present, he is teaching in the West Frankfort High School.

The appointment of Mr. Stone in the College of Liberal Arts and Sciences marks the seventh visiting faculty member added to the University staff for the summer.

#

Carbondale, Ill., June -Running parallel with the Southern Illinois Normal University summer session will be the summer term of University High School, June 2-August 10.

Students who enroll in summer school at University High ordinarily carry four periods of class work per day which will give them one unit of credit toward graduation. However, a student may earn one and a-half units of credit by taking six periods of class work each day.

About 15 courses are to be offered this summer in University High School, and students who are deficient in units of credit thus have an opportunity to make up that work.

Further information on summer term enrollment at University High School can be obtained from Dr. Eugene R. Fair, dean of the College of Education, or Dilla Hall, acting principal, University High School.

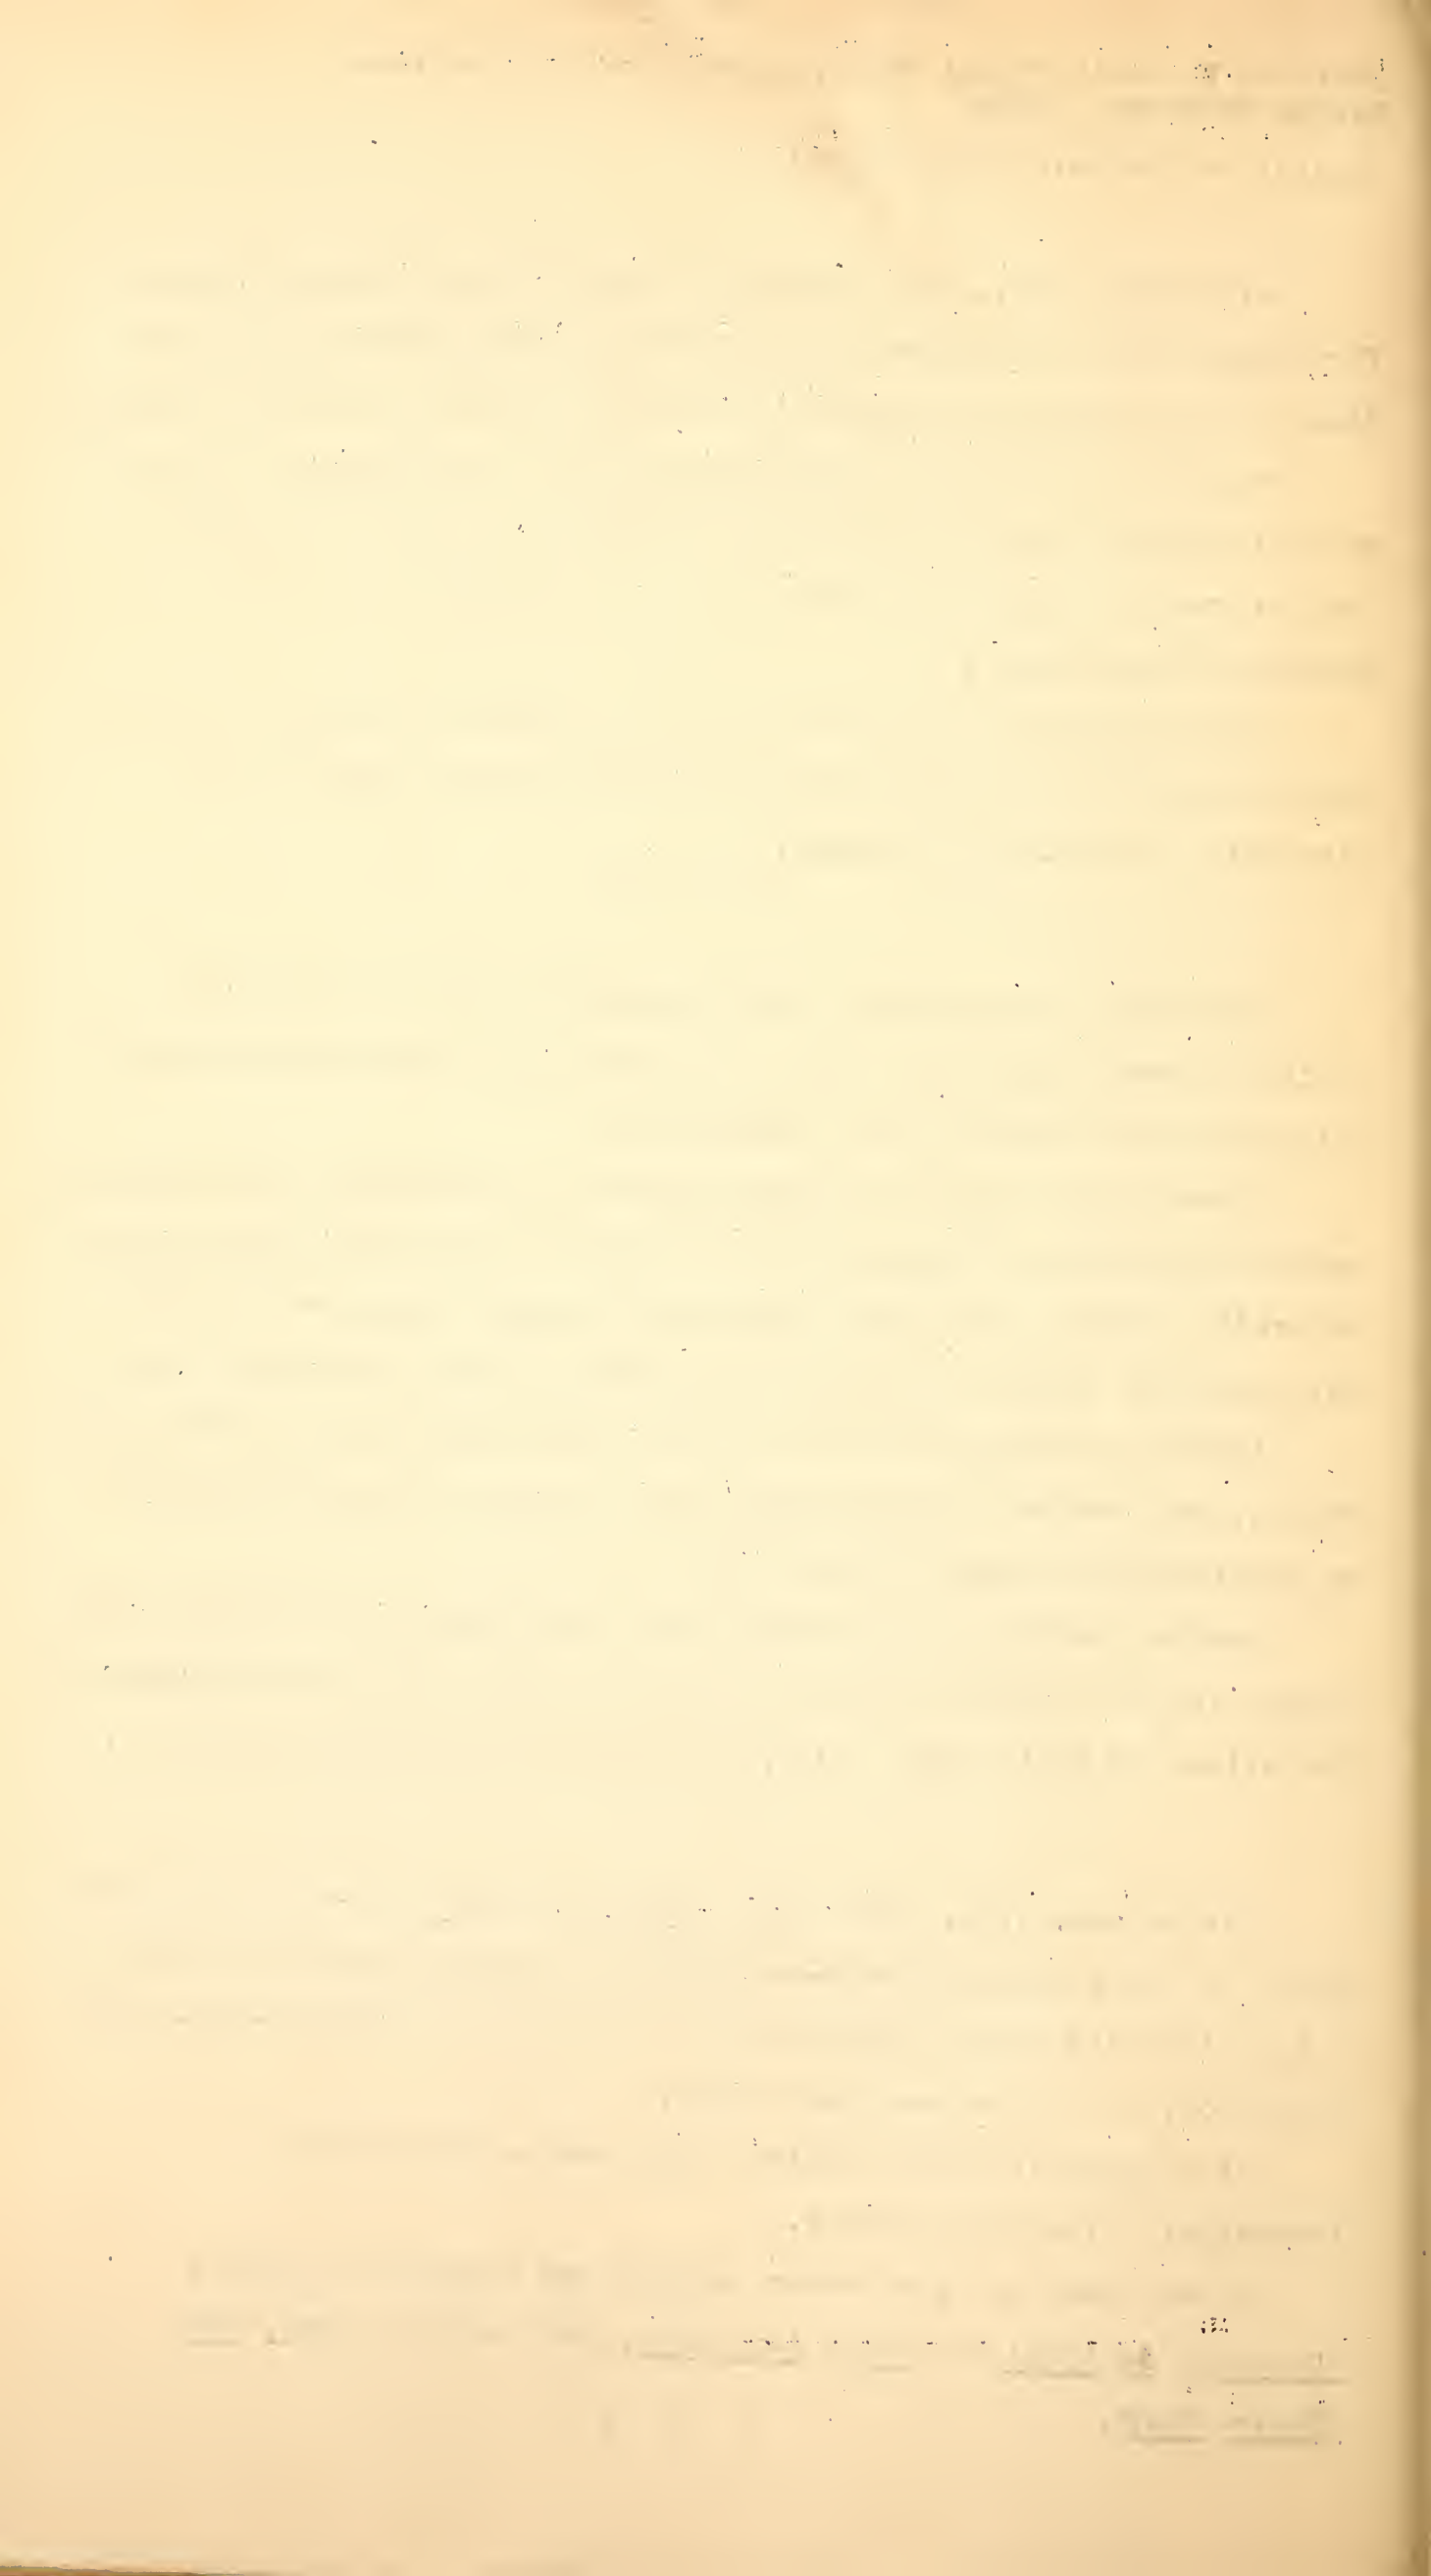

#

Carbondale, Ill., June -The Bridge of Years, recently released novel by Mae Sarton, poet-in-residence at Southern Illinois Normal University this summer term, has been adopted as a Book-of-the-Month Club book, it was learned here today.

Miss Sarton's novel received high praise from critics immediately after its release.

Other books by Miss Sarton include two volumes of poetry, Encounter in April and Inner Landscape, and another novel, The Single Hound.

Carbondale, Ill., June -Two workshops, one in Public Health Education, the other in Rural Education, have opened for the summer term at Southern Illinois Normal University.

Approximately 90 are enrolled for the Public Health Education Workshop, all holding scholarships from the U. S. Dept. of Public Health. They will study the principles and problems of health education in schools, communicable diseases, nutrition, sanitation, child development, exceptional children and healthful school living, among other topics.

The Public Health Education Workshop, sponsored jointly by the University, the U. S. Department of Public Health, and the State Department of Health, is under the supervision of Dr. Marie A. Hinrichs, professor of physiology and health education.

Basis for the work in the Rural Education Workshop, in which some 55 summer students are enrolled, is the new State Course of Study, prepared for use in the rural and elementary schools of Illinois.

The Rural Education Workshop is directed by J. Ward Dillow, assistant professor of rural education.

#

Carbondale, Ill., June -Enrollment for the summer session at Southern Illinois Normal University today reached 1,500, or 118 per cent about that for the first term last summer and 72 per cent above the combined registration for the entire summer last year.

Last summer 686 students registered for the first eight-weeks' term and 187 for the four-weeks' August term, a total of 873.

Of those enrolled thus far this summer, 650 are veterans.

Carbondale, Ill., June--Documents and publications of historical value have been significant gifts received recently by the Southern Illinois Normal University museum, according to John W. Allen, curator.

A history of Cairo, Illinois, was presented to the Museum by Miss Emma Landsen of Cairo. Written by her father, the late John M. Lansden, this volume is an authoritative publication concerning the earlier story of that city.

Documents carrying the signatures of several of the earlier governors of the State were given by Judge Gerald Trampe of Colconda. Mr. Allen states that the documents are a material aid in his goal to complete a collection of such signatures.

From James M. Allison of Carbondale, a veteran student at Southern, came Lake's Atlas of Wayne County, published in 1881.

#

Carbondale, Ill., June -A lawn party for the 1500 students of Southern Illinois Normal University will open the summer social season here this week.

To be held during the regular Chapel hour on the lawn back of Old Main Building, the mixer for both faculty and students will take the form of a "coffee hour."

Refreshments will be served by the Home Economics foods classes under the supervision of Miss Lucy K. Woody, chairman of the Home Economics department.

Carbondale, Ill., June -L. C. (Lyn) Holder, former all-conference football and basketball star for Southern Illinois Normal University, has been appointed assistant football and basketball coach here at Southern, President Chester F. Lay has announced.

Holder, who reported for duty at the beginning of the summer session, will also serve as instructor in the men's physical education department.

Glenn "Abe" Martin, director of athletics and head football and basketball coach, termed Holder's appointment as "a big asset, both for physical education and for athletics."

Holder is a graduate of Southern, having attended here from 1931 to 1935. He took the master's degree at the University of Indiana and has done other graduate work elsewhere.

After leaving the University, Holder served as director of physical education and coach at Lawrenceville (Ill.) High School until he entered the armed forces.

He has just been discharged, after having attained the rank of full lieutenant in the Naval Air Corps. He is married and is the father of two children.

Carbondale, Ill., June -An intramural all-star baseball team from Southern Illinois Normal University will be hand-picked to meet the Onized Glass Company team from Alton on Southern's Chatauqua Field here Saturday, June 29, Athletic Director Glenn "Abe" Martin has announced.

Southern has not put a baseball team into intercollegiate competition this year, but has run a stiff intramural tournament and when the Alton club asked for a game, Martin agreed to get a team together.

Martin said he would call together the managers of each team in the intramural tournament, and let them pick the all-stars to play in Saturday's game.

Students will be on the campus this Saturday, making up classes in order to get off the Friday following the Fourth of July, "so we thought this would be a good time to provide them a little entertainment," Martin said.

The game will be called at 3 p. m.

#

Carbondale, Ill., June -The Maroons of Southern Illinois Normal University will take on Loyola University of New Orleans on Loyola's home courts next December 14, according to Southern Basket Ball Coach Glenn "Abe" Martin.

The Maroons fell before Loyola in the semi-finals at the Kansas City Basket Ball Tournament in 1944-45, but defeated the New Orleans boys twice last season--once here and again at Kansas City in the invitational tournament. When the two teams clash at New Orleans this winter, the tables will be turned--for the Maroons hold the 1945-46 Kansas City championship which Loyola took in 1944-45.

Carbondale, Ill., June - A combination radio-phonograph for the veterans lounge at Southern Illinois Normal University has liquidated the four-year-old Faculty Gift Club.

Early in the war, a group of University faculty members voluntarily banded together and assessed each member \$1 per month to send gifts to former students and faculty members in the armed forces.

When the war ended, a balance in the gift fund totaled approximately \$120. The group voted to spend that balance to help furnish the newly established lounge for veteran students on the campus, and chose a radio-phonograph as a suitable purchase, according to Dr. Ted R. Ragsdale, chairman of the club.

By means of the generosity of a local dealer who secured a priority for the purchase and granted the club a 10 per cent discount, about \$20 was left for purchase of records for the new machine. The veterans themselves will be given the opportunity to select the records, Ragsdale said.

The Faculty Gift Club was first started by Miss Sara Baker, then assistant professor of history, who is now in the Red Cross, assisted by Dr. C. H. Cramer, associate professor of history, now overseas with UNRRA. Dr. Ragsdale later assisted, then directed the work of the group, aided by Mrs. Julia Neely, associate professor of English.

Carbondale, Ill., June - Dr. Orville Alexander, professor of government and director of alumni services at Southern Illinois Normal University, has been appointed as co-chairman of the Jackson County U. S. Savings Bonds Committee.

Dr. Alexander's appointment came from Arnold J. Rauon, State director of the Treasury's U. S. Savings Bond Division for Illinois.

The savings bonds committee was created to succeed the War Finance Committee and, although it does not plan any loan drives, is designed to promote and encourage the continued saving by the people in series E, series F, and series G savings bonds.

Carbondale, Ill., June - The forty-second quarterly psychological clinic to be held on the Southern Illinois Normal University campus since April, 1936, opened Thursday under the joint sponsorship of the University Child Guidance Clinic and the Illinois Institute for Juvenile Research.

Dr. Sophie Schroeder, visiting psychiatrist of Chicago, and Dr. Wellington A. Thalman, director of the Child Guidance Clinic, are supervising the two-day clinic. Dr. Schroeder discussed "The Use of Projective Techniques in the Therapy of Individual Cases," describing what the study of psychoanalysis means and its values.

Emphasis during the clinic, which includes examination and study of individual children, is placed upon teacher training. College students and student teachers may attend the staffings and seminars.

Participating in the staffings are University graduate assistants Mrs. Alice Rector, Herbert Johnson, Mrs. Bernice Sickman, and Mrs. Bessie Allen, all of Carbondale; Miss Martha McClanahan, student from Marion; and W. L. Randle, Centralia, of the Veteran's Guidance Center.

#

Carbondale, Ill., June - Dr. Bertram L. Hughes, newscaster for station KXOK, St. Louis, Mo., will be the guest speaker at the student assembly hour at Southern Illinois Normal University here Thursday, June 27, Floyd V. Wakeland, program committee chairman, has announced.

Mr. Hughes, who received a citation from the Morse School of Expression for the "Best in Speech" of any St. Louis news analysts, will speak on "What's In A Name?", analyzing the origin of personal names, particularly those peculiar to Southern Illinois.

Mr. Hughes will deliver his usual 7:30-7:45 a. m. news cast in St. Louis on Thursday morning, then will be flown by Navy plane to Carbondale to address the student body at 10 a. m.

Carbondale, Ill., June -Appointment of five student assistants during the summer session at Southern Illinois Normal University has been announced by the President's office here.

The assistants will do part-time work in a special department and graduate work toward the master's degree.

Those appointed include Edward Allen, who will work in the College of Vocations and Professions, Herbert Johnson, at the University High School, and Bernice Sickman, in the Child Guidance Clinic. All three are from Carbondale.

In addition, Amy Jones of Dupou will assist in the botany department, and Lorraine Waters, Percy, in the University Museum.

#

Carbondale, Ill., June -Guest musician at Southern Illinois Normal University during the recent regular Chapel period was Elverson Smith, tenor from Philadelphia.

Mr. Smith gave a recital of popular classics and songs from famous light operas, on invitation of the Entertainment Committee of the University.

He has studied a year with Sylvan Levin, former conductor of the Philadelphia Opera Company, now musical director of New York's WOR, as a result of winning a Philadelphia Opera Scholarship.

In addition, Mr. Smith has studied with Irene Williams, one of Philadelphia's most accomplished vocal teachers, has appeared over radio stations KYW and WCAU, being adjudged winner of a vocal contest on the latter station, and has appeared often in leading roles in the Gilbert and Sullivan operettas, and other musical comedy productions.
